### SB 5313

**Brief Description:** Establishing the retirement age for members of the Washington state patrol retirement system.

**Sponsors:** Senators Haugen, Schoesler, Kilmer, Hatfield, Shin and Rasmussen.

Brief Summary of Bill
<ul style="list-style-type: none"><li>Increases the mandatory retirement age for members of the Washington State Patrol Retirement System from age 60 to age 65.</li></ul>

**Hearing Date:** 3/28/07

**Staff:** David Pringle (786-7310).

**Background:**

The Washington State Patrol Retirement System (WSPRS) provides retirement benefits to the 1,022 active and 792 retired commissioned officers of the Washington State Patrol. There are two tiers of benefits within the WSPRS, one for officers commissioned before January 1, 2003, and another for those commissioned on or after January 1, 2003.

There are a variety of differences between the two tiers of benefits in WSPRS, including the period over which average salary is calculated and credit for prior military service credit; however, members of both benefit tiers are eligible to retire at either age 55 or with 25 years of service credit. Any member except the Chief of the Washington State Patrol must retire on the first day of the calendar month following the month that he or she reaches 60 years of age.

For members of WSPRS tier 1, also referred to as Plan 1, a member who earns 25 years of service credit is eligible for up to five years of military service credit for periods served prior to the member's WSPRS service. At retirement, a Plan 1 member eligible for this prior military service credit adds these years to the years of WSPRS service that are then multiplied by 2 percent of a member's average final salary to calculate the member's benefit. Members of WSPRS tier 2 or Plan 2 are not eligible for this prior, or non-interruptive military service credit benefit.
