

SB 6192-S - DIGEST

(AS OF SENATE 2ND READING 2/07/06)

Directs the northwest solar center, a program of Washington State University's energy extension service, to conduct a feasibility assessment of the economic and technical viability of building a large-scale, public-demonstration, solar electric generating facility.

Requires the assessment to be completed and a report summarizing the findings prepared and delivered to the energy and fiscal committees of the legislature by December 15, 2006.

Provides that the act shall be null and void if appropriations are not approved.
