PART II  
HUMAN SERVICES

Sec. 201. 2007 c 522 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1)**

Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

(4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP), the department may combine and transfer such medicaid funds

1 appropriated under sections 204, 206, 208, and 209 of this act as may  
2 be necessary to finance a unified health care plan for the WMIP program  
3 enrollment. The WMIP pilot projects shall not exceed a daily  
4 enrollment of 13,000 persons during the 2007-2009 biennium. The amount  
5 of funding assigned to the pilot projects from each program may not  
6 exceed the average per capita cost assumed in this act for individuals  
7 covered by that program, actuarially adjusted for the health condition  
8 of persons enrolled in the pilot project, times the number of clients  
9 enrolled in the pilot project. In implementing the WMIP pilot  
10 projects, the department may: (a) Withhold from calculations of  
11 "available resources" as set forth in RCW 71.24.025 a sum equal to the  
12 capitated rate for individuals enrolled in the pilots; and (b) employ  
13 capitation financing and risk-sharing arrangements in collaboration  
14 with health care service contractors licensed by the office of the  
15 insurance commissioner and qualified to participate in both the  
16 medicaid and medicare programs. The department shall conduct an  
17 evaluation of the WMIP, measuring changes in participant health  
18 outcomes, changes in patterns of service utilization, participant  
19 satisfaction, participant access to services, and the state fiscal  
20 impact.

21 (5)(a) The appropriations to the department of social and health  
22 services in this act shall be expended for the programs and in the  
23 amounts specified in this act. However, after May 1, 2008, unless  
24 specifically prohibited by this act, the department may transfer  
25 general fund--state appropriations for fiscal year 2008 among programs  
26 after approval by the director of financial management. However, the  
27 department shall not transfer state moneys that are provided solely for  
28 a specified purpose except as expressly provided in (b) of this  
29 subsection.

30 (b) To the extent that transfers under (a) of this subsection are  
31 insufficient to fund actual expenditures in excess of fiscal year 2008  
32 caseload forecasts and utilization assumptions in the medical  
33 assistance, long-term care, foster care, adoption support, and child  
34 support programs, the department may transfer state moneys that are  
35 provided solely for a specified purpose. The department shall not  
36 transfer funds, and the director of financial management shall not  
37 approve the transfer, unless the transfer is consistent with the  
38 objective of conserving, to the maximum extent possible, the

1 expenditure of state funds. The director of financial management shall  
2 notify the appropriate fiscal committees of the senate and house of  
3 representatives in writing seven days prior to approving any allotment  
4 modifications or transfers under this subsection. The written  
5 notification shall include a narrative explanation and justification of  
6 the changes, along with expenditures and allotments by budget unit and  
7 appropriation, both before and after any allotment modifications or  
8 transfers.

3 ~~payment limit specified for the regional support network in the~~  
4 ~~department's medicaid waiver agreement with the federal government~~

9 ~~(f))~~ At least \$902,000 of the federal block grant funding

30 funded under the projects authorized in this subsection.

31 ~~((i))~~ (h) The department is authorized to continue to expend  
32 federal block grant funds and special purpose federal grants through  
33 direct contracts, rather than through contracts with regional support  
34 networks, and to allocate such funds through such formulas as it shall  
35 adopt.

36 ~~((j))~~ (i) The department is authorized to continue to contract

21 These funds will be used to enhance community residential and support  
22 services provided by regional support networks through other state and  
23 federal funding.

24        ~~((m) \$2,979,000)~~ (l) \$2,981,000 of the general fund--state

31 hospital's inpatient psychiatric payment rate would have been set at a  
32 percentage of that hospital's estimated per diem cost for psychiatric  
33 inpatient care during the most recent rebasing year. Within the amount  
34 provided in this subsection (l)(m), beginning August 1, 2007, each  
35 hospital's inpatient psychiatric payment rate shall instead be set at  
36 the greater of a percentage of: (i) The hospital's estimated per diem  
37 cost for psychiatric inpatient care during the most recent rebasing  
38 year; or (ii) the statewide average per diem cost for psychiatric

1 inpatient care during the most recent rebasing year, adjusted for  
2 regional wage differences and for differences in medical education  
3 costs. At least thirty days prior to implementing adjustments to  
4 regional support network medicaid capitation rates and nonmedicaid  
5 allocations to account for changes in psychiatric inpatient payment  
6 rates, the department shall report on the proposed adjustments to the  
7 appropriations committee of the house of representatives and the ways  
8 and means committee of the senate.

9 ~~((n))~~ (m) \$6,267,000 of the general fund--state appropriation for  
10 fiscal year 2008 and \$6,462,000 of the general fund--~~((federal))~~ state  
11 appropriation for fiscal year 2009 are provided solely to increase

15 inpatient rate. At least thirty days prior to implementing adjustments  
16 to regional support network medicaid capitation rates and nonmedicaid  
17 allocations to account for changes in psychiatric inpatient payment

26 nonmedicaid allocations by 3.0 percent effective July 1, 2007, and by  
27 an additional 3.0 percent effective July 1, 2008. The federal portion  
28 of these rate increases is contingent upon federal approval. (i) The  
29 legislature intends and expects that regional support networks and  
30 community mental health agencies will use at least 67 percent of the  
31 amounts provided in this subsection(1)(o) to increase compensation for  
32 direct care personnel above and beyond usual and customary wage  
33 increases. To this end, regional support networks shall report to the  
34 department by October 15, 2007, on planned uses of the rate increases  
35 within their network area. The report shall describe the direct care  
36 job classifications to which increases are to be provided; the number  
37 of full-time equivalent personnel employed in each classification; the  
38 annualized dollar and percentage increases to be provided each

1 classification; the annualized dollar value of the direct care  
2 compensation increases provided, in total and as a percentage of the  
3 total rate increase; and the number of personnel in each job  
4 classification covered by a collective bargaining agreement. The  
5 department shall summarize and analyze the regional plans, and report  
6 findings, options, and recommendations to the legislature by December  
7 1, 2007. (ii) Regional support networks shall maintain documentation  
8 of how the rate increases have been applied. Such documentation shall  
9 be subject to audit by the department. (iii) For purposes of this

18 appropriation for fiscal year 2009 are provided solely for the  
19 implementation of Substitute House Bill No. 1456 (mental health  
20 professionals). If the bill is not enacted by June 30, 2007, the  
21 amounts provided in this subsection shall lapse. For purposes of  
22 organizing and delivering training as required by the bill, the  
23 department may retain up to fifteen percent of the amount appropriated  
24 for fiscal year 2008, and up to ten percent of the amount appropriated  
25 for fiscal year 2009. The remainders shall be distributed to regional  
26 support networks proportional to each network's percentage of the total  
27 state population.

28 (p) \$3,236,000 of the general fund--state appropriation for fiscal

34 time funding while a replacement regional support network is being  
35 secured. The department is authorized to reserve \$402,000 general  
36 fund--state and \$201,000 general fund--local of these amounts for  
37 reasonable costs incurred by Pierce county under the provision of

1 levels contracted by the department. In order to receive these funds,  
2 Pierce county must demonstrate to the department that the total cost of  
3 mental health services provided by the county in accordance with formal  
4 agreements has exceeded the revenues received from the department and  
5 third party payers for these services. The department shall determine  
6 the documentation that is required.

7 (q) \$593,000 of the general fund--state appropriation for fiscal  
8 year 2008 and \$1,780,000 of the general fund--state appropriation for  
9 fiscal year 2009 are solely to provide long term involuntary treatment

1 TOTAL APPROPRIATION . . . . . ((~~\$8,312,963,000~~))  
2 \$8,447,781,000

3 The appropriations in this section are subject to the following  
4 conditions and limitations:

5 (1) Based on quarterly expenditure reports and caseload forecasts,  
6 if the department estimates that expenditures for the medical  
7 assistance program will exceed the appropriations, the department shall  
8 take steps including but not limited to reduction of rates or  
9 elimination of optional services to reduce expenditures so that total  
10 program costs do not exceed the annual appropriation authority.

11 (2) In determining financial eligibility for medicaid-funded  
12 services, the department is authorized to disregard recoveries by  
13 Holocaust survivors of insurance proceeds or other assets, as defined  
14 in RCW 48.104.030.

15 (3) Sufficient amounts are appropriated in this section for the  
16 department to continue podiatry services for medicaid-eligible adults.

17 (4) Sufficient amounts are appropriated in this section for the  
18 department to provide an adult dental benefit that is at least  
19 equivalent to the benefit provided in the 2003-05 biennium.

20 (5) In accordance with RCW 74.46.625, \$6,000,000 of the general  
21 fund--federal appropriation is provided solely for supplemental  
22 payments to nursing homes operated by public hospital districts. The  
23 public hospital district shall be responsible for providing the  
24 required nonfederal match for the supplemental payment, and the  
25 payments shall not exceed the maximum allowable under federal rules.  
26 It is the legislature's intent that the payments shall be supplemental  
27 to and shall not in any way offset or reduce the payments calculated  
28 and provided in accordance with part E of chapter 74.46 RCW. It is the  
29 legislature's further intent that costs otherwise allowable for rate-  
30 setting and settlement against payments under chapter 74.46 RCW shall  
31 not be disallowed solely because such costs have been paid by revenues  
32 retained by the nursing home from these supplemental payments. The  
33 supplemental payments are subject to retrospective interim and final  
34 cost settlements based on the nursing homes' as-filed and final  
35 medicare cost reports. The timing of the interim and final cost  
36 settlements shall be at the department's discretion. During either the  
37 interim cost settlement or the final cost settlement, the department  
38 shall recoup from the public hospital districts the supplemental

1 payments that exceed the medicaid cost limit and/or the medicare upper  
2 payment limit. The department shall apply federal rules for  
3 identifying the eligible incurred medicaid costs and the medicare upper  
4 payment limit.

5 (6) \$1,111,000 of the health services account appropriation for  
6 fiscal year 2008, \$1,110,000 of the health services account  
7 appropriation for fiscal year 2009, \$5,402,000 of the general fund--  
8 federal appropriation, \$1,590,000 of the general fund--state  
9 appropriation for fiscal year 2008, and \$1,591,000 of the general  
10 fund--state appropriation for fiscal year 2009 are provided solely for  
11 grants to rural hospitals. The department shall distribute the funds  
12 under a formula that provides a relatively larger share of the  
13 available funding to hospitals that (a) serve a disproportionate share  
14 of low-income and medically indigent patients and (b) have relatively  
15 smaller net financial margins, to the extent allowed by the federal  
16 medicaid program.

17 (7) \$10,546,000 of the health services account appropriation for  
18 fiscal year 2008, \$10,546,000 of the health services account--state  
19 appropriation for fiscal year 2009, and \$19,725,000 of the general  
20 fund--federal appropriation are provided solely for grants to nonrural  
21 hospitals. The department shall distribute the funds under a formula  
22 that provides a relatively larger share of the available funding to  
23 hospitals that (a) serve a disproportionate share of low-income and  
24 medically indigent patients and (b) have relatively smaller net  
25 financial margins, to the extent allowed by the federal medicaid  
26 program.

27 (8) The department shall continue the inpatient hospital certified  
28 public expenditures program for the 2007-2009 biennium. The program  
29 shall apply to all public hospitals, including those owned or operated  
30 by the state, except those classified as critical access hospitals or  
31 state psychiatric institutions. The department shall submit ((a))  
32 reports to the governor and legislature by November 1, 2007, and by  
33 November 1, 2008, that evaluate((s)) whether savings continue to exceed  
34 costs for this program. If the certified public expenditures program  
35 in its current form is no longer cost-effective to maintain, the  
36 department shall submit a report to the governor and legislature  
37 detailing cost-effective alternative uses of local, state, and federal  
38 resources as a replacement for this program. During fiscal year 2008

1 and fiscal year 2009, hospitals in the program shall be paid and shall  
2 retain (a) one hundred percent of the federal portion of the allowable  
3 hospital cost for each medicaid inpatient fee-for-service claim payable  
4 by medical assistance; and (b) one hundred percent of the federal  
5 portion of the maximum disproportionate share hospital payment  
6 allowable under federal regulations. Inpatient medicaid payments shall  
7 be established using an allowable methodology that approximates the  
8 cost of claims submitted by the hospitals. Payments made to each  
9 hospital in the program in each fiscal year of the biennium shall be  
10 compared to a baseline amount that is the total of (a) the total  
11 payment for claims for services rendered during the fiscal year  
12 calculated according to the methodology employed by the legislature in  
13 the omnibus appropriations act for implementation in fiscal year 2008  
14 and (b) disproportionate share hospital payment amounts paid to and  
15 retained by each hospital during fiscal year 2005 that pertain to  
16 fiscal year 2005. If payments during the fiscal year exceed the  
17 hospital's baseline amount, no additional payments will be made to the  
18 hospital except the federal portion of allowable disproportionate share  
19 hospital payments for which the hospital can certify allowable match.  
20 If payments during the fiscal year are less than the baseline amount,  
21 the hospital will be paid a state grant equal to the difference between  
22 payments during the fiscal year and the applicable baseline amount.  
23 Payment of the state grant shall be made in the applicable fiscal year  
24 and is subject to an interim (~~cost~~) settlement within eleven months  
25 after the end of the fiscal year. A final (~~cost~~) settlement shall be  
26 performed within two years after the end of the related fiscal year.  
27 To the extent that either (~~a final cost~~) settlement determines that  
28 a hospital has received funds in excess of what it would have received  
29 under the methodology in place in fiscal year 2008 as described in this  
30 subsection, the hospital must repay (~~these~~) the excess amounts to the  
31 state when requested. (~~(\$74,066,000)~~) \$61,728,000 of the general  
32 fund--state appropriation for fiscal year 2008, of which \$6,570,000 is  
33 appropriated in section 204(1) of this act and the balance in this  
34 section, and (~~(\$59,776,000)~~) \$57,894,000 of the general fund--state

3 general fund--state appropriation for fiscal year 2009, and  
4 (~~(\$48,995,000)~~) \$65,577,000 of the general fund--federal appropriation  
5 are provided solely for development and implementation of a replacement  
6 system for the existing medicaid management information system. The  
7 amounts are conditioned on the department satisfying the requirements  
8 of section 902 of this act.

9           (10) When a person is ineligible for medicaid solely by reason of  
10 residence in an institution for mental diseases, the department shall  
11 provide the person with the same benefits as he or she would receive if  
12 eligible for medicaid, using state-only funds to the extent necessary.

13           (11) The department is authorized to use funds appropriated in this  
14 section to purchase goods and supplies through direct contracting with  
15 vendors when the department determines it is cost-effective to do so.

16           (12) The legislature affirms that it is in the state's interest for

20 operation of the medical care services care management pilot project  
21 for clients receiving general assistance benefits in King and Pierce

25 year 2008 and \$1,689,000 of the general fund--state appropriation for  
26 fiscal year 2009 are provided solely to incorporate a mental health  
27 service component to the pilot project established pursuant to  
28 subsection (13) of this section. Addition of the mental health service  
29 component authorized in this subsection is contingent upon the managed  
30 care contractor or the participating counties providing, alone or in  
31 combination, matching funds in cash or in kind, in an amount equal to  
32 one-ninth of the amounts appropriated in this subsection. The mental  
33 health service component may include care coordination, mental health  
34 services, and integrated medical and mental health service delivery for  
35 general assistance clients with mental health disorders, as well as  
36 primary care provider training and education. The department shall  
37 provide a report to the appropriate committees of the legislature by  
38 January 1, 2009, on costs, savings, and any outcomes or quality

1 measures associated with the pilot projects during calendar year 2007  
2 and 2008. To the extent possible, the report shall address any impact  
3 that the mental health services component has had upon clients' use of

6 (15) \$341,000 of the health services account appropriation for  
7 fiscal year 2008, \$1,054,000 of the health services account

10 Substitute House Bill No. 1201 (foster care youth medical). If the  
11 bill is not enacted by June 30, 2007, the amounts provided in this  
12 subsection shall lapse.

13 (16) (~~(\$6,529,000)~~) \$6,728,000 of the general fund--state

16 solely to provide full benefit dual eligible beneficiaries with  
17 medicare part D prescription drug copayment coverage in accordance with  
18 chapter 3, Laws of 2007 (part D copayment drug program).

19 (17) The department shall conduct a study to determine the  
20 financial impact associated with continuing to cover brand name  
21 medications versus the same medication in its generic form. The study  
22 shall account for all rebates paid to the state on each product studied  
23 up until the point where the generic form is less expensive, net of  
24 federally required rebates. The department shall submit its report to  
25 the legislative fiscal committees by December 1, 2007.

26 (18) \$198,000 of the general fund--state appropriation for fiscal

31 medicaid eligible children. The department shall contract with the  
32 Seattle-King county health department to have trained community health  
33 workers visit medicaid eligible children in their homes to identify and  
34 reduce exposure to asthma triggers, improve clients' self-management  
35 skills, and coordinate clients' care with their primary care and  
36 specialty providers. The contract shall include an evaluation of the  
37 impact of the services provided under the contract on urgent

1 physician's visits, emergency room utilization, and inpatient  
2 hospitalization.

3 (19) (~~(\$2,450,000)~~) \$1,529,000 of the general fund--state

36 2006 in a medicare advantage plan sponsored by an entity accredited by  
37 the national committee for quality assurance and for whom the  
38 department had been paying Part C premium as of November 2006; and

1 (b) Undertake, directly or by contract, a study to determine the

5 The study shall compare the cost and health outcomes experience,  
6 including rates of nursing home placement and costs for groups of full  
7 benefit dual eligible beneficiaries who are enrolled in medicare  
8 advantage plans, in medicare special needs plan or in medicare fee-for-

10 health and long-term care services for the three groups, and the impact  
11 of access to a medical home and specialty care, over a period of two  
12 years to determine any differences in health status, health outcomes,  
13 and state expenditures that result. The department shall submit the  
14 results of the study to the governor and the legislature by June 30,  
15 2009. The department is authorized to accept private cash and in-kind  
16 donations and grants to support the study and evaluation.

2 employers with more than fifty employees. The report shall address  
3 multiple approaches, including but not limited to the proposal included  
4 in House Bill No. 2094 (taxpayer health care fairness act). The  
5 discussion of each approach included in the report should identify how  
6 the approach would further the goal of shared responsibility for  
7 coverage of low-wage workers, obstacles to implementation and options  
8 to address them, and estimated implementation costs. The report shall  
9 be submitted on or before November 15, 2007. The agencies shall  
10 establish a workgroup, which shall be closely involved and consulted in  
11 the development of the report and recommendations under this  
12 subsection. The workgroup shall include the following participants:

23 (24) \$250,000 of the general fund--state appropriation for fiscal  
24 year 2009 is provided solely for implementation of Substitute House

34 lapse.

35 (26)(a) Within the appropriations in this section, sufficient  
36 funding is provided to the department of social and health services and  
37 the employment security department to develop an implementation plan  
38 that would:

2 request assistance with health coverage for household members, and

3 (ii) Authorize the exchange of information between the employment

6 chapter 74.09 RCW.

7 (b) The plan developed in (a) of this subsection should address

12 legislature by November 15, 2008.

13 (27)(a) Within the appropriations in this section, sufficient  
14 funding is provided to the department to prepare a fiscal analysis of  
15 increasing the Medicaid categorically needy income level and medically  
16 needy income level to one hundred percent of the federal poverty level,  
17 as adjusted for family size. In developing the fiscal analysis, the  
18 department shall consider and present both potential costs and cost  
19 offsets, including:

20 (i) Per capita cost reductions that could result from current  
21 medically needy clients having access to continuous coverage through  
22 the categorically needy program;

23 (ii) Reductions in the number of clients receiving long term care  
24 services that might result from clients having increased access to  
25 Medicaid coverage for medical needs;

26 (iii) The impact on economic services administration staffing  
27 needs, including savings associated with reduced medically needy  
28 caseloads;

29 (iv) The impact on the department's automated eligibility and  
30 payment systems to implement the categorically needy income level and  
31 medically needy income level to one hundred percent of the federal  
32 poverty level; and

33 (v) The impact on regional support networks, including additional  
34 Medicaid revenues, potentially reduced demand for nonmedicaid funded  
35 services, and changes in utilization of emergency room and hospital  
36 services that might result from continuous access to mental health  
37 services.

1       (b) The department shall submit the analysis in (a) of this  
2 subsection to the governor and the health policy and fiscal committees  
3 of the legislature by November 1, 2008.

16 up to 1.3 of the 53.2 funding ratio to employ additional classified  
17 instructional assistants assigned to basic education classrooms in  
18 grades K-4. For purposes of documenting a district's staff ratio under  
19 this section, funds used by the district to employ additional  
20 classified instructional assistants shall be converted to a  
21 certificated staff equivalent and added to the district's actual  
22 certificated instructional staff ratio. Additional classified  
23 instructional assistants, for the purposes of this subsection, shall be  
24 determined using the 1989-90 school year as the base year;

25 (C) Any district maintaining a ratio in grades K-4 equal to or  
26 greater than 53.2 certificated instructional staff per thousand full-  
27 time equivalent students may use allocations generated under this  
28 subsection (2)(a)(iv) in excess of that required to maintain the  
29 minimum ratio established under RCW 28A.150.260(2)(b) to employ  
30 additional basic education certificated instructional staff or  
31 classified instructional assistants in grades 5-6. Funds allocated  
32 under this subsection (2)(a)(iv) shall only be expended to reduce class  
33 size in grades K-6. No more than 1.3 of the certificated instructional  
34 funding ratio amount may be expended for provision of classified  
35 instructional assistants;

36 (b) For school districts with a minimum enrollment of 250 full-time  
37 equivalent students whose full-time equivalent student enrollment count  
38 in a given month exceeds the first of the month full-time equivalent

1 enrollment count by 5 percent, an additional state allocation of 110  
2 percent of the share that such increased enrollment would have  
3 generated had such additional full-time equivalent students been  
4 included in the normal enrollment count for that particular month;

5 (c)(i) On the basis of full-time equivalent enrollment in:

6 (A) Vocational education programs approved by the superintendent of  
7 public instruction, a maximum of 0.92 certificated instructional staff  
8 units and 0.08 certificated administrative staff units for each 19.5  
9 full-time equivalent vocational students; and

10 (B) Skills center programs meeting the standards for skills center  
11 funding established in January 1999 by the superintendent of public  
12 instruction with a waiver allowed for skills centers in current  
13 operation that are not meeting this standard until the 2008-09 school  
14 year, 0.92 certificated instructional staff units and 0.08 certificated  
15 administrative units for each 16.67 full-time equivalent vocational  
16 students;

17 (ii) Vocational full-time equivalent enrollment shall be reported  
18 on the same monthly basis as the enrollment for students eligible for  
19 basic support, and payments shall be adjusted for reported vocational  
20 enrollments on the same monthly basis as those adjustments for  
21 enrollment for students eligible for basic support; and

22 (iii) Indirect cost charges by a school district to vocational-  
23 secondary programs shall not exceed 15 percent of the combined basic  
24 education and vocational enhancement allocations of state funds;

25 (d) For districts enrolling not more than twenty-five average  
26 annual full-time equivalent students in grades K-8, and for small  
27 school plants within any school district which have been judged to be  
28 remote and necessary by the state board of education and enroll not  
29 more than twenty-five average annual full-time equivalent students in  
30 grades K-8:

31 (i) For those enrolling no students in grades 7 and 8, 1.76  
32 certificated instructional staff units and 0.24 certificated  
33 administrative staff units for enrollment of not more than five  
34 students, plus one-twentieth of a certificated instructional staff unit  
35 for each additional student enrolled; and

36 (ii) For those enrolling students in grades 7 or 8, 1.68  
37 certificated instructional staff units and 0.32 certificated

1 administrative staff units for enrollment of not more than five  
2 students, plus one-tenth of a certificated instructional staff unit for  
3 each additional student enrolled;

4 (e) For specified enrollments in districts enrolling more than  
5 twenty-five but not more than one hundred average annual full-time  
6 equivalent students in grades K-8, and for small school plants within  
7 any school district which enroll more than twenty-five average annual  
8 full-time equivalent students in grades K-8 and have been judged to be  
9 remote and necessary by the state board of education:

10 (i) For enrollment of up to sixty annual average full-time  
11 equivalent students in grades K-6, 2.76 certificated instructional  
12 staff units and 0.24 certificated administrative staff units; and

13 (ii) For enrollment of up to twenty annual average full-time  
14 equivalent students in grades 7 and 8, 0.92 certificated instructional  
15 staff units and 0.08 certificated administrative staff units;

16 (f) For districts operating no more than two high schools with  
17 enrollments of less than three hundred average annual full-time  
18 equivalent students, for enrollment in grades 9-12 in each such school,  
19 other than alternative schools:

20 (i) For remote and necessary schools enrolling students in any  
21 grades 9-12 but no more than twenty-five average annual full-time  
22 equivalent students in grades K-12, four and one-half certificated  
23 instructional staff units and one-quarter of a certificated  
24 administrative staff unit;

25 (ii) For all other small high schools under this subsection, nine  
26 certificated instructional staff units and one-half of a certificated  
27 administrative staff unit for the first sixty average annual full time  
28 equivalent students, and additional staff units based on a ratio of  
29 0.8732 certificated instructional staff units and 0.1268 certificated  
30 administrative staff units per each additional forty-three and one-half  
31 average annual full time equivalent students.

32 Units calculated under (g)(ii) of this subsection shall be reduced  
33 by certificated staff units at the rate of forty-six certificated  
34 instructional staff units and four certificated administrative staff  
35 units per thousand vocational full-time equivalent students;

36 (g) For each nonhigh school district having an enrollment of more  
37 than seventy annual average full-time equivalent students and less than

1 one hundred eighty students, operating a grades K-8 program or a grades  
2 1-8 program, an additional one-half of a certificated instructional  
3 staff unit; and

4 (i) For each nonhigh school district having an enrollment of more  
5 than fifty annual average full-time equivalent students and less than  
6 one hundred eighty students, operating a grades K-6 program or a grades  
7 1-6 program, an additional one-half of a certificated instructional  
8 staff unit.

9 (3) Allocations for classified salaries for the 2007-08 and 2008-09  
10 school years shall be calculated using formula-generated classified  
11 staff units determined as follows:

12 (a) For enrollments generating certificated staff unit allocations  
13 under subsection (2)(e) through (i) of this section, one classified  
14 staff unit for each 2.95 certificated staff units allocated under such  
15 subsections;

16 (b) For all other enrollment in grades K-12, including vocational  
17 full-time equivalent enrollments, one classified staff unit for each  
18 fifty-nine average annual full-time equivalent students; and

19 (c) For each nonhigh school district with an enrollment of more  
20 than fifty annual average full-time equivalent students and less than  
21 one hundred eighty students, an additional one-half of a classified  
22 staff unit.

23 (4) Fringe benefit allocations shall be calculated at a rate of  
24 (~~(14.13)~~) 14.11 percent in the 2007-08 school year and (~~(16.69)~~) 16.67  
25 percent in the 2008-09 school year for certificated salary allocations  
26 provided under subsection (2) of this section, and a rate of (~~(17.06)~~)  
27 17.04 percent in the 2007-08 school year and (~~(18.74)~~) 18.72 percent in  
28 the 2008-09 school year for classified salary allocations provided  
29 under subsection (3) of this section.

30 (5) Insurance benefit allocations shall be calculated at the  
31 maintenance rate specified in section 504(2) of this act, based on the  
32 number of benefit units determined as follows:

33 (a) The number of certificated staff units determined in subsection  
34 (2) of this section; and

35 (b) The number of classified staff units determined in subsection  
36 (3) of this section multiplied by 1.152. This factor is intended to  
37 adjust allocations so that, for the purposes of distributing insurance

1 benefits, full-time equivalent classified employees may be calculated  
2 on the basis of 1440 hours of work per year, with no individual  
3 employee counted as more than one full-time equivalent.

4 (6)(a) For nonemployee-related costs associated with each  
5 certificated staff unit allocated under subsection (2)(a), (b), and (d)  
6 through (h) of this section, there shall be provided a maximum of  
7 \$9,703 per certificated staff unit in the 2007-08 school year and a  
8 maximum of (~~(\$9,907)~~) \$10,309 per certificated staff unit in the 2008-  
9 09 school year.

10 (b) For nonemployee-related costs associated with each vocational  
11 certificated staff unit allocated under subsection (2)(c)(i)(A) of this  
12 section, there shall be provided a maximum of \$23,831 per certificated  
13 staff unit in the 2007-08 school year and a maximum of (~~(\$24,331)~~)  
14 \$25,319 per certificated staff unit in the 2008-09 school year.

15 (c) For nonemployee-related costs associated with each vocational  
16 certificated staff unit allocated under subsection (2)(c)(i)(B) of this  
17 section, there shall be provided a maximum of \$18,489 per certificated  
18 staff unit in the 2007-08 school year and a maximum of (~~(\$18,877)~~)  
19 \$19,644 per certificated staff unit in the 2008-09 school year.

20 (d) Amounts appropriated in this section are sufficient to fund the  
21 cost of the nonemployee related cost enhancements provided in  
22 subsection (6) of this section for all impacted programs in sections  
23 501 through 516 of this act for the 2008-09 school year. The office of  
24 the superintendent of public instruction shall adjust accordingly any  
25 internal references and the appropriate formula allocation factors in  
26 sections 501 through 516 of this act. Furthermore, the office of the  
27 superintendent of public instruction is hereby granted authority to  
28 transfer appropriations among sections 501 through 516 of this act to  
29 the extent required to fund these nonemployee related cost increases.

30 (7) Allocations for substitute costs for classroom teachers shall  
31 be distributed at a maintenance rate of \$555.20 for the 2007-08 and  
32 2008-09 school years per allocated classroom teachers exclusive of  
33 salary increase amounts provided in section 504 of this act. Solely  
34 for the purposes of this subsection, allocated classroom teachers shall  
35 be equal to the number of certificated instructional staff units  
36 allocated under subsection (2) of this section, multiplied by the ratio  
37 between the number of actual basic education certificated teachers and

1 the number of actual basic education certificated instructional staff  
2 reported statewide for the prior school year.

3 (8) Any school district board of directors may petition the  
4 superintendent of public instruction by submission of a resolution  
5 adopted in a public meeting to reduce or delay any portion of its basic  
6 education allocation for any school year. The superintendent of public  
7 instruction shall approve such reduction or delay if it does not impair  
8 the district's financial condition. Any delay shall not be for more  
9 than two school years. Any reduction or delay shall have no impact on  
10 levy authority pursuant to RCW 84.52.0531 and local effort assistance  
11 pursuant to chapter 28A.500 RCW.

12 (9) \$1,870,000 of the general fund--state appropriation for fiscal  
13 year 2008 and \$2,421,000 of the general fund--state appropriation for  
14 fiscal year 2009 are provided solely to implement Engrossed Second  
15 Substitute House Bill No. 1432 (granting service credit to educational  
16 staff associates for nonschool employment). If the bill is not enacted  
17 by June 30, 2007, the amount provided in this subsection shall lapse.

18 (10) The superintendent may distribute a maximum of (~~(\$16,622,000)~~)  
19 \$11,951,000 outside the basic education formula during fiscal years  
20 2008 and 2009 as follows:

21 (a) For fire protection for school districts located in a fire  
22 protection district as now or hereafter established pursuant to chapter  
23 52.04 RCW, a maximum of \$547,000 may be expended in fiscal year 2008  
24 and a maximum of (~~(\$558,000)~~) \$567,000 may be expended in fiscal year  
25 2009;

26 (b) For summer vocational programs at skills centers, a maximum of  
27 \$2,385,000 may be expended for the 2008 fiscal year and a maximum of  
28 \$2,385,000 for the 2009 fiscal year. 20 percent of each fiscal year  
29 amount may carry over from one year to the next;

30 (c) A maximum of (~~(\$390,000)~~) \$393,000 may be expended for school  
31 district emergencies;

32 (d) A maximum of \$485,000 each fiscal year may be expended for  
33 programs providing skills training for secondary students who are  
34 enrolled in extended day school-to-work programs, as approved by the  
35 superintendent of public instruction. The funds shall be allocated at  
36 a rate not to exceed \$500 per full-time equivalent student enrolled in  
37 those programs; and

1 (e) (~~(\$9,387,000)~~) \$4,704,000 of the education legacy trust account  
2 appropriation (~~(is)~~) and \$3,000,000 of the general fund--state  
3 appropriation for fiscal year 2009 are provided solely for allocations  
4 for equipment replacement in vocational programs and skills centers.  
5 (~~Each year of the biennium,~~) For the 2007-2008 school year, the  
6 funding shall be allocated based on \$75 per full-time equivalent  
7 vocational student and \$125 per full-time equivalent skills center  
8 student. For the 2008-09 school year, the funding shall be allocated  
9 based on \$48 per full time equivalent vocational student and \$80 per  
10 full time equivalent skills center student, but these allocations shall  
11 be prorated by the office of the superintendent of public instruction  
12 so that allocations do not exceed the amount provided in this  
13 subsection.

14 (f) \$2,991,000 of the general fund--state appropriation for fiscal  
15 year 2008 and \$4,403,000 of the general fund--state appropriation for  
16 fiscal year 2009 are provided solely for the implementation of Second  
17 Substitute Senate Bill No. 5790 (regarding skills centers). If the  
18 bill is not enacted by June 30, 2007, the amounts provided in this  
19 subsection shall lapse.

20 (11) For purposes of RCW 84.52.0531, the increase per full-time  
21 equivalent student is 5.7 percent from the 2006-07 school year to the  
22 2007-08 school year and (~~(5.1)~~) 6.0 percent from the 2007-08 school  
23 year to the 2008-09 school year.

24 (12) If two or more school districts consolidate and each district  
25 was receiving additional basic education formula staff units pursuant  
26 to subsection (2)(b) through (h) of this section, the following shall  
27 apply:

28 (a) For three school years following consolidation, the number of  
29 basic education formula staff units shall not be less than the number  
30 of basic education formula staff units received by the districts in the  
31 school year prior to the consolidation; and

32 (b) For the fourth through eighth school years following  
33 consolidation, the difference between the basic education formula staff  
34 units received by the districts for the school year prior to  
35 consolidation and the basic education formula staff units after  
36 consolidation pursuant to subsection (2)(a) through (h) of this section  
37 shall be reduced in increments of twenty percent per year.

1       **Sec. 503.** 2007 c 522 s 503 (uncodified) is amended to read as  
2 follows:

3       **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION**

8       (a) Salary allocations for certificated instructional staff units  
9 shall be determined for each district by multiplying the district's

12 instructional staff in that school year, computed using LEAP Document  
13 1; and

14       (b) Salary allocations for certificated administrative staff units  
15 and classified staff units for each district shall be based on the

31 (b) As used in this subsection, the column headings "BA+(N)" refer  
32 to the number of credits earned since receiving the baccalaureate  
33 degree.

1 (c) For credits earned after the baccalaureate degree but before  
2 the masters degree, any credits in excess of forty-five credits may be  
3 counted after the masters degree. Thus, as used in this subsection,  
4 the column headings "MA+(N)" refer to the total of:

5 (i) Credits earned since receiving the masters degree; and

6 (ii) Any credits in excess of forty-five credits that were earned  
7 after the baccalaureate degree but before the masters degree.

8 (5) For the purposes of this section:

9 (a) "BA" means a baccalaureate degree.

10 (b) "MA" means a masters degree.

11 (c) "PHD" means a doctorate degree.

12 (d) "Years of service" shall be calculated under the same rules  
13 adopted by the superintendent of public instruction.

14 (e) "Credits" means college quarter hour credits and equivalent in-  
15 service credits computed in accordance with RCW 28A.415.020 and  
16 28A.415.023.

17 (6) No more than ninety college quarter-hour credits received by  
18 any employee after the baccalaureate degree may be used to determine  
19 compensation allocations under the state salary allocation schedule and  
20 LEAP documents referenced in this act, or any replacement schedules and  
21 documents, unless:

22 (a) The employee has a masters degree; or

23 (b) The credits were used in generating state salary allocations  
24 before January 1, 1992.

25 (7) The certificated instructional staff base salary specified for  
26 each district in LEAP Document 2 and the salary schedules in subsection  
27 (4)(a) of this section include two learning improvement days. A school  
28 district is eligible for the learning improvement day funds only if the  
29 learning improvement days have been added to the 180- day contract  
30 year. If fewer days are added, the additional learning improvement  
31 allocation shall be adjusted accordingly. The additional days shall be  
32 limited to specific activities identified in the state required school  
33 improvement plan related to improving student learning that are  
34 consistent with education reform implementation, and shall not be  
35 considered part of basic education. The principal in each school shall  
36 assure that the days are used to provide the necessary school- wide,  
37 all staff professional development that is tied directly to the school  
38 improvement plan. The school principal and the district superintendent

1 shall maintain documentation as to their approval of these activities.  
2 The length of a learning improvement day shall not be less than the  
3 length of a full day under the base contract. The superintendent of  
4 public instruction shall ensure that school districts adhere to the  
5 intent and purposes of this subsection.

6 (8) The salary allocation schedules established in this section are  
7 for allocation purposes only except as provided in RCW 28A.400.200(2)  
8 and subsection (7) of this section.

9 **Sec. 504.** 2007 c 522 s 504 (uncodified) is amended to read as

20		<u>\$584,688,000</u>

21 The appropriations in this section are subject to the following  
22 conditions and limitations:

23 (1) ((~~\$444,366,000~~)) \$518,910,000 is provided solely for the  
24 following:

25 (a) A cost of living adjustment of 3.7 percent effective September  
26 1, 2007, and another ((~~2.8~~)) 3.9 percent effective September 1, 2008,  
27 pursuant to Initiative Measure No. 732.

28 (b) An additional one percent cost of living adjustment is provided  
29 above the amount required by Initiative Measure No. 732, effective  
30 September 1, 2008.

31 (c) Additional salary increases as necessary to fund the base  
32 salaries for certificated instructional staff as listed for each  
33 district in LEAP Document 2, defined in section 503(2)(b) of this act.  
34 Allocations for these salary increases shall be provided to all 262  
35 districts that are not grandfathered to receive salary allocations  
36 above the statewide salary allocation schedule, and to certain  
37 grandfathered districts to the extent necessary to ensure that salary

1 allocations for districts that are currently grandfathered do not fall  
2 below the statewide salary allocation schedule. These additional  
3 salary increases will result in a decrease in the number of  
4 grandfathered districts from the current thirty-four to twenty-four in  
5 the 2007-08 school year and to thirteen in the 2008-09 school year.

6 ~~((+e))~~ (d) Additional salary increases to certain districts as  
7 necessary to fund the per full-time-equivalent salary allocations for  
8 certificated administrative staff as listed for each district in LEAP  
9 Document 2, defined in section 503(2)(b) of this act. These additional  
10 salary increases shall ensure a minimum salary allocation for  
11 certificated administrative staff of \$54,405 in the 2007-08 school year  
12 and ~~((+\$57,097))~~ \$58,264 in the 2008-09 school year.

14 necessary to fund the per full-time-equivalent salary allocations for  
15 classified staff as listed for each district in LEAP Document 2,  
16 defined in section 503(2)(b) of this act. These additional salary  
17 increases ensure a minimum salary allocation for classified staff of  
18 \$30,111 in the 2007-08 school year and ~~((+\$31,376))~~ \$32,018 in the  
19 2008-09 school year. For the 2008-09 school year, funds provided in  
20 this subsection shall be used exclusively for additional salary  
21 increases for classified staff and shall not be used to supplant any  
22 other state or local funding for compensation for these staff.

23 ~~((+e))~~ (f) The appropriations in this subsection (1) include  
24 associated incremental fringe benefit allocations at rates ~~((+13.49))~~  
25 13.47 percent for the 2007-08 school year and ~~((+16.05))~~ 16.03 percent  
26 for the 2008-09 school year for certificated staff and ~~((+13.56))~~ 13.54  
27 percent for the 2007-08 school year and ~~((+15.24))~~ 15.22 percent for the  
28 2008-09 school year for classified staff.

29 ~~((+f))~~ (g) The appropriations in this section include the  
30 increased portion of salaries and incremental fringe benefits for all  
31 relevant state-funded school programs in part V of this act. Increases  
32 for general apportionment (basic education) are based on the salary  
33 allocation schedules and methodology in sections 502 and 503 of this  
34 act. Increases for special education result from increases in each  
35 district's basic education allocation per student. Increases for  
36 educational service districts and institutional education programs are  
37 determined by the superintendent of public instruction using the

1 methodology for general apportionment salaries and benefits in sections  
2 502 and 503 of this act.

3 ~~((g))~~ (h) The appropriations in this section provide cost of  
4 living and incremental fringe benefit allocations based on formula  
5 adjustments as follows:

15	TOTAL APPROPRIATION . . . . .	(( <del>\$552,428,000</del> ))
16		<u>\$574,919,000</u>

17           The appropriations in this section are subject to the following  
18 conditions and limitations:

19           (1) Each general fund fiscal year appropriation includes such funds  
20 as are necessary to complete the school year ending in the fiscal year  
21 and for prior fiscal year adjustments.

22           (2) A maximum of \$848,000 of this fiscal year 2008 appropriation  
23 and a maximum of ((~~\$866,000~~)) \$878,000 of the fiscal year 2009  
24 appropriation may be expended for regional transportation coordinators  
25 and related activities. The transportation coordinators shall ensure  
26 that data submitted by school districts for state transportation  
27 funding shall, to the greatest extent practical, reflect the actual  
28 transportation activity of each district.

29           (3) \$5,000 of the fiscal year 2008 appropriation and \$5,000 of the  
30 fiscal year 2009 appropriation are provided solely for the  
31 transportation of students enrolled in "choice" programs.  
32 Transportation shall be limited to low-income students who are  
33 transferring to "choice" programs solely for educational reasons.

34           (4) Allocations for transportation of students shall be based on  
35 reimbursement rates of \$44.84 per weighted mile in the 2007-08 school  
36 year and ((~~\$45.48~~)) \$45.68 per weighted mile in the 2008-09 school year

1 exclusive of salary and benefit adjustments provided in section 504 of  
2 this act. Allocations for transportation of students transported more  
3 than one radius mile shall be based on weighted miles as determined by  
4 superintendent of public instruction multiplied by the per mile  
5 reimbursement rates for the school year pursuant to the formulas  
6 adopted by the superintendent of public instruction. Allocations for  
7 transportation of students living within one radius mile shall be based  
8 on the number of enrolled students in grades kindergarten through five  
9 living within one radius mile of their assigned school multiplied by  
10 the per mile reimbursement rate for the school year multiplied by 1.29.

11 (5) \$25,000,000 of the education legacy trust account--state  
12 appropriation is provided solely for temporary assistance to school  
13 districts for pupil transportation programs. The office of the  
14 superintendent of public instruction, in consultation with the joint  
15 legislative audit and review committee, will develop a method of  
16 allocating these funds to school districts. The allocation method  
17 shall be based primarily on the findings and analysis from the joint  
18 legislative and audit review committee's K-12 pupil transportation  
19 study completed in December 2006.

20 (6) The office of the superintendent of public instruction shall  
21 provide reimbursement funding to a school district only after the  
22 superintendent of public instruction determines that the school bus was  
23 purchased from the list established pursuant to RCW 28A.160.195(2) or  
24 a comparable competitive bid process based on the lowest price quote  
25 based on similar bus categories to those used to establish the list  
26 pursuant to RCW 28A.160.195.

27 (7) The superintendent of public instruction shall base  
28 depreciation payments for school district buses on the five-year  
29 average of lowest bids in the appropriate category of bus. In the  
30 final year on the depreciation schedule, the depreciation payment shall  
31 be based on the lowest bid in the appropriate bus category for that  
32 school year.

33 **Sec. 506.** 2007 c 522 s 507 (uncodified) is amended to read as  
34 follows:

35 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION**

9		<u>\$1,574,998,000</u>

10       The appropriations in this section are subject to the following  
11 conditions and limitations:

12       (1) Funding for special education programs is provided on an excess  
13 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure  
14 that special education students as a class receive their full share of  
15 the general apportionment allocation accruing through sections 502 and  
16 504 of this act. To the extent a school district cannot provide an  
17 appropriate education for special education students under chapter  
18 28A.155 RCW through the general apportionment allocation, it shall  
19 provide services through the special education excess cost allocation  
20 funded in this section.

21       (2)(a) The superintendent of public instruction shall ensure that:  
22       (i) Special education students are basic education students first;  
23       (ii) As a class, special education students are entitled to the  
24 full basic education allocation; and  
25       (iii) Special education students are basic education students for  
26 the entire school day.

27       (b) The superintendent of public instruction shall adopt the full  
28 cost method of excess cost accounting, as designed by the committee and  
29 recommended by the superintendent, pursuant to section 501(1)(k),  
30 chapter 372, Laws of 2006, and ensure that all school districts adopt  
31 the method beginning in the 2007-08 school year.

32       (3) Each fiscal year appropriation includes such funds as are  
33 necessary to complete the school year ending in the fiscal year and for  
34 prior fiscal year adjustments.

35       (4) The superintendent of public instruction shall distribute state  
36 funds to school districts based on two categories: (a) The first  
37 category includes (i) children birth through age two who are eligible  
38 for the optional program for special education eligible developmentally

1 delayed infants and toddlers, and (ii) students eligible for the  
2 mandatory special education program and who are age three or four, or  
3 five and not yet enrolled in kindergarten; and (b) the second category  
4 includes students who are eligible for the mandatory special education  
5 program and who are age five and enrolled in kindergarten and students  
6 age six through 21.

7 (5)(a) For the 2007-08 and 2008-09 school years, the superintendent  
8 shall make allocations to each district based on the sum of:

9 (i) A district's annual average headcount enrollment of students  
10 ages birth through four and those five year olds not yet enrolled in  
11 kindergarten, as defined in subsection (4) of this section, multiplied  
12 by the district's average basic education allocation per full-time  
13 equivalent student, multiplied by 1.15; and

14 (ii) A district's annual average full-time equivalent basic  
15 education enrollment multiplied by the funded enrollment percent  
16 determined pursuant to subsection (6)(b) of this section, multiplied by  
17 the district's average basic education allocation per full-time  
18 equivalent student multiplied by 0.9309.

19 (b) For purposes of this subsection, "average basic education  
20 allocation per full-time equivalent student" for a district shall be  
21 based on the staffing ratios required by RCW 28A.150.260 and shall not  
22 include enhancements, secondary vocational education, or small schools.

23 (6) The definitions in this subsection apply throughout this  
24 section.

25 (a) "Annual average full-time equivalent basic education  
26 enrollment" means the resident enrollment including students enrolled  
27 through choice (RCW 28A.225.225) and students from nonhigh districts  
28 (RCW 28A.225.210) and excluding students residing in another district  
29 enrolled as part of an interdistrict cooperative program (RCW  
30 28A.225.250).

31 (b) "Enrollment percent" means the district's resident special  
32 education annual average enrollment, excluding the birth through age  
33 four enrollment and those five year olds not yet enrolled in  
34 kindergarten, as a percent of the district's annual average full-time  
35 equivalent basic education enrollment.

36 Each district's general fund--state funded special education  
37 enrollment shall be the lesser of the district's actual enrollment  
38 percent or 12.7 percent.

1 (7) At the request of any interdistrict cooperative of at least 15  
2 districts in which all excess cost services for special education  
3 students of the districts are provided by the cooperative, the maximum  
4 enrollment percent shall be calculated in accordance with subsection  
5 (6)(b) of this section, and shall be calculated in the aggregate rather  
6 than individual district units. For purposes of this subsection, the  
7 average basic education allocation per full-time equivalent student  
8 shall be calculated in the aggregate rather than individual district  
9 units.

10 (8) To the extent necessary, (~~(\$30,690,000)~~) \$53,926,000 of the  
11 general fund--state appropriation and \$29,574,000 of the general fund--  
12 federal appropriation are provided for safety net awards for districts  
13 with demonstrated needs for special education funding beyond the  
14 amounts provided in subsection (5) of this section. If safety net  
15 awards based on the federal eligibility threshold exceed the (~~amount~~  
16 ~~appropriated~~) federal appropriation in this subsection (8) in any  
17 fiscal year, the superintendent shall expend all available federal  
18 discretionary funds necessary to meet this need. Safety net funds  
19 shall be awarded by the state safety net oversight committee subject to  
20 the following conditions and limitations:

21 (a) The committee shall consider unmet needs for districts that can  
22 convincingly demonstrate that all legitimate expenditures for special  
23 education exceed all available revenues from state funding formulas.  
24 In the determination of need, the committee shall also consider  
25 additional available revenues from federal sources. Differences in  
26 program costs attributable to district philosophy, service delivery  
27 choice, or accounting practices are not a legitimate basis for safety  
28 net awards.

13 "compensation impact model" should be revised or replaced to make the  
14 system less costly for institutions to maintain, and more transparent,  
15 informative, and useful to the legislature and institutions, while  
16 providing information needed to accurately and efficiently negotiate  
17 and budget employee compensation changes.
