(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides for the protection of communities from sex offenders through the establishment of community protection zones.

Provides that law enforcement agencies and the department of corrections are immune from civil liability for damages from discretionary decisions made under this act if they make a good faith effort to comply with this act.

-- 2005 REGULAR SESSION --

Feb 22 CJC - Majority; 1st substitute bill be substituted, do pass.
Feb 24 Passed to Rules Committee for second reading.

HB 1152-S2 by House (originally sponsored by Representatives Kagi, Fromhold, Jarrett, Schual-Berke, Walsh, Quall, B. Sullivan, Grant, Ormsby, Kessler, Simpson, Moeller, Lovick, Roberts, Chase, Williams, P. Sullivan, Tom, Morrell, McIntire, Kenney, Haigh, McDermott, Dickerson, Santos and Linville)

Creating a Washington early learning council.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Declares an intent to build on the efforts of communities across the state to improve the quality of early learning environments available to children and their families, as well as the information available to families relating to those early learning environments.

Recognizes that efforts to improve early learning must build upon existing partnerships between the public and private sectors. The experiences and resources of both public and private entities are essential to making meaningful and lasting improvements in the quality of early

learning environments across the state. Statewide leadership is needed to guide and support the efforts of the private and public sectors working together to make systemwide improvements in the quality, affordability, and accessibility of early learning opportunities.

Declares an intent to establish an effective oversight body, composed of representation from the public and private sectors, to provide leadership and vision to strengthen the quality of early learning services and programs for all children and families in the state.

Establishes the Washington early learning council in the governor's office. The purpose of the council is to provide vision, leadership, and direction to the improvement, realignment, and expansion of early learning programs and services for children birth to five years of age in order to better meet the early learning needs of children and their families. The goal of the council is to build upon existing efforts and recommend new initiatives, as necessary, to create an adequately financed, high-quality, accessible, and comprehensive early learning system that benefits all young children whose parents choose it.

Requires the council to develop a voluntary, quality-based, graduated rating system consisting of levels of quality to be achieved by licensed child care providers serving children and families in the state. The purpose of the rating system is to provide families with vital information about the quality of early learning programs available to them and to increase the quality of early learning programs operating throughout the state. In developing the voluntary rating system, the council shall seek to build upon existing partnerships and initiate new partnerships between the public and private sectors.

Declares that implementation of the voluntary rating system shall initially consist of two pilot sites in different geographic regions of the state with demonstrated public-private partnerships to support implementation. In developing the voluntary rating system, the council shall make recommendations concerning both initial and subsequent statewide implementation of the rating system, including the following: (1) Potential implementing entities;

(2) Sources of funding for implementation;

(3) Necessary infrastructure for facilitating and supporting participation in the rating system, including assistance necessary to help providers progress up the tiers; and

(4) Strategies for raising public awareness of the rating system.

Directs the council to complete initial development of the voluntary rating system by December 1, 2005, and begin initial implementation of the two pilot sites by March 30, 2006.

Directs the council to develop a tiered-reimbursement system that provides higher rates of reimbursement for state-subsidized child care for licensed child care providers that achieve one or more levels of quality above basic licensing requirements in accordance with the voluntary quality-based graduated rating system developed pursuant to this act.

Requires the council to complete development of the tiered-reimbursement system by December 1, 2005, and begin initial implementation of the two pilot sites by March 30, 2006.

Repeals RCW 74.13.090 and 74.13.0901.

Provides that the act shall be null and void if appropriations are not approved.

Changing vehicle emission standards provisions.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, pursuant to the federal clean air act, the legislature adopts the California motor vehicle emission standards in Title 13 of the California Code of Regulations, effective January 1, 2005.

Provides that, by December 31, 2005, the department of ecology shall adopt rules to implement the emission standards of the state of California for passenger cars, light duty trucks, and medium duty passenger vehicles, and shall amend the rules from time to time, to conform to the requirements of the federal clean air act. Rules shall be applicable to motor vehicles with a model year 2009 and later.

Does not limit the department of ecology's authority to regulate motor vehicle emissions for any other class of vehicle.

Provides that, after adoption of rules specified in this act, no vehicle shall be registered in the state for model year 2009 or later unless the vehicle: (1) Is consistent with the vehicle emission standards adopted by the department of ecology; or

(2) Has seven thousand five hundred miles or more.

The department of licensing, in consultation with the department of ecology, may adopt rules necessary to implement this act and may provide for reasonable exemptions to these requirements.

Repeals RCW 70.120.200, and 1991 c 199 s 229 (uncodified).

HB 2222 by Representatives Takko, Lovick, Cox, Simpson and Campbell

Enhancing the penalty for eluding a police vehicle.

Authorizes the prosecuting attorney to file a special allegation of endangerment by eluding in every criminal case involving a charge of attempting to elude a police

vehicle under RCW 46.61.024, when sufficient admissible evidence exists, to show that another person was threatened with physical injury or harm by the actions of the person committing the crime of attempting to elude a police vehicle.

Requires that, in a criminal case in which there has been a special allegation the state shall prove beyond a reasonable doubt that the accused committed the crime while endangering another person. The court shall make a finding of fact of whether or not another person was endangered at the time of the commission of the crime, or if a jury trial is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether or not another person was endangered during the commission of the crime.

Provides that, an additional twelve months shall be added to the standard sentence range for a conviction of attempting to elude a police vehicle as defined by RCW 46.61.024, if the conviction included a finding by special allegation of endangering another person under this act.

Requiring annual audits of the state industrial insurance fund. Revised for 1st Substitute: Requiring industrial insurance fund audits.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the department to: (1) Prepare financial statements on the state fund in accordance with generally accepted accounting principles, including but not limited to financial statements on the accident fund, the medical aid fund, the supplemental pension fund, and the second injury fund. Statements must be presented separately by fund and in the aggregate; and

(2) Prepare financial information for the accident fund, medical aid fund, and pension reserve fund based on statutory accounting practices and principles promulgated by the national association of insurance commissioners for the purpose of maintaining actuarial solvency of these funds.

Provides that, beginning in 2006, and, to avoid duplication, coordinated with any audit that may be conducted under RCW 43.09.310, the state auditor shall conduct annual audits of the state fund. As part of the audits required under this act, the state auditor may contract with firms qualified to perform all or part of the financial audit, as necessary.

Requires the state auditor to issue an annual report to the governor, the leaders of the majority and minority caucuses in the senate and the house of representatives, the director of the office of financial management, and the director of the department, on the results of the financial audit and reviews, within six months of the end of the fiscal year. The report may include recommendations.

Provides that audits of the department must be coordinated with the audits required under this act to avoid duplication of audits.

SB 6046 by Senators Shin and Rasmussen

Financing local economic development projects.

Finds that, in many areas of the state, the lack of necessary infrastructure and vacant brownfields act as an impediment to economic growth.

Finds that public improvements to brownfields, carried out in accordance with local economic development plans, will encourage investment in job-producing private development and will expand the public tax base.

Declares an intent to promote and facilitate the orderly development and economic stability of communities in the state. It is the purpose of this chapter to provide financial resources to assist local jurisdictions in the financing of public improvements which are needed to encourage private development where this development would not otherwise occur due to the presence of contaminated property and other environmental considerations.

Provides that local jurisdictions with local economic development projects approved by the department of community, trade, and economic development as provided under this act may enter into an agreement with the Washington economic development finance authority regarding the issuance of bonds for the purpose of financing local economic development project costs. Such agreement shall require that the local jurisdiction impose a leasehold excise tax and pledge the proceeds of all leasehold excise taxes imposed on and collected with respect to property

associated with the completed local economic development project to the payment of these bonds.

Creates the local economic development project financing account in the state treasury. The proceeds of all leasehold excise taxes imposed on and collected with respect to property associated with a completed local economic development project shall be deposited into the local economic development project financing account.

SB 6047 by Senators Brandland and Rasmussen

Concerning the removal of gravel from waterways to reduce flooding.

Authorizes the legislative authority of any county to remove gravel from streams or other watercourses consistent with the terms of the programmatic permit issued by the department of fish and wildlife under this act when the gravel removal is deemed by the county legislative authority to be beneficial in reducing the impact of potential flooding.

Provides that the legislative authority of a county may only exercise the authority granted under this act to remove gravel from streams or other watercourses if the area of the county from which the gravel is to be removed is not within the jurisdiction of an active diking district organized under chapter 85.05 RCW or an active flood control district organized under chapter 86.09 RCW.

Provides that flood control districts, diking districts, and counties shall not require written approval under chapter 77.55 RCW for the removal of gravel from streams or other watercourses when the gravel removal is deemed by the county legislative authority, flood control district board of directors, or diking district board of commissioners to be beneficial in reducing the impact of potential flooding and when the gravel removal operation is conducted under a programmatic permit issued under this section.

Requires the department to develop a programmatic permit for the removal of gravel from watercourses by counties, diking districts, and flood control districts by August 1, 2005. The permit developed under this act remains valid for at least five years from its implementation date, and may include the following requirements: (1) Dates when the gravel removal may be conducted;

(2) Specifications as to where the gravel removal may be conducted;

(3) Requirements for notification to the department that gravel removal will be conducted; and

(4) Specifications on allowable methods for removing gravel.
