By Committee on Appropriations

NOT ADOPTED 04/12/2007

1 Strike everything after the enacting clause and insert the  
2 following:

3 "USE STATE PURCHASING TO IMPROVE HEALTH CARE QUALITY

4 NEW SECTION. **Sec. 1.** (1) The health care authority and the  
5 department of social and health services shall, by September 1, 2007,  
6 develop a five-year plan to change reimbursement within their health  
7 care programs to:

8 (a) Reward quality health outcomes rather than simply paying for  
9 the receipt of particular services or procedures;

10 (b) Pay for care that reflects patient preference and is of proven  
11 value;

12 (c) Require the use of evidence-based standards of care where  
13 available;

14 (d) Tie provider rate increases to measurable improvements in  
15 access to quality care;

16 (e) Direct enrollees to quality care systems;

17 (f) Better support primary care and provide a medical home to all  
18 enrollees through reimbursement policies that create incentives for  
19 providers to enter and remain in primary care practice and that address  
20 disparities in payment between specialty procedures and primary care  
21 services; and

22 (g) Pay for e-mail consultations, telemedicine, and telehealth  
23 where doing so reduces the overall cost of care.

24 (2) In developing any component of the plan that links payment to  
25 health care provider performance, the authority and the department  
26 shall work in collaboration with the department of health, health  
27 carriers, local public health jurisdictions, physicians and other  
28 health care providers, the Puget Sound health alliance, and other  
29 purchasers.

1 (3) The plan shall (a) identify any existing barriers and  
2 opportunities to support implementation, including needed changes to  
3 state or federal law; (b) identify the goals the plan is intended to  
4 achieve and how progress toward those goals will be measured; and (c)  
5 be submitted to the governor and the legislature upon completion. The  
6 agencies shall report to the legislature by September 1, 2007. Any  
7 component of the plan that links payment to health care provider  
8 performance must be submitted to the legislature for consideration  
9 prior to implementation by the department or the authority.

10 NEW SECTION. **Sec. 2.** A new section is added to chapter 41.05 RCW  
11 to read as follows:

12 (1) The legislature finds that there is growing evidence that, for  
13 preference-sensitive care involving elective surgery, patient-  
14 practitioner communication is improved through the use of high-quality  
15 decision aids that detail the benefits, harms, and uncertainty of  
16 available treatment options. Improved communication leads to more  
17 fully informed patient decisions. The legislature intends to increase  
18 the extent to which patients make genuinely informed, preference-based  
19 treatment decisions, by promoting public/private collaborative efforts  
20 to broaden the development, certification, use, and evaluation of  
21 effective decision aids and by recognition of shared decision making  
22 and patient decision aids in the state's laws on informed consent.

23 (2) The health care authority shall:

24 (a) Work in collaboration with the health professions, contracting  
25 health carriers, nonproprietary public interest or university-based  
26 research groups, and quality improvement organizations to increase  
27 awareness of appropriate, high-quality decision aids, and to train  
28 physicians and other practitioners in their use.

29 (b) In consultation with the national committee for quality  
30 assurance, or other decision aids certification body, identify a  
31 certification process for patient decision aids.

32 (c) Implement a shared decision-making demonstration project. The  
33 demonstration project shall be conducted at one or more multispecialty  
34 group practice sites providing state purchased health care in the state  
35 of Washington, and may include other practice sites providing state  
36 purchased health care. The demonstration project shall include the  
37 following elements:

1 (i) Incorporation into clinical practice of one or more decision  
2 aids for one or more identified preference-sensitive care areas  
3 combined with ongoing training and support of involved practitioners  
4 and practice teams, preferably at sites with necessary supportive  
5 health information technology; and

6 (ii) An evaluation of the impact of the use of shared decision  
7 making with decision aids, including the use of preference-sensitive  
8 health care services selected for the demonstration project and  
9 expenditures for those services, the impact on patients, including  
10 patient understanding of the treatment options presented and  
11 concordance between patient values and the care received, and patient  
12 and practitioner satisfaction with the shared decision-making process.

13 (3) The health care authority may solicit and accept funding to  
14 support the demonstration and evaluation.

15 **Sec. 3.** RCW 7.70.060 and 1975-'76 2nd ex.s. c 56 s 11 are each  
16 amended to read as follows:

17 (1) If a patient while legally competent, or his or her  
18 representative if he or she is not competent, signs a consent form  
19 which sets forth the following, the signed consent form shall  
20 constitute prima facie evidence that the patient gave his or her  
21 informed consent to the treatment administered and the patient has the  
22 burden of rebutting this by a preponderance of the evidence:

23 ~~((1))~~ (a) A description, in language the patient could reasonably  
24 be expected to understand, of:

25 ~~((a))~~ (i) The nature and character of the proposed treatment;

26 ~~((b))~~ (ii) The anticipated results of the proposed treatment;

27 ~~((c))~~ (iii) The recognized possible alternative forms of  
28 treatment; and

29 ~~((d))~~ (iv) The recognized serious possible risks, complications,  
30 and anticipated benefits involved in the treatment and in the  
31 recognized possible alternative forms of treatment, including  
32 nontreatment;

33 ~~((2))~~ (b) Or as an alternative, a statement that the patient  
34 elects not to be informed of the elements set forth in (a) of this  
35 subsection ~~((1) of this section)~~.

36 (2) If a patient while legally competent, or his or her  
37 representative if he or she is not competent, signs an acknowledgement

1 of shared decision making as described in this section, such  
2 acknowledgement shall constitute prima facie evidence that the patient  
3 gave his or her informed consent to the treatment administered and the  
4 patient has the burden of rebutting this by clear and convincing  
5 evidence. An acknowledgement of shared decision making shall include:

6 (a) A statement that the patient, or his or her representative, and  
7 the health care provider have engaged in shared decision making as an  
8 alternative means of meeting the informed consent requirements set  
9 forth by laws, accreditation standards, and other mandates;

10 (b) A brief description of the services that the patient and  
11 provider jointly have agreed will be furnished;

12 (c) A brief description of the patient decision aid or aids that  
13 have been used by the patient and provider to address the needs for (i)  
14 high-quality, up-to-date information about the condition, including  
15 risk and benefits of available options and, if appropriate, a  
16 discussion of the limits of scientific knowledge about outcomes; (ii)  
17 values clarification to help patients sort out their values and  
18 preferences; and (iii) guidance or coaching in deliberation, designed  
19 to improve the patient's involvement in the decision process;

20 (d) A statement that the patient or his or her representative  
21 understands: The risk or seriousness of the disease or condition to be  
22 prevented or treated; the available treatment alternatives, including  
23 nontreatment; and the risks, benefits, and uncertainties of the  
24 treatment alternatives, including nontreatment; and

25 (e) A statement certifying that the patient or his or her  
26 representative has had the opportunity to ask the provider questions,  
27 and to have any questions answered to the patient's satisfaction, and  
28 indicating the patient's intent to receive the identified services.

29 (3) As used in this section, "shared decision making" means a  
30 process in which the physician or other health care practitioner  
31 discusses with the patient or his or her representative the information  
32 specified in subsection (2) of this section with the use of a patient  
33 decision aid and the patient shares with the provider such relevant  
34 personal information as might make one treatment or side effect more or  
35 less tolerable than others.

36 (4) As used in this section, "patient decision aid" means a  
37 written, audio-visual, or online tool that provides a balanced  
38 presentation of the condition and treatment options, benefits, and

1 harms, including, if appropriate, a discussion of the limits of  
2 scientific knowledge about outcomes, and that is certified by one or  
3 more national certifying organizations approved by the health care  
4 authority under section 2 of this act.

5 (5) Failure to use a form or to engage in shared decision making,  
6 with or without the use of a patient decision aid, shall not be  
7 admissible as evidence of failure to obtain informed consent. There  
8 shall be no liability, civil or otherwise, resulting from a health care  
9 provider choosing either the signed consent form set forth in  
10 subsection (1)(a) of this section or the signed acknowledgement of  
11 shared decision making as set forth in subsection (2) of this section.

12 **PREVENTION AND MANAGEMENT OF CHRONIC ILLNESS**

13 NEW SECTION. Sec. 4. A new section is added to chapter 74.09 RCW  
14 to read as follows:

15 (1) The department of social and health services, in collaboration  
16 with the department of health, shall:

17 (a) Design and implement medical homes for its aged, blind, and  
18 disabled clients in conjunction with chronic care management programs  
19 to improve health outcomes, access, and cost-effectiveness. Programs  
20 must be evidence based, facilitating the use of information technology  
21 to improve quality of care, must acknowledge the role of primary care  
22 providers and include financial and other supports to enable these  
23 providers to effectively carry out their role in chronic care  
24 management, and must improve coordination of primary, acute, and long-  
25 term care for those clients with multiple chronic conditions. The  
26 department shall consider expansion of existing medical home and  
27 chronic care management programs and build on the Washington state  
28 collaborative initiative. The department shall use best practices in  
29 identifying those clients best served under a chronic care management  
30 model using predictive modeling through claims or other health risk  
31 information; and

32 (b) Evaluate the effectiveness of current chronic care management  
33 efforts in the health and recovery services administration and the  
34 aging and disability services administration, comparison to best

3 quality of care and must improve coordination of primary, acute, and  
4 long-term care for those enrollees with multiple chronic conditions.  
5 The authority shall consider expansion of existing medical home and  
6 chronic care management programs. The authority shall use best  
7 practices in identifying those employees best served under a chronic  
8 care management model using predictive modeling through claims or other  
9 health risk information.

10 (2) For purposes of this section:

21 NEW SECTION. **Sec. 18.** A new section is added to chapter 41.05 RCW  
22 to read as follows:

23 (1) Any plan offered to employees under this chapter must offer  
24 each employee the option of covering any unmarried dependent of the  
25 employee under the age of twenty-five.

26 (2) Any employee choosing under subsection (1) of this section to  
27 cover a dependent who is: (a) Age twenty through twenty-three and not  
28 a registered student at an accredited secondary school, college,  
29 university, vocational school, or school of nursing; or (b) age twenty-  
30 four, shall be required to pay the full cost of such coverage.

31 (3) Any employee choosing under subsection (1) of this section to  
32 cover a dependent with disabilities, developmental disabilities, mental  
33 illness, or mental retardation, who is incapable of self-support, may

1 continue covering that dependent under the same premium and payment  
2 structure as for dependents under the age of twenty, irrespective of  
3 age.

4 NEW SECTION. **Sec. 19.** A new section is added to chapter 48.20 RCW  
5 to read as follows:

6 Any disability insurance contract that provides coverage for a  
7 subscriber's dependent must offer the option of covering any unmarried  
8 dependent under the age of twenty-five.

9 NEW SECTION. **Sec. 20.** A new section is added to chapter 48.21 RCW  
10 to read as follows:

11 Any group disability insurance contract or blanket disability  
12 insurance contract that provides coverage for a participating member's  
13 dependent must offer each participating member the option of covering  
14 any unmarried dependent under the age of twenty-five.

15 NEW SECTION. **Sec. 21.** A new section is added to chapter 48.44 RCW  
16 to read as follows:

17 (1) Any individual health care service plan contract that provides  
18 coverage for a subscriber's dependent must offer the option of covering  
19 any unmarried dependent under the age of twenty-five.

20 (2) Any group health care service plan contract that provides  
21 coverage for a participating member's dependent must offer each  
22 participating member the option of covering any unmarried dependent  
23 under the age of twenty-five.

24 NEW SECTION. **Sec. 22.** A new section is added to chapter 48.46 RCW  
25 to read as follows:

26 (1) Any individual health maintenance agreement that provides  
27 coverage for a subscriber's dependent must offer the option of covering  
28 any unmarried dependent under the age of twenty-five.

29 (2) Any group health maintenance agreement that provides coverage  
30 for a participating member's dependent must offer each participating  
31 member the option of covering any unmarried dependent under the age of  
32 twenty-five.

33 **SUSTAINABILITY AND ACCESS TO PUBLIC PROGRAMS**

1        NEW SECTION.    **Sec. 23.**    (1) The department of social and health  
2 services shall develop a series of options that require federal waivers  
3 and state plan amendments to expand coverage and leverage federal and  
4 state resources for the state's basic health program, for the medical  
5 assistance program, as codified at Title XIX of the federal social  
6 security act, and the state's children's health insurance program, as  
7 codified at Title XXI of the federal social security act.    The  
8 department shall propose options including but not limited to:

9        (a) Offering alternative benefit designs to promote high quality  
10 care, improve health outcomes, and encourage cost-effective treatment  
11 options and redirect savings to finance additional coverage;

12        (b) Creation of a health opportunity account demonstration program  
13 for individuals eligible for transitional medical benefits.    When a  
14 participant in the health opportunity account demonstration program  
15 satisfies his or her deductible, the benefits provided shall be those  
16 included in the medicaid benefit package in effect during the period of  
17 the demonstration program; and

18        (c) Promoting private health insurance plans and premium subsidies  
19 to purchase employer-sponsored insurance wherever possible, including  
20 federal approval to expand the department's employer-sponsored  
21 insurance premium assistance program to enrollees covered through the  
22 state's children's health insurance program.

23        (2) Prior to submitting requests for federal waivers or state plan  
24 amendments, the department shall consult with and seek input from  
25 stakeholders and other interested parties.

26        (3) The department of social and health services, in collaboration  
27 with the Washington state health care authority, shall ensure that  
28 enrollees are not simultaneously enrolled in the state's basic health  
29 program and the medical assistance program or the state's children's  
30 health insurance program to ensure coverage for the maximum number of  
31 people within available funds.    Priority enrollment in the basic health  
32 program shall be given to those who disenrolled from the program in  
33 order to enroll in medicaid, and subsequently became ineligible for  
34 medicaid coverage.

35        NEW SECTION.    **Sec. 24.**    A new section is added to chapter 48.43 RCW  
36 to read as follows:

37        When the department of social and health services determines that

1 it is cost-effective to enroll a person eligible for medical assistance  
2 under chapter 74.09 RCW in an employer-sponsored health plan, a carrier  
3 shall permit the enrollment of the person in the health plan for which  
4 he or she is otherwise eligible without regard to any open enrollment  
5 period restrictions.

6 **REINSURANCE**

7 NEW SECTION. **Sec. 25.** (1) The office of financial management, in  
8 collaboration with the office of the insurance commissioner, shall  
9 evaluate options and design a state-supported reinsurance program to  
10 address the impact of high cost enrollees in the individual and small  
11 group health insurance markets, and submit implementing legislation and  
12 supporting information, including financing options, to the governor  
13 and the legislature by December 1, 2007. In designing the program, the  
14 office of financial management shall:

15 (a) Estimate the quantitative impact on premium savings, premium  
16 stability over time and across groups of enrollees, individual and  
17 employer take-up, number of uninsured, and government costs associated  
18 with a government-funded stop-loss insurance program, including  
19 distinguishing between one-time premium savings and savings in  
20 subsequent years. In evaluating the various reinsurance models,  
21 evaluate and consider (i) the reduction in total health care costs to  
22 the state and private sector, and (ii) the reduction in individual  
23 premiums paid by employers, employees, and individuals;

24 (b) Identify all relevant design issues and alternative options for  
25 each issue. At a minimum, the evaluation shall examine (i) a  
26 reinsurance corridor of ten thousand dollars to ninety thousand  
27 dollars, and a reimbursement of ninety percent; (ii) the impacts of  
28 providing reinsurance for all small group products or a subset of  
29 products; and (iii) the applicability of a chronic care program such as  
30 the approach used by the department of labor and industries with the  
31 centers of occupational health and education. Where quantitative  
32 impacts cannot be estimated, the office of financial management shall  
33 assess qualitative impacts of design issues and their options,  
34 including potential disincentives for reducing premiums, achieving  
35 premium stability, sustaining/increasing take-up, decreasing the number  
36 of uninsured, and managing government's stop-loss insurance costs;

1 (c) Identify market and regulatory changes needed to maximize the  
2 chance of the program achieving its policy goals, including how the  
3 program will relate to other coverage programs and markets. Design  
4 efforts shall coordinate with other design efforts targeting small  
5 group programs that may be directed by the legislature, as well as  
6 other approaches examining alternatives to managing risk;

7 (d) Address conditions under which overall expenditures could  
8 increase as a result of a government-funded stop-loss program and  
9 options to mitigate those conditions, such as passive versus aggressive  
10 use of disease and care management programs by insurers;

11 (e) Determine whether the Washington state health insurance pool  
12 should be retained, and if so, develop options for additional sources  
13 of funding;

14 (f) Evaluate, and quantify where possible, the behavioral responses  
15 of insurers to the program including impacts on insurer premiums and  
16 practices for settling legal disputes around large claims; and

17 (g) Provide alternatives for transitioning from the status quo and,  
18 where applicable, alternatives for phasing in some design elements,  
19 such as threshold or corridor levels, to balance government costs and  
20 premium savings.

21 (2) Within funds specifically appropriated for this purpose, the  
22 office of financial management may contract with actuaries and other  
23 experts as necessary to meet the requirements of this section.

24 **THE WASHINGTON STATE HEALTH INSURANCE POOL AND THE BASIC HEALTH PLAN**

25 **Sec. 26.** RCW 48.41.110 and 2001 c 196 s 4 are each amended to read  
26 as follows:

27 (1) The pool shall offer one or more care management plans of  
28 coverage. Such plans may, but are not required to, include point of  
29 service features that permit participants to receive in-network  
30 benefits or out-of-network benefits subject to differential cost  
31 shares. (~~Covered persons enrolled in the pool on January 1, 2001, may  
32 continue coverage under the pool plan in which they are enrolled on  
33 that date. However,~~) The pool may incorporate managed care features  
34 and encourage enrollees to participate in chronic care and disease  
35 management and evidence-based protocols into ((such)) existing plans.

1 (2) The administrator shall prepare a brochure outlining the  
2 benefits and exclusions of ~~((the))~~ pool ~~((policy))~~ policies in plain  
3 language. After approval by the board, such brochure shall be made  
4 reasonably available to participants or potential participants.

5 (3) The health insurance ~~((policy))~~ policies issued by the pool  
6 shall pay only reasonable amounts for medically necessary eligible  
7 health care services rendered or furnished for the diagnosis or  
8 treatment of covered illnesses, injuries, and conditions ~~((which are  
9 not otherwise limited or excluded))~~. Eligible expenses are the  
10 reasonable amounts for the health care services and items for which  
11 benefits are extended under ~~((the))~~ a pool policy. ~~((Such benefits  
12 shall at minimum include, but not be limited to, the following services  
13 or related items:))~~

14 (4) The pool shall offer at least two policies, one of which at a  
15 minimum includes, but is not limited to, the following services or  
16 related items:

17 (a) Hospital services, including charges for the most common  
18 semiprivate room, for the most common private room if semiprivate rooms  
19 do not exist in the health care facility, or for the private room if  
20 medically necessary, ~~((but limited to))~~ including no less than a total  
21 of one hundred eighty inpatient days in a calendar year, and ~~((limited  
22 to))~~ no less than thirty days inpatient care for mental and nervous  
23 conditions, or alcohol, drug, or chemical dependency or abuse per  
24 calendar year;

25 (b) Professional services including surgery for the treatment of  
26 injuries, illnesses, or conditions, other than dental, which are  
27 rendered by a health care provider, or at the direction of a health  
28 care provider, by a staff of registered or licensed practical nurses,  
29 or other health care providers;

30 (c) ~~((The first))~~ No less than twenty outpatient professional  
31 visits for the diagnosis or treatment of one or more mental or nervous  
32 conditions or alcohol, drug, or chemical dependency or abuse rendered  
33 during a calendar year by one or more physicians, psychologists, or  
34 community mental health professionals, or, at the direction of a  
35 physician, by other qualified licensed health care practitioners, in  
36 the case of mental or nervous conditions, and rendered by a state  
37 certified chemical dependency program approved under chapter 70.96A  
38 RCW, in the case of alcohol, drug, or chemical dependency or abuse;

- 1 (d) Drugs and contraceptive devices requiring a prescription;
- 2 (e) Services of a skilled nursing facility, excluding custodial and  
3 convalescent care, for not ~~((more))~~ less than one hundred days in a  
4 calendar year as prescribed by a physician;
- 5 (f) Services of a home health agency;
- 6 (g) Chemotherapy, radioisotope, radiation, and nuclear medicine  
7 therapy;
- 8 (h) Oxygen;
- 9 (i) Anesthesia services;
- 10 (j) Prostheses, other than dental;
- 11 (k) Durable medical equipment which has no personal use in the  
12 absence of the condition for which prescribed;
- 13 (l) Diagnostic x-rays and laboratory tests;
- 14 (m) Oral surgery ~~((limited to))~~ including at least the following:  
15 Fractures of facial bones; excisions of mandibular joints, lesions of  
16 the mouth, lip, or tongue, tumors, or cysts excluding treatment for  
17 temporomandibular joints; incision of accessory sinuses, mouth salivary  
18 glands or ducts; dislocations of the jaw; plastic reconstruction or  
19 repair of traumatic injuries occurring while covered under the pool;  
20 and excision of impacted wisdom teeth;
- 21 (n) Maternity care services;
- 22 (o) Services of a physical therapist and services of a speech  
23 therapist;
- 24 (p) Hospice services;
- 25 (q) Professional ambulance service to the nearest health care  
26 facility qualified to treat the illness or injury; and
- 27 (r) Other medical equipment, services, or supplies required by  
28 physician's orders and medically necessary and consistent with the  
29 diagnosis, treatment, and condition.
- 30 ~~((+4))~~ (5) The board shall design and employ cost containment  
31 measures and requirements such as, but not limited to, care  
32 coordination, provider network limitations, preadmission certification,  
33 and concurrent inpatient review which may make the pool more cost-  
34 effective.
- 35 ~~((+5))~~ (6) The pool benefit policy may contain benefit  
36 limitations, exceptions, and cost shares such as copayments,  
37 coinsurance, and deductibles that are consistent with managed care  
38 products, except that differential cost shares may be adopted by the

1 board for nonnetwork providers under point of service plans. ((The  
2 pool benefit policy cost shares and limitations must be consistent with  
3 those that are generally included in health plans approved by the  
4 insurance commissioner; however,)) No limitation, exception, or  
5 reduction may be used that would exclude coverage for any disease,  
6 illness, or injury.

7 ((+6+)) (7) The pool may not reject an individual for health plan  
8 coverage based upon preexisting conditions of the individual or deny,  
9 exclude, or otherwise limit coverage for an individual's preexisting  
10 health conditions; except that it shall impose a six-month benefit  
11 waiting period for preexisting conditions for which medical advice was  
12 given, for which a health care provider recommended or provided  
13 treatment, or for which a prudent layperson would have sought advice or  
14 treatment, within six months before the effective date of coverage.  
15 The preexisting condition waiting period shall not apply to prenatal  
16 care services. The pool may not avoid the requirements of this section  
17 through the creation of a new rate classification or the modification  
18 of an existing rate classification. Credit against the waiting period  
19 shall be as provided in subsection ((+7+)) (8) of this section.

20 ((+7+)) (8)(a) Except as provided in (b) of this subsection, the  
21 pool shall credit any preexisting condition waiting period in its plans  
22 for a person who was enrolled at any time during the sixty-three day  
23 period immediately preceding the date of application for the new pool  
24 plan. For the person previously enrolled in a group health benefit  
25 plan, the pool must credit the aggregate of all periods of preceding  
26 coverage not separated by more than sixty-three days toward the waiting  
27 period of the new health plan. For the person previously enrolled in  
28 an individual health benefit plan other than a catastrophic health  
29 plan, the pool must credit the period of coverage the person was  
30 continuously covered under the immediately preceding health plan toward  
31 the waiting period of the new health plan. For the purposes of this  
32 subsection, a preceding health plan includes an employer-provided self-  
33 funded health plan.

34 (b) The pool shall waive any preexisting condition waiting period  
35 for a person who is an eligible individual as defined in section  
36 2741(b) of the federal health insurance portability and accountability  
37 act of 1996 (42 U.S.C. 300gg-41(b)).

1        ~~((8))~~ (9) If an application is made for the pool policy as a  
2 result of rejection by a carrier, then the date of application to the  
3 carrier, rather than to the pool, should govern for purposes of  
4 determining preexisting condition credit.

5        (10) The pool shall contract with organizations that provide care  
6 management that has been demonstrated to be effective and shall  
7 encourage enrollees who are eligible for care management services to  
8 participate.

9        **Sec. 27.** RCW 48.41.160 and 1987 c 431 s 16 are each amended to  
10 read as follows:

11        ~~(1) ((A pool policy offered under this chapter shall contain~~  
12 ~~provisions under which the pool is obligated to renew the policy until~~  
13 ~~the day on which the individual in whose name the policy is issued~~  
14 ~~first becomes eligible for medicare coverage. At that time, coverage~~  
15 ~~of dependents shall terminate if such dependents are eligible for~~  
16 ~~coverage under a different health plan. Dependents who become eligible~~  
17 ~~for medicare prior to the individual in whose name the policy is~~  
18 ~~issued, shall receive benefits in accordance with RCW 48.41.150)) On or~~  
19 ~~before December 31, 2007, the pool shall cancel all existing pool~~  
20 ~~policies and replace them with policies that are identical to the~~  
21 ~~existing policies except for the inclusion of a provision providing for~~  
22 ~~a guarantee of the continuity of coverage consistent with this section.~~  
23 As a means to minimize the number of policy changes for enrollees,  
24 replacement policies provided under this subsection also may include  
25 the plan modifications authorized in RCW 48.41.110 and 48.41.120.

26        (2) A pool policy shall contain a guarantee of the individual's  
27 right to continued coverage, subject to the provisions of subsections  
28 (4) and (5) of this section.

29        (3) The guarantee of continuity of coverage required by this  
30 section shall not prevent the pool from canceling or nonrenewing a  
31 policy for:

32        (a) Nonpayment of premium;

33        (b) Violation of published policies of the pool;

34        (c) Failure of a covered person who becomes eligible for medicare  
35 benefits by reason of age to apply for a pool medical supplement plan,  
36 or a medicare supplement plan or other similar plan offered by a  
37 carrier pursuant to federal laws and regulations;

1 (d) Failure of a covered person to pay any deductible or copayment  
2 amount owed to the pool and not the provider of health care services;

3 (e) Covered persons committing fraudulent acts as to the pool;

4 (f) Covered persons materially breaching the pool policy; or

5 (g) Changes adopted to federal or state laws when such changes no  
6 longer permit the continued offering of such coverage.

7 (4)(a) The guarantee of continuity of coverage provided by this  
8 section requires that if the pool replaces a plan, it must make the  
9 replacement plan available to all individuals in the plan being  
10 replaced. The replacement plan must include all of the services  
11 covered under the replaced plan, through unreasonable cost-sharing  
12 requirements or otherwise. The pool may also allow individuals who are  
13 covered by a plan that is being replaced an unrestricted right to  
14 transfer to a fully comparable plan.

15 (b) The guarantee of continuity of coverage provided by this  
16 section requires that if the pool discontinues offering a plan: (i)  
17 The pool must provide notice to each individual of the discontinuation  
18 at least ninety days prior to the date of the discontinuation; (ii) the  
19 pool must offer to each individual provided coverage under the  
20 discontinued plan the option to enroll in any other plan currently  
21 offered by the pool for which the individual is otherwise eligible; and  
22 (iii) in exercising the option to discontinue a plan and in offering  
23 the option of coverage under (b)(ii) of this subsection, the pool must  
24 act uniformly without regard to any health status-related factor of  
25 enrolled individuals or individuals who may become eligible for this  
26 coverage.

27 (c) The pool cannot replace a plan under this subsection until it  
28 has completed an evaluation of the impact of replacing the plan upon:

29 (i) The cost and quality of care to pool enrollees;

30 (ii) Pool financing and enrollment;

31 (iii) The board's ability to offer comprehensive and other plans to  
32 its enrollees;

33 (iv) Other items identified by the board.

34 In its evaluation, the board must request input from the  
35 constituents represented by the board members.

36 (d) The guarantee of continuity of coverage provided by this  
37 section does not apply if the pool has zero enrollment in a plan.

1       (5) The pool may not change the rates for pool policies except on  
2 a class basis, with a clear disclosure in the policy of the pool's  
3 right to do so.

4       ~~((+3+))~~ (6) A pool policy offered under this chapter shall provide  
5 that, upon the death of the individual in whose name the policy is  
6 issued, every other individual then covered under the policy may elect,  
7 within a period specified in the policy, to continue coverage under the  
8 same or a different policy.

9       **Sec. 28.** RCW 48.41.200 and 2000 c 79 s 17 are each amended to read  
10 as follows:

11       (1) The pool shall determine the standard risk rate by calculating  
12 the average individual standard rate charged for coverage comparable to  
13 pool coverage by the five largest members, measured in terms of  
14 individual market enrollment, offering such coverages in the state. In  
15 the event five members do not offer comparable coverage, the standard  
16 risk rate shall be established using reasonable actuarial techniques  
17 and shall reflect anticipated experience and expenses for such coverage  
18 in the individual market.

19       (2) Subject to subsection (3) of this section, maximum rates for  
20 pool coverage shall be as follows:

21       (a) Maximum rates for a pool indemnity health plan shall be one  
22 hundred fifty percent of the rate calculated under subsection (1) of  
23 this section;

24       (b) Maximum rates for a pool care management plan shall be one  
25 hundred twenty-five percent of the rate calculated under subsection (1)  
26 of this section; and

27       (c) Maximum rates for a person eligible for pool coverage pursuant  
28 to RCW 48.41.100(1)(a) who was enrolled at any time during the sixty-  
29 three day period immediately prior to the date of application for pool  
30 coverage in a group health benefit plan or an individual health benefit  
31 plan other than a catastrophic health plan as defined in RCW 48.43.005,  
32 where such coverage was continuous for at least eighteen months, shall  
33 be:

34       (i) For a pool indemnity health plan, one hundred twenty-five  
35 percent of the rate calculated under subsection (1) of this section;  
36 and

1 (ii) For a pool care management plan, one hundred ten percent of  
2 the rate calculated under subsection (1) of this section.

3 (3)(a) Subject to (b) and (c) of this subsection:

4 (i) The rate for any person (~~((aged fifty to sixty four))~~) whose  
5 current gross family income is less than two hundred fifty-one percent  
6 of the federal poverty level shall be reduced by thirty percent from  
7 what it would otherwise be;

8 (ii) The rate for any person (~~((aged fifty to sixty four))~~) whose  
9 current gross family income is more than two hundred fifty but less  
10 than three hundred one percent of the federal poverty level shall be  
11 reduced by fifteen percent from what it would otherwise be;

12 (iii) The rate for any person who has been enrolled in the pool for  
13 more than thirty-six months shall be reduced by five percent from what  
14 it would otherwise be.

15 (b) In no event shall the rate for any person be less than one  
16 hundred ten percent of the rate calculated under subsection (1) of this  
17 section.

18 (c) Rate reductions under (a)(i) and (ii) of this subsection shall  
19 be available only to the extent that funds are specifically  
20 appropriated for this purpose in the omnibus appropriations act.

21 **Sec. 29.** RCW 48.41.037 and 2000 c 79 s 36 are each amended to read  
22 as follows:

23 The Washington state health insurance pool account is created in  
24 the custody of the state treasurer. All receipts from moneys  
25 specifically appropriated to the account must be deposited in the  
26 account. Expenditures from this account shall be used to cover  
27 deficits incurred by the Washington state health insurance pool under  
28 this chapter in excess of the threshold established in this section.  
29 To the extent funds are available in the account, funds shall be  
30 expended from the account to offset that portion of the deficit that  
31 would otherwise have to be recovered by imposing an assessment on  
32 members in excess of a threshold of seventy cents per insured person  
33 per month. The commissioner shall authorize expenditures from the  
34 account, to the extent that funds are available in the account, upon  
35 certification by the pool board that assessments will exceed the  
36 threshold level established in this section. The account is subject to

1 the allotment procedures under chapter 43.88 RCW, but an appropriation  
2 is not required for expenditures.

3 Whether the assessment has reached the threshold of seventy cents  
4 per insured person per month shall be determined by dividing the total  
5 aggregate amount of assessment by the proportion of total assessed  
6 members. Thus, stop loss members shall be counted as one-tenth of a  
7 whole member in the denominator given that is the amount they are  
8 assessed proportionately relative to a fully insured medical member.

9 **Sec. 30.** RCW 48.41.100 and 2001 c 196 s 3 are each amended to read  
10 as follows:

11 (1) The following persons who are residents of this state are  
12 eligible for pool coverage:

13 (a) Any person who provides evidence of a carrier's decision not to  
14 accept him or her for enrollment in an individual health benefit plan  
15 as defined in RCW 48.43.005 based upon, and within ninety days of the  
16 receipt of, the results of the standard health questionnaire designated  
17 by the board and administered by health carriers under RCW 48.43.018;

18 (b) Any person who continues to be eligible for pool coverage based  
19 upon the results of the standard health questionnaire designated by the  
20 board and administered by the pool administrator pursuant to subsection  
21 (3) of this section;

22 (c) Any person who resides in a county of the state where no  
23 carrier or insurer eligible under chapter 48.15 RCW offers to the

36 the effects of international trade and are eligible for certain trade  
37 adjustment assistance benefits; or are eligible for benefits under the

2 receive benefits from the pension benefit guaranty corporation and are  
3 at least fifty-five years old.

9 licensed providers, to a defined patient population enrolled in the  
10 plan and in the managed health care system; or (b) a self-funded or  
11 self-insured method of providing insurance coverage to subsidized

25 ~~((e))~~ (v) Whose gross family income at the time of enrollment  
26 does not exceed two hundred percent of the federal poverty level as  
27 adjusted for family size and determined annually by the federal  
28 department of health and human services; and

29 ~~((f))~~ (vi) Who chooses to obtain basic health care coverage from  
30 a particular managed health care system in return for periodic payments  
31 to the plan~~((7))~~;

32 (b) An individual who meets the requirements in (a)(i) through (iv)  
33 and (vi) of this subsection and who is a foster parent licensed under

35 enrollment does not exceed three hundred percent of the federal poverty  
36 level as adjusted for family size and determined annually by the  
37 federal department of health and human services; and

1       (c) To the extent that state funds are specifically appropriated  
2 for this purpose, with a corresponding federal match, (~~("subsidized~~

7 less than two hundred fifty-one percent, of the federal poverty level  
8 as adjusted for family size and determined annually by the federal  
9 department of health and human services.

10       (7) "Nonsubsidized enrollee" means an individual, or an individual  
11 plus the individual's spouse or dependent children: (a) Who is not  
12 eligible for medicare; (b) who is not confined or residing in a  
13 government-operated institution, unless he or she meets eligibility  
14 criteria adopted by the administrator; (c) who is accepted for  
15 enrollment by the administrator as provided in RCW 48.43.018, either  
16 because the potential enrollee cannot be required to complete the  
17 standard health questionnaire under RCW 48.43.018, or, based upon the  
18 results of the standard health questionnaire, the potential enrollee  
19 would not qualify for coverage under the Washington state health  
20 insurance pool; (d) who resides in an area of the state served by a  
21 managed health care system participating in the plan; (~~((d))~~) (e) who  
22 chooses to obtain basic health care coverage from a particular managed

24 the full costs for participation in the plan, without any subsidy from  
25 the plan.

26       (8) "Subsidy" means the difference between the amount of periodic  
27 payment the administrator makes to a managed health care system on  
28 behalf of a subsidized enrollee plus the administrative cost to the  
29 plan of providing the plan to that subsidized enrollee, and the amount  
30 determined to be the subsidized enrollee's responsibility under RCW  
31 70.47.060(2).

32       (9) "Premium" means a periodic payment, (~~(based upon gross family~~  
33 ~~income)) which an individual, their employer or another financial~~  
34 sponsor makes to the plan as consideration for enrollment in the plan  
35 as a subsidized enrollee, a nonsubsidized enrollee, or a health  
36 coverage tax credit eligible enrollee.

37       (10) "Rate" means the amount, negotiated by the administrator with

1 and paid to a participating managed health care system, that is based  
2 upon the enrollment of subsidized, nonsubsidized, and health coverage  
3 tax credit eligible enrollees in the plan and in that system.

4 **Sec. 36.** RCW 70.47.060 and 2006 c 343 s 9 are each amended to read  
5 as follows:

6 The administrator has the following powers and duties:

7 (1) To design and from time to time revise a schedule of covered  
8 basic health care services, including physician services, inpatient and  
9 outpatient hospital services, prescription drugs and medications, and  
10 other services that may be necessary for basic health care. In  
11 addition, the administrator may, to the extent that funds are  
12 available, offer as basic health plan services chemical dependency  
13 services, mental health services and organ transplant services;  
14 however, no one service or any combination of these three services  
15 shall increase the actuarial value of the basic health plan benefits by  
16 more than five percent excluding inflation, as determined by the office  
17 of financial management. All subsidized and nonsubsidized enrollees in  
18 any participating managed health care system under the Washington basic  
19 health plan shall be entitled to receive covered basic health care  
20 services in return for premium payments to the plan. The schedule of  
21 services shall emphasize proven preventive and primary health care and  
22 shall include all services necessary for prenatal, postnatal, and well-  
23 child care. However, with respect to coverage for subsidized enrollees  
24 who are eligible to receive prenatal and postnatal services through the  
25 medical assistance program under chapter 74.09 RCW, the administrator  
26 shall not contract for such services except to the extent that such  
27 services are necessary over not more than a one-month period in order  
28 to maintain continuity of care after diagnosis of pregnancy by the  
29 managed care provider. The schedule of services shall also include a  
30 separate schedule of basic health care services for children, eighteen  
31 years of age and younger, for those subsidized or nonsubsidized  
32 enrollees who choose to secure basic coverage through the plan only for  
33 their dependent children. In designing and revising the schedule of  
34 services, the administrator shall consider the guidelines for assessing  
35 health services under the mandated benefits act of 1984, RCW 48.47.030,  
36 and such other factors as the administrator deems appropriate.

1           (2)(a) To design and implement a structure of periodic premiums due  
2 the administrator from subsidized enrollees that is based upon gross  
3 family income, giving appropriate consideration to family size and the  
4 ages of all family members. The enrollment of children shall not  
5 require the enrollment of their parent or parents who are eligible for  
6 the plan. The structure of periodic premiums shall be applied to  
7 subsidized enrollees entering the plan as individuals pursuant to  
8 subsection (11) of this section and to the share of the cost of the  
9 plan due from subsidized enrollees entering the plan as employees  
10 pursuant to subsection (12) of this section.

11           (b) To determine the periodic premiums due the administrator from  
12 subsidized enrollees under RCW 70.47.020(6)(b). Premiums due for  
13 foster parents with gross family income up to two hundred percent of  
14 the federal poverty level shall be set at the minimum premium amount  
15 charged to enrollees with income below sixty-five percent of the  
16 federal poverty level. Premiums due for foster parents with gross  
17 family income between two hundred percent and three hundred percent of  
18 the federal poverty level shall not exceed one hundred dollars per  
19 month.

20           (c) To determine the periodic premiums due the administrator from  
21 nonsubsidized enrollees. Premiums due from nonsubsidized enrollees  
22 shall be in an amount equal to the cost charged by the managed health  
23 care system provider to the state for the plan plus the administrative  
24 cost of providing the plan to those enrollees and the premium tax under  
25 RCW 48.14.0201.

26           ~~((e))~~ (d) To determine the periodic premiums due the  
27 administrator from health coverage tax credit eligible enrollees.  
28 Premiums due from health coverage tax credit eligible enrollees must be  
29 in an amount equal to the cost charged by the managed health care  
30 system provider to the state for the plan, plus the administrative cost  
31 of providing the plan to those enrollees and the premium tax under RCW  
32 48.14.0201. The administrator will consider the impact of eligibility  
33 determination by the appropriate federal agency designated by the Trade  
34 Act of 2002 (P.L. 107-210) as well as the premium collection and  
35 remittance activities by the United States internal revenue service  
36 when determining the administrative cost charged for health coverage  
37 tax credit eligible enrollees.

1        ~~((d))~~ (e) An employer or other financial sponsor may, with the  
2 prior approval of the administrator, pay the premium, rate, or any  
3 other amount on behalf of a subsidized or nonsubsidized enrollee, by  
4 arrangement with the enrollee and through a mechanism acceptable to the  
5 administrator. The administrator shall establish a mechanism for  
6 receiving premium payments from the United States internal revenue  
7 service for health coverage tax credit eligible enrollees.

8        ~~((e))~~ (f) To develop, as an offering by every health carrier  
9 providing coverage identical to the basic health plan, as configured on  
10 January 1, 2001, a basic health plan model plan with uniformity in  
11 enrollee cost-sharing requirements.

12        (3) To evaluate, with the cooperation of participating managed  
13 health care system providers, the impact on the basic health plan of  
14 enrolling health coverage tax credit eligible enrollees. The  
15 administrator shall issue to the appropriate committees of the  
16 legislature preliminary evaluations on June 1, 2005, and January 1,  
17 2006, and a final evaluation by June 1, 2006. The evaluation shall  
18 address the number of persons enrolled, the duration of their  
19 enrollment, their utilization of covered services relative to other  
20 basic health plan enrollees, and the extent to which their enrollment  
21 contributed to any change in the cost of the basic health plan.

22        (4) To end the participation of health coverage tax credit eligible  
23 enrollees in the basic health plan if the federal government reduces or  
24 terminates premium payments on their behalf through the United States  
25 internal revenue service.

26        (5) To design and implement a structure of enrollee cost-sharing  
27 due a managed health care system from subsidized, nonsubsidized, and  
28 health coverage tax credit eligible enrollees. The structure shall  
29 discourage inappropriate enrollee utilization of health care services,  
30 and may utilize copayments, deductibles, and other cost-sharing  
31 mechanisms, but shall not be so costly to enrollees as to constitute a  
32 barrier to appropriate utilization of necessary health care services.

33        (6) To limit enrollment of persons who qualify for subsidies so as  
34 to prevent an overexpenditure of appropriations for such purposes.  
35 Whenever the administrator finds that there is danger of such an  
36 overexpenditure, the administrator shall close enrollment until the  
37 administrator finds the danger no longer exists. Such a closure does  
38 not apply to health coverage tax credit eligible enrollees who receive

1 a premium subsidy from the United States internal revenue service as  
2 long as the enrollees qualify for the health coverage tax credit  
3 program.

4 (7) To limit the payment of subsidies to subsidized enrollees, as  
5 defined in RCW 70.47.020. The level of subsidy provided to persons who  
6 qualify may be based on the lowest cost plans, as defined by the  
7 administrator.

8 (8) To adopt a schedule for the orderly development of the delivery  
9 of services and availability of the plan to residents of the state,  
10 subject to the limitations contained in RCW 70.47.080 or any act  
11 appropriating funds for the plan.

12 (9) To solicit and accept applications from managed health care  
13 systems, as defined in this chapter, for inclusion as eligible basic  
14 health care providers under the plan for subsidized enrollees,  
15 nonsubsidized enrollees, or health coverage tax credit eligible  
16 enrollees. The administrator shall endeavor to assure that covered  
17 basic health care services are available to any enrollee of the plan  
18 from among a selection of two or more participating managed health care  
19 systems. In adopting any rules or procedures applicable to managed  
20 health care systems and in its dealings with such systems, the  
21 administrator shall consider and make suitable allowance for the need  
22 for health care services and the differences in local availability of  
23 health care resources, along with other resources, within and among the  
24 several areas of the state. Contracts with participating managed  
25 health care systems shall ensure that basic health plan enrollees who  
26 become eligible for medical assistance may, at their option, continue  
27 to receive services from their existing providers within the managed  
28 health care system if such providers have entered into provider  
29 agreements with the department of social and health services.

30 (10) To receive periodic premiums from or on behalf of subsidized,  
31 nonsubsidized, and health coverage tax credit eligible enrollees,  
32 deposit them in the basic health plan operating account, keep records  
33 of enrollee status, and authorize periodic payments to managed health  
34 care systems on the basis of the number of enrollees participating in  
35 the respective managed health care systems.

36 (11) To accept applications from individuals residing in areas  
37 served by the plan, on behalf of themselves and their spouses and  
38 dependent children, for enrollment in the Washington basic health plan

1 as subsidized, nonsubsidized, or health coverage tax credit eligible  
2 enrollees, to give priority to members of the Washington national guard  
3 and reserves who served in Operation Enduring Freedom, Operation Iraqi  
4 Freedom, or Operation Noble Eagle, and their spouses and dependents,  
5 for enrollment in the Washington basic health plan, to establish  
6 appropriate minimum-enrollment periods for enrollees as may be  
7 necessary, and to determine, upon application and on a reasonable  
8 schedule defined by the authority, or at the request of any enrollee,  
9 eligibility due to current gross family income for sliding scale  
10 premiums. Funds received by a family as part of participation in the  
11 adoption support program authorized under RCW 26.33.320 and 74.13.100  
12 through 74.13.145 shall not be counted toward a family's current gross  
13 family income for the purposes of this chapter. When an enrollee fails  
14 to report income or income changes accurately, the administrator shall  
15 have the authority either to bill the enrollee for the amounts overpaid  
16 by the state or to impose civil penalties of up to two hundred percent  
17 of the amount of subsidy overpaid due to the enrollee incorrectly  
18 reporting income. The administrator shall adopt rules to define the  
19 appropriate application of these sanctions and the processes to  
20 implement the sanctions provided in this subsection, within available  
21 resources. No subsidy may be paid with respect to any enrollee whose  
22 current gross family income exceeds twice the federal poverty level or,  
23 subject to RCW 70.47.110, who is a recipient of medical assistance or  
24 medical care services under chapter 74.09 RCW. If a number of  
25 enrollees drop their enrollment for no apparent good cause, the  
26 administrator may establish appropriate rules or requirements that are  
27 applicable to such individuals before they will be allowed to reenroll  
28 in the plan.

29 (12) To accept applications from business owners on behalf of  
30 themselves and their employees, spouses, and dependent children, as  
31 subsidized or nonsubsidized enrollees, who reside in an area served by  
32 the plan. The administrator may require all or the substantial  
33 majority of the eligible employees of such businesses to enroll in the  
34 plan and establish those procedures necessary to facilitate the orderly  
35 enrollment of groups in the plan and into a managed health care system.  
36 The administrator may require that a business owner pay at least an  
37 amount equal to what the employee pays after the state pays its portion  
38 of the subsidized premium cost of the plan on behalf of each employee

1 enrolled in the plan. Enrollment is limited to those not eligible for  
2 medicare who wish to enroll in the plan and choose to obtain the basic  
3 health care coverage and services from a managed care system  
4 participating in the plan. The administrator shall adjust the amount  
5 determined to be due on behalf of or from all such enrollees whenever  
6 the amount negotiated by the administrator with the participating  
7 managed health care system or systems is modified or the administrative  
8 cost of providing the plan to such enrollees changes.

9 (13) To determine the rate to be paid to each participating managed  
10 health care system in return for the provision of covered basic health  
11 care services to enrollees in the system. Although the schedule of  
12 covered basic health care services will be the same or actuarially  
13 equivalent for similar enrollees, the rates negotiated with  
14 participating managed health care systems may vary among the systems.  
15 In negotiating rates with participating systems, the administrator  
16 shall consider the characteristics of the populations served by the  
17 respective systems, economic circumstances of the local area, the need  
18 to conserve the resources of the basic health plan trust account, and  
19 other factors the administrator finds relevant.

20 (14) To monitor the provision of covered services to enrollees by  
21 participating managed health care systems in order to assure enrollee  
22 access to good quality basic health care, to require periodic data  
23 reports concerning the utilization of health care services rendered to  
24 enrollees in order to provide adequate information for evaluation, and  
25 to inspect the books and records of participating managed health care  
26 systems to assure compliance with the purposes of this chapter. In  
27 requiring reports from participating managed health care systems,  
28 including data on services rendered enrollees, the administrator shall  
29 endeavor to minimize costs, both to the managed health care systems and  
30 to the plan. The administrator shall coordinate any such reporting  
31 requirements with other state agencies, such as the insurance  
32 commissioner and the department of health, to minimize duplication of  
33 effort.

34 (15) To evaluate the effects this chapter has on private employer-  
35 based health care coverage and to take appropriate measures consistent  
36 with state and federal statutes that will discourage the reduction of  
37 such coverage in the state.

1 (16) To develop a program of proven preventive health measures and  
2 to integrate it into the plan wherever possible and consistent with  
3 this chapter.

4 (17) To provide, consistent with available funding, assistance for  
5 rural residents, underserved populations, and persons of color.

6 (18) In consultation with appropriate state and local government  
7 agencies, to establish criteria defining eligibility for persons  
8 confined or residing in government-operated institutions.

9 (19) To administer the premium discounts provided under RCW  
10 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington  
11 state health insurance pool.

12 **Sec. 37.** RCW 48.43.018 and 2004 c 244 s 3 are each amended to read  
13 as follows:

14 (1) Except as provided in (a) through (e) of this subsection, a  
15 health carrier may require any person applying for an individual health  
16 benefit plan and the health care authority shall require any person  
17 applying for nonsubsidized enrollment in the basic health plan to  
18 complete the standard health questionnaire designated under chapter  
19 48.41 RCW.

20 (a) If a person is seeking an individual health benefit plan or  
21 enrollment in the basic health plan as a nonsubsidized enrollee due to  
22 his or her change of residence from one geographic area in Washington  
23 state to another geographic area in Washington state where his or her  
24 current health plan is not offered, completion of the standard health  
25 questionnaire shall not be a condition of coverage if application for  
26 coverage is made within ninety days of relocation.

27 (b) If a person is seeking an individual health benefit plan or  
28 enrollment in the basic health plan as a nonsubsidized enrollee:

29 (i) Because a health care provider with whom he or she has an  
30 established care relationship and from whom he or she has received  
31 treatment within the past twelve months is no longer part of the  
32 carrier's provider network under his or her existing Washington  
33 individual health benefit plan; and

34 (ii) His or her health care provider is part of another carrier's  
35 or a basic health plan managed care system's provider network; and

36 (iii) Application for a health benefit plan under that carrier's  
37 provider network individual coverage or for basic health plan

1 nonsubsidized enrollment is made within ninety days of his or her  
2 provider leaving the previous carrier's provider network; then  
3 completion of the standard health questionnaire shall not be a  
4 condition of coverage.

5 (c) If a person is seeking an individual health benefit plan or  
6 enrollment in the basic health plan as a nonsubsidized enrollee due to  
7 his or her having exhausted continuation coverage provided under 29  
8 U.S.C. Sec. 1161 et seq., completion of the standard health  
9 questionnaire shall not be a condition of coverage if application for  
10 coverage is made within ninety days of exhaustion of continuation  
11 coverage. A health carrier or the health care authority as  
12 administrator of basic health plan nonsubsidized coverage shall accept  
13 an application without a standard health questionnaire from a person  
14 currently covered by such continuation coverage if application is made  
15 within ninety days prior to the date the continuation coverage would be  
16 exhausted and the effective date of the individual coverage applied for  
17 is the date the continuation coverage would be exhausted, or within  
18 ninety days thereafter.

19 (d) If a person is seeking an individual health benefit plan or  
20 enrollment in the basic health plan as a nonsubsidized enrollee due to  
21 his or her receiving notice that his or her coverage under a conversion  
22 contract is discontinued, completion of the standard health  
23 questionnaire shall not be a condition of coverage if application for  
24 coverage is made within ninety days of discontinuation of eligibility  
25 under the conversion contract. A health carrier or the health care  
26 authority as administrator of basic health plan nonsubsidized coverage  
27 shall accept an application without a standard health questionnaire  
28 from a person currently covered by such conversion contract if  
29 application is made within ninety days prior to the date eligibility  
30 under the conversion contract would be discontinued and the effective  
31 date of the individual coverage applied for is the date eligibility  
32 under the conversion contract would be discontinued, or within ninety  
33 days thereafter.

34 (e) If a person is seeking an individual health benefit plan (~~and,~~  
35 ~~but for the number of persons employed by his or her employer, would~~  
36 ~~have qualified for~~) or enrollment in the basic health plan as a  
37 nonsubsidized enrollee following disenrollment from a health plan that  
38 is exempt from continuation coverage provided under 29 U.S.C. Sec. 1161

1 et seq., completion of the standard health questionnaire shall not be  
2 a condition of coverage if: (i) (~~Application for coverage is made~~  
3 ~~within ninety days of a qualifying event as defined in 29 U.S.C. Sec.~~  
4 ~~1163; and (ii))~~) The person had at least twenty-four months of  
5 continuous group coverage including church plans immediately prior to  
6 (~~the qualifying event. A health carrier shall accept an application~~  
7 ~~without a standard health questionnaire from a person with at least~~  
8 ~~twenty four months of continuous group coverage if~~) disenrollment;  
9 (ii) application is made no more than ninety days prior to the date of  
10 (a qualifying event) disenrollment; and (iii) the effective date of  
11 the individual coverage applied for is the date of (the qualifying  
12 event) disenrollment, or within ninety days thereafter.

13 (f) If a person is seeking an individual health benefit plan,  
14 completion of the standard health questionnaire shall not be a  
15 condition of coverage if: (i) The person had at least twenty-four  
16 months of continuous basic health plan coverage under chapter 70.47 RCW  
17 immediately prior to disenrollment; and (ii) application for coverage  
18 is made within ninety days of disenrollment from the basic health plan.  
19 A health carrier shall accept an application without a standard health  
20 questionnaire from a person with at least twenty-four months of  
21 continuous basic health plan coverage if application is made no more  
22 than ninety days prior to the date of disenrollment and the effective  
23 date of the individual coverage applied for is the date of  
24 disenrollment, or within ninety days thereafter.

25 (2) If, based upon the results of the standard health  
26 questionnaire, the person qualifies for coverage under the Washington  
27 state health insurance pool, the following shall apply:

28 (a) The carrier may decide not to accept the person's application  
29 for enrollment in its individual health benefit plan and the health  
30 care authority, as administrator of basic health plan nonsubsidized  
31 coverage, shall not accept the person's application for enrollment as  
32 a nonsubsidized enrollee; and

33 (b) Within fifteen business days of receipt of a completed  
34 application, the carrier or the health care authority as administrator  
35 of basic health plan nonsubsidized coverage shall provide written  
36 notice of the decision not to accept the person's application for  
37 enrollment to both the person and the administrator of the Washington  
38 state health insurance pool. The notice to the person shall state that

1 the person is eligible for health insurance provided by the Washington  
2 state health insurance pool, and shall include information about the  
3 Washington state health insurance pool and an application for such  
4 coverage. If the carrier or the health care authority as administrator  
5 of basic health plan nonsubsidized coverage does not provide or  
6 postmark such notice within fifteen business days, the application is  
7 deemed approved.

8 (3) If the person applying for an individual health benefit plan:  
9 (a) Does not qualify for coverage under the Washington state health  
10 insurance pool based upon the results of the standard health  
11 questionnaire; (b) does qualify for coverage under the Washington state

19 shall identify any deficiencies in the inventory of existing data  
20 resources and the data necessary to conduct comprehensive health  
21 planning activities. The plan may recommend that the office be
