

SHB 2041 - H AMD **233**

By Representative Simpson

1 On page 7, after line 30, strike all of subsection (4) and
2 insert:

3 "(4) Develop strategies to gradually reduce the per capita
4 vehicle miles traveled based on consideration of a range of
5 reduction methods, including, but not limited to, consideration of
6 enhancements to and expansion of public transportation options;
7 transportation demand management; bicycle and pedestrian
8 infrastructure; vanpool and carpool programs; incentive programs;
9 and innovative design approaches."

EFFECT: Removes the Department of Transportation's duty to assess carbon emissions for certain transportation projects. Requires the Department to develop strategies to gradually reduce per capita vehicle miles traveled.
