*To be discarded upon receipt of Edition No. 1 of the Legislative Digest and History of Bills

House Bills

HB 1058-S by House Committee on Juvenile Justice & Family Law (originally sponsored by Representatives Dickerson, Hinkle, Moeller, Kenney and Darneille)

Revising provisions relating to mental health treatment for minors.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Authorizes an evaluation and treatment facility to admit for evaluation, diagnosis, or treatment any minor under thirteen years of age for whom application is made by the minor's parent or guardian. The consent of the minor under the age of thirteen is not required.

-- 2005 REGULAR SESSION --

- Feb 2 JJFL - Majority; 1st substitute bill be substituted, do pass.
Feb 7 Passed to Rules Committee for second reading.

HB 1062-S by House (originally sponsored by Representatives Morris, Hudgins and Chase; by request of Governor Locke)

Regulating the energy efficiency of certain products.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that: (1) The goal of the efficiency standards set forth in this act is to save nine million megawatt-hours of electricity, thirteen million therms of natural gas, and two billion gallons of water in the year 2020, fourteen years after the standards have become effective, with a total net present value to buyers of four hundred ninety million dollars in 2020.

(2) Efficiency standards for certain products sold or installed in the state assure consumers and businesses that such products meet minimum efficiency performance levels thus saving money on utility bills.

(3) Efficiency standards save energy and reduce pollution including global warming emissions and other environmental impacts associated with the production, distribution, and use of electricity and natural gas.

(4) Efficiency standards contribute to the economy of Washington by helping to better balance energy supply and demand, thus reducing pressure for higher natural gas and electricity prices. By saving consumers and businesses money on energy bills, efficiency standards help the state and local economy, since energy bill savings can be spent on local goods and services.

(5) Efficiency standards can make electricity systems more reliable by reducing the strain on the electricity grid during peak demand periods. Furthermore, improved energy efficiency can reduce or delay the need for new power plants, power transmission lines, and power distribution system upgrades.

-- 2005 REGULAR SESSION --

- Feb 3 TEC - Majority; 1st substitute bill be substituted, do pass.
Feb 7 Passed to Rules Committee for second reading.

HB 1113-S by House Committee on Criminal Justice & Corrections (originally sponsored by Representatives Wallace, Jarrett, Fromhold, Armstrong, Moeller, Lovick, Morrell, Kilmer, Dickerson, Appleton, Wood, Ormsby, Sells and Chase)

Regulating traffic signal preemption devices.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that "signal preemption device" means a device that is capable of altering the normal operation of a traffic control signal. Any such device manufactured by a vehicle manufacturer is not a signal preemption device for purposes of this section if the primary purpose of the device is any purpose other than the preemption of traffic signals and the device's ability to alter traffic signals is unintended and incidental to the device's primary purpose.

Provides that signal preemption devices shall not be installed or used on or with any vehicle other than an emergency vehicle authorized by the state patrol, a publicly owned law enforcement or emergency vehicle, a department of transportation, city, or county maintenance vehicle, or a public transit vehicle.

Provides that it is unlawful to possess a signal preemption device except as authorized in this act.

Declares that a person who violates this provision is guilty of a misdemeanor.

Provides that it is unlawful to: (1) Use a signal preemption device except as authorized in this act;

(2) Sell a signal preemption device to a person other than a person described in this act; or

(3) Purchase a signal preemption device for use other than a duty as described in this act.

Declares that a person who violates this provision is guilty of a gross misdemeanor.

Designates penalties for injury or death caused by improper use of the device.

-- 2005 REGULAR SESSION --

- Feb 3 CJC - Majority; 1st substitute bill be substituted, do pass.
Feb 7 Passed to Rules Committee for second reading.

HB 1196-S by House Committee on Financial Institutions & Insurance (originally sponsored by Representatives Kirby, Roach, Simpson and Chase; by request of Insurance Commissioner)

Including the longshore and harbor workers' compensation account within the Washington insurance guaranty association.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Includes the longshore and harbor workers' compensation account within the Washington insurance guaranty association.

-- 2005 REGULAR SESSION --

- Feb 3 FII - Majority; 1st substitute bill be substituted, do pass.
Feb 7 Passed to Rules Committee for second reading.

HB 1197-S by House Committee on Financial Institutions & Insurance (originally sponsored by Representatives Roach and Kirby; by request of Insurance Commissioner)

Regulating insurance, generally.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Revises provisions relating to the regulation of insurance.

Repeals RCW 48.05.360, 48.29.030, 48.29.060, 48.29.070, 48.29.090, 48.29.100, 48.29.110, and 48.34.910.

-- 2005 REGULAR SESSION --

Feb 3 FII - Majority; 1st substitute bill be substituted, do pass.

Feb 7 Passed to Rules Committee for second reading.

HB 1788 by Representatives Condotta, Holmquist, Newhouse, Sump, Clements, Crouse, Kretz, Schindler, Kristiansen and Armstrong

Using the implicit price deflator to adjust the minimum wage rate.

Provides that the adjusted minimum wage rate shall be calculated to the nearest cent using the percentage change in the implicit price deflator for personal consumption expenditures for the United States as published for the most recent twelve-month period by the bureau of economic analysis of the federal department of commerce in September of the same year in which the department calculates the adjusted minimum wage rate.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Commerce & Labor.

HB 1789 by Representatives Condotta, Armstrong, Holmquist, Newhouse, Sump, Clements, Kretz, Crouse, Kristiansen and Schindler

Modifying the inflationary adjustment to the minimum wage.

Provides that, beginning September 30, 2005, and each September 30th thereafter, the current year's minimum wage rate shall be increased by the rate of inflation as provided under this act only for the months the state of Washington had full employment during the twelve months prior to each September 30th. Only the inflationary increases during the months of full employment shall be used for the purposes of the calculation under this provision.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Commerce & Labor.

HB 1790 by Representatives Condotta, Armstrong, Holmquist, Newhouse, Sump, Kretz, Clements, Crouse, Kristiansen and Schindler

Setting a competitive minimum wage rate.

Provides that the adjusted minimum wage rate may not exceed seven dollars and thirty-five cents or one hundred twenty-five percent of the average state minimum wage rate, whichever is greater. However, in no case shall the adjusted

minimum wage rate be less than seven dollars and thirty-five cents.

Declares that "average state minimum wage rate" means the sum of the minimum wage rates set pursuant to state law and in effect on each September 1st in each of the fifty states divided by fifty. If there is not a minimum wage rate set pursuant to state law in one or more states, the average rate is calculated using the minimum wage rate set pursuant to section (6)(a)(1) of the fair labor standards act of 1938, as amended (29 U.S.C. Sec. 206(a)(1)), in place of a minimum wage rate set pursuant to state law in each of those states.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Commerce & Labor.

HB 1791 by Representatives Dunshee, Schual-Berke, Kenney, Hankins, Lovick, Morrell, Wood, Kagi, Simpson, McDonald, Eickmeyer, Appleton, O'Brien, Ormsby, DeBolt, Wallace, Upthegrove, Strow, Moeller and Jarrett

Creating a developmental disabilities community trust account.

Declares that the December 4, 2002, capital study of the division of developmental disabilities residential habilitation centers by the joint legislative audit and review committee identifies options to dispose of excess property at Lakeland Village, Rainier School, and Yakima Valley School that would not impact current residential habilitation center operations.

Declares an intent to allow use of these excess capital properties at residential habilitation centers for persons with developmental disabilities and to place the proceeds from their use into a perpetual trust account for unserved persons with developmental disabilities waiting for community-based developmental disability services.

Provides that excess property identified in the 2002 joint legislative audit and review committee capital study of the division of developmental disabilities residential habilitation centers must be managed to provide as much income as feasible and this income deposited into the developmental disabilities community trust account created in this act. Income may come from lease of the land, conservation easements, sale of timber, or other activities short of sale of the property.

Requires the department to report on its efforts and strategies to provide income to the developmental disabilities community trust account from the excess property identified in this act from the lease of the property, sale of timber, or other activity short of sale of the property. The department shall report by June 30, 2006.

Creates the developmental disabilities community trust account in the state treasury. All income from the use of excess property identified in the 2002 joint legislative audit and review committee capital study of the division of developmental disabilities residential habilitation centers, any building, facility, or tract of land not held in trust at any of the residential habilitation centers identified in this chapter, or sale of timber on these excess lands, must be deposited into this account.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Capital Budget.

HB 1792 by Representatives Pettigrew, Santos, Dickerson, Haler and Simpson

Defining the parameters of the use of force and physical restraint in the common schools.

Finds that preserving a safe and beneficial learning environment for all students requires the establishment and enforcement of appropriate student discipline policies.

Acknowledges that school district boards of directors may find it necessary to employ school security personnel or to rely upon school resource officers in order to preserve a safe and beneficial learning environment within certain schools.

Encourages schools and districts to consider school discipline and security models in which counselors and prevention/intervention specialists, along with school building administrators and other school security personnel, if employed, and school resource officers, if present, are trained and work as teams of experts in diffusing anger, de-escalating conflict, and reducing violent behavior within their schools.

Declares that, except as provided in this act, the use of physical restraint in the public schools is limited to the use of reasonable force under the following circumstances only:

(1) The person's behavior poses a threat of imminent, serious, physical harm to self or to others; and

(2) Nonphysical interventions would not be effective in removing the imminent threat of harm.

Provides that the use of physical restraint in the common schools is prohibited in the following circumstances: (1) As a means of punishment; or

(2) As a disciplinary response to destruction of school property, disruption of school or classroom order, noncompliance with a school rule or staff directive, or communication of a verbal threat that does not constitute a threat of imminent, serious, physical harm.

Does not prohibit: (1) The use of physical restraint when such use is permitted or required by and is consistent with a student's 504 plan or individual education plan;

(2) The right of any individual to report to appropriate authorities a crime committed by a student or other individual; or

(3) Commissioned law enforcement officers, including school resource officers, or judicial authorities from exercising their authority or executing their responsibilities, including the physical detainment of a student or other person.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Education.

HB 1793 by Representatives Simpson and P. Sullivan

Allowing fire protection facilities to use impact fees.

Authorizes fire protection facilities to use impact fees.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Local Government.

HB 1794 by Representatives Kenney, Cox, Sommers, Fromhold, Priest, Sells, Moeller, Hasegawa, Conway, Ormsby, McCoy and Roberts

Expanding access to baccalaureate degree programs.

Finds that, the higher education coordinating board has developed a strategic master plan for higher education that sets a goal of increasing the number of students who earn

college degrees at all levels: Associate, baccalaureate, and graduate. The strategic master plan also sets a goal to increase the higher education system's responsiveness to the state's economic needs.

Finds that to meet both of the master plan's goals and to provide adequate educational opportunities for Washington's citizens, additional access is needed to baccalaureate degree programs. Expansion of the four campuses is one strategy for achieving the desired outcomes of the master plan. Other strategies must also be implemented through service delivery models that reflect both regional demands and statewide priorities.

Declares an intent to increase baccalaureate access and encourage economic development through overall expansion of upper division capacity, continued development of two plus two programs in some areas of the state, authorization of four-year university programs in other areas of the state, and creation of new types of baccalaureate programs on a pilot basis. These steps will make significant progress toward achieving the master plan goals, but the legislature will also continue to monitor the development of the higher education system and evaluate what additional changes or expansion may be necessary.

Finds that access to baccalaureate and graduate degree programs continues to be limited for residents of North Snohomish, Island, and Skagit counties. Studies conducted by the state board for community and technical colleges, the higher education coordinating board, and the council of presidents confirm that enrollment in higher education in this geographic region lags enrollment in other parts of the state, particularly for upper division courses leading to advanced degrees.

Declares an intent to refocus the consortium by assigning management and leadership responsibility for consortium operations to Everett Community College. Everett Community College shall collaborate with community and business leaders, other local community colleges, the regional universities, and The Evergreen State College to develop an educational plan for the North Snohomish, Island, and Skagit county region based on the university center model. The plan should provide for coordinated delivery of lower and upper division courses, expanded availability of high demand degree and certificate programs in the region, and a timeline and cost estimates for moving the physical location of the consortium to the college campus. The college shall submit preliminary recommendations to the higher education and fiscal committees of the legislature by December 1, 2005.

Requires the higher education coordinating board to define potential outcomes resulting from this act and develop performance measures for those outcomes, including but not limited to increased numbers of baccalaureate degrees awarded; expansion of upper division and graduate capacity at the University of Washington Bothell and Tacoma and Washington State University Tri-Cities and Vancouver; enhanced regional access to baccalaureate programs; and creation and award of applied baccalaureate degrees. The board shall provide a progress report on the outcomes to the higher education committees of the senate and the house of representatives by December 1, 2008.

Expires July 1, 2009.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Higher Education.

HB 1795 by Representatives B. Sullivan and Condotta

Modifying employee wage and benefit provisions.

Requires employers to determine the average tipped wage rate for each tipped employee for the previous calendar month. If the average tipped wage rate does not equal or exceed the adjusted minimum wage rate under RCW 49.46.020(4)(b) for any tipped employee, the employer shall pay the tipped employee an amount equal to the number of hours worked for the previous calendar month multiplied by the adjusted minimum wage rate under RCW 49.46.020(4)(b) less the average tipped wage rate for the tipped employee for the previous calendar month. Employers shall pay the tipped employee this amount at any time during the month subsequent to the month used for the calculation under this provision.

Requires employers to contribute monthly, an amount equal to fifty percent of the adjusted minimum tipped wage rate under RCW 49.46.020(4)(c) multiplied by the total number of hours worked during the previous calendar month by all tipped employees, for the provision of one or more of the following employee benefits: (1) Health care benefits for all employees;

(2) Wages in excess of the adjusted minimum wage rate for nontipped employees; or

(3) Employee meals, paid vacation leave, paid sick leave, and any other nonwage benefits deemed appropriate as provided in rule by the director.

Applies only to employers paying tipped employees the wage rate established in RCW 49.46.020(4)(c).

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Commerce & Labor.

HB 1796 by Representatives Chase, Skinner, Grant, Clements, Newhouse, Quall, Eickmeyer, Wallace, Holmquist, Hinkle and Hunt

Extending the date when counties which have authorized facilities for agriculture promotion must allow a credit for city lodging taxes.

Extends the date when counties which have authorized facilities for agriculture promotion must allow a credit for city lodging taxes.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Finance.

HB 1797 by Representatives Kirby and Roach

Creating the vehicle protection product act.

Provides that no vehicle protection product may be sold or offered for sale in this state unless the seller, warrantor, and administrator, if any, comply with the provisions of this act.

Provides that vehicle protection product warrantors and related vehicle protection product sellers and warranty administrators complying with this act are not required to comply with and are not subject to any other provision of the state insurance code.

Declares that service contract providers who do not sell vehicle protection products are not subject to the requirements of this act and sales of vehicle protection products are exempt from the requirements of chapter 48.110 RCW.

Declares that warranties, indemnity agreements, and guarantees that are not provided as a part of a vehicle protection product are not subject to the provisions of this act.

Provides that a person may not operate as a warrantor or represent to the public that the person is a warrantor unless the person is registered with the office on a form prescribed by the commissioner.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Financial Institutions & Insurance.

HB 1798 by Representatives Simpson, Skinner, Lovick, Armstrong, B. Sullivan, Schindler and Uptegrove

Recovering costs for motorist information signs.

Establishes provisions to recover costs for motorist information signs.

Repeals RCW 47.36.325.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Transportation.

HB 1799 by Representatives B. Sullivan and Uptegrove

Concerning park rangers employed by the parks and recreation commission.

Declares that park rangers vested with police powers by the commission shall enforce Title 79A RCW, rules of the commission, and other statutes as prescribed by the legislature. When prescribed by the commission, park rangers shall have and exercise, throughout the state, such police powers and duties as are vested in sheriffs and peace officers generally.

Requires an applicant for a park ranger position to be a citizen of the United States of America who can read and write the English language. All park rangers hired after the effective date of this act are law enforcement personnel as defined in RCW 43.101.010(4).

Requires such park rangers to successfully complete the basic law enforcement academy course, known as the basic course, sponsored by the criminal justice training commission, or the basic law enforcement equivalency certification, known as the equivalency course, provided by the criminal justice training commission.

Declares that nothing in this act or RCW 10.93.020 confers membership to such officers in the Washington law enforcement officers' and fire fighters' retirement system under chapter 41.26 RCW.

Provides that park rangers may serve and execute warrants and processes issued by the courts.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Criminal Justice & Corrections.

HB 1800 by Representatives Kilmer and Crouse

Requiring the utilities and transportation commission's adjudicative proceedings be open.

Finds that the participation of the utilities and transportation commission or its staff in settlement conferences that are not open to other parties undermines the public faith in the commission and that it is in the public

interest to require the commission and its staff to ensure that such settlement conferences are open to all parties appearing in the proceeding.

Declares an intent that nonsettling parties' due process rights be protected.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Technology, Energy & Communications.

HB 1801 by Representatives Grant, Kretz, Linville, Orcutt, Morrell, Buri, Quall, Kristiansen, Holmquist, Cox and Hasegawa

Providing a real estate excise tax exemption for certain farm and agricultural land.

Finds that agriculture is an integral part of Washington state history and agriculture has provided and continues to provide employment for many of Washington state citizens.

Finds that providing targeted incentives to sellers of agricultural lands will allow new and existing small agricultural producers to purchase productive farm land.

Declares an intent to provide such incentives through excise tax relief on sales of agricultural lands to new or existing small producers.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Economic Development, Agriculture & Trade.

HB 1802 by Representatives Kilmer, Walsh, Pettigrew, Strow, Wallace, Kenney, Clibborn, Hankins, McCoy, Haler, Blake, McCune, Linville, P. Sullivan and Grant

Providing a property tax exemption for nonprofits that assist small businesses.

Finds that nonprofit organizations and associations engaged in the education, training, and employment of economically disadvantaged people who are involved in the creation and expansion of businesses with marketable products and services in a physical location provide many public benefits to the people of the state of Washington.

Finds that it is in the best interest of the state of Washington to provide a limited property tax exemption for the use of these facilities by certain organizations in order to be self-sustaining for their exempt purposes.

Declares that the real and personal property owned or used by a nonprofit organization is exempt from taxation if the property is used to: (1) Assist startup and expanding businesses by providing education, training, and employment of economically disadvantaged people; and

(2) Provide shared use of equipment and work areas and daily technical resources and daily management support services that enable small startup and expanding businesses to become successful.

Requires the organization or association to meet all of the additional following conditions: (1) The organization is organized and conducted for nonsectarian purposes.

(2) The organization is qualified for exemption under section 501(c)(3) of the federal internal revenue code.

(3) The organization is governed by a volunteer board of directors of at least five members.

Requires that, in 2010, any nonprofit organization claiming the exemption under this act must report to the department the number of businesses served by the nonprofit and the types of services provided. Nonprofits failing to report to the department are ineligible for the exemption

under this act. The department shall compile the information and share it with the appropriate committees of the legislature.

Expires in 2015.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Economic Development, Agriculture & Trade.

HB 1803 by Representatives Darneille, Kagi, Lantz and Pettigrew

Removing second degree robbery from the definition of most serious offense.

Deletes second degree robbery from the definition of most serious offense.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Criminal Justice & Corrections.

HB 1804 by Representatives Ericksen, Nixon, Schindler and McCune

Requiring that concealed pistol license holders be mailed renewal notices.

Requires that, approximately ninety days before the license expiration date, the department of licensing shall mail a renewal notice to the licensee at the address listed on the concealed pistol license application or, if the licensee has notified the department of a change of address, to the licensee's new address. The notice shall show the due date, the amount of renewal fee, the penalty fee for late renewal, and other mailing instructions.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Judiciary.

HB 1805 by Representatives P. Sullivan, Hasegawa, Linville, Pettigrew and Hankins; by request of Governor Gregoire

Modifying provisions of the linked deposit program.

Declares an intent that funds provided under the linked deposit program shall be used to create jobs and economic opportunity as well as to remedy the problem of a lack of access to capital by minority and women's business enterprises.

Encourages public depositories participating in the linked deposit program to increase the funds available to certified minority and women's business enterprises by taking full advantage of the linked deposit program loans to qualify for the community reinvestment act community programs under federal law (12 U.S.C.S. Sec. 2901 et seq.).

Repeals RCW 43.131.381 and 43.131.382.

HB 1806 by Representatives Kenney and Haigh; by request of Governor Gregoire

Encouraging the ethical transfer of technology for the economic benefit of the state.

Provides that, consistent with the state policy to encourage basic and applied scientific research by the state's research universities as stated in RCW 28B.140.005, each state university may develop, adopt, and implement one or more written administrative processes that shall, upon approval by the governor, apply in place of the obligations imposed on state universities and state university research employees under RCW 42.52.030, 42.52.040, 42.52.080, 42.52.110, 42.52.120, 42.52.130, 42.52.140, 42.52.150, and 42.52.160. A state university research employee in compliance with the processes authorized in this act shall be deemed to be in compliance with RCW 42.52.030, 42.52.040, 42.52.080, 42.52.110, 42.52.120, 42.52.130, 42.52.140, 42.52.150, and 42.52.160.

Requires the executive ethics board to enforce activity subject to the written approval processes under this act, as provided in RCW 42.52.360.

Directs the executive ethics board to enforce chapter 42.52.RCW with regard to the activities of state university research employees as provided in this act.

Provides that, with respect to compliance with RCW 42.52.030, 42.52.110, 42.52.130, 42.52.140, and 42.52.150, the administrative process shall be consistent with and adhere to no less than the current standards in regulations of the United States public health service and the office of the secretary of the department of health and human services in Title 42 C.F.R. Part 50, Subpart F relating to promotion of objectivity in research.

Provides that, with respect to compliance with RCW 42.52.040, 42.52.080, and 42.52.120, the administrative process shall include a comprehensive system for the disclosure, review, and approval of outside work activities by state university research employees while assuring that such employees are fulfilling their employment obligations to the state university.

Provides that, with respect to compliance with RCW 42.52.160, the administrative process shall include a reasonable determination by the state university of acceptable private uses having de minimis costs to the state university and a method for establishing fair and reasonable reimbursement charges for private uses the costs of which are in excess of de minimis.

HB 1810 by Representatives Miloscia and Hunt

Ending homelessness in the state of Washington.

Finds that there are many causes of homelessness, including a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; and a lack of education and job skills necessary in the economy of the twenty-first century.

Declares that, while the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature recognizes the need for systematic statewide data collection on homelessness in Washington, including the number and geographic location of homeless persons. In order to truly end homelessness, there must also be a clear assignment of responsibilities, a clear statement of achievable and quantifiable goals, systematic collection and rigorous evaluation of the data, a search for and implementation through adequate resource allocation of best practices, and systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness in Washington by July 1, 2015.

Creates within the department the homeless housing program to develop and coordinate a statewide strategic plan, and to create resources targeted to providing all homeless individuals and families with decent permanent housing. The department and all Washington county governments share the responsibility for ending homelessness in the state of Washington within ten years. The program will be developed and administered by the department with advice and input from the affordable housing advisory board established in RCW 43.185B.020.

Provides that, six months after the first Washington homeless census, the department shall prepare and present a ten-year homeless housing program strategic plan which will outline statewide goals and performance measures. This plan shall be updated annually and will be annually reviewed and approved by the governor. The department's updated plans will subsequently be released each June. Local governments will base their local ten-year homeless housing strategic plans upon the goals and program recommendations of the state plan.

Requires the department to issue by rule mandatory homeless housing program performance measures that shall apply to both the department for statewide outcomes and local governments for local outcomes. The performance measures may consist of, but are not limited to, the following: (1) By the end of year one a comprehensive census shall be finalized and will report on all homeless individuals in the state of Washington;

(2) By the end of year two, all individuals classified as homeless in the first Washington homeless census will be housed in at least temporary housing, which could include emergency shelters or other indoor facilities;

(3) By the end of year four, twenty-five percent of all individuals classified as homeless in all Washington homeless census counts since the effective date of this act will be housed in long-term private or public housing;

(4) By the end of year six, fifty percent of all individuals classified as homeless in all Washington homeless census counts since the effective date of this act will be housed in long-term private or public housing;

(5) By the end of year eight, seventy-five percent of all individuals classified as homeless in all Washington homeless census counts since the effective date of this act will be housed in long-term private or public housing; and

(6) By the end of year ten, and in each subsequent year, one hundred percent of all individuals classified as homeless in all Washington homeless census counts since the effective date of this act will be housed in long-term private or public housing.

Requires the department to report annually to the governor and the appropriate committees of the legislature an assessment of its performance in addressing the statewide homeless problem, and the performance of each county, and other participating local government entities, in addressing local homeless housing issues.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Housing.

HB 1811 by Representatives Wood, Condotta, Conway, Kirby, Crouse, Hunt, Cox and Williams

Licensing soil scientists.

Finds it is in the public interest to regulate the practice of soil science in order to protect life, property, health, and to promote public welfare; to define the practice of soil science as a profession by establishing minimum standards of ethical conduct and professional responsibility and by establishing professional education and experience requirements; and to prevent abuses in the practice of soil science by untrained or unprincipled individuals.

Creates an advisory committee to provide recommendations to the board and the director concerning the administration of this act.

Requires the advisory committee to make recommendations to the board regarding: (1) Developing and adopting rules to administer this chapter including, but not limited to, evaluating the experience, scope, and standards of practice of soil science;

(2) Reviewing complaints and investigations pertaining to the practice of soil science; and

(3) Performing other duties deemed necessary by the director or the board.

Declares that the director has the following authority in administering this act: (1) To adopt, amend, and rescind rules approved by the board as deemed necessary to carry out this chapter;

(2) To adopt fees as provided in RCW 43.24.086;

(3) To administer licensing examinations approved by the board and to adopt or recognize examinations prepared by other organizations as approved by the board;

(4) To adopt standards of professional conduct and practice as approved by the board; and

(5) To enter into an assurance of discontinuance in lieu of issuing a statement of charges or conducting a hearing. The assurance must consist of a statement of the law in

question and an agreement to not violate the stated provision. Violation of an assurance under this provision is grounds for disciplinary action.

Provides that, in order to become a licensed soil scientist, an applicant must meet the following requirements: (1) An applicant who applies for soil scientist licensing before July 1, 2006, is considered qualified for licensing, without further written examination, if the applicant possesses the specific record of being a current soil science society of America certified professional soil scientist or certified professional soil classifier in good standing.

(2) On or after July 1, 2006, in order to become a licensed soil scientist, an applicant must: (a) Be of good moral and ethical character as attested to by letters of reference submitted by the applicant or as otherwise determined by the board; (b) have graduated from a course of study in soil science satisfactory to the board or satisfy educational equivalents determined by the board; (c) have a documented record of a minimum of five years of experience obtained after the completion of the academic requirements specified in this section, in soil science work of a character satisfactory to the board, demonstrating that the applicant is qualified to assume responsible charge of such work upon licensing as a soil scientist. The board requires that three years of the experience be gained under the supervision of a soil scientist licensed in this or any other state, or under the supervision of others who, in the opinion of the board, are qualified to have responsible charge of soil science work; (d) pass an examination covering the fundamentals and practice of soil science prescribed or accepted by the board; and (e) meet other general or individual requirements established by the board under its authority under this act.

HB 1812 by Representatives Nixon and Morris

Penalizing computer crimes.

Declares that no person may solicit, request, or take any action to induce another person to provide personally identifying information by means of a web page, electronic mail message, or otherwise using the internet by representing oneself, either directly or by implication, to be a business or individual without the authority or approval of such business or individual.

Provides that damages to a consumer resulting from the practices prohibited by chapter 19.190 RCW are up to five hundred dollars per violation, or actual damages, whichever is greater.

Provides that a person engaged in the business of providing internet access service to the public, an owner of a web page, or trademark owner who is adversely affected by reason of a violation of this act, may bring an action against a person who violates this act to: (1) Enjoin further violations of this act; and

(2) Recover the greater of actual damages or five thousand dollars per violation of this act.

Modifying the small business incubator program.

Creates a competitive grant program in the department to assist small business incubators as defined in RCW 43.176.020. The competitive grants, of up to two hundred thousand dollars per year per region, shall be given to a designated nonprofit organization under section 501(c)(3) of the internal revenue code or a governmental organization to provide business-related training and services as well as technical assistance to start-up or emerging businesses.

(1) Only ten percent of the grant funds may be used for administration and overhead.

(2) Grants shall be awarded for a two-year period.

(3) Previous grantees are not prohibited from reapplying.

(4) The department shall establish an application process and the appropriate forms. All applications shall include a work plan that shall include, at a minimum, the types of businesses targeted for assistance, the types of training, services, and technical assistance that will be offered, and the performance measures to be applied.

(5) One year after receiving the grant, the grantee shall submit a progress report to the department.

(6) The department shall submit on a biennial basis, beginning December 1, 2008, a report to the appropriate committees of the legislature. The report shall include, at a minimum: (a) The number of businesses served by industry; (b) the types of services provided; (c) the number of jobs retained as a result of the grant program; (d) the number of jobs created as a result of the grant program; and (e) the names of the grantees and the amounts of the grants.

Appropriates the sum of one million two hundred thousand dollars, or as much thereof as may be necessary, from the general fund to the department of community, trade, and economic development for the fiscal year ending June 30, 2006, to carry out the purposes of this act.

Appropriates the sum of one million two hundred thousand dollars, or as much thereof as may be necessary, from the general fund to the department of community,

HB 1817 by Representatives B. Sullivan, Ericks, Hinkle, Simpson, Buck, Murray and Hankins

Improving recycling.

Declares an intent to clarify methods to improve recycling in Washington state, and to further the purposes in RCW 70.95.020 and the goals of the state solid waste management plan adopted by the department of ecology under RCW 70.95.260.

Provides that a transporter may not collect recyclable materials from generators within the state without first obtaining a transporter permit from the department. A transporter permit must be issued for a period of one year, beginning January 1st and ending December 31st.

Declares that nothing in this act prevents the operation of a recycling company or nonprofit entity from collecting and transporting recyclable materials from a buyback center, drop box, or from a commercial or industrial generator of recyclable materials.

Provides that a transporter who collects recyclable materials within the state without a transporter permit required by this section is guilty of a misdemeanor.

Requires all recycling facilities to register with the department, except for facilities that are required to obtain a solid waste handling permit under RCW 70.95.170. No recycling facility may accept recyclable materials from a transporter within the state without having obtained a solid waste handling permit from the department or obtaining a registration under this section. A registration must be issued for a period of one year, beginning January 1st and ending December 31st.

Requires every recycling facility to prepare and submit an annual report to the department and the local health department that has jurisdiction over the recycling facility. The report is due by April 1st and must be submitted on forms supplied by the department.

Feb 7 First reading, referred to Natural Resources, Ecology & Parks.

HB 1818 by Representatives Haler, O'Brien, Moeller, Schual-Berke and Dunshee

Providing funding for local public health obligations.

Finds that the public health system as defined in RCW 43.70.575 is essential to fulfilling the state's responsibility to protect the health and safety of its citizens.

Finds that local public health departments lack adequate resources even as their duties increase. Rather than risk catastrophic loss of life, the legislature further finds that local public health departments must immediately be given the resources to effectively implement the specific public health improvement standards concerning threats to our drinking water and food supplies, communicable disease, and other first-responder duties unique to local public health departments, pursuant to the requirements in RCW 43.70.520.

Appropriates the sum of ten million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2006, from the general fund to the department of health for state funding the local public health standards adopted in the public health services improvement plan pursuant to RCW 43.70.520(8). The funds will support local public health departments' obligations concerning health data and information that individuals and communities can use; chronic and infectious disease surveillance; rapid response to outbreaks of communicable disease; efforts to prevent and control specific communicable diseases, such as tuberculosis, West Nile virus, acquired immune deficiency syndrome, and influenza; and local public health district programs to ensure the safety of drinking water and food supplies.

Appropriates the sum of ten million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2007, from the general fund to the department of health for state funding the local public health standards adopted in the public health services improvement plan pursuant to RCW 43.70.520(8). The funds will support local public health districts' obligations concerning health data and information that individuals and communities can use; chronic and infectious disease surveillance; rapid response to outbreaks of communicable disease; efforts to prevent and control specific communicable diseases, such as tuberculosis, West Nile virus, acquired immune deficiency syndrome, and influenza; and local public health district programs to ensure the safety of drinking water and food supplies.

Feb 7 First reading, referred to Appropriations.

HB 1819 by Representatives Lovick, Moeller, Darneille and Flannigan

Changing provisions relating to sealing felony records that have been vacated.

Declares that it is the policy of the state of Washington to encourage and contribute to the rehabilitation of felons and to assist them in the assumption of the responsibilities of citizenship.

Recognizes that the opportunity to secure employment or to pursue, practice, or engage in a meaningful and profitable trade, occupation, vocation, profession, or business is an essential ingredient to rehabilitation and the assumption of the responsibilities of citizenship. To this end, it is important for the offender to be able to respond to employment inquiries according to RCW 9.94A.640(3) without fear of being contradicted by a court file disclosing the vacated conviction.

Provides that, when a court vacates a record of conviction under this act, the court may order the court clerk to seal the court file as provided for under court rules, without requiring the offender to demonstrate compelling circumstances. The order to seal the court file may allow the deletion of the offender's name in the case index and the substitution of the offender's name with his or her initials.

HB 1822 by Representative Kagi

Phasing-out the use of toxic shot.

Finds that hunters and other outdoor sports enthusiasts play a critical role in wildlife conservation efforts and the sound stewardship of the state's wildlife resources. However, the use of shotgun shells that contain lead poses a threat to the very habitat on which many wildlife species depend, including game species. The lead in the shot is a toxic material that, when dispersed across a habitat, can contaminate the state's waters and poison its wildlife.

Finds that the role of the hunting community in conservation should continue to be supported and encouraged without diminishing hunting opportunities. To support this goal, the use of the most toxic substances should gradually be phased out of use on Washington's state-owned lands.

Provides that, beginning January 1, 2006, it is unlawful to possess or use toxic shot on any land owned by the state that is located in department game management units four, five, or six.

Provides that, beginning January 1, 2007, it is unlawful to possess or use toxic shot on any land owned by the state that is located in department game management units one, two, or three.

Provides that, beginning January 1, 2008, it is unlawful to use toxic shot when hunting with a license issued by the department under chapter 77.32 RCW.

Declares that a violation of this act is a natural resources infraction under chapter 7.84 RCW.

Feb 7 First reading, referred to Government Operations & Elections.

SB 5773 by Senators Fraser, Fairley and Kohl-Welles

Protecting homeowners who hire contractors to remodel or build their homes.

Finds that the vast majority of contractors engaged in the business of constructing or remodeling owner-occupied

single-family homes are both technically proficient in their trade and able to manage their business dealings in accordance with the highest standards.

Finds, however, that in those relatively few, but all-too-frequent, instances where prime contractors on such construction or remodeling projects intentionally or unintentionally mismanage payments received from homeowners that are intended for subcontractors, suppliers, and others, existing provisions are inadequate to protect homeowners. Additionally, the toll on an individual homeowner's personal economic and emotional condition that such financial mismanagement by this small fraction of prime contractors is not adequately balanced against the responsibilities, obligations, and possible penalties that contractors bear for such mismanagement.

Finds that it is necessary to: (1) Clearly establish that prime contractors have a duty to properly manage funds received from homeowners that are intended for suppliers, subcontractors, and others, and to hold those who fail in this duty personally responsible for such financial mismanagement;

(2) Reduce the exposure of homeowners to lien liability, particularly when contractors fail to pay suppliers and subcontractors as promised;

(3) Clarify the right of homeowners to require that prime contractors maintain deposits and other similar payments in a trust account for the homeowner, when the homeowner elects to do so; and

(4) Increase opportunities for homeowners to become better educated about ways to protect themselves from financial mismanagement by those few contractors who are unable or unwilling to meet the financial management standards set by the vast majority of residential contractors in this state.

Feb 7 First reading, referred to Labor, Commerce, Research & Development.

SB 5774 by Senators Poulsen and Parlette

Modifying employee wage and benefit provisions.

Requires employers to determine the average tipped wage rate for each tipped employee for the previous calendar month. If the average tipped wage rate does not equal or exceed the adjusted minimum wage rate under RCW 49.46.020(4)(b) for any tipped employee, the employer shall pay the tipped employee an amount equal to the number of hours worked for the previous calendar month multiplied by the adjusted minimum wage rate under RCW 49.46.020(4)(b) less the average tipped wage rate for the tipped employee for the previous calendar month. Employers shall pay the tipped employee this amount at any time during the month subsequent to the month used for the calculation under this provision.

Requires employers to contribute monthly, an amount equal to fifty percent of the adjusted minimum tipped wage rate under RCW 49.46.020(4)(c) multiplied by the total number of hours worked during the previous calendar month by all tipped employees, for the provision of one or more of the following employee benefits: (1) Health care benefits for all employees;

(2) Wages in excess of the adjusted minimum wage rate for nontipped employees; or

(3) Employee meals, paid vacation leave, paid sick leave, and any other nonwage benefits deemed appropriate as provided in rule by the director.

Applies only to employers paying tipped employees the wage rate established in RCW 49.46.020(4)(c).

Research & Development.

SB 5775 by Senator Mulliken

Providing funds for the maintenance and preservation of small city and town streets.

Finds that it is in the state's interest to support the economic vitality of all cities and towns and recognizes that those cities and towns with a population of less than five thousand are unable to fully maintain and preserve their street system.

Finds it is necessary to create a small city pavement and sidewalk account.

Creates the pavement preservation account in the custody of the state treasurer. All receipts from motor vehicle fuel and special fuel taxes distributed into the account under RCW 46.68.090 must be deposited into the account. Expenditures from the account may be used only for distribution to qualifying cities and towns for the maintenance, repair, and resurfacing of city and town streets.

Declares that only the executive director of the transportation improvement board or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Ways & Means.

SB 5779 by Senators Prentice, Rasmussen, Doumit
and Kohl-Welles

Modifying the business and occupation taxation of slaughtering, breaking, and/or processing perishable meat products.

Declares that, in 1967, the legislature amended RCW 82.04.260 in chapter 149, Laws of 1967 ex. sess. to authorize a preferential business and occupation tax rate for slaughtering, breaking, and/or processing perishable meat products and/or selling the same at wholesale.

Finds that RCW 82.04.260 was interpreted by the state supreme court on January 13, 2005, in Agrilink Foods, Inc. v. Department of Revenue, Docket No. 74478-5. The supreme court held that the preferential business and occupation tax rate on the slaughtering, breaking, and/or processing of perishable meat products applied to the processing of perishable meat products into nonperishable finished products, such as canned food.

Declares that the sole purpose of chapter 149, Laws of 1967 ex. sess. as codified in RCW 82.04.260 has always been to create a preferential business and occupation tax rate for the slaughtering, breaking, or processing of perishable meat products and/or selling the finished perishable meat products at wholesale. The intent was not to allow the preferential tax rate for the processing of perishable meat products into nonperishable finished products or selling the nonperishable finished products at wholesale.

Declares that the purpose of this act is to make retroactive, remedial, curative, and technical amendments to clarify the intent of chapter 149, Laws of 1967 ex. sess. and RCW 82.04.260 and resolve any ambiguity.

Declares an intent to establish that, prior to the effective date of this act, the preferential business and occupation tax rate for the "slaughtering, breaking, and/or processing of perishable meat products and/or selling the same at wholesale" in RCW 82.04.260 applied only to activities in which the end products continued to be perishable meat products, and this act applies retroactively to accomplish this purpose.

SB 5781 by Senators Fraser, Benton, Pflug, Regala,
Zarelli, Rasmussen, Keiser, Kline, Haugen,
Roach, Prentice and Jacobsen

Authorizing retired local government employees to receive benefits from the public employees' benefits board.

Declares that a "retired local government employee" means: (1) Persons who separated from employment with

a county, municipality, or other political subdivision of the state and are receiving a retirement allowance under chapter 41.40 RCW as of July 1, 2005;

(2) Persons who separate from employment with a county, municipality, or other political subdivision of the state on or after July 1, 2005, and immediately upon separation receive a retirement allowance under chapter 41.40 RCW; or

(3) Members of the public employees' retirement system plan 3 as defined in chapter 41.40 RCW who are at least fifty-five years of age and who have at least ten years of service credit in the public employees' retirement system and who separate from employment with a county, municipality, or other political subdivision of the state on or after July 1, 2005, and immediately upon separation elect to continue health insurance coverage with their employer or coverage provided by the public employees' benefits board.

Requires that, in a manner prescribed by the state health care authority, counties, municipalities, and other political subdivisions shall remit to the health care authority for deposit in the public employees' and retirees' insurance account established in RCW 41.05.120 an amount established by the public employees' benefits board.

Declares that the remittance requirements specified in this act shall not apply to employees of a county, municipality, or other political subdivision who receive insurance benefits through contracts with the health care authority.

Provides that the health care authority has the authority to establish a remittance amount that will cover the cost of premium subsidies for nonmedicare and medicare retirees and administrative costs related to their coverage.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Ways & Means.

SB 5782 by Senators Shin, Prentice, Franklin and Kline; by request of Governor Gregoire

Modifying provisions of the linked deposit program.

Declares an intent that funds provided under the linked deposit program shall be used to create jobs and economic opportunity as well as to remedy the problem of a lack of access to capital by minority and women's business enterprises.

Encourages public depositories participating in the linked deposit program to increase the funds available to certified minority and women's business enterprises by taking full advantage of the linked deposit program loans to qualify for the community reinvestment act community programs under federal law (12 U.S.C.S. Sec. 2901 et seq.).

Feb 7 First reading, referred to Financial Institutions, Housing & Consumer Protection.

SB 5786 by Senators Weinstein, Pridemore, Prentice, Franklin, Keiser and Kline

Authorizing voter approved regular property tax levies for school purposes.

Declares an intent that additional funding provided under this act be used by school districts to provide regional cost-of-living salary supplements to school district employees, as determined through collective bargaining, and to provide local funds to support the purposes defined in RCW 28A.505.210(1) (c) and (d) (Initiative 728).

Provides that a county may impose a regular property tax levy for the maintenance and operation of schools within the county in accordance with this act.

Provides that, upon receiving resolutions requesting a levy under this act from the board of directors of school districts within the county where the petitioning school districts represent a majority of the students within the county, the county legislative authority shall submit an authorizing proposition to the county voters.

Provides that, if the proposition is approved by a majority of the voters voting on the proposition, the county shall impose a levy not to exceed seventy-five cents per thousand dollars of assessed value.

Requires ballot propositions to conform with RCW 29A.36.210.

Declares that any tax imposed under this act shall be used only for the maintenance and operation of schools. The county shall distribute levy proceeds to each school district within the county based on the district's full-time equivalent student enrollment in the prior school year.

SB 5788 by Senators Doumit, Kastama, Mulliken, Haugen and Morton

Improving recycling.

Declares an intent to clarify methods to improve recycling in Washington state, and to further the purposes in RCW 70.95.020 and the goals of the state solid waste management plan adopted by the department of ecology under RCW 70.95.260.

Provides that a transporter may not collect recyclable materials from generators within the state without first obtaining a transporter permit from the department. A transporter permit must be issued for a period of one year, beginning January 1st and ending December 31st.

Declares that nothing in this act prevents the operation of a recycling company or nonprofit entity from collecting and transporting recyclable materials from a buyback center, drop box, or from a commercial or industrial generator of recyclable materials.

Provides that a transporter who collects recyclable materials within the state without a transporter permit required by this section is guilty of a misdemeanor.

Requires all recycling facilities to register with the department, except for facilities that are required to obtain a solid waste handling permit under RCW 70.95.170. No

recycling facility may accept recyclable materials from a transporter within the state without having obtained a solid waste handling permit from the department or obtaining a registration under this section. A registration must be issued for a period of one year, beginning January 1st and ending December 31st.

Requires every recycling facility to prepare and submit an annual report to the department and the local health department that has jurisdiction over the recycling facility. The report is due by April 1st and must be submitted on forms supplied by the department.

Regarding expenditures for works of art.

Recognizes that one of the legislature's foremost duties is the prioritization and wise use of taxpayer funds.

Concludes that the placement of art at a correctional facility which houses sex offenders is not a priority over other state programs such as education and public safety, and further expenditures on such activities constitute a misuse and waste of taxpayer funds. To prevent such misuse of taxpayer dollars, the legislature hereby intends to prohibit the expenditure of public funds on placement of works of art in the special commitment center housed at McNeil Island.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Government Operations & Elections.

SB 5796 by Senator Fairley

Regulating refund anticipation loans.

Requires this act to be liberally construed to effectuate its purposes, which include protecting consumers who enter into refund anticipation loans from abuses and to ensure they are fully informed of the costs and consequences of the loans.

Declares that no person may individually, or in conjunction or cooperation with another person, solicit the execution of, process, receive, or accept an application or agreement for, a refund anticipation loan without first being registered with the director as a refund anticipation loan facilitator.

Does not apply to a person doing business as a bank, thrift, industrial bank, savings and loan association, or credit union, under the laws of the United States or of this state.

Provides that, on or before July 1, 2008, the director shall report the following information to the legislature: (1) The total number of registered refund anticipation loan facilitators in the state by type, including corporations, franchises, and independent facilitators;

(2) The total number of refund anticipation loan registration fees collected;

(3) The department budget and staff allocated to the refund anticipation loan program;

(4) The total number of refund anticipation loans processed;

(5) The range of fees charged by refund anticipation loan facilitators, excluding tax preparation fees;

(6) The number and type of penalty actions taken by the department against refund anticipation loan facilitators;

(7) Any other information the director determines is needed to evaluate this program; and

(8) The department recommendations regarding program implementation and administration.

Finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this act is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Health & Long-Term Care.

SB 5802 by Senators Kohl-Welles, Delvin, Shin, Spanel, Carrell, Fairley, Keiser, Roach, Jacobsen, Poulsen, Kline, Pridemore, McAuliffe, Weinstein, Eide, Berkey and Rasmussen

Requiring pay equity for community and technical college part-time faculty.

Finds that Washington's community and technical college system is among the most successful in the nation, enrolling more than sixty percent of postsecondary students and geographically dispersed across the state to offer maximum opportunity for residents to pursue basic skills, academic transfer, work force training, and personal enrichment.

Finds that part-time and adjunct faculty play a significant role in the success of the colleges, teaching nearly half of the overall instructional workload.

Recognizes that in 1996, the legislature directed the state board for community and technical colleges to conduct a best practices audit on compensation practices and working conditions for part-time faculty. The best practices task force developed a ten-year plan to improve the salaries, benefits, working conditions, and ratios of part-time to full-time faculty in the college system. Among the goals of the plan was to reach, at the end of ten years, a level of pay equity for part-time faculty. Although state investments have been made in the intervening years, the goal has not been met.

Declares that, as the ten-year anniversary of the best practices task force approaches, the legislature reaffirms its commitment to part-time faculty at community and technical colleges and to the goals of the best practices task force.

Requires that, in the 2005-07 biennial appropriations act and thereafter, the legislature shall appropriate sufficient funds for allocation to the community and technical colleges for the colleges to implement and maintain pay equity for part-time faculty as described in the final recommendations of the best practices task force convened under RCW 28B.50.4892.

Regulating preschools and kindergartens.

Requires the secretary to develop an implementation plan for the licensing and regulation of preschools and kindergartens. The department shall report to the appropriate committees of the legislature on its plan for licensing and regulation of preschools and kindergartens no later than December 1, 2005.

-- 2005 REGULAR SESSION --

Feb 7 First reading, referred to Early Learning, K-12 & Higher Education.

SB 5806 by Senators Kohl-Welles, Hargrove, Rasmussen and Jacobsen

Requiring child care agencies to provide additional information to parents.

Declares that the purpose of this act is to establish a system, consistent throughout the state, through which parents, guardians, and other persons acting in loco parentis can obtain certain information about child care providers. The purpose of this act is also to require child day-care providers and family day-care providers to carry a minimal level of liability insurance or to give parents notice that they do not carry such insurance.

Provides that every child day-care center and family day-care provider shall prominently post the following items, clearly visible to parents and staff: (1) The license issued under this act;

(2) The department's toll-free telephone number established by this act; and

(3) A notice that inspection reports and any notices of enforcement actions for the previous three years are available from the licensee and the department.

Requires every child day-care center and family day-care provider to have readily available for review by the

department, parents, and the public a copy of each inspection report and notice of enforcement action received by the center or provider from the department for the past three years. This provision only applies to reports and notices received on or after the effective date of this act.

Requires the department to make available to the public during business hours all inspection reports and notices of enforcement actions involving child day-care centers and family day-care providers consistent with chapter 42.17 RCW. The department shall include in the inspection report a statement of the corrective measures taken by the center or provider.

Provides that every licensed child day-care center and family day-care provider shall, at the time of licensure or renewal and at any inspection, provide to the department proof that the licensee has day-care insurance as defined in RCW 48.88.020 or for day-care centers, is self-insured pursuant to chapter 48.90 RCW. Liability limits under this section shall be the same as set forth in RCW 48.88.050.
