ADOPTED AND ENGROSSED 4/12/07

1 Strike everything after the enacting clause and insert the  
2 following:

3 "USE STATE PURCHASING TO IMPROVE HEALTH CARE QUALITY

4 NEW SECTION. **Sec. 1.** (1) The health care authority and the  
5 department of social and health services shall, by September 1, 2007,  
6 develop a five-year plan to change reimbursement within their health  
7 care programs to:

8 (a) Reward quality health outcomes rather than simply paying for  
9 the receipt of particular services or procedures;

10 (b) Pay for care that reflects patient preference and is of proven  
11 value;

12 (c) Require the use of evidence-based standards of care where  
13 available;

14 (d) Tie provider rate increases to measurable improvements in  
15 access to quality care;

16 (e) Direct enrollees to quality care systems;

17 (f) Better support primary care and provide a medical home to all  
18 enrollees through reimbursement policies that create incentives for  
19 providers to enter and remain in primary care practice and that address  
20 disparities in payment between specialty procedures and primary care  
21 services; and

22 (g) Pay for e-mail consultations, telemedicine, and telehealth  
23 where doing so reduces the overall cost of care.

24 (2) In developing any component of the plan that links payment to  
25 health care provider performance, the authority and the department  
26 shall work in collaboration with the department of health, health  
27 carriers, local public health jurisdictions, physicians and other  
28 health care providers, the Puget Sound health alliance, and other  
29 purchasers.

1 (3) The plan shall (a) identify any existing barriers and  
2 opportunities to support implementation, including needed changes to  
3 state or federal law; (b) identify the goals the plan is intended to  
4 achieve and how progress toward those goals will be measured; and (c)  
5 be submitted to the governor and the legislature upon completion. The  
6 agencies shall report to the legislature by September 1, 2007. Any  
7 component of the plan that links payment to health care provider  
8 performance must be submitted to the legislature for consideration  
9 prior to implementation by the department or the authority.

10 NEW SECTION. **Sec. 2.** A new section is added to chapter 41.05 RCW  
11 to read as follows:

12 (1) The legislature finds that there is growing evidence that, for  
13 preference-sensitive care involving elective surgery, patient-  
14 practitioner communication is improved through the use of high-quality  
15 decision aids that detail the benefits, harms, and uncertainty of  
16 available treatment options. Improved communication leads to more  
17 fully informed patient decisions. The legislature intends to increase  
18 the extent to which patients make genuinely informed, preference-based  
19 treatment decisions, by promoting public/private collaborative efforts  
20 to broaden the development, certification, use, and evaluation of  
21 effective decision aids and by recognition of shared decision making  
22 and patient decision aids in the state's laws on informed consent.

23 (2) The health care authority shall implement a shared  
24 decision-making demonstration project. The demonstration project shall  
25 be conducted at one or more multispecialty group practice sites  
26 providing state purchased health care in the state of Washington, and  
27 may include other practice sites providing state purchased health care.  
28 The demonstration project shall include the following elements:

29 (a) Incorporation into clinical practice of one or more decision  
30 aids for one or more identified preference-sensitive care areas  
31 combined with ongoing training and support of involved practitioners  
32 and practice teams, preferably at sites with necessary supportive  
33 health information technology;

34 (b) An evaluation of the impact of the use of shared decision  
35 making with decision aids, including the use of preference-sensitive  
36 health care services selected for the demonstration project and  
37 expenditures for those services, the impact on patients, including

1 patient understanding of the treatment options presented and  
2 concordance between patient values and the care received, and patient  
3 and practitioner satisfaction with the shared decision-making process;  
4 and

5 (c) As a condition of participating in the demonstration project,  
6 a participating practice site must bear the cost of selecting,  
7 purchasing, and incorporating the chosen decision aids into clinical  
8 practice.

9 (3) The health care authority may solicit and accept funding and  
10 in-kind contributions to support the demonstration and evaluation, and  
11 may scale the evaluation to fall within resulting resource parameters.

12 **Sec. 3.** RCW 7.70.060 and 1975-'76 2nd ex.s. c 56 s 11 are each  
13 amended to read as follows:

14 (1) If a patient while legally competent, or his or her  
15 representative if he or she is not competent, signs a consent form  
16 which sets forth the following, the signed consent form shall  
17 constitute prima facie evidence that the patient gave his or her  
18 informed consent to the treatment administered and the patient has the  
19 burden of rebutting this by a preponderance of the evidence:

20 ~~((1))~~ (a) A description, in language the patient could reasonably  
21 be expected to understand, of:

22 ~~((a))~~ (i) The nature and character of the proposed treatment;

23 ~~((b))~~ (ii) The anticipated results of the proposed treatment;

24 ~~((c))~~ (iii) The recognized possible alternative forms of  
25 treatment; and

26 ~~((d))~~ (iv) The recognized serious possible risks, complications,  
27 and anticipated benefits involved in the treatment and in the  
28 recognized possible alternative forms of treatment, including  
29 nontreatment;

30 ~~((2))~~ (b) Or as an alternative, a statement that the patient  
31 elects not to be informed of the elements set forth in (a) of this  
32 subsection ~~((1) of this section)~~.

33 (2) If a patient while legally competent, or his or her  
34 representative if he or she is not competent, signs an acknowledgement  
35 of shared decision making as described in this section, such  
36 acknowledgement shall constitute prima facie evidence that the patient

1 gave his or her informed consent to the treatment administered and the  
2 patient has the burden of rebutting this by clear and convincing  
3 evidence. An acknowledgement of shared decision making shall include:

4 (a) A statement that the patient, or his or her representative, and  
5 the health care provider have engaged in shared decision making as an  
6 alternative means of meeting the informed consent requirements set  
7 forth by laws, accreditation standards, and other mandates;

8 (b) A brief description of the services that the patient and  
9 provider jointly have agreed will be furnished;

10 (c) A brief description of the patient decision aid or aids that  
11 have been used by the patient and provider to address the needs for (i)  
12 high-quality, up-to-date information about the condition, including  
13 risk and benefits of available options and, if appropriate, a  
14 discussion of the limits of scientific knowledge about outcomes; (ii)  
15 values clarification to help patients sort out their values and  
16 preferences; and (iii) guidance or coaching in deliberation, designed  
17 to improve the patient's involvement in the decision process;

18 (d) A statement that the patient or his or her representative  
19 understands: The risk or seriousness of the disease or condition to be  
20 prevented or treated; the available treatment alternatives, including  
21 nontreatment; and the risks, benefits, and uncertainties of the  
22 treatment alternatives, including nontreatment; and

23 (e) A statement certifying that the patient or his or her  
24 representative has had the opportunity to ask the provider questions,  
25 and to have any questions answered to the patient's satisfaction, and  
26 indicating the patient's intent to receive the identified services.

27 (3) As used in this section, "shared decision making" means a  
28 process in which the physician or other health care practitioner  
29 discusses with the patient or his or her representative the information  
30 specified in subsection (2) of this section with the use of a patient  
31 decision aid and the patient shares with the provider such relevant  
32 personal information as might make one treatment or side effect more or  
33 less tolerable than others.

34 (4) As used in this section, "patient decision aid" means a  
35 written, audio-visual, or online tool that provides a balanced  
36 presentation of the condition and treatment options, benefits, and  
37 harms, including, if appropriate, a discussion of the limits of

1 scientific knowledge about outcomes, and that is certified by one or  
2 more national certifying organizations.

3 (5) Failure to use a form or to engage in shared decision making,  
4 with or without the use of a patient decision aid, shall not be  
5 admissible as evidence of failure to obtain informed consent. There  
6 shall be no liability, civil or otherwise, resulting from a health care  
7 provider choosing either the signed consent form set forth in  
8 subsection (1)(a) of this section or the signed acknowledgement of  
9 shared decision making as set forth in subsection (2) of this section.

27 **SUSTAINABILITY AND ACCESS TO PUBLIC PROGRAMS**

28 NEW SECTION. **Sec. 23.** (1) The department of social and health  
29 services shall develop a series of options that require federal waivers  
30 and state plan amendments to expand coverage and leverage federal and  
31 state resources for the state's basic health program, for the medical  
32 assistance program, as codified at Title XIX of the federal social

1 security act, and the state's children's health insurance program, as  
2 codified at Title XXI of the federal social security act. The  
3 department shall propose options including but not limited to:

4 (a) Offering alternative benefit designs to promote high quality  
5 care, improve health outcomes, and encourage cost-effective treatment  
6 options and redirect savings to finance additional coverage;

7 (b) Creation of a health opportunity account demonstration program  
8 for individuals eligible for transitional medical benefits. When a  
9 participant in the health opportunity account demonstration program  
10 satisfies his or her deductible, the benefits provided shall be those  
11 included in the medicaid benefit package in effect during the period of  
12 the demonstration program; and

13 (c) Promoting private health insurance plans and premium subsidies  
14 to purchase employer-sponsored insurance wherever possible, including  
15 federal approval to expand the department's employer-sponsored  
16 insurance premium assistance program to enrollees covered through the  
17 state's children's health insurance program.

18 (2) Prior to submitting requests for federal waivers or state plan  
19 amendments, the department shall consult with and seek input from  
20 stakeholders and other interested parties.

21 (3) The department of social and health services, in collaboration  
22 with the Washington state health care authority, shall ensure that  
23 enrollees are not simultaneously enrolled in the state's basic health  
24 program and the medical assistance program or the state's children's  
25 health insurance program to ensure coverage for the maximum number of  
26 people within available funds.

27 NEW SECTION. **Sec. 24.** A new section is added to chapter 48.43 RCW  
28 to read as follows:

29 When the department of social and health services determines that  
30 it is cost-effective to enroll a person eligible for medical assistance  
31 under chapter 74.09 RCW in an employer-sponsored health plan, a carrier  
32 shall permit the enrollment of the person in the health plan for which  
33 he or she is otherwise eligible without regard to any open enrollment  
34 period restrictions.

35 **REINSURANCE**

1        NEW SECTION.    **Sec. 25.**    (1) The office of financial management, in  
2 collaboration with the office of the insurance commissioner, shall  
3 evaluate options and design a state-supported reinsurance program to  
4 address the impact of high cost enrollees in the individual and small  
5 group health insurance markets, and submit an interim report to the  
6 governor and the legislature by December 1, 2007, and a final report,  
7 including implementing legislation and supporting information,  
8 including financing options, by September 1, 2008. In designing the  
9 program, the office of financial management shall:

10        (a) Estimate the quantitative impact on premium savings, premium  
11 stability over time and across groups of enrollees, individual and  
12 employer take-up, number of uninsured, and government costs associated  
13 with a government-funded stop-loss insurance program, including  
14 distinguishing between one-time premium savings and savings in  
15 subsequent years. In evaluating the various reinsurance models,  
16 evaluate and consider (i) the reduction in total health care costs to  
17 the state and private sector, and (ii) the reduction in individual  
18 premiums paid by employers, employees, and individuals;

19        (b) Identify all relevant design issues and alternative options for  
20 each issue. At a minimum, the evaluation shall examine (i) a  
21 reinsurance corridor of ten thousand dollars to ninety thousand  
22 dollars, and a reimbursement of ninety percent; (ii) the impacts of  
23 providing reinsurance for all small group products or a subset of  
24 products; and (iii) the applicability of a chronic care program such as  
25 the approach used by the department of labor and industries with the  
26 centers of occupational health and education. Where quantitative  
27 impacts cannot be estimated, the office of financial management shall  
28 assess qualitative impacts of design issues and their options,  
29 including potential disincentives for reducing premiums, achieving  
30 premium stability, sustaining/increasing take-up, decreasing the number  
31 of uninsured, and managing government's stop-loss insurance costs;

32        (c) Identify market and regulatory changes needed to maximize the  
33 chance of the program achieving its policy goals, including how the  
34 program will relate to other coverage programs and markets. Design  
35 efforts shall coordinate with other design efforts targeting small  
36 group programs that may be directed by the legislature, as well as  
37 other approaches examining alternatives to managing risk;

1 (d) Address conditions under which overall expenditures could  
2 increase as a result of a government-funded stop-loss program and  
3 options to mitigate those conditions, such as passive versus aggressive  
4 use of disease and care management programs by insurers;

5 (e) Determine whether the Washington state health insurance pool  
6 should be retained, and if so, develop options for additional sources  
7 of funding;

8 (f) Evaluate, and quantify where possible, the behavioral responses  
9 of insurers to the program including impacts on insurer premiums and  
10 practices for settling legal disputes around large claims; and

11 (g) Provide alternatives for transitioning from the status quo and,  
12 where applicable, alternatives for phasing in some design elements,  
13 such as threshold or corridor levels, to balance government costs and  
14 premium savings.

15 (2) Within funds specifically appropriated for this purpose, the  
16 office of financial management may contract with actuaries and other  
17 experts as necessary to meet the requirements of this section.

#### 18 **THE WASHINGTON STATE HEALTH INSURANCE POOL AND THE BASIC HEALTH PLAN**

19 **Sec. 26.** RCW 48.41.110 and 2001 c 196 s 4 are each amended to read  
20 as follows:

21 (1) The pool shall offer one or more care management plans of  
22 coverage. Such plans may, but are not required to, include point of  
23 service features that permit participants to receive in-network  
24 benefits or out-of-network benefits subject to differential cost  
25 shares. (~~Covered persons enrolled in the pool on January 1, 2001, may~~  
26 ~~continue coverage under the pool plan in which they are enrolled on~~  
27 ~~that date. However,~~) The pool may incorporate managed care features  
28 into ((such)) existing plans.

29 (2) The administrator shall prepare a brochure outlining the  
30 benefits and exclusions of ((the)) pool ((policy)) policies in plain  
31 language. After approval by the board, such brochure shall be made  
32 reasonably available to participants or potential participants.

33 (3) The health insurance ((policy)) policies issued by the pool  
34 shall pay only reasonable amounts for medically necessary eligible  
35 health care services rendered or furnished for the diagnosis or  
36 treatment of covered illnesses, injuries, and conditions ((which are

1 ~~not otherwise limited or excluded~~). Eligible expenses are the  
2 reasonable amounts for the health care services and items for which  
3 benefits are extended under ~~((the))~~ a pool policy. ~~((Such benefits  
4 shall at minimum include, but not be limited to, the following services  
5 or related items:))~~

6 (4) The pool shall offer at least two policies, one of which will  
7 be a comprehensive policy that must comply with RCW 48.41.120 and must  
8 at a minimum include the following services or related items:

9 (a) Hospital services, including charges for the most common  
10 semiprivate room, for the most common private room if semiprivate rooms  
11 do not exist in the health care facility, or for the private room if  
12 medically necessary, ~~((but limited to))~~ including no less than a total  
13 of one hundred eighty inpatient days in a calendar year, and ~~((limited  
14 to))~~ no less than thirty days inpatient care for mental and nervous  
15 conditions, or alcohol, drug, or chemical dependency or abuse per  
16 calendar year;

17 (b) Professional services including surgery for the treatment of  
18 injuries, illnesses, or conditions, other than dental, which are  
19 rendered by a health care provider, or at the direction of a health  
20 care provider, by a staff of registered or licensed practical nurses,  
21 or other health care providers;

22 (c) ~~((The first))~~ No less than twenty outpatient professional  
23 visits for the diagnosis or treatment of one or more mental or nervous  
24 conditions or alcohol, drug, or chemical dependency or abuse rendered  
25 during a calendar year by one or more physicians, psychologists, or  
26 community mental health professionals, or, at the direction of a  
27 physician, by other qualified licensed health care practitioners, in  
28 the case of mental or nervous conditions, and rendered by a state  
29 certified chemical dependency program approved under chapter 70.96A  
30 RCW, in the case of alcohol, drug, or chemical dependency or abuse;

31 (d) Drugs and contraceptive devices requiring a prescription;

32 (e) Services of a skilled nursing facility, excluding custodial and  
33 convalescent care, for not ~~((more))~~ less than one hundred days in a  
34 calendar year as prescribed by a physician;

35 (f) Services of a home health agency;

36 (g) Chemotherapy, radioisotope, radiation, and nuclear medicine  
37 therapy;

38 (h) Oxygen;

- 1 (i) Anesthesia services;
- 2 (j) Prostheses, other than dental;
- 3 (k) Durable medical equipment which has no personal use in the  
4 absence of the condition for which prescribed;
- 5 (l) Diagnostic x-rays and laboratory tests;
- 6 (m) Oral surgery (~~((limited to))~~) including at least the following:  
7 Fractures of facial bones; excisions of mandibular joints, lesions of  
8 the mouth, lip, or tongue, tumors, or cysts excluding treatment for  
9 temporomandibular joints; incision of accessory sinuses, mouth salivary  
10 glands or ducts; dislocations of the jaw; plastic reconstruction or  
11 repair of traumatic injuries occurring while covered under the pool;  
12 and excision of impacted wisdom teeth;
- 13 (n) Maternity care services;
- 14 (o) Services of a physical therapist and services of a speech  
15 therapist;
- 16 (p) Hospice services;
- 17 (q) Professional ambulance service to the nearest health care  
18 facility qualified to treat the illness or injury; and
- 19 (r) Other medical equipment, services, or supplies required by  
20 physician's orders and medically necessary and consistent with the  
21 diagnosis, treatment, and condition.
- 22 ~~((+4))~~ (5) The board shall design and employ cost containment  
23 measures and requirements such as, but not limited to, care  
24 coordination, provider network limitations, preadmission certification,  
25 and concurrent inpatient review which may make the pool more cost-  
26 effective.
- 27 ~~((+5))~~ (6) The pool benefit policy may contain benefit  
28 limitations, exceptions, and cost shares such as copayments,  
29 coinsurance, and deductibles that are consistent with managed care  
30 products, except that differential cost shares may be adopted by the  
31 board for nonnetwork providers under point of service plans. ~~((The  
32 pool benefit policy cost shares and limitations must be consistent with  
33 those that are generally included in health plans approved by the  
34 insurance commissioner; however,))~~ No limitation, exception, or  
35 reduction may be used that would exclude coverage for any disease,  
36 illness, or injury.
- 37 ~~((+6))~~ (7) The pool may not reject an individual for health plan  
38 coverage based upon preexisting conditions of the individual or deny,

1 exclude, or otherwise limit coverage for an individual's preexisting  
2 health conditions; except that it shall impose a six-month benefit  
3 waiting period for preexisting conditions for which medical advice was  
4 given, for which a health care provider recommended or provided  
5 treatment, or for which a prudent layperson would have sought advice or  
6 treatment, within six months before the effective date of coverage.  
7 The preexisting condition waiting period shall not apply to prenatal  
8 care services. The pool may not avoid the requirements of this section  
9 through the creation of a new rate classification or the modification  
10 of an existing rate classification. Credit against the waiting period  
11 shall be as provided in subsection (~~(7)~~) (8) of this section.

12 (~~(7)~~) (8)(a) Except as provided in (b) of this subsection, the  
13 pool shall credit any preexisting condition waiting period in its plans  
14 for a person who was enrolled at any time during the sixty-three day  
15 period immediately preceding the date of application for the new pool  
16 plan. For the person previously enrolled in a group health benefit  
17 plan, the pool must credit the aggregate of all periods of preceding  
18 coverage not separated by more than sixty-three days toward the waiting  
19 period of the new health plan. For the person previously enrolled in  
20 an individual health benefit plan other than a catastrophic health  
21 plan, the pool must credit the period of coverage the person was  
22 continuously covered under the immediately preceding health plan toward  
23 the waiting period of the new health plan. For the purposes of this  
24 subsection, a preceding health plan includes an employer-provided self-  
25 funded health plan.

26 (b) The pool shall waive any preexisting condition waiting period  
27 for a person who is an eligible individual as defined in section  
28 2741(b) of the federal health insurance portability and accountability  
29 act of 1996 (42 U.S.C. 300gg-41(b)).

30 (~~(8)~~) (9) If an application is made for the pool policy as a  
31 result of rejection by a carrier, then the date of application to the  
32 carrier, rather than to the pool, should govern for purposes of  
33 determining preexisting condition credit.

34 (10) The pool shall contract with organizations that provide care  
35 management that has been demonstrated to be effective and shall  
36 encourage enrollees who are eligible for care management services to  
37 participate.

1       **Sec. 27.** RCW 48.41.160 and 1987 c 431 s 16 are each amended to  
2 read as follows:

3       (1) ~~((A pool policy offered under this chapter shall contain~~  
4 ~~provisions under which the pool is obligated to renew the policy until~~  
5 ~~the day on which the individual in whose name the policy is issued~~  
6 ~~first becomes eligible for medicare coverage. At that time, coverage~~  
7 ~~of dependents shall terminate if such dependents are eligible for~~  
8 ~~coverage under a different health plan. Dependents who become eligible~~  
9 ~~for medicare prior to the individual in whose name the policy is~~  
10 ~~issued, shall receive benefits in accordance with RCW 48.41.150)) On or~~  
11 ~~before December 31, 2007, the pool shall cancel all existing pool~~  
12 ~~policies and replace them with policies that are identical to the~~  
13 ~~existing policies except for the inclusion of a provision providing for~~  
14 ~~a guarantee of the continuity of coverage consistent with this section.~~  
15 ~~As a means to minimize the number of policy changes for enrollees,~~  
16 ~~replacement policies provided under this subsection also may include~~  
17 ~~the plan modifications authorized in RCW 48.41.100, 48.41.110, and~~  
18 ~~48.41.120.~~

19       (2) A pool policy shall contain a guarantee of the individual's  
20 right to continued coverage, subject to the provisions of subsections  
21 (4) and (5) of this section.

22       (3) The guarantee of continuity of coverage required by this  
23 section shall not prevent the pool from canceling or nonrenewing a  
24 policy for:

25       (a) Nonpayment of premium;

26       (b) Violation of published policies of the pool;

27       (c) Failure of a covered person who becomes eligible for medicare  
28 benefits by reason of age to apply for a pool medical supplement plan,  
29 or a medicare supplement plan or other similar plan offered by a  
30 carrier pursuant to federal laws and regulations;

31       (d) Failure of a covered person to pay any deductible or copayment  
32 amount owed to the pool and not the provider of health care services;

33       (e) Covered persons committing fraudulent acts as to the pool;

34       (f) Covered persons materially breaching the pool policy; or

35       (g) Changes adopted to federal or state laws when such changes no  
36 longer permit the continued offering of such coverage.

37       (4)(a) The guarantee of continuity of coverage provided by this  
38 section requires that if the pool replaces a plan, it must make the

1 replacement plan available to all individuals in the plan being  
2 replaced. The replacement plan must include all of the services  
3 covered under the replaced plan, and must not significantly limit  
4 access to the kind of services covered under the replacement plan  
5 through unreasonable cost-sharing requirements or otherwise. The pool  
6 may also allow individuals who are covered by a plan that is being  
7 replaced an unrestricted right to transfer to a fully comparable plan.

8 (b) The guarantee of continuity of coverage provided by this  
9 section requires that if the pool discontinues offering a plan: (i)  
10 The pool must provide notice to each individual of the discontinuation  
11 at least ninety days prior to the date of the discontinuation; (ii) the  
12 pool must offer to each individual provided coverage under the  
13 discontinued plan the option to enroll in any other plan currently  
14 offered by the pool for which the individual is otherwise eligible; and  
15 (iii) in exercising the option to discontinue a plan and in offering  
16 the option of coverage under (b)(ii) of this subsection, the pool must  
17 act uniformly without regard to any health status-related factor of  
18 enrolled individuals or individuals who may become eligible for this  
19 coverage.

20 (c) The pool cannot replace a plan under this subsection until it  
21 has completed an evaluation of the impact of replacing the plan upon:

- 22 (i) The cost and quality of care to pool enrollees;  
23 (ii) Pool financing and enrollment;  
24 (iii) The board's ability to offer comprehensive and other plans to  
25 its enrollees;  
26 (iv) Other items identified by the board.

27 In its evaluation, the board must request input from the  
28 constituents represented by the board members.

29 (d) The guarantee of continuity of coverage provided by this  
30 section does not apply if the pool has zero enrollment in a plan.

31 (5) The pool may not change the rates for pool policies except on  
32 a class basis, with a clear disclosure in the policy of the pool's  
33 right to do so.

34 ((+3)) (6) A pool policy offered under this chapter shall provide  
35 that, upon the death of the individual in whose name the policy is  
36 issued, every other individual then covered under the policy may elect,  
37 within a period specified in the policy, to continue coverage under the  
38 same or a different policy.

1       **Sec. 28.** RCW 48.41.200 and 2000 c 79 s 17 are each amended to read  
2 as follows:

3       (1) The pool shall determine the standard risk rate by calculating  
4 the average individual standard rate charged for coverage comparable to  
5 pool coverage by the five largest members, measured in terms of  
6 individual market enrollment, offering such coverages in the state. In  
7 the event five members do not offer comparable coverage, the standard  
8 risk rate shall be established using reasonable actuarial techniques  
9 and shall reflect anticipated experience and expenses for such coverage  
10 in the individual market.

11       (2) Subject to subsection (3) of this section, maximum rates for  
12 pool coverage shall be as follows:

13       (a) Maximum rates for a pool indemnity health plan shall be one  
14 hundred fifty percent of the rate calculated under subsection (1) of  
15 this section;

16       (b) Maximum rates for a pool care management plan shall be one  
17 hundred twenty-five percent of the rate calculated under subsection (1)  
18 of this section; and

19       (c) Maximum rates for a person eligible for pool coverage pursuant  
20 to RCW 48.41.100(1)(a) who was enrolled at any time during the sixty-  
21 three day period immediately prior to the date of application for pool  
22 coverage in a group health benefit plan or an individual health benefit  
23 plan other than a catastrophic health plan as defined in RCW 48.43.005,  
24 where such coverage was continuous for at least eighteen months, shall  
25 be:

26       (i) For a pool indemnity health plan, one hundred twenty-five  
27 percent of the rate calculated under subsection (1) of this section;  
28 and

29       (ii) For a pool care management plan, one hundred ten percent of  
30 the rate calculated under subsection (1) of this section.

31       (3)(a) Subject to (b) and (c) of this subsection:

32       (i) The rate for any person (~~aged fifty to sixty four~~) whose  
33 current gross family income is less than two hundred fifty-one percent  
34 of the federal poverty level shall be reduced by thirty percent from  
35 what it would otherwise be;

36       (ii) The rate for any person (~~aged fifty to sixty four~~) whose  
37 current gross family income is more than two hundred fifty but less

1 than three hundred one percent of the federal poverty level shall be  
2 reduced by fifteen percent from what it would otherwise be;

3 (iii) The rate for any person who has been enrolled in the pool for  
4 more than thirty-six months shall be reduced by five percent from what  
5 it would otherwise be.

6 (b) In no event shall the rate for any person be less than one  
7 hundred ten percent of the rate calculated under subsection (1) of this  
8 section.

9 (c) Rate reductions under (a)(i) and (ii) of this subsection shall  
10 be available only to the extent that funds are specifically  
11 appropriated for this purpose in the omnibus appropriations act.

12 **Sec. 29.** RCW 48.41.037 and 2000 c 79 s 36 are each amended to read  
13 as follows:

14 The Washington state health insurance pool account is created in  
15 the custody of the state treasurer. All receipts from moneys  
16 specifically appropriated to the account must be deposited in the  
17 account. Expenditures from this account shall be used to cover  
18 deficits incurred by the Washington state health insurance pool under  
19 this chapter in excess of the threshold established in this section.  
20 To the extent funds are available in the account, funds shall be  
21 expended from the account to offset that portion of the deficit that  
22 would otherwise have to be recovered by imposing an assessment on  
23 members in excess of a threshold of seventy cents per insured person  
24 per month. The commissioner shall authorize expenditures from the  
25 account, to the extent that funds are available in the account, upon  
26 certification by the pool board that assessments will exceed the  
27 threshold level established in this section. The account is subject to  
28 the allotment procedures under chapter 43.88 RCW, but an appropriation  
29 is not required for expenditures.

30 Whether the assessment has reached the threshold of seventy cents  
31 per insured person per month shall be determined by dividing the total  
32 aggregate amount of assessment by the proportion of total assessed  
33 members. Thus, stop loss members shall be counted as one-tenth of a  
34 whole member in the denominator given that is the amount they are  
35 assessed proportionately relative to a fully insured medical member.

1       **Sec. 30.** RCW 48.41.100 and 2001 c 196 s 3 are each amended to read  
2 as follows:

3       (1) The following persons who are residents of this state are  
4 eligible for pool coverage:

5       (a) Any person who provides evidence of a carrier's decision not to  
6 accept him or her for enrollment in an individual health benefit plan  
7 as defined in RCW 48.43.005 based upon, and within ninety days of the  
8 receipt of, the results of the standard health questionnaire designated  
9 by the board and administered by health carriers under RCW 48.43.018;

10       (b) Any person who continues to be eligible for pool coverage based  
11 upon the results of the standard health questionnaire designated by the  
12 board and administered by the pool administrator pursuant to subsection  
13 (3) of this section;

14       (c) Any person who resides in a county of the state where no  
15 carrier or insurer eligible under chapter 48.15 RCW offers to the  
16 public an individual health benefit plan other than a catastrophic  
17 health plan as defined in RCW 48.43.005 at the time of application to  
18 the pool, and who makes direct application to the pool; and

19       (d) Any medicare eligible person upon providing evidence of  
20 rejection for medical reasons, a requirement of restrictive riders, an  
21 up-rated premium, or a preexisting conditions limitation on a medicare  
22 supplemental insurance policy under chapter 48.66 RCW, the effect of  
23 which is to substantially reduce coverage from that received by a  
24 person considered a standard risk by at least one member within six  
25 months of the date of application.

26       (2) The following persons are not eligible for coverage by the  
27 pool:

28       (a) Any person having terminated coverage in the pool unless (i)  
29 twelve months have lapsed since termination, or (ii) that person can  
30 show continuous other coverage which has been involuntarily terminated  
31 for any reason other than nonpayment of premiums. However, these  
32 exclusions do not apply to eligible individuals as defined in section  
33 2741(b) of the federal health insurance portability and accountability  
34 act of 1996 (42 U.S.C. Sec. 300gg-41(b));

35       (b) Any person on whose behalf the pool has paid out (~~one~~) two  
36 million dollars in benefits;

37       (c) Inmates of public institutions and persons whose benefits are  
38 duplicated under public programs. However, these exclusions do not

1 apply to eligible individuals as defined in section 2741(b) of the  
2 federal health insurance portability and accountability act of 1996 (42  
3 U.S.C. Sec. 300gg-41(b));

4 (d) Any person who resides in a county of the state where any  
5 carrier or insurer regulated under chapter 48.15 RCW offers to the  
6 public an individual health benefit plan other than a catastrophic  
7 health plan as defined in RCW 48.43.005 at the time of application to  
8 the pool and who does not qualify for pool coverage based upon the  
9 results of the standard health questionnaire, or pursuant to subsection  
10 (1)(d) of this section.

11 (3) When a carrier or insurer regulated under chapter 48.15 RCW  
12 begins to offer an individual health benefit plan in a county where no  
13 carrier had been offering an individual health benefit plan:

14 (a) If the health benefit plan offered is other than a catastrophic  
15 health plan as defined in RCW 48.43.005, any person enrolled in a pool  
16 plan pursuant to subsection (1)(c) of this section in that county shall

33 enrollee—also means)) an individual, or an individual's spouse or  
34 dependent children, who meets the requirements in (a)(i) through  
35 ~~((d))~~ (iv) and ~~((f))~~ (vi) of this subsection and whose gross family  
36 income at the time of enrollment is more than two hundred percent, but  
37 less than two hundred fifty-one percent, of the federal poverty level

1 as adjusted for family size and determined annually by the federal  
2 department of health and human services.

3 (7) "Nonsubsidized enrollee" means an individual, or an individual  
4 plus the individual's spouse or dependent children: (a) Who is not  
5 eligible for medicare; (b) who is not confined or residing in a  
6 government-operated institution, unless he or she meets eligibility  
7 criteria adopted by the administrator; (c) who is accepted for  
8 enrollment by the administrator as provided in RCW 48.43.018, either  
9 because the potential enrollee cannot be required to complete the  
10 standard health questionnaire under RCW 48.43.018, or, based upon the  
11 results of the standard health questionnaire, the potential enrollee  
12 would not qualify for coverage under the Washington state health  
13 insurance pool; (d) who resides in an area of the state served by a  
14 managed health care system participating in the plan; ~~((+d))~~ (e) who  
15 chooses to obtain basic health care coverage from a particular managed  
16 health care system; and ~~((+e))~~ (f) who pays or on whose behalf is paid  
17 the full costs for participation in the plan, without any subsidy from  
18 the plan.

19 (8) "Subsidy" means the difference between the amount of periodic  
20 payment the administrator makes to a managed health care system on  
21 behalf of a subsidized enrollee plus the administrative cost to the  
22 plan of providing the plan to that subsidized enrollee, and the amount  
23 determined to be the subsidized enrollee's responsibility under RCW  
24 70.47.060(2).

25 (9) "Premium" means a periodic payment, ~~((based upon gross family~~  
26 ~~income))~~ which an individual, their employer or another financial  
27 sponsor makes to the plan as consideration for enrollment in the plan  
28 as a subsidized enrollee, a nonsubsidized enrollee, or a health  
29 coverage tax credit eligible enrollee.

30 (10) "Rate" means the amount, negotiated by the administrator with  
31 and paid to a participating managed health care system, that is based  
32 upon the enrollment of subsidized, nonsubsidized, and health coverage  
33 tax credit eligible enrollees in the plan and in that system.

34 **Sec. 36.** RCW 70.47.060 and 2006 c 343 s 9 are each amended to read  
35 as follows:

36 The administrator has the following powers and duties:

1 (1) To design and from time to time revise a schedule of covered  
2 basic health care services, including physician services, inpatient and  
3 outpatient hospital services, prescription drugs and medications, and  
4 other services that may be necessary for basic health care. In  
5 addition, the administrator may, to the extent that funds are  
6 available, offer as basic health plan services chemical dependency  
7 services, mental health services and organ transplant services;  
8 however, no one service or any combination of these three services  
9 shall increase the actuarial value of the basic health plan benefits by  
10 more than five percent excluding inflation, as determined by the office  
11 of financial management. All subsidized and nonsubsidized enrollees in  
12 any participating managed health care system under the Washington basic  
13 health plan shall be entitled to receive covered basic health care  
14 services in return for premium payments to the plan. The schedule of  
15 services shall emphasize proven preventive and primary health care and  
16 shall include all services necessary for prenatal, postnatal, and well-  
17 child care. However, with respect to coverage for subsidized enrollees  
18 who are eligible to receive prenatal and postnatal services through the  
19 medical assistance program under chapter 74.09 RCW, the administrator  
20 shall not contract for such services except to the extent that such  
21 services are necessary over not more than a one-month period in order  
22 to maintain continuity of care after diagnosis of pregnancy by the  
23 managed care provider. The schedule of services shall also include a  
24 separate schedule of basic health care services for children, eighteen  
25 years of age and younger, for those subsidized or nonsubsidized  
26 enrollees who choose to secure basic coverage through the plan only for  
27 their dependent children. In designing and revising the schedule of  
28 services, the administrator shall consider the guidelines for assessing  
29 health services under the mandated benefits act of 1984, RCW 48.47.030,  
30 and such other factors as the administrator deems appropriate.

31 (2)(a) To design and implement a structure of periodic premiums due  
32 the administrator from subsidized enrollees that is based upon gross  
33 family income, giving appropriate consideration to family size and the  
34 ages of all family members. The enrollment of children shall not  
35 require the enrollment of their parent or parents who are eligible for  
36 the plan. The structure of periodic premiums shall be applied to  
37 subsidized enrollees entering the plan as individuals pursuant to

1 subsection (11) of this section and to the share of the cost of the  
2 plan due from subsidized enrollees entering the plan as employees  
3 pursuant to subsection (12) of this section.

4 (b) To determine the periodic premiums due the administrator from  
5 subsidized enrollees under RCW 70.47.020(6)(b). Premiums due for  
6 foster parents with gross family income up to two hundred percent of  
7 the federal poverty level shall be set at the minimum premium amount  
8 charged to enrollees with income below sixty-five percent of the  
9 federal poverty level. Premiums due for foster parents with gross  
10 family income between two hundred percent and three hundred percent of  
11 the federal poverty level shall not exceed one hundred dollars per  
12 month.

13 (c) To determine the periodic premiums due the administrator from  
14 nonsubsidized enrollees. Premiums due from nonsubsidized enrollees  
15 shall be in an amount equal to the cost charged by the managed health  
16 care system provider to the state for the plan plus the administrative  
17 cost of providing the plan to those enrollees and the premium tax under  
18 RCW 48.14.0201.

19 ~~((+e))~~ (d) To determine the periodic premiums due the  
20 administrator from health coverage tax credit eligible enrollees.  
21 Premiums due from health coverage tax credit eligible enrollees must be  
22 in an amount equal to the cost charged by the managed health care  
23 system provider to the state for the plan, plus the administrative cost  
24 of providing the plan to those enrollees and the premium tax under RCW  
25 48.14.0201. The administrator will consider the impact of eligibility  
26 determination by the appropriate federal agency designated by the Trade  
27 Act of 2002 (P.L. 107-210) as well as the premium collection and  
28 remittance activities by the United States internal revenue service  
29 when determining the administrative cost charged for health coverage  
30 tax credit eligible enrollees.

31 ~~((+d))~~ (e) An employer or other financial sponsor may, with the  
32 prior approval of the administrator, pay the premium, rate, or any  
33 other amount on behalf of a subsidized or nonsubsidized enrollee, by  
34 arrangement with the enrollee and through a mechanism acceptable to the  
35 administrator. The administrator shall establish a mechanism for  
36 receiving premium payments from the United States internal revenue  
37 service for health coverage tax credit eligible enrollees.

1       (~~(e)~~) (f) To develop, as an offering by every health carrier  
2 providing coverage identical to the basic health plan, as configured on  
3 January 1, 2001, a basic health plan model plan with uniformity in  
4 enrollee cost-sharing requirements.

5       (3) To evaluate, with the cooperation of participating managed  
6 health care system providers, the impact on the basic health plan of  
7 enrolling health coverage tax credit eligible enrollees. The  
8 administrator shall issue to the appropriate committees of the  
9 legislature preliminary evaluations on June 1, 2005, and January 1,  
10 2006, and a final evaluation by June 1, 2006. The evaluation shall  
11 address the number of persons enrolled, the duration of their  
12 enrollment, their utilization of covered services relative to other  
13 basic health plan enrollees, and the extent to which their enrollment  
14 contributed to any change in the cost of the basic health plan.

15       (4) To end the participation of health coverage tax credit eligible  
16 enrollees in the basic health plan if the federal government reduces or  
17 terminates premium payments on their behalf through the United States  
18 internal revenue service.

19       (5) To design and implement a structure of enrollee cost-sharing  
20 due a managed health care system from subsidized, nonsubsidized, and  
21 health coverage tax credit eligible enrollees. The structure shall  
22 discourage inappropriate enrollee utilization of health care services,  
23 and may utilize copayments, deductibles, and other cost-sharing  
24 mechanisms, but shall not be so costly to enrollees as to constitute a  
25 barrier to appropriate utilization of necessary health care services.

26       (6) To limit enrollment of persons who qualify for subsidies so as  
27 to prevent an overexpenditure of appropriations for such purposes.  
28 Whenever the administrator finds that there is danger of such an  
29 overexpenditure, the administrator shall close enrollment until the  
30 administrator finds the danger no longer exists. Such a closure does  
31 not apply to health coverage tax credit eligible enrollees who receive  
32 a premium subsidy from the United States internal revenue service as  
33 long as the enrollees qualify for the health coverage tax credit  
34 program.

35       (7) To limit the payment of subsidies to subsidized enrollees, as  
36 defined in RCW 70.47.020. The level of subsidy provided to persons who  
37 qualify may be based on the lowest cost plans, as defined by the  
38 administrator.

1 (8) To adopt a schedule for the orderly development of the delivery  
2 of services and availability of the plan to residents of the state,  
3 subject to the limitations contained in RCW 70.47.080 or any act  
4 appropriating funds for the plan.

5 (9) To solicit and accept applications from managed health care  
6 systems, as defined in this chapter, for inclusion as eligible basic  
7 health care providers under the plan for subsidized enrollees,  
8 nonsubsidized enrollees, or health coverage tax credit eligible  
9 enrollees. The administrator shall endeavor to assure that covered  
10 basic health care services are available to any enrollee of the plan  
11 from among a selection of two or more participating managed health care  
12 systems. In adopting any rules or procedures applicable to managed  
13 health care systems and in its dealings with such systems, the  
14 administrator shall consider and make suitable allowance for the need  
15 for health care services and the differences in local availability of  
16 health care resources, along with other resources, within and among the  
17 several areas of the state. Contracts with participating managed  
18 health care systems shall ensure that basic health plan enrollees who  
19 become eligible for medical assistance may, at their option, continue  
20 to receive services from their existing providers within the managed  
21 health care system if such providers have entered into provider  
22 agreements with the department of social and health services.

23 (10) To receive periodic premiums from or on behalf of subsidized,  
24 nonsubsidized, and health coverage tax credit eligible enrollees,  
25 deposit them in the basic health plan operating account, keep records  
26 of enrollee status, and authorize periodic payments to managed health  
27 care systems on the basis of the number of enrollees participating in  
28 the respective managed health care systems.

29 (11) To accept applications from individuals residing in areas  
30 served by the plan, on behalf of themselves and their spouses and  
31 dependent children, for enrollment in the Washington basic health plan  
32 as subsidized, nonsubsidized, or health coverage tax credit eligible  
33 enrollees, to give priority to members of the Washington national guard  
34 and reserves who served in Operation Enduring Freedom, Operation Iraqi  
35 Freedom, or Operation Noble Eagle, and their spouses and dependents,  
36 for enrollment in the Washington basic health plan, to establish  
37 appropriate minimum-enrollment periods for enrollees as may be  
38 necessary, and to determine, upon application and on a reasonable

1 schedule defined by the authority, or at the request of any enrollee,  
2 eligibility due to current gross family income for sliding scale  
3 premiums. Funds received by a family as part of participation in the  
4 adoption support program authorized under RCW 26.33.320 and 74.13.100  
5 through 74.13.145 shall not be counted toward a family's current gross  
6 family income for the purposes of this chapter. When an enrollee fails  
7 to report income or income changes accurately, the administrator shall  
8 have the authority either to bill the enrollee for the amounts overpaid  
9 by the state or to impose civil penalties of up to two hundred percent  
10 of the amount of subsidy overpaid due to the enrollee incorrectly  
11 reporting income. The administrator shall adopt rules to define the  
12 appropriate application of these sanctions and the processes to  
13 implement the sanctions provided in this subsection, within available  
14 resources. No subsidy may be paid with respect to any enrollee whose  
15 current gross family income exceeds twice the federal poverty level or,  
16 subject to RCW 70.47.110, who is a recipient of medical assistance or  
17 medical care services under chapter 74.09 RCW. If a number of  
18 enrollees drop their enrollment for no apparent good cause, the  
19 administrator may establish appropriate rules or requirements that are  
20 applicable to such individuals before they will be allowed to reenroll  
21 in the plan.

22 (12) To accept applications from business owners on behalf of  
23 themselves and their employees, spouses, and dependent children, as  
24 subsidized or nonsubsidized enrollees, who reside in an area served by  
25 the plan. The administrator may require all or the substantial  
26 majority of the eligible employees of such businesses to enroll in the  
27 plan and establish those procedures necessary to facilitate the orderly  
28 enrollment of groups in the plan and into a managed health care system.  
29 The administrator may require that a business owner pay at least an  
30 amount equal to what the employee pays after the state pays its portion  
31 of the subsidized premium cost of the plan on behalf of each employee  
32 enrolled in the plan. Enrollment is limited to those not eligible for  
33 medicare who wish to enroll in the plan and choose to obtain the basic  
34 health care coverage and services from a managed care system  
35 participating in the plan. The administrator shall adjust the amount  
36 determined to be due on behalf of or from all such enrollees whenever  
37 the amount negotiated by the administrator with the participating

1 managed health care system or systems is modified or the administrative  
2 cost of providing the plan to such enrollees changes.

3 (13) To determine the rate to be paid to each participating managed  
4 health care system in return for the provision of covered basic health  
5 care services to enrollees in the system. Although the schedule of  
6 covered basic health care services will be the same or actuarially  
7 equivalent for similar enrollees, the rates negotiated with  
8 participating managed health care systems may vary among the systems.  
9 In negotiating rates with participating systems, the administrator  
10 shall consider the characteristics of the populations served by the  
11 respective systems, economic circumstances of the local area, the need  
12 to conserve the resources of the basic health plan trust account, and  
13 other factors the administrator finds relevant.

14 (14) To monitor the provision of covered services to enrollees by  
15 participating managed health care systems in order to assure enrollee  
16 access to good quality basic health care, to require periodic data  
17 reports concerning the utilization of health care services rendered to  
18 enrollees in order to provide adequate information for evaluation, and  
19 to inspect the books and records of participating managed health care  
20 systems to assure compliance with the purposes of this chapter. In  
21 requiring reports from participating managed health care systems,  
22 including data on services rendered enrollees, the administrator shall  
23 endeavor to minimize costs, both to the managed health care systems and  
24 to the plan. The administrator shall coordinate any such reporting  
25 requirements with other state agencies, such as the insurance  
26 commissioner and the department of health, to minimize duplication of  
27 effort.

28 (15) To evaluate the effects this chapter has on private employer-  
29 based health care coverage and to take appropriate measures consistent  
30 with state and federal statutes that will discourage the reduction of  
31 such coverage in the state.

32 (16) To develop a program of proven preventive health measures and  
33 to integrate it into the plan wherever possible and consistent with  
34 this chapter.

35 (17) To provide, consistent with available funding, assistance for  
36 rural residents, underserved populations, and persons of color.

37 (18) In consultation with appropriate state and local government

1 agencies, to establish criteria defining eligibility for persons  
2 confined or residing in government-operated institutions.

3 (19) To administer the premium discounts provided under RCW  
4 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington  
5 state health insurance pool.

6 (20) To give priority in enrollment to persons who disenrolled from  
7 the program in order to enroll in medicaid, and subsequently became  
8 ineligible for medicaid coverage.

9 **Sec. 37.** RCW 48.43.018 and 2004 c 244 s 3 are each amended to read  
10 as follows:

11 (1) Except as provided in (a) through (e) of this subsection, a  
12 health carrier may require any person applying for an individual health  
13 benefit plan and the health care authority shall require any person  
14 applying for nonsubsidized enrollment in the basic health plan to  
15 complete the standard health questionnaire designated under chapter  
16 48.41 RCW.

17 (a) If a person is seeking an individual health benefit plan or  
18 enrollment in the basic health plan as a nonsubsidized enrollee due to  
19 his or her change of residence from one geographic area in Washington  
20 state to another geographic area in Washington state where his or her  
21 current health plan is not offered, completion of the standard health  
22 questionnaire shall not be a condition of coverage if application for  
23 coverage is made within ninety days of relocation.

24 (b) If a person is seeking an individual health benefit plan or  
25 enrollment in the basic health plan as a nonsubsidized enrollee:

26 (i) Because a health care provider with whom he or she has an  
27 established care relationship and from whom he or she has received  
28 treatment within the past twelve months is no longer part of the  
29 carrier's provider network under his or her existing Washington  
30 individual health benefit plan; and

31 (ii) His or her health care provider is part of another carrier's  
32 or a basic health plan managed care system's provider network; and

33 (iii) Application for a health benefit plan under that carrier's  
34 provider network individual coverage or for basic health plan  
35 nonsubsidized enrollment is made within ninety days of his or her  
36 provider leaving the previous carrier's provider network; then

1 completion of the standard health questionnaire shall not be a  
2 condition of coverage.

3 (c) If a person is seeking an individual health benefit plan or  
4 enrollment in the basic health plan as a nonsubsidized enrollee due to  
5 his or her having exhausted continuation coverage provided under 29  
6 U.S.C. Sec. 1161 et seq., completion of the standard health  
7 questionnaire shall not be a condition of coverage if application for  
8 coverage is made within ninety days of exhaustion of continuation  
9 coverage. A health carrier or the health care authority as  
10 administrator of basic health plan nonsubsidized coverage shall accept  
11 an application without a standard health questionnaire from a person  
12 currently covered by such continuation coverage if application is made  
13 within ninety days prior to the date the continuation coverage would be  
14 exhausted and the effective date of the individual coverage applied for  
15 is the date the continuation coverage would be exhausted, or within  
16 ninety days thereafter.

17 (d) If a person is seeking an individual health benefit plan or  
18 enrollment in the basic health plan as a nonsubsidized enrollee due to  
19 his or her receiving notice that his or her coverage under a conversion  
20 contract is discontinued, completion of the standard health  
21 questionnaire shall not be a condition of coverage if application for  
22 coverage is made within ninety days of discontinuation of eligibility  
23 under the conversion contract. A health carrier or the health care  
24 authority as administrator of basic health plan nonsubsidized coverage  
25 shall accept an application without a standard health questionnaire  
26 from a person currently covered by such conversion contract if  
27 application is made within ninety days prior to the date eligibility  
28 under the conversion contract would be discontinued and the effective  
29 date of the individual coverage applied for is the date eligibility  
30 under the conversion contract would be discontinued, or within ninety  
31 days thereafter.

32 (e) If a person is seeking an individual health benefit plan (~~and,~~  
33 ~~but for the number of persons employed by his or her employer, would~~  
34 ~~have qualified for~~) or enrollment in the basic health plan as a  
35 nonsubsidized enrollee following disenrollment from a health plan that  
36 is exempt from continuation coverage provided under 29 U.S.C. Sec. 1161  
37 et seq., completion of the standard health questionnaire shall not be  
38 a condition of coverage if: (i) (~~Application for coverage is made~~

1 ~~within ninety days of a qualifying event as defined in 29 U.S.C. Sec.~~  
2 ~~1163; and (ii))~~ The person had at least twenty-four months of  
3 continuous group coverage including church plans immediately prior to  
4 ~~((the qualifying event. A health carrier shall accept an application~~  
5 ~~without a standard health questionnaire from a person with at least~~  
6 ~~twenty four months of continuous group coverage if))~~ disenrollment;  
7 (ii) application is made no more than ninety days prior to the date of  
8 ~~((a qualifying event))~~ disenrollment; and (iii) the effective date of  
9 the individual coverage applied for is the date of ~~((the qualifying~~  
10 ~~event))~~ disenrollment, or within ninety days thereafter.

11 (f) If a person is seeking an individual health benefit plan,  
12 completion of the standard health questionnaire shall not be a  
13 condition of coverage if: (i) The person had at least twenty-four  
14 months of continuous basic health plan coverage under chapter 70.47 RCW  
15 immediately prior to disenrollment; and (ii) application for coverage  
16 is made within ninety days of disenrollment from the basic health plan.  
17 A health carrier shall accept an application without a standard health  
18 questionnaire from a person with at least twenty-four months of  
19 continuous basic health plan coverage if application is made no more  
20 than ninety days prior to the date of disenrollment and the effective  
21 date of the individual coverage applied for is the date of  
22 disenrollment, or within ninety days thereafter.

23 (2) If, based upon the results of the standard health  
24 questionnaire, the person qualifies for coverage under the Washington  
25 state health insurance pool, the following shall apply:

26 (a) The carrier may decide not to accept the person's application  
27 for enrollment in its individual health benefit plan and the health  
28 care authority, as administrator of basic health plan nonsubsidized  
29 coverage, shall not accept the person's application for enrollment as  
30 a nonsubsidized enrollee; and

31 (b) Within fifteen business days of receipt of a completed  
32 application, the carrier or the health care authority as administrator  
33 of basic health plan nonsubsidized coverage shall provide written  
34 notice of the decision not to accept the person's application for  
35 enrollment to both the person and the administrator of the Washington  
36 state health insurance pool. The notice to the person shall state that  
37 the person is eligible for health insurance provided by the Washington  
38 state health insurance pool, and shall include information about the

1 Washington state health insurance pool and an application for such  
2 coverage. If the carrier or the health care authority as administrator  
3 of basic health plan nonsubsidized coverage does not provide or  
4 postmark such notice within fifteen business days, the application is  
5 deemed approved.

6 (3) If the person applying for an individual health benefit plan:  
7 (a) Does not qualify for coverage under the Washington state health  
8 insurance pool based upon the results of the standard health  
9 questionnaire; (b) does qualify for coverage under the Washington state  
10 health insurance pool based upon the results of the standard health  
11 questionnaire and the carrier elects to accept the person for  
12 enrollment; or (c) is not required to complete the standard health  
13 questionnaire designated under this chapter under subsection (1)(a) or  
14 (b) of this section, the carrier or the health care authority as  
15 administrator of basic health plan nonsubsidized coverage, whichever  
16 entity administered the standard health questionnaire, shall accept the  
17 person for enrollment if he or she resides within the carrier's or the  
18 basic health plan's service area and provide or assure the provision of  
19 all covered services regardless of age, sex, family structure,  
20 ethnicity, race, health condition, geographic location, employment  
21 status, socioeconomic status, other condition or situation, or the  
22 provisions of RCW 49.60.174(2). The commissioner may grant a temporary  
23 exemption from this subsection if, upon application by a health  
24 carrier, the commissioner finds that the clinical, financial, or  
25 administrative capacity to serve existing enrollees will be impaired if  
26 a health carrier is required to continue enrollment of additional  
27 eligible individuals.

28 **Sec. 38.** RCW 43.70.670 and 2003 c 274 s 2 are each amended to read  
29 as follows:

30 (1) "Human immunodeficiency virus insurance program," as used in  
31 this section, means a program that provides health insurance coverage  
32 for individuals with human immunodeficiency virus, as defined in RCW  
33 70.24.017(7), who are not eligible for medical assistance programs from  
34 the department of social and health services as defined in RCW  
35 74.09.010(8) and meet eligibility requirements established by the  
36 department of health.

1 (2) The department of health may pay for health insurance coverage  
2 on behalf of persons with human immunodeficiency virus, who meet  
3 department eligibility requirements, and who are eligible for  
4 "continuation coverage" as provided by the federal consolidated omnibus  
5 budget reconciliation act of 1985, group health insurance policies, or  
6 individual policies. (~~The number of insurance policies supported by  
7 this program in the Washington state health insurance pool as defined  
8 in RCW 48.41.030(18) shall not grow beyond the July 1, 2003, level.~~)

9 **PREVENTION AND HEALTH PROMOTION**

10 NEW SECTION. **Sec. 39.** (1) The Washington state health care  
11 authority, the department of social and health services, the department

23 the legislature, the department shall establish and maintain a  
24 prescription monitoring program to monitor the prescribing and  
25 dispensing of all Schedules II, III, IV, and V controlled substances  
26 and any additional drugs identified by the board of pharmacy as  
27 demonstrating a potential for abuse by all professionals licensed to  
28 prescribe or dispense such substances in this state. The program shall  
29 be designed to improve health care quality and effectiveness by  
30 reducing abuse of controlled substances, reducing duplicative  
31 prescribing and over-prescribing of controlled substances, and  
32 improving controlled substance prescribing practices with the intent of  
33 eventually establishing an electronic database available in real time  
34 to dispensers and prescribers of control substances. As much as

1 possible, the department should establish a common database with other  
2 states.

3 (2) Except as provided in subsection (4) of this section, each  
4 dispenser shall submit to the department by electronic means  
5 information regarding each prescription dispensed for a drug included

36 such purpose through federal or private grants, or is appropriated by  
37 the legislature, the department shall study the feasibility of

1 enhancing the prescription monitoring program established in section 43  
2 of this act in order to improve the quality of state purchased health  
3 services by reducing legend drug abuse, reducing duplicative and  
4 overprescribing of legend drugs, and improving legend drug prescribing  
5 practices. The study shall address the steps necessary to expand the  
6 program to allow those who prescribe or dispense prescription drugs to  
7 perform a web-based inquiry and obtain real time information regarding  
8 the legend drug utilization history of persons for whom they are  
9 providing medical or pharmaceutical care when such persons are  
10 receiving health services through state purchased health care programs.

11 NEW SECTION. **Sec. 45.** (1) Prescription information submitted to  
12 the department shall be confidential, in compliance with chapter 70.02

14 subject to disclosure, except as provided in subsections (3) and (4) of  
15 this section.

16 (2) The department shall maintain procedures to ensure that the  
17 privacy and confidentiality of patients and patient information  
18 collected, recorded, transmitted, and maintained is not disclosed to  
19 persons except as in subsections (3) and (4) of this section.

20 (3) The department may provide data in the prescription monitoring  
21 program to the following persons:

8 information that could be used to identify individual patients,  
9 dispensers, prescribers, and persons who received prescriptions from  
10 dispensers.

11 (5) A dispenser or practitioner acting in good faith is immune from  
12 any civil, criminal, or administrative liability that might otherwise  
13 be incurred or imposed for requesting, receiving, or using information  
14 from the program.

15 NEW SECTION. **Sec. 46.** The department may contract with another  
16 agency of this state or with a private vendor, as necessary, to ensure  
17 the effective operation of the prescription monitoring program. Any  
18 contractor is bound to comply with the provisions regarding  
19 confidentiality of prescription information in section 45 of this act  
20 and is subject to the penalties specified in section 48 of this act for

9 facility and health service availability. In addition, the office  
10 shall facilitate access to health care data collected by public and  
11 private organizations as needed to conduct its planning  
12 responsibilities.

13 (2) The office shall:

14 (a) Conduct strategic health planning activities related to the  
15 preparation of the strategy, as specified in this chapter;

16 (b) Develop a computerized system for accessing, analyzing, and

25 utilization and claims-related data. The office is authorized to enter  
26 into any data sharing agreements and contractual arrangements necessary  
27 to obtain data or to distribute data. Among the sources of  
28 deidentified data that the office may access are any databases  
29 established pursuant to the recommendations of the health information  
30 infrastructure advisory board established by chapter 261, Laws of 2005.  
31 The office may store limited data sets as necessary to support its  
32 activities. Unless specifically authorized, the office shall not

17 shall develop a statewide health resources strategy. The strategy  
18 shall establish statewide health planning policies and goals related to  
19 the availability of health care facilities and services, quality of  
20 care, and cost of care. The strategy shall identify needs according to  
21 geographic regions suitable for comprehensive health planning as  
22 designated by the office.

23 (2) The development of the strategy shall consider the following  
24 general goals and principles:

25 (a) That excess capacity of health services and facilities place  
26 considerable economic burden on the public who pay for the construction  
27 and operation of these facilities as patients, health insurance  
28 purchasers, carriers, and taxpayers; and

29 (b) That the development and ongoing maintenance of current and  
30 accurate health care information and statistics related to cost and  
31 quality of health care, as well as projections of need for health  
32 facilities and services, are essential to effective strategic health  
33 planning.

34 (3) The strategy, with public input by health service areas, shall  
35 include:

36 (a) A health system assessment and objectives component that:

1 (i) Describes state and regional population demographics, health  
2 status indicators, and trends in health status and health care needs;  
3 and

4 (ii) Identifies key policy objectives for the state health system  
5 related to access to care, health outcomes, quality, and cost-  
6 effectiveness;

7 (b) A health care facilities and services plan that shall assess  
8 the demand for health care facilities and services to inform state  
9 health planning efforts and direct certificate of need determinations,  
10 for those facilities and services subject to certificate of need as  
11 provided in chapter 70.38 RCW. The plan shall include:

12 (i) An inventory of each geographic region's existing health care  
13 facilities and services;

14 (ii) Projections of need for each category of health care facility  
15 and service, including those subject to certificate of need;

16 (iii) Policies to guide the addition of new or expanded health care  
17 facilities and services to promote the use of quality, evidence-based,  
18 cost-effective health care delivery options, including any  
19 recommendations for criteria, standards, and methods relevant to the  
20 certificate of need review process; and

21 (iv) An assessment of the availability of health care providers,  
22 public health resources, transportation infrastructure, and other  
23 considerations necessary to support the needed health care facilities  
24 and services in each region;

25 (c) A health care data resource plan that identifies data elements  
26 necessary to properly conduct planning activities and to review  
27 certificate of need applications, including data related to inpatient  
28 and outpatient utilization and outcomes information, and financial and  
29 utilization information related to charity care, quality, and cost.  
30 The plan shall inventory existing data resources, both public and  
31 private, that store and disclose information relevant to the health  
32 planning process, including information necessary to conduct  
33 certificate of need activities pursuant to chapter 70.38 RCW. The plan  
34 shall identify any deficiencies in the inventory of existing data  
35 resources and the data necessary to conduct comprehensive health  
36 planning activities. The plan may recommend that the office be  
37 authorized to access existing data sources and conduct appropriate  
38 analyses of such data or that other agencies expand their data

1 collection activities as statutory authority permits. The plan may  
2 identify any computing infrastructure deficiencies that impede the  
3 proper storage, transmission, and analysis of health planning data.  
4 The plan shall provide recommendations for increasing the availability  
5 of data related to health planning to provide greater community  
6 involvement in the health planning process and consistency in data used  
7 for certificate of need applications and determinations;

8 (d) An assessment of emerging trends in health care delivery and  
9 technology as they relate to access to health care facilities and  
10 services, quality of care, and costs of care. The assessment shall  
11 recommend any changes to the scope of health care facilities and  
12 services covered by the certificate of need program that may be  
13 warranted by these emerging trends. In addition, the assessment may  
14 recommend any changes to criteria used by the department to review  
15 certificate of need applications, as necessary;

16 (e) A rural health resource plan to assess the availability of  
17 health resources in rural areas of the state, assess the unmet needs of  
18 these communities, and evaluate how federal and state reimbursement  
19 policies can be modified, if necessary, to more efficiently and  
20 effectively meet the health care needs of rural communities. The plan  
21 shall consider the unique health care needs of rural communities, the  
22 adequacy of the rural health workforce, and transportation needs for  
23 accessing appropriate care.

24 (4) The office shall submit the initial strategy to the governor by  
25 January 1, 2010. Every two years the office shall submit an updated  
26 strategy. The health care facilities and services plan as it pertains  
27 to a distinct geographic planning region may be updated by individual  
28 categories on a rotating, biannual schedule.

29 (5) The office shall hold at least one public hearing and allow

2    department of health to direct its activities related to the  
3    certificate of need review program under chapter 70.38 RCW.    As the

9    proposals submitted by applicants for certificates of need.

10       NEW SECTION.    **Sec. 54.**    (1) The office may respond to requests for  
11    data and other information from its computerized system for special  
12    studies and analysis consistent with requirements for confidentiality  
13    of patient, provider, and facility-specific records.    The office may  
14    require requestors to pay any or all of the reasonable costs associated

20    as evidence.

21       **Sec. 55.**    RCW 70.38.015 and 1989 1st ex.s. c 9 s 601 are each  
22    amended to read as follows:

23       It is declared to be the public policy of this state:

24       (1) That strategic health planning ((~~to~~)) efforts must be supported  
25    by appropriately tailored regulatory activities that can effectuate the  
26    goals and principles of the statewide health resources strategy  
27    developed pursuant to chapter 43.-- RCW (sections 50 through 54 of this  
28    act).    The implementation of the strategy can promote, maintain, and  
29    assure the health of all citizens in the state, ((~~to~~)) provide  
30    accessible health services, health manpower, health facilities, and  
31    other resources while controlling ((~~excessive~~)) increases in costs, and

35    ~~social needs and conditions~~)).    Involvement in health planning from  
36    both consumers and providers throughout the state should be encouraged;

1           (2) (~~That the development of health services and resources,~~  
2 ~~including the construction, modernization, and conversion of health~~  
3 ~~facilities, should be accomplished in a planned, orderly fashion,~~  
4 ~~consistent with identified priorities and without unnecessary~~  
5 ~~duplication or fragmentation)) That the certificate of need program is  
6 a component of a health planning regulatory process that is consistent  
7 with the statewide health resources strategy and public policy goals  
8 that are clearly articulated and regularly updated;~~

9           (3) That the development and maintenance of adequate health care  
10 information, statistics and projections of need for health facilities  
11 and services is essential to effective health planning and resources  
12 development;

13           (4) That the development of nonregulatory approaches to health care  
14 cost containment should be considered, including the strengthening of  
15 price competition; and

16           (5) That health planning should be concerned with public health and  
17 health care financing, access, and quality, recognizing their close  
18 interrelationship and emphasizing cost control of health services,  
19 including cost-effectiveness and cost-benefit analysis.

20           NEW SECTION. Sec. 56. (1) For the purposes of this section and  
21 RCW 70.38.015 and 70.38.135, "statewide health resource strategy" or

26 covered by the certificate of need programs, certificate of need  
27 determinations must be consistent with the statewide health resources  
28 strategy developed pursuant to section 52 of this act, including any  
29 health planning policies and goals identified in the statewide health  
30 resources strategy in effect at the time of application. The  
31 department may waive specific terms of the strategy if the applicant  
32 demonstrates that consistency with those terms will create an undue  
33 burden on the population that a particular project would serve, or in  
34 emergency circumstances which pose a threat to public health.

35           **Sec. 57.** RCW 70.38.135 and 1989 1st ex.s. c 9 s 607 are each  
36 amended to read as follows:

1 The secretary shall have authority to:

2 (1) Provide when needed temporary or intermittent services of  
3 experts or consultants or organizations thereof, by contract, when such  
4 services are to be performed on a part time or fee-for-service basis;

5 (2) Make or cause to be made such on-site surveys of health care or  
6 medical facilities as may be necessary for the administration of the  
7 certificate of need program;

9 health or the office of financial management as contained in the  
10 Washington health resources strategy:

13 data related to health and health care as the department finds  
14 necessary to the performance of its functions under this chapter;

23 expedited certificate of need review if there has not been a  
24 significant change in existing health facilities of the same type or in  
25 the need for such health facilities and services;

26 (4) Grant allocated state funds to qualified entities, as defined  
27 by the department, to fund not more than seventy-five percent of the  
28 costs of regional planning activities, excluding costs related to  
29 review of applications for certificates of need, provided for in this  
30 chapter or approved by the department; and

31 (5) Contract with and provide reasonable reimbursement for  
32 qualified entities to assist in determinations of certificates of need.

33 **HEALTH INSURANCE PARTNERSHIP**

34 **Sec. 58.** RCW 70.47A.010 and 2006 c 255 s 1 are each amended to  
35 read as follows:

36 (1) The legislature finds that many small employers struggle with

1 the cost of providing employer-sponsored health insurance coverage to  
2 their employees, while others are unable to offer employer-sponsored  
3 health insurance due to its high cost. Low-wage workers also struggle  
4 with the burden of paying their share of the costs of  
5 employer-sponsored health insurance, while others turn down their  
6 employer's offer of coverage due to its costs.

7 (2) The legislature intends, through establishment of a (~~small~~  
8 ~~employer~~) health insurance partnership program, to remove economic  
9 barriers to health insurance coverage for low-wage employees of small  
10 employers by building on the private sector health benefit plan system  
11 and encouraging employer and employee participation in  
12 employer-sponsored health benefit plan coverage.

13 **Sec. 59.** RCW 70.47A.020 and 2006 c 255 s 2 are each amended to

32 in RCW 48.43.005 (~~or any plan provided by a self-funded multiple~~

13 (~~(+6)~~) (9) "Subsidy" or "premium subsidy" means payment or  
14 reimbursement to an eligible (~~employee~~) partnership participant  
15 toward the purchase of a health benefit plan, and may include a net  
16 billing arrangement with insurance carriers or a prospective or  
17 retrospective payment for health benefit plan premiums.

18 **Sec. 60.** RCW 70.47A.030 and 2006 c 255 s 3 are each amended to  
19 read as follows:

20 (1) To the extent funding is appropriated in the operating budget  
21 for this purpose, the (~~small employer~~) health insurance partnership  
22 (~~program~~) is established. The administrator shall be responsible for  
23 the implementation and operation of the (~~small employer~~) health  
24 insurance partnership (~~program~~), directly or by contract. The  
25 administrator shall offer premium subsidies to eligible (~~employees~~)  
26 partnership participants under RCW 70.47A.040.

27 (2) Consistent with policies adopted by the board under section 61  
28 of this act, the administrator shall, directly or by contract:

29 (a) Establish and administer procedures for enrolling small  
30 employers in the partnership, including publicizing the existence of  
31 the partnership and disseminating information on enrollment, and  
32 establishing rules related to minimum participation of employees in  
33 small groups purchasing health insurance through the partnership.  
34 Opportunities to publicize the program for outreach and education of  
35 small employers on the value of insurance shall explore the use of  
36 online employer guides. As a condition of participating in the  
37 partnership, a small employer must agree to establish a cafeteria plan

1 under section 125 of the federal internal revenue code that will enable  
2 employees to use pretax dollars to pay their share of their health  
3 benefit plan premium. The partnership shall provide technical  
4 assistance to small employers for this purpose;

5 (b) Establish and administer procedures for health benefit plan  
6 enrollment by employees of small employers during open enrollment  
7 periods and outside of open enrollment periods upon the occurrence of  
8 any qualifying event specified in the federal health insurance  
9 portability and accountability act of 1996 or applicable state law.  
10 Neither the employer nor the partnership shall limit an employee's  
11 choice of coverage from among all the health benefit plans offered;

12 (c) Establish and manage a system for the partnership to be  
13 designated as the sponsor or administrator of a participating small  
14 employer health benefit plan and to undertake the obligations required  
15 of a plan administrator under federal law;

16 (d) Establish and manage a system of collecting and transmitting to  
17 the applicable carriers all premium payments or contributions made by  
18 or on behalf of partnership participants, including employer  
19 contributions, automatic payroll deductions for partnership  
20 participants, premium subsidy payments, and contributions from  
21 philanthropies;

22 (e) Establish and manage a system for determining eligibility for  
23 and making premium subsidy payments under this act;

24 (f) Establish a mechanism to apply a surcharge to all health

28 and must be included in the premium for each health benefit plan.  
29 Surcharges may not be used to pay any premium assistance payments under  
30 this chapter;

31 (g) Design a schedule of premium subsidies that is based upon gross  
32 family income, giving appropriate consideration to family size and the  
33 ages of all family members based on a benchmark health benefit plan  
34 designated by the board. The amount of an eligible partnership  
35 participant's premium subsidy shall be determined by applying a sliding  
36 scale subsidy schedule with the percentage of premium similar to that  
37 developed for subsidized basic health plan enrollees under RCW  
38 70.47.060. The subsidy shall be applied to the employee's premium

1 obligation for his or her health benefit plan, so that employees  
2 benefit financially from any employer contribution to the cost of their  
3 coverage through the partnership.

4 (3) The administrator may enter into interdepartmental agreements  
5 with the office of the insurance commissioner, the department of social  
6 and health services, and any other state agencies necessary to  
7 implement this chapter.

8 NEW SECTION. Sec. 61. A new section is added to chapter 70.47A  
9 RCW to read as follows:

13 (b) Two representatives of employees of small employers, one of  
14 whom shall represent low-wage employees;

15 (c) Four employee health plan benefits specialists; and

16 (d) The administrator.

17 (2) The governor shall appoint the initial members of the board to  
18 staggered terms not to exceed four years. Initial appointments shall  
19 be made on or before June 1, 2007. Members appointed thereafter shall  
20 serve two-year terms. Members of the board shall be compensated in  
21 accordance with RCW 43.03.250 and shall be reimbursed for their travel  
22 expenses while on official business in accordance with RCW 43.03.050  
23 and 43.03.060. The board shall prescribe rules for the conduct of its  
24 business. The administrator shall be chair of the board. Meetings of  
25 the board shall be at the call of the chair.

26 (3) The board may establish technical advisory committees or seek  
27 the advice of technical experts when necessary to execute the powers  
28 and duties included in this section.

29 (4) The board and employees of the board shall not be civilly or  
30 criminally liable and shall not have any penalty or cause of action of  
31 any nature arise against them for any action taken or not taken,  
32 including any discretionary decision or failure to make a discretionary  
33 decision, when the action or inaction is done in good faith and in the  
34 performance of the powers and duties under this chapter. Nothing in  
35 this section prohibits legal actions against the board to enforce the  
36 board's statutory or contractual duties or obligations.

1        NEW SECTION.    **Sec. 62.**    A new section is added to chapter 70.47A  
2    RCW to read as follows:

3        (1) The health insurance partnership board shall:

4        (a) Develop policies for enrollment of small employers in the  
5    partnership, including minimum participation rules for small employer  
6    groups.    The small employer shall determine the criteria for  
7    eligibility and enrollment in his or her plan and the terms and amounts  
8    of the employer's contributions to that plan, consistent with any  
9    minimum employer premium contribution level established by the board  
10   under (d) of this subsection;

11       (b) Designate health benefit plans that are currently offered in  
12   the small group market that will qualify for premium subsidy payments.  
13   At least four health benefit plans shall be chosen, with multiple  
14   deductible and point-of-service cost-sharing options.    The health  
15   benefit plans shall range from catastrophic to comprehensive coverage,  
16   and one health benefit plan shall be a high deductible health plan.  
17   Every effort shall be made to include health benefit plans that include  
18   components to maximize the quality of care provided and result in  
19   improved health outcomes, such as preventive care, wellness incentives,  
20   chronic care management services, and provider network development and  
21   payment policies related to quality of care;

22       (c) Approve a mid-range benefit plan from those selected to be used  
23   as a benchmark plan for calculating premium subsidies;

24       (d) Determine whether there should be a minimum employer premium  
25   contribution on behalf of employees, and if so, how much;

26       (e) Determine appropriate health benefit plan rating methodologies.  
27   The methodologies shall be based on the small group adjusted community  
28   rate as defined in Title 48 RCW.    The board shall evaluate the impact  
29   of applying the small group community rating with the partnership  
30   principle of allowing each employee to choose their health benefit  
31   plan, and consider options to reduce uncertainty for carriers and  
32   provide for efficient risk management of high-cost enrollees through  
33   risk adjustment, reinsurance, or other mechanisms;

34       (f) Conduct analyses and provide recommendations as requested by  
35   the legislature and the governor, with the assistance of staff from the  
36   health care authority and the office of the insurance commissioner.

37       (2) The board may authorize one or more limited health care service

1 plans for dental care services to be offered by limited health care  
2 service contractors under RCW 48.44.035. However, such plan shall not  
3 qualify for subsidy payments.

4 (3) In fulfilling the requirements of this section, the board shall  
5 consult with small employers, the office of the insurance commissioner,  
6 members in good standing of the American academy of actuaries, health  
7 carriers, agents and brokers, and employees of small business.

11 administrator shall accept applications from eligible ~~((employees))~~  
12 partnership participants, on behalf of themselves, their spouses, and  
13 their dependent children, to receive premium subsidies through the  
14 ~~((small employer))~~ health insurance partnership ~~((program))~~.

15 ~~((2) Premium subsidy payments may be provided to eligible  
16 employees if:~~

17 ~~(a) The eligible employee is employed by a small employer;~~

18 ~~(b) The actuarial value of the health benefit plan offered by the  
19 small employer is at least equivalent to that of the basic health plan  
20 benefit offered under chapter 70.47 RCW. The office of the insurance  
21 commissioner under Title 48 RCW shall certify those small employer  
22 health benefit plans that are at least actuarially equivalent to the  
23 basic health plan benefit; and~~

24 ~~(c) The small employer will pay at least forty percent of the  
25 monthly premium cost for health benefit plan coverage of the eligible  
26 employee.~~

27 ~~(3) The amount of an eligible employee's premium subsidy shall be  
28 determined by applying the sliding scale subsidy schedule developed for  
29 subsidized basic health plan enrollees under RCW 70.47.060 to the  
30 employee's premium obligation for his or her employer's health benefit  
31 plan.~~

32 ~~(4) After an eligible individual has enrolled in the program, the  
33 program shall issue subsidies in an amount determined pursuant to  
34 subsection (3) of this section to either the eligible employee or to  
35 the carrier designated by the eligible employee.~~

36 ~~(5) An eligible employee must agree to provide verification of  
37 continued enrollment in his or her small employer's health benefit plan~~

1 ~~on a semiannual basis or to notify the administrator whenever his or~~  
2 ~~her enrollment status changes, whichever is earlier. Verification or~~  
3 ~~notification may be made directly by the employee, or through his or~~  
4 ~~her employer or the carrier providing the small employer health benefit~~  
5 ~~plan. When necessary, the administrator has the authority to perform~~  
6 ~~retrospective audits on premium subsidy accounts. The administrator~~  
7 ~~may suspend or terminate an employee's participation in the program and~~  
8 ~~seek repayment of any subsidy amounts paid due to the omission or~~  
9 ~~misrepresentation of an applicant or enrolled employee. The~~  
10 ~~administrator shall adopt rules to define the appropriate application~~  
11 ~~of these sanctions and the processes to implement the sanctions~~

13 **Sec. 64.** RCW 48.21.045 and 2004 c 244 s 1 are each amended to read  
14 as follows:

15 (1)(a) An insurer offering any health benefit plan to a small  
16 employer, either directly or through an association or member-governed  
17 group formed specifically for the purpose of purchasing health care,  
18 may offer and actively market to the small employer a health benefit  
19 plan featuring a limited schedule of covered health care services.  
20 Nothing in this subsection shall preclude an insurer from offering, or  
21 a small employer from purchasing, other health benefit plans that may  
22 have more comprehensive benefits than those included in the product  
23 offered under this subsection. An insurer offering a health benefit  
24 plan under this subsection shall clearly disclose all covered benefits  
25 to the small employer in a brochure filed with the commissioner.

26 (b) A health benefit plan offered under this subsection shall  
27 provide coverage for hospital expenses and services rendered by a  
28 physician licensed under chapter 18.57 or 18.71 RCW but is not subject  
29 to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142,  
30 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200,  
31 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244,  
32 48.21.250, 48.21.300, 48.21.310, or 48.21.320.

33 (2) Nothing in this section shall prohibit an insurer from  
34 offering, or a purchaser from seeking, health benefit plans with  
35 benefits in excess of the health benefit plan offered under subsection  
36 (1) of this section. All forms, policies, and contracts shall be

1 submitted for approval to the commissioner, and the rates of any plan  
2 offered under this section shall be reasonable in relation to the  
3 benefits thereto.

4 (3) Premium rates for health benefit plans for small employers as  
5 defined in this section shall be subject to the following provisions:

6 (a) The insurer shall develop its rates based on an adjusted  
7 community rate and may only vary the adjusted community rate for:

12 (b) The adjustment for age in (a)(iii) of this subsection may not  
13 use age brackets smaller than five-year increments, which shall begin  
14 with age twenty and end with age sixty-five. Employees under the age  
15 of twenty shall be treated as those age twenty.

16 (c) The insurer shall be permitted to develop separate rates for  
17 individuals age sixty-five or older for coverage for which medicare is  
18 the primary payer and coverage for which medicare is not the primary  
19 payer. Both rates shall be subject to the requirements of this  
20 subsection (3).

21 (d) The permitted rates for any age group shall be no more than  
22 four hundred twenty-five percent of the lowest rate for all age groups  
23 on January 1, 1996, four hundred percent on January 1, 1997, and three  
24 hundred seventy-five percent on January 1, 2000, and thereafter.

25 (e) A discount for wellness activities shall be permitted to  
26 reflect actuarially justified differences in utilization or cost  
27 attributed to such programs.

28 (f) The rate charged for a health benefit plan offered under this  
29 section may not be adjusted more frequently than annually except that  
30 the premium may be changed to reflect:

- 31 (i) Changes to the enrollment of the small employer;
- 32 (ii) Changes to the family composition of the employee;
- 33 (iii) Changes to the health benefit plan requested by the small  
34 employer; or
- 35 (iv) Changes in government requirements affecting the health  
36 benefit plan.

37 (g) Rating factors shall produce premiums for identical groups that

1 differ only by the amounts attributable to plan design, with the  
2 exception of discounts for health improvement programs.

3 (h) For the purposes of this section, a health benefit plan that  
4 contains a restricted network provision shall not be considered similar  
5 coverage to a health benefit plan that does not contain such a  
6 provision, provided that the restrictions of benefits to network  
7 providers result in substantial differences in claims costs. A carrier  
8 may develop its rates based on claims costs due to network provider  
9 reimbursement schedules or type of network. This subsection does not  
10 restrict or enhance the portability of benefits as provided in RCW  
11 48.43.015.

12 (i) Adjusted community rates established under this section shall  
13 pool the medical experience of all small groups purchasing coverage,  
14 including the small group participants in the health insurance  
15 partnership established in RCW 70.47A.030. However, annual rate  
16 adjustments for each small group health benefit plan may vary by up to  
17 plus or minus four percentage points from the overall adjustment of a  
18 carrier's entire small group pool, such overall adjustment to be  
19 approved by the commissioner, upon a showing by the carrier, certified  
20 by a member of the American academy of actuaries that: (i) The  
21 variation is a result of deductible leverage, benefit design, or  
22 provider network characteristics; and (ii) for a rate renewal period,  
23 the projected weighted average of all small group benefit plans will  
24 have a revenue neutral effect on the carrier's small group pool.  
25 Variations of greater than four percentage points are subject to review  
26 by the commissioner, and must be approved or denied within sixty days  
27 of submittal. A variation that is not denied within sixty days shall  
28 be deemed approved. The commissioner must provide to the carrier a  
29 detailed actuarial justification for any denial within thirty days of  
30 the denial.

31 (4) Nothing in this section shall restrict the right of employees  
32 to collectively bargain for insurance providing benefits in excess of  
33 those provided herein.

34 (5)(a) Except as provided in this subsection, requirements used by  
35 an insurer in determining whether to provide coverage to a small  
36 employer shall be applied uniformly among all small employers applying  
37 for coverage or receiving coverage from the carrier.

1 (b) An insurer shall not require a minimum participation level  
2 greater than:

3 (i) One hundred percent of eligible employees working for groups  
4 with three or less employees; and

5 (ii) Seventy-five percent of eligible employees working for groups  
6 with more than three employees.

7 (c) In applying minimum participation requirements with respect to  
8 a small employer, a small employer shall not consider employees or  
9 dependents who have similar existing coverage in determining whether  
10 the applicable percentage of participation is met.

11 (d) An insurer may not increase any requirement for minimum  
12 employee participation or modify any requirement for minimum employer  
13 contribution applicable to a small employer at any time after the small  
14 employer has been accepted for coverage.

15 (6) An insurer must offer coverage to all eligible employees of a  
16 small employer and their dependents. An insurer may not offer coverage  
17 to only certain individuals or dependents in a small employer group or  
18 to only part of the group. An insurer may not modify a health plan  
19 with respect to a small employer or any eligible employee or dependent,  
20 through riders, endorsements or otherwise, to restrict or exclude  
21 coverage or benefits for specific diseases, medical conditions, or  
22 services otherwise covered by the plan.

23 (7) As used in this section, "health benefit plan," "small  
24 employer," "adjusted community rate," and "wellness activities" mean  
25 the same as defined in RCW 48.43.005.

26 **Sec. 65.** RCW 48.44.023 and 2004 c 244 s 7 are each amended to read  
27 as follows:

28 (1)(a) A health care services contractor offering any health  
29 benefit plan to a small employer, either directly or through an  
30 association or member-governed group formed specifically for the  
31 purpose of purchasing health care, may offer and actively market to the  
32 small employer a health benefit plan featuring a limited schedule of  
33 covered health care services. Nothing in this subsection shall  
34 preclude a contractor from offering, or a small employer from  
35 purchasing, other health benefit plans that may have more comprehensive  
36 benefits than those included in the product offered under this

1 subsection. A contractor offering a health benefit plan under this  
2 subsection shall clearly disclose all covered benefits to the small  
3 employer in a brochure filed with the commissioner.

4 (b) A health benefit plan offered under this subsection shall  
5 provide coverage for hospital expenses and services rendered by a  
6 physician licensed under chapter 18.57 or 18.71 RCW but is not subject  
7 to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290,  
8 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335,  
9 48.44.340, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and  
10 48.44.460.

11 (2) Nothing in this section shall prohibit a health care service  
12 contractor from offering, or a purchaser from seeking, health benefit  
13 plans with benefits in excess of the health benefit plan offered under  
14 subsection (1) of this section. All forms, policies, and contracts  
15 shall be submitted for approval to the commissioner, and the rates of  
16 any plan offered under this section shall be reasonable in relation to  
17 the benefits thereto.

18 (3) Premium rates for health benefit plans for small employers as  
19 defined in this section shall be subject to the following provisions:

20 (a) The contractor shall develop its rates based on an adjusted  
21 community rate and may only vary the adjusted community rate for:

- 22 (i) Geographic area;
- 23 (ii) Family size;
- 24 (iii) Age; and
- 25 (iv) Wellness activities.

26 (b) The adjustment for age in (a)(iii) of this subsection may not  
27 use age brackets smaller than five-year increments, which shall begin  
28 with age twenty and end with age sixty-five. Employees under the age  
29 of twenty shall be treated as those age twenty.

30 (c) The contractor shall be permitted to develop separate rates for  
31 individuals age sixty-five or older for coverage for which medicare is  
32 the primary payer and coverage for which medicare is not the primary  
33 payer. Both rates shall be subject to the requirements of this  
34 subsection (3).

35 (d) The permitted rates for any age group shall be no more than  
36 four hundred twenty-five percent of the lowest rate for all age groups  
37 on January 1, 1996, four hundred percent on January 1, 1997, and three  
38 hundred seventy-five percent on January 1, 2000, and thereafter.

1 (e) A discount for wellness activities shall be permitted to  
2 reflect actuarially justified differences in utilization or cost  
3 attributed to such programs.

4 (f) The rate charged for a health benefit plan offered under this  
5 section may not be adjusted more frequently than annually except that  
6 the premium may be changed to reflect:

7 (i) Changes to the enrollment of the small employer;

8 (ii) Changes to the family composition of the employee;

9 (iii) Changes to the health benefit plan requested by the small  
10 employer; or

11 (iv) Changes in government requirements affecting the health  
12 benefit plan.

13 (g) Rating factors shall produce premiums for identical groups that  
14 differ only by the amounts attributable to plan design, with the  
15 exception of discounts for health improvement programs.

16 (h) For the purposes of this section, a health benefit plan that  
17 contains a restricted network provision shall not be considered similar  
18 coverage to a health benefit plan that does not contain such a  
19 provision, provided that the restrictions of benefits to network  
20 providers result in substantial differences in claims costs. A carrier  
21 may develop its rates based on claims costs due to network provider  
22 reimbursement schedules or type of network. This subsection does not  
23 restrict or enhance the portability of benefits as provided in RCW  
24 48.43.015.

25 (i) Adjusted community rates established under this section shall  
26 pool the medical experience of all groups purchasing coverage,  
27 including the small group participants in the health insurance  
28 partnership established in RCW 70.47A.030. However, annual rate  
29 adjustments for each small group health benefit plan may vary by up to  
30 plus or minus four percentage points from the overall adjustment of a  
31 carrier's entire small group pool, such overall adjustment to be  
32 approved by the commissioner, upon a showing by the carrier, certified  
33 by a member of the American academy of actuaries that: (i) The  
34 variation is a result of deductible leverage, benefit design, or  
35 provider network characteristics; and (ii) for a rate renewal period,  
36 the projected weighted average of all small group benefit plans will  
37 have a revenue neutral effect on the carrier's small group pool.  
38 Variations of greater than four percentage points are subject to review

1 by the commissioner, and must be approved or denied within sixty days  
2 of submittal. A variation that is not denied within sixty days shall  
3 be deemed approved. The commissioner must provide to the carrier a  
4 detailed actuarial justification for any denial within thirty days of  
5 the denial.

6 (4) Nothing in this section shall restrict the right of employees  
7 to collectively bargain for insurance providing benefits in excess of  
8 those provided herein.

9 (5)(a) Except as provided in this subsection, requirements used by  
10 a contractor in determining whether to provide coverage to a small  
11 employer shall be applied uniformly among all small employers applying  
12 for coverage or receiving coverage from the carrier.

13 (b) A contractor shall not require a minimum participation level  
14 greater than:

15 (i) One hundred percent of eligible employees working for groups  
16 with three or less employees; and

17 (ii) Seventy-five percent of eligible employees working for groups  
18 with more than three employees.

19 (c) In applying minimum participation requirements with respect to  
20 a small employer, a small employer shall not consider employees or  
21 dependents who have similar existing coverage in determining whether  
22 the applicable percentage of participation is met.

23 (d) A contractor may not increase any requirement for minimum  
24 employee participation or modify any requirement for minimum employer  
25 contribution applicable to a small employer at any time after the small  
26 employer has been accepted for coverage.

27 (6) A contractor must offer coverage to all eligible employees of  
28 a small employer and their dependents. A contractor may not offer  
29 coverage to only certain individuals or dependents in a small employer  
30 group or to only part of the group. A contractor may not modify a  
31 health plan with respect to a small employer or any eligible employee  
32 or dependent, through riders, endorsements or otherwise, to restrict or  
33 exclude coverage or benefits for specific diseases, medical conditions,  
34 or services otherwise covered by the plan.

35 **Sec. 66.** RCW 48.46.066 and 2004 c 244 s 9 are each amended to read  
36 as follows:

37 (1)(a) A health maintenance organization offering any health

1 benefit plan to a small employer, either directly or through an  
2 association or member-governed group formed specifically for the  
3 purpose of purchasing health care, may offer and actively market to the  
4 small employer a health benefit plan featuring a limited schedule of  
5 covered health care services. Nothing in this subsection shall  
6 preclude a health maintenance organization from offering, or a small  
7 employer from purchasing, other health benefit plans that may have more  
8 comprehensive benefits than those included in the product offered under  
9 this subsection. A health maintenance organization offering a health  
10 benefit plan under this subsection shall clearly disclose all the  
11 covered benefits to the small employer in a brochure filed with the  
12 commissioner.

13 (b) A health benefit plan offered under this subsection shall  
14 provide coverage for hospital expenses and services rendered by a  
15 physician licensed under chapter 18.57 or 18.71 RCW but is not subject  
16 to the requirements of RCW 48.46.275, 48.46.280, 48.46.285, 48.46.290,  
17 48.46.350, 48.46.355, 48.46.375, 48.46.440, 48.46.480, 48.46.510,  
18 48.46.520, and 48.46.530.

19 (2) Nothing in this section shall prohibit a health maintenance  
20 organization from offering, or a purchaser from seeking, health benefit  
21 plans with benefits in excess of the health benefit plan offered under  
22 subsection (1) of this section. All forms, policies, and contracts  
23 shall be submitted for approval to the commissioner, and the rates of  
24 any plan offered under this section shall be reasonable in relation to  
25 the benefits thereto.

26 (3) Premium rates for health benefit plans for small employers as  
27 defined in this section shall be subject to the following provisions:

28 (a) The health maintenance organization shall develop its rates  
29 based on an adjusted community rate and may only vary the adjusted  
30 community rate for:

- 31 (i) Geographic area;
- 32 (ii) Family size;
- 33 (iii) Age; and
- 34 (iv) Wellness activities.

35 (b) The adjustment for age in (a)(iii) of this subsection may not  
36 use age brackets smaller than five-year increments, which shall begin  
37 with age twenty and end with age sixty-five. Employees under the age  
38 of twenty shall be treated as those age twenty.

1 (c) The health maintenance organization shall be permitted to  
2 develop separate rates for individuals age sixty-five or older for  
3 coverage for which medicare is the primary payer and coverage for which  
4 medicare is not the primary payer. Both rates shall be subject to the  
5 requirements of this subsection (3).

6 (d) The permitted rates for any age group shall be no more than  
7 four hundred twenty-five percent of the lowest rate for all age groups  
8 on January 1, 1996, four hundred percent on January 1, 1997, and three  
9 hundred seventy-five percent on January 1, 2000, and thereafter.

10 (e) A discount for wellness activities shall be permitted to  
11 reflect actuarially justified differences in utilization or cost  
12 attributed to such programs.

13 (f) The rate charged for a health benefit plan offered under this  
14 section may not be adjusted more frequently than annually except that  
15 the premium may be changed to reflect:

16 (i) Changes to the enrollment of the small employer;

17 (ii) Changes to the family composition of the employee;

18 (iii) Changes to the health benefit plan requested by the small  
19 employer; or

20 (iv) Changes in government requirements affecting the health  
21 benefit plan.

22 (g) Rating factors shall produce premiums for identical groups that  
23 differ only by the amounts attributable to plan design, with the  
24 exception of discounts for health improvement programs.

25 (h) For the purposes of this section, a health benefit plan that  
26 contains a restricted network provision shall not be considered similar  
27 coverage to a health benefit plan that does not contain such a  
28 provision, provided that the restrictions of benefits to network  
29 providers result in substantial differences in claims costs. A carrier  
30 may develop its rates based on claims costs due to network provider  
31 reimbursement schedules or type of network. This subsection does not  
32 restrict or enhance the portability of benefits as provided in RCW  
33 48.43.015.

34 (i) Adjusted community rates established under this section shall  
35 pool the medical experience of all groups purchasing coverage,  
36 including the small group participants in the health insurance  
37 partnership established in RCW 70.47A.030. However, annual rate  
38 adjustments for each small group health benefit plan may vary by up to

1 plus or minus four percentage points from the overall adjustment of a  
2 carrier's entire small group pool, such overall adjustment to be  
3 approved by the commissioner, upon a showing by the carrier, certified  
4 by a member of the American academy of actuaries that: (i) The  
5 variation is a result of deductible leverage, benefit design, or  
6 provider network characteristics; and (ii) for a rate renewal period,  
7 the projected weighted average of all small group benefit plans will  
8 have a revenue neutral effect on the carrier's small group pool.  
9 Variations of greater than four percentage points are subject to review  
10 by the commissioner, and must be approved or denied within sixty days  
11 of submittal. A variation that is not denied within sixty days shall  
12 be deemed approved. The commissioner must provide to the carrier a  
13 detailed actuarial justification for any denial within thirty days of  
14 the denial.

15 (4) Nothing in this section shall restrict the right of employees  
16 to collectively bargain for insurance providing benefits in excess of  
17 those provided herein.

18 (5)(a) Except as provided in this subsection, requirements used by  
19 a health maintenance organization in determining whether to provide  
20 coverage to a small employer shall be applied uniformly among all small  
21 employers applying for coverage or receiving coverage from the carrier.

22 (b) A health maintenance organization shall not require a minimum  
23 participation level greater than:

24 (i) One hundred percent of eligible employees working for groups  
25 with three or less employees; and

26 (ii) Seventy-five percent of eligible employees working for groups  
27 with more than three employees.

28 (c) In applying minimum participation requirements with respect to  
29 a small employer, a small employer shall not consider employees or  
30 dependents who have similar existing coverage in determining whether  
31 the applicable percentage of participation is met.

32 (d) A health maintenance organization may not increase any  
33 requirement for minimum employee participation or modify any  
34 requirement for minimum employer contribution applicable to a small  
35 employer at any time after the small employer has been accepted for  
36 coverage.

37 (6) A health maintenance organization must offer coverage to all  
38 eligible employees of a small employer and their dependents. A health

1 maintenance organization may not offer coverage to only certain  
2 individuals or dependents in a small employer group or to only part of  
3 the group. A health maintenance organization may not modify a health  
4 plan with respect to a small employer or any eligible employee or  
5 dependent, through riders, endorsements or otherwise, to restrict or  
6 exclude coverage or benefits for specific diseases, medical conditions,  
7 or services otherwise covered by the plan.

8 NEW SECTION. **Sec. 67.** On or before December 1, 2008, the health  
9 insurance partnership board shall submit a report to the governor and  
10 the legislature that includes an implementation plan to incorporate the  
11 individual and small group health insurance markets into the  
12 partnership program. In preparing the report, the board shall examine  
13 at least the following issues:

14 (1) The impact of these markets being incorporated into the  
15 partnership, with respect to the utilization of services and cost of  
16 health plans offered through the partnership;

17 (2) The impact of applying small group health benefit plan  
18 regulations on access to health services and the cost of coverage for  
19 these markets; and

20 (3) How the composition of the board should be modified to reflect  
21 the incorporation of the individual and small group markets in the  
22 partnership.

23 NEW SECTION. **Sec. 68.** On or before December 1, 2009, the health  
24 insurance partnership board shall submit a report and recommendations  
25 to the governor and the legislature regarding:

26 (1) The risks and benefits of additional markets participating in  
27 the partnership:

28 (a) The report shall examine the following markets:

29 (i) Washington state health insurance pool under chapter 48.41 RCW;

30 (ii) Basic health plan under chapter 70.47 RCW;

31 (iii) Public employees' benefits board enrollees under chapter  
32 41.05 RCW; and

33 (iv) Public school employees; and

34 (b) The report shall examine at least the following issues:

35 (i) The impact of these markets participating in the partnership,

1 with respect to the utilization of services and cost of health plans  
2 offered through the partnership;

3 (ii) Whether any distinction should be made in participation  
4 between active and retired employees enrolled in public employees'  
5 benefits board plans, giving consideration to the implicit subsidy that  
6 nonmedicare-eligible retirees currently benefit from by being pooled  
7 with active employees, and how medicare-eligible retirees would be  
8 affected;

9 (iii) The impact of applying small group health benefit plan  
10 regulations on access to health services and the cost of coverage for  
11 these markets; and

12 (iv) If the board recommends the inclusion of additional markets,  
13 how the composition of the board should be modified to reflect the  
14 participation of these markets; and

15 (2) The risks and benefits of establishing a requirement that  
16 residents of the state of Washington age eighteen and over obtain and  
17 maintain affordable creditable coverage, as defined in the federal  
18 health insurance portability and accountability act of 1996 (42 U.S.C.  
19 Sec. 300gg(c)). The report shall address the question of how a  
20 requirement that residents maintain coverage could be enforced in the  
21 state of Washington.

22 **Sec. 69.** RCW 70.47A.050 and 2006 c 255 s 5 are each amended to  
23 read as follows:

24 Enrollment in the ((small-employer)) health insurance partnership  
25 ((program)) is not an entitlement and shall not result in expenditures  
26 that exceed the amount that has been appropriated for the program in  
27 the operating budget. If it appears that continued enrollment will  
28 result in expenditures exceeding the appropriated level for a  
29 particular fiscal year, the administrator may freeze new enrollment in  
30 the program and establish a waiting list of eligible employees who  
31 shall receive subsidies only when sufficient funds are available.

32 **Sec. 70.** RCW 70.47A.060 and 2006 c 255 s 6 are each amended to  
33 read as follows:

34 The administrator shall adopt all rules necessary for the  
35 implementation and operation of the ((small-employer)) health insurance  
36 partnership ((program)). As part of the rule development process, the

1 administrator shall consult with small employers, carriers, employee  
2 organizations, and the office of the insurance commissioner under Title  
3 48 RCW to determine an effective and efficient method for the payment  
4 of subsidies under this chapter. All rules shall be adopted in  
5 accordance with chapter 34.05 RCW.

6 **Sec. 71.** RCW 70.47A.080 and 2006 c 255 s 8 are each amended to  
7 read as follows:

8 The (~~small-employer~~) health insurance partnership (~~program~~)  
9 account is hereby established in the custody of the state treasurer.  
10 Any nongeneral fund--state funds collected for the (~~small-employer~~)  
11 health insurance partnership (~~program~~) shall be deposited in the  
12 (~~small-employer~~) health insurance partnership (~~program~~) account.  
13 Moneys in the account shall be used exclusively for the purposes of  
14 administering the (~~small-employer~~) health insurance partnership  
15 (~~program~~), including payments to (~~participating managed health care~~  
16 ~~systems~~) insurance carriers on behalf of (~~small-employer~~) health  
17 insurance partnership enrollees. Only the administrator of the health  
18 care authority or his or her designee may authorize expenditures from  
19 the account. The account is subject to allotment procedures under  
20 chapter 43.88 RCW, but an appropriation is not required for  
21 expenditures.

22 NEW SECTION. **Sec. 72.** (1) The office of the insurance  
23 commissioner shall contract for an independent study of health benefit  
24 mandates, rating requirements, and insurance statutes and rules to  
25 determine the impact on premiums and individuals' health if those  
26 statutes or rules were amended or repealed.

27 (2) The office of the insurance commissioner shall submit an  
28 interim report to the governor and appropriate committees of the  
29 legislature by December 1, 2007, and a final report by December 1,  
30 2008.

## 31 PUBLIC HEALTH

32 NEW SECTION. **Sec. 73.** A new section is added to chapter 43.70 RCW  
33 to read as follows:

34 (1) Protecting the public's health across the state is a

1 fundamental responsibility of the state. With any new state funding of  
2 the public health system as provided in section 74 of this act, the  
3 state expects that measurable benefits will be realized to the health  
4 of the residents of Washington. A transparent process that shows the  
5 impact of increased public health spending on performance measures  
6 related to the health outcomes in subsection (2) of this section is of  
7 great value to the state and its residents. In addition, a well-funded  
8 public health system is expected to become a more integral part of the  
9 state's emergency preparedness system.

10 (2) Distributions from the local public health financing account in  
11 section 74 of this act shall deliver the following outcomes, subject to  
12 the availability of amounts appropriated to the account for this  
13 specific purpose:

14 (a) Create a disease response system capable of responding at all  
15 times;

16 (b) Stop the increase in, and reduce, sexually transmitted disease  
17 rates;

18 (c) Reduce vaccine preventable diseases;

19 (d) Build capacity to quickly contain disease outbreaks;

20 (e) Decrease childhood and adult obesity and types I and II  
21 diabetes rates, and resulting kidney failure and dialysis;

22 (f) Increase childhood immunization rates;

23 (g) Improve birth outcomes and decrease child abuse;

24 (h) Reduce animal-to-human disease rates; and

25 (i) Monitor and protect drinking water across jurisdictional  
26 boundaries.

27 (3) Benchmarks for these outcomes shall be drawn from the national  
28 healthy people 2010 goals, other reliable data sets, and any subsequent  
29 national goals.

30 NEW SECTION. **Sec. 74.** A new section is added to chapter 43.70 RCW  
31 to read as follows:

32 (1) The definitions in this subsection apply throughout this  
33 section unless the context clearly requires otherwise.

34 (a) "Base year funding" means the 2007 budgeted amount of local  
35 funding for public health functions passed through ordinance by each  
36 county by December 31, 2006.

1 (b) "Core public health functions of statewide significance" or  
2 "public health functions" means health services that:

3 (i) Address: Communicable disease prevention and response;  
4 preparation for, and response to, public health emergencies caused by  
5 pandemic disease, earthquake, flood, or terrorism; prevention and  
6 management of chronic diseases and disabilities; promotion of healthy  
7 families and the development of children; assessment of local health  
8 conditions, risks, and trends, and evaluation of the effectiveness of  
9 intervention efforts; and environmental health concerns;

10 (ii) Promote uniformity in the public health activities conducted  
11 by all local health jurisdictions in the public health system, increase  
12 the overall strength of the public health system, or apply to broad  
13 public health efforts; and

14 (iii) If left neglected or inadequately addressed, are reasonably  
15 likely to have a significant adverse impact on counties beyond the  
16 borders of the local health jurisdiction.

17 (c) "Local funding" means discretionary local resources for public  
18 health functions, including amounts from general and special revenue  
19 funds, but excluding amounts received from fees and licenses and other  
20 user fee types of payments for service. "Local funding" does not  
21 include payments received from the state or federal government.

22 (d) "Local health jurisdiction" or "jurisdiction" means a county  
23 board of health organized under chapter 70.05 RCW, a health district  
24 organized under chapter 70.46 RCW, or a combined city and county health  
25 department organized under chapter 70.08 RCW.

26 (e) "Population" means the most recent population estimates by the  
27 office of financial management for state revenue allocations.

28 (2) The local public health financing account is created in the  
29 state treasury. Expenditures from the account must be used for the  
30 purposes specified in subsections (3) and (4) of this section, except  
31 for such moneys appropriated to the department of health for the  
32 purpose of conducting its responsibilities under sections 75, 76, and  
33 78 of this act.

34 (3) During the month of January 2008, and during the month of each  
35 January thereafter, the state treasurer shall distribute from the local  
36 public health financing account any amounts in the account up to a  
37 maximum of five million four hundred twenty-five thousand dollars to be

1 shared equally amongst all local health jurisdictions to address core  
2 public health functions of statewide significance.

3 (4) During the month of January 2008, and during the first month of  
4 each fiscal quarter thereafter, the state treasurer, in consultation  
5 with the department of revenue or the department of health, as  
6 necessary, shall distribute money in the local public health financing  
7 account as provided in this subsection. The distributions under this  
8 subsection (4) are subsequent to the distribution under subsection (3)  
9 of this section.

10 Appropriated funds remaining following the distribution of moneys  
11 under subsection (3) of this section must be apportioned to local  
12 health jurisdictions in the manner provided in this subsection (4).  
13 The apportionment factor for each jurisdiction is the population of the  
14 jurisdiction's county as a percentage of the statewide population for  
15 the prior calendar year. For two or more counties that have jointly  
16 created a health district under chapter 70.46 RCW, the combined  
17 population of all counties comprising the health district must be used.  
18 Money received by a jurisdiction under this subsection (4) must be used  
19 to fund core public health functions of statewide significance, and  
20 until July 1, 2008, money shall be used to fund only known deficiencies  
21 in core public health functions of statewide significance of the  
22 jurisdiction.

23 (5) To receive distributions under subsections (3) and (4) of this  
24 section in calendar year 2010 and thereafter, total local funding spent  
25 by the jurisdiction on public health functions in the calendar year  
26 prior to the previous calendar year must have equaled or exceeded base  
27 year funding. The department of health shall notify the state  
28 treasurer to discontinue distributions if the jurisdiction does not  
29 meet this requirement.

30 (6) In the event of an extraordinary financial circumstance beyond  
31 the control of a county that results in funding for local public health  
32 functions being reduced to an amount lower than the base year funding,  
33 the county may petition the secretary for a waiver from the local  
34 funding requirement in subsection (5) of this section. The secretary,  
35 after reviewing the county's petition and determining that the local  
36 funding reduction is necessary, may grant the county a waiver from the  
37 requirements of subsection (5) of this section. In order for the

1 waiver to continue beyond one calendar year, the county must  
2 demonstrate to the secretary that an effort is being made to restore  
3 funding to the base year funding level.

4 (7) The department may adopt rules necessary to administer this  
5 section.

6 NEW SECTION. **Sec. 75.** A new section is added to chapter 43.70 RCW  
7 to read as follows:

8 (1) The department shall accomplish the tasks included in  
9 subsection (2) of this section by utilizing the expertise of varied  
10 interests, as provided in this subsection.

11 (a) In addition to the perspectives of local health jurisdictions,  
12 the state board of health, the Washington health foundation, and  
13 department staff that are currently engaged in development of the  
14 public health services improvement plan under RCW 43.70.520, the  
15 secretary shall actively engage:

16 (i) Individuals or entities with expertise in the development of  
17 performance measures, accountability and systems management, such as  
18 the University of Washington school of public health and community  
19 medicine, and experts in the development of evidence-based medical  
20 guidelines or public health practice guidelines; and

21 (ii) Individuals or entities who will be impacted by performance  
22 measures developed under this section and have relevant expertise, such  
23 as community clinics, public health nurses, large employers, tribal  
24 health providers, family planning providers, and physicians.

25 (b) In developing the performance measures, consideration shall be  
26 given to levels of performance necessary to promote uniformity in core  
27 public health functions of statewide significance among all local  
28 health jurisdictions, best scientific evidence, national standards of  
29 performance, and innovations in public health practice. The  
30 performance measures shall be developed to meet the goals and outcomes  
31 in section 1 of this act. The office of the state auditor shall  
32 provide advice and consultation to the committee to assist in the  
33 development of effective performance measures and health status  
34 indicators.

35 (c) On or before November 1, 2007, the experts assembled under this  
36 section shall provide recommendations to the secretary related to the  
37 activities and services that qualify as core public health functions of

1 statewide significance and performance measures. The secretary shall  
2 provide written justification for any departure from the  
3 recommendations.

4 (2) By January 1, 2008, the department shall:

5 (a) Adopt a prioritized list of activities and services performed  
6 by local health jurisdictions that qualify as core public health  
7 functions of statewide significance as defined in section 74 of this  
8 act; and

9 (b) Adopt appropriate performance measures with the intent of  
10 improving health status indicators applicable to the core public health  
11 functions of statewide significance that local health jurisdictions  
12 must provide pursuant to section 74 of this act.

13 (3) The secretary may revise the list of activities and the  
14 performance measures in future years as appropriate. Prior to  
15 modifying either the list or the performance measures, the secretary  
16 must provide a written explanation of the rationale for such changes.

17 (4) The department and the local health jurisdictions shall abide  
18 by the prioritized list of activities and services and the performance  
19 measures developed pursuant to this section.

20 (5) The department, in consultation with representatives of county  
21 governments, shall provide local jurisdictions with financial  
22 incentives to encourage and increase local investments in core public  
23 health functions. The local jurisdictions shall not supplant existing  
24 local funding with such state-incented resources.

25 NEW SECTION. **Sec. 76.** A new section is added to chapter 43.70 RCW  
26 to read as follows:

27 Beginning November 15, 2009, the department shall report to the  
28 legislature and the governor annually on the distribution of funds  
29 under section 74 of this act and the use of those funds. The initial  
30 report must discuss the performance measures adopted by the secretary  
31 and any impact the funding in this act has had on local health  
32 jurisdiction performance and health status indicators. Future reports  
33 shall evaluate trends in performance over time and the effects of  
34 expenditures on performance over time.

35 **Sec. 77.** RCW 43.70.520 and 1993 c 492 s 467 are each amended to  
36 read as follows:

1 (1) The legislature finds that the public health functions of  
2 community assessment, policy development, and assurance of service  
3 delivery are essential elements in achieving the objectives of health  
4 reform in Washington state. The legislature further finds that the  
5 population-based services provided by state and local health  
6 departments are cost-effective and are a critical strategy for the  
7 long-term containment of health care costs. The legislature further  
8 finds that the public health system in the state lacks the capacity to  
9 fulfill these functions consistent with the needs of a reformed health  
10 care system. The legislature further finds that public health nurses  
11 and nursing services are an essential part of our public health system,  
12 delivering evidence-based care and providing core services including  
13 prevention of illness, injury, or disability; the promotion of health;  
14 and maintenance of the health of populations.

15 (2) The department of health shall develop, in consultation with  
16 local health departments and districts, the state board of health, the  
17 health services commission, area Indian health service, and other state  
18 agencies, health services providers, and citizens concerned about  
19 public health, a public health services improvement plan. The plan  
20 shall provide a detailed accounting of deficits in the core functions  
21 of assessment, policy development, assurance of the current public  
22 health system, how additional public health funding would be used, and  
23 describe the benefits expected from expanded expenditures.

24 (3) The plan shall include:

25 (a) Definition of minimum standards for public health protection  
26 through assessment, policy development, and assurances:

27 (i) Enumeration of communities not meeting those standards;

28 (ii) A budget and staffing plan for bringing all communities up to  
29 minimum standards;

30 (iii) An analysis of the costs and benefits expected from adopting  
31 minimum public health standards for assessment, policy development, and  
32 assurances;

33 (b) Recommended strategies and a schedule for improving public  
34 health programs throughout the state, including:

35 (i) Strategies for transferring personal health care services from  
36 the public health system, into the uniform benefits package where  
37 feasible; and

1           (ii) ~~((Timing of increased funding for public health services~~  
2 ~~linked to specific objectives for improving public health))~~ Linking  
3 funding for public health services to performance measures that relate  
4 to achieving improved health outcomes; and

5           (c) A recommended level of dedicated funding for public health  
6 services to be expressed in terms of a percentage of total health  
7 service expenditures in the state or a set per person amount; such  
8 recommendation shall also include methods to ensure that such funding  
9 does not supplant existing federal, state, and local funds received by  
10 local health departments, and methods of distributing funds among local  
11 health departments.

12           (4) The department shall coordinate this planning process with the  
13 study activities required in section 258, chapter 492, Laws of 1993.

14           (5) By March 1, 1994, the department shall provide initial  
15 recommendations of the public health services improvement plan to the  
16 legislature regarding minimum public health standards, and public  
17 health programs needed to address urgent needs, such as those cited in  
18 subsection (7) of this section.

19           (6) By December 1, 1994, the department shall present the public  
20 health services improvement plan to the legislature, with specific  
21 recommendations for each element of the plan to be implemented over the  
22 period from 1995 through 1997.

23           (7) Thereafter, the department shall update the public health  
24 services improvement plan for presentation to the legislature prior to  
25 the beginning of a new biennium.

26           (8) Among the specific population-based public health activities to  
27 be considered in the public health services improvement plan are:  
28 Health data assessment and chronic and infectious disease surveillance;  
29 rapid response to outbreaks of communicable disease; efforts to prevent  
30 and control specific communicable diseases, such as tuberculosis and  
31 acquired immune deficiency syndrome; health education to promote  
32 healthy behaviors and to reduce the prevalence of chronic disease, such  
33 as those linked to the use of tobacco; access to primary care in  
34 coordination with existing community and migrant health clinics and  
35 other not for profit health care organizations; programs to ensure  
36 children are born as healthy as possible and they receive immunizations  
37 and adequate nutrition; efforts to prevent intentional and  
38 unintentional injury; programs to ensure the safety of drinking water

1 and food supplies; poison control; trauma services; and other  
2 activities that have the potential to improve the health of the  
3 population or special populations and reduce the need for or cost of  
4 health services.

5 NEW SECTION. **Sec. 78.** A new section is added to chapter 43.70 RCW  
6 to read as follows:

7 (1) Each local health jurisdiction shall submit to the secretary  
8 such data as the secretary determines is necessary to allow the  
9 secretary to assess whether the local health jurisdiction has used the  
10 funds in a manner consistent with achieving the performance measures in  
11 section 75 of this act.

12 (2) If the secretary determines that the data submitted  
13 demonstrates that the local health jurisdiction is not spending the  
14 funds in a manner consistent with achieving the performance measures,  
15 the secretary shall:

16 (a) Provide a report to the governor identifying the local health  
17 jurisdiction and the specific items that the secretary identified as  
18 inconsistent with achieving the performance measures; and

19 (b) Require that the local health jurisdiction submit a plan of  
20 correction to the secretary within sixty days of receiving notice from  
21 the secretary, which explains the measures that the jurisdiction will  
22 take to resume spending funds in a manner consistent with achieving the  
23 performance measures. The secretary shall provide technical assistance  
24 to the local health jurisdiction to support the jurisdiction in  
25 successfully completing the activities included in the plan of  
26 correction.

27 (3) Upon a determination by the secretary that a local health  
28 jurisdiction that had previously been identified as not spending the  
29 funds in a manner consistent with achieving the performance measures  
30 has resumed consistency, the secretary shall notify the governor that  
31 the jurisdiction has returned to consistent status.

32 (4) Any local health jurisdiction that has not resumed spending  
33 funds in a manner consistent with achieving the performance measures  
34 within one year of the secretary reporting the jurisdiction to the  
35 governor shall be precluded from receiving any funds from the local  
36 public health financing account established in section 74 of this act.  
37 Funds may resume once the local health jurisdiction has demonstrated to

1 the satisfaction of the secretary that it has returned to consistent  
2 status. The secretary shall inform the state treasurer of any  
3 determinations by the secretary regarding the eligibility status of a  
4 local health jurisdiction to receive funds from the local public health  
5 financing account.

6 **Sec. 79.** RCW 70.48.130 and 1993 c 409 s 1 are each amended to read  
7 as follows:

8 It is the intent of the legislature that all jail inmates receive  
9 appropriate and cost-effective emergency and necessary medical care.  
10 Governing units, the department of social and health services, and  
11 medical care providers shall cooperate to achieve the best rates  
12 consistent with adequate care.

13 Payment for emergency or necessary health care shall be by the  
14 governing unit, except that the department of social and health  
15 services shall directly reimburse the provider pursuant to chapter  
16 74.09 RCW, in accordance with the rates and benefits established by the  
17 department, if the confined person is eligible under the department's  
18 medical care programs as authorized under chapter 74.09 RCW. After  
19 payment by the department, the financial responsibility for any  
20 remaining balance, including unpaid client liabilities that are a  
21 condition of eligibility or participation under chapter 74.09 RCW,  
22 shall be borne by the medical care provider and the governing unit as  
23 may be mutually agreed upon between the medical care provider and the  
24 governing unit. In the absence of mutual agreement between the medical  
25 care provider and the governing unit, the financial responsibility for  
26 any remaining balance shall be borne equally between the medical care  
27 provider and the governing unit. Total payments from all sources to  
28 providers for care rendered to confined persons eligible under chapter  
29 74.09 RCW shall not exceed the amounts that would be paid by the  
30 department for similar services provided under Title XIX medicaid,  
31 unless additional resources are obtained from the confined person.

32 As part of the screening process upon booking or preparation of an  
33 inmate into jail, general information concerning the inmate's ability  
34 to pay for medical care shall be identified, including insurance or  
35 other medical benefits or resources to which an inmate is entitled.  
36 This information shall be made available to the department, the  
37 governing unit, and any provider of health care services.

1 The governing unit or provider may obtain reimbursement from the  
2 confined person for the cost of health care services not provided under  
3 chapter 74.09 RCW, including reimbursement from any insurance program  
4 or from other medical benefit programs available to the confined  
5 person. Nothing in this chapter precludes civil or criminal remedies  
6 to recover the costs of medical care provided jail inmates or paid for  
7 on behalf of inmates by the governing unit. As part of a judgment and  
8 sentence, the courts are authorized to order defendants to repay all or  
9 part of the medical costs incurred by the governing unit or provider  
10 during confinement.

11 To the extent that a confined person is unable to be financially  
12 responsible for medical care and is ineligible for the department's  
13 medical care programs under chapter 74.09 RCW, or for coverage from  
14 private sources, and in the absence of an interlocal agreement or other  
15 contracts to the contrary, the governing unit may obtain reimbursement  
16 for the cost of such medical services from the unit of government  
17 (~~whose law enforcement officers~~) that initiated the charges on which  
18 the person is being held in the jail: PROVIDED, That reimbursement for  
19 the cost of such services shall be by the state for state prisoners  
20 being held in a jail who are accused of either escaping from a state  
21 facility or of committing an offense in a state facility. If a  
22 confined person is unable to be financially responsible for medical  
23 care and is ineligible for the department's medical care programs under  
24 chapter 74.09 RCW, the rate charged for any medical care provided by a  
25 health care provider shall not exceed one hundred sixty percent of the  
26 medicaid rates for such service.

27 There shall be no right of reimbursement to the governing unit from  
28 units of government (~~whose law enforcement officers~~) that initiated  
29 the charges for which a person is being held in the jail for care  
30 provided after the charges are disposed of by sentencing or otherwise,  
31 unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

32 Under no circumstance shall necessary medical services be denied or  
33 delayed because of disputes over the cost of medical care or a  
34 determination of financial responsibility for payment of the costs of  
35 medical care provided to confined persons.

36 Nothing in this section shall limit any existing right of any  
37 party, governing unit, or unit of government against the person  
38 receiving the care for the cost of the care provided.

1        NEW SECTION.   **Sec. 87.**   Sections 58 through 63 of this act are  
2 necessary for the immediate preservation of the public peace, health,  
3 or safety, or support of the state government and its existing public  
4 institutions, and take effect July 1, 2007.

5        NEW SECTION.   **Sec. 88.**   Section 79 of this act expires June 30,  
6 2009."
