WITHDRAWN 4/12/2007

1 On page 10, beginning on line 22, strike all of subsections
2 (5), (6), and (7).

3 Renumber the remaining subsections consecutively and correct
4 internal references accordingly.

EFFECT:

Removes the requirement that the Utilities and Transportation Commission review, upon request, the appropriateness of an investor-owned utility's decision to acquire electrical generation or enter into a power purchase agreement for electricity that complies with the greenhouse gases emission performance standard.

Removes the requirement that the Utilities and Transportation Commission adopt policies to allow investor-owned utilities to receive an incremental two percent rate of return on common equity for investments in distributed generation and energy efficiency.

Removes provisions that allow an investor-owned utility to engage in deferred accounting for costs incurred in connections with a long-term financial commitment.
