
HOUSE BILL 1605

State of Washington 60th Legislature 2007 Regular Session

By Representatives Eickmeyer, Haigh, Upthegrove, Blake, Lantz, Seaquist, Linville, Chase, Pedersen, Morris, Wood and Rolfes

Read first time 01/24/2007. Referred to Committee on Select Committee on Puget Sound.

1 AN ACT Relating to the effect of extension of sewer services in
2 aquatic rehabilitation zone one; and adding a new section to chapter
3 36.70A RCW.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** A new section is added to chapter 36.70A RCW
6 to read as follows:

7 (1) In aquatic rehabilitation zone one established in RCW
8 90.88.010, the development of one or more systems of sewerage as
9 defined in RCW 35.67.010 and 36.94.010 or the extension of an existing
10 system of sewerage to serve areas outside a designated urban growth
11 area is permitted when such a development or extension serves:

12 (a) A marine recovery area created in accordance with chapter
13 70.118A RCW;

14 (b) A shellfish protection district created in accordance with
15 chapter 90.72 RCW; or

16 (c) A defined geographic area determined by the secretary of health
17 under RCW 43.70.170 to be a threat to the public health.

18 (2) When a system of sewerage is developed or expanded under
19 subsection (1) of this section, it must comply with the intent of RCW

1 36.70A.110(4) by limiting its service capacity to that which will
2 accommodate only parcels of record on the date the pertinent marine
3 recovery area, shellfish protection district, or public health threat
4 area was created.

5 (3) For purposes of this chapter, the development or extension of
6 a system of sewerage outside an existing urban growth area does not
7 provide a basis for designation of that area as urban, nor does it
8 provide a basis for rezoning of the served area to allow development at
9 a greater density than that which existed before the system of sewerage
10 was created.
