WITHDRAWN 03/10/2007

1 On page 1, after line 3, insert the following:

2 "NEW SECTION. **Sec. 1.** The legislature finds that the residents of
3 Washington should be safe from life and property loss due to fire. The
4 legislature recognizes that there are substantial financial and
5 administrative burdens associated with the installation of fire
6 suppression and prevention systems in residential homes. It is the
7 intent of the legislature to commission the state building code council
8 to form a technical advisory group to research and develop a model
9 policy to encourage and facilitate the installation of additional
10 residential fire sprinkler systems. In the interest of safety and
11 efficiency, the legislature further intends that the efforts of the
12 state building code council avoid interference with the approval of any
13 local proposals to require sprinklers in homes."

14 Renumber the remaining section consecutively and correct the title.

EFFECT: Specifies legislative intent.
