Background:

The programs and agencies of state government are funded on a two-year basis, with each biennium beginning on July 1 of each odd-numbered year. The Capital Budget includes appropriations for the acquisition, construction, and repair of capital assets such as state office buildings, prisons, juvenile rehabilitation centers, residential habilitation centers, mental health facilities, public health facilities, military readiness centers, and higher education facilities. The Capital Budget funds a variety of environmental and natural resource projects, parks and recreational facilities, grants for public K-12 school construction, and has a number of grant and loan programs that support housing, public infrastructure, community service facilities, and art and historical projects.

The sources of funding for the Capital Budget primarily are state general obligation bonds, trust revenues, and dedicated fees and taxes.

Summary of Engrossed Substitute Bill:

The 2007-09 Capital Budget authorizes \$4.2 billion in new capital projects, of which \$2.1 billion are financed with new state general obligation bonds. Reappropriations of \$2.3 billion are authorized for incompleting projects approved in prior biennia. State agencies are also authorized to enter into a variety of alternative financing contracts.

The 2007 Supplemental Capital Budget authorizes \$5.6 million from new state general obligation bonds.

Appropriation: The sum of \$4.16 billion in new appropriations and \$2.6 billion in reappropriations for the 2007-09 Capital Budget. The sum of \$5.6 million in new appropriations for the 2007 Supplemental Capital Budget.

Fiscal Note: Not requested.

Effective Date: The bill contains an emergency clause and takes effect immediately, except for section 6032, relating to higher education facility maintenance, which takes effect July 1, 2007 and section 6034, relating to the Public Works Assistance Account, which takes effect June 30, 2011.
