(originally sponsored by Representatives

Concerning the uniform disciplinary act for health professions.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Requires the secretary of health to establish a work group to review the complaint processing and sanction determination phases of the health professions disciplinary process. At the secretary of health's discretion, the work group may include representatives of different health profession boards and commissions, professional associations, and other interested parties. The work group shall submit a report to the legislature by December 1, 2005, with recommendations for creating: (1) Greater efficiencies between the health professions boards and commissions and the secretary of health in processing complaints against license holders; and

(2) More consistent sanction determinations that balance the protection of the public's health and the rights of health care providers among the different health professions, including recommendations for specific ranges of sanctions for each act of unprofessional conduct and the effect of any aggravating and mitigating factors that may apply to each.

Requires the disciplining authority to revoke the license of a license holder who is found, in three unrelated orders under RCW 18.130.110 in a ten-year period, to have engaged in three separate courses of unprofessional conduct based upon any combination of the designated act.

Declares that nothing in this act limits the ability of the disciplining authority to impose any sanction, including revocation, for a single violation of any subsection of RCW 18.130.180.

Provides that, notwithstanding RCW 9.96A.020(1), revocation of a license under this act is not subject to a petition for reinstatement under RCW 18.130.150.

Promoting economic revitalization. Revised for 1st Substitute: Creating a downtown and neighborhood commercial district revitalization program.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds: (1) The continued economic vitality of downtown and neighborhood commercial districts in our

state's cities is essential to community preservation, social cohesion, and economic growth;

(2) In recent years there has been a deterioration of downtown and neighborhood commercial districts in both rural and urban communities due to a shifting population base, changes in the marketplace, and greater competition from suburban shopping malls, discount centers, and business transacted through the internet;

(3) This decline has eroded the ability of businesses and property owners to renovate and enhance their commercial and residential properties; and

(4) Business owners in these districts need to maintain their local economies in order to provide goods and services to adjacent residents, to provide employment opportunities, to avoid disinvestment and economic dislocations, and to develop and sustain downtown and neighborhood commercial district revitalization programs to address these problems.

Declares an intent to establish a program to: (1) Work in partnership with these organizations;

(2) Provide technical assistance and training to local governments, business organizations, downtown and neighborhood commercial district organizations, and business and property owners to accomplish community and economic revitalization and development of business districts; and

However, the department or self-insurer shall not make changes in the calculation or pay additional benefits unless the worker submits a written request, along with documentation satisfactory to the director of an overpayment assessment by the social security administration, to the department or self-insurer, as the case may be.

HB 1799-S by House Committee on Criminal Justice & Corrections (originally sponsored by Representatives B. Sullivan and Uptegrove)

Concerning park rangers employed by the parks and recreation commission. Revised for 1st Substitute: Creating a task force on public recreational lands and public safety.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that law enforcement functions at state parks and lands are insufficient to adequately protect the public and our natural resources. Threats to the safety of the visiting public and public lands are not necessarily confined to the boundaries of state parks and lands. State law does not expressly grant or deny park rangers the authority to engage in law enforcement activities outside of park and land boundaries.

Finds that, in many areas of the state, other state or local law enforcement officers are either too far away or understaffed to provide adequate support to on-site law enforcement professionals in emergency situations.

Finds that a comprehensive review of the role and responsibilities of law enforcement professionals within and around state parks and lands is necessary to ensure the value of state parks and natural resources is not diminished.

Creates the task force on state public recreational lands and public safety.

Requires the task force to conduct a comprehensive review of law enforcement issues in and around state parks and lands, including but not limited to: (1) The extent to which illegal activity in and around state parks and lands threatens public safety and natural resources; and

(2) The ability of the current state and local law enforcement to respond to illegal activity on or near public recreational lands.

Provides that, by December 15, 2005, the task force shall provide a final report of its recommendations, including any draft legislation to implement the recommendations. The report shall be submitted to the chief clerk of the house of representatives and the secretary of the senate.

Providing a source of funding for customized work force training.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that the availability of a trained work force is critical to attracting and retaining businesses.

Finds that the growth of many businesses is limited by an unmet need for training. Furthermore, training not only helps business, it also improves the quality of life for workers and communities. Because of the statewide public benefit to be gained from instituting a customized training program, the legislature intends to create a new program to fund work force training in a manner that reduces the up-front costs of training to expanding firms.

Provides dedicated funding from the water quality account for lake restoration and management.

Provides that at least twenty-five percent of the moneys deposited into the account for the centennial clean water act grant program established in this act shall be allocated for freshwater systems during the bienniums ending in 2007 and 2009. The priority for these funds shall be establishment and implementation of a comprehensive lake restoration and management program. These moneys may be used for efforts related to: Lake restoration; improvement of lake water quality; control of lake eutrophication; clearing, prevention, and control of algae and harmful algal blooms in lakes; and eradication and prevention of invasive plant and animal species in lakes.

Directs the department of ecology to prepare a report for the appropriate committees of the legislature, by January 1, 2009, that evaluates if there is a need and demand for continued funding of the lake restoration and management program as provided in RCW 70.146.030.

Creating a boater safety education program.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent to establish a boater safety education program that contributes to the reduction of accidents and increases the enjoyment of boating by all operators of all recreational vessels on the waters of this state.

Authorizes the commission to work with agencies and organizations representing nonmotorized vessel activities and individuals operating nonmotorized vessels to decrease accidents of operators in these vessels.

Encourages boating safety programs that use volunteer and private sector efforts to enhance boating safety and education for operators of nonmotorized vessels to work closely with the state parks and recreation commission in its efforts to reduce all boating accidents in this state.

Requires the commission to establish and implement by rule a program to provide required boating safety education. The boating education program shall include training on preventing the spread of aquatic invasive species.

Provides that, as part of the boating safety education program, the commission shall establish a program to be phased over eleven years starting July 1, 2005, with full implementation by January 1, 2016. The period July 1, 2005, through December 31, 2007, will be program development, boater notification of the new requirements for mandatory education, and processing cards to be issued to individuals having taken an approved course prior to January 1, 2008.

Creates the boating safety education certification account within the state treasury. All receipts from fees collected for the issuance of a boater safety education card shall be deposited in the boating safety education certification account and shall be appropriated only to the state parks and recreation commission to be used only for the administration of this act. The account is subject to

allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Changing procedures on the withholding of the driving privilege. Revised for 1st Substitute: Changing provisions relating to withholding of driving privileges.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, whenever the department proposes to withhold the driving privilege of a person or disqualify a person from operating a commercial motor vehicle and this action is made mandatory by the provisions of this act or other law, the department must give notice to the person in writing by posting in the United States mail.

Provides that within fifteen days after notice has been given to a person under this act, the person may request in writing an administrative review before the department.

Declares that an administrative review under this act shall consist solely of an internal review of documents and records submitted or available to the department, unless the person requests an interview before the department, in which case all or any part of the administrative review may, at the discretion of the department, be conducted by telephone or other electronic means.

Declares that the only issues to be addressed in the administrative review are: (1) Whether the records relied on by the department identify the correct person; and

(2) Whether the information transmitted from the court or other reporting agency or entity regarding the person accurately describes the action taken by the court or other reporting agency or entity.

Provides that whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this act it is immediately payable. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of the effective date of this act or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan.

Provides that, if a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court shall notify the department of the delinquency. The department shall suspend the person's driver's license or driving privilege until all monetary obligations have been paid, or until the person has entered into a payment plan under this act.

(2) The court finds by substantial evidence, in a hearing conducted outside the presence of the jury, that requiring the dependent person to testify in the presence of the defendant or the jury, or both, will cause the dependent person to suffer serious emotional or mental distress that will prevent the dependent person from reasonably communicating at the trial or that the dependent person will suffer emotional or mental distress from testifying in the presence of the defendant or the jury, or both.

SB 5722-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Keiser, Thibaudeau, McAuliffe, Kline, Franklin, Prentice, Kastama, Rasmussen and Kohl-Welles)

Concerning small employers and the basic health plan. Revised for 1st Substitute: Expanding access to insurance coverage through the small business assist program.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Finds that many small employers struggle with the cost of providing employer-sponsored health insurance coverage to their employees and their employees' families, while others are unable to offer employer-sponsored health insurance due to its high cost. Low-wage workers also struggle with the burden of paying their share of the costs of employer-sponsored health insurance, while others turn down their employer's offer of coverage due to its costs.

Finds that limitations on access to health care services for enrollees in the state, such as in rural and underserved areas, are particularly challenging. It is the intent of the legislature to authorize the administrator to develop alternative purchasing strategies to ensure access to enrollees of the programs administered under this act in all areas of the state, including but not limited to: (1) The use of differential rating for managed health care systems based on geographic differences in costs; and

(2) Self-insurance in areas where adequate access cannot be ensured through other options.

Establishes the small business assist program. The legislature intends that the small business assist program make health care coverage more affordable to small employers, their employees, and dependents. By blending private and public funds through the premium assistance option authorized by this section, the legislature intends to increase the number of low-income workers with health coverage in Washington state. The administrator shall offer

two options to small employers: (1) Enrollment as a group in a small business assist plan offered by the administrator under this act; and

(2) Enrollment of low-income employees in the premium assistance option authorized in this act.

Provides that, on or before December 15, 2006, the administrator shall provide a report to the governor and relevant policy and fiscal committees of the senate and the house of representatives. The report shall present options for providing a subsidy to small business assist plan enrollees or their employers to help pay the cost of their coverage. The options shall limit subsidies to enrollees with household income up to two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services.
