

ESSB 5297 - H AMD 701

By Representative Hinkle

FAILED 4/11/2007

1 On page 2, line 17, after "prevention." insert "Information on
2 contraceptives and disease prevention must include the failure rate
3 and rate of incorrect usage of all contraceptive methods discussed,
4 both with respect to sexually transmitted diseases and pregnancy."

EFFECT: Requires sexual health education instruction to
include information on contraceptive failure and incorrect
usage rate for the contraceptive methods discussed.
