Hearing Date: 2/7/07

Staff: Tracey Taylor (786-7196).

Background:

A public facilities district (PFD) may be created upon adoption of a resolution by the legislative authority in which the proposed district is located. A PFD is a municipal corporation, and independent taxing authority within the meaning of Article VII, Section 1 of the State Constitution, and a taxing district within the meaning of Article VII, Section 2 of the State Constitution. A PFD is a body corporate and possesses all the usual powers of a corporation for public purposes or specially conferred by statute.

A PFD is authorized to acquire, construct, own, remodel, maintain, equip, reequip, repair, and operate sports facilities, entertainment facilities, convention facilities or regional centers, together with contiguous parking facilities. In addition to existing authorities, public facilities districts formed after January 1, 2000, may acquire, construct, maintain, and operate recreation facilities other than ski areas.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

The districts formed prior to 2002 may impose a 0.033 percent sales tax that is deducted from the state sales tax and is not an increase to taxpayers. A PFD also may levy a 0.2 percent sales tax and a 2 percent lodging tax if approved by a majority of voters in the district. A PFD may also levy an admission charge, not to exceed 1 cent for every 20 cents charged for admission. An admission charge includes charges made for season tickets or subscriptions, a cover charge, food and beverage charges, rental or use charges for the equipment and/or facilities, and automobile charge based on the number of passengers in the vehicle. A PFD may also impose parking charges.

Summary of Bill:

A PFD created by a city, town, or county in a county before June 30, 2009, may impose an additional sales and use tax for the construction, improvement or rehabilitation of a regional center to be used for community events, and artistic, musical, theatrical, or other cultural exhibitions, presentations, or performances and having 2,000 or fewer permanent seats. The construction of a new regional center or the improvement or rehabilitation of an existing regional center must begin prior to January 1, 2009, and the PFD must be located in a county with a population of less than 300,000.

The public facilities additional sales and use tax may not exceed 0.033 percent and cannot be imposed prior to July 1, 2007. The public facilities sales and use tax must be deducted from the amount of sales and use tax due to the Department of Revenue. The sales and use tax expires on the earlier of: (a) the date when the bonds issued for the construction of the regional center and related parking garage are retired; or (b) after 20 years.
