SUBSTITUTE SENATE BILL 6510

AS AMENDED BY THE HOUSE

Passed Legislature - 2008 Regular Session

State of Washington 60th Legislature 2008 Regular Session

By Senate Ways & Means (originally sponsored by Senators Kastama, King, Shin, and Rasmussen)

READ FIRST TIME 02/12/08.

1 AN ACT Relating to providing a source of funding to assist small
2 manufacturers in obtaining innovation and modernization services;
3 adding new sections to chapter 43.131 RCW; adding a new chapter to
4 Title 43 RCW; and creating a new section.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** The legislature finds that a viable
7 manufacturing industry is critical to providing the state economy with
8 family-wage jobs and improving the quality of life for workers and
9 communities. To perform in the emerging global marketplace, Washington
10 manufacturers must master new technologies, streamline production
11 processes, improve quality assurance, expand environmental compliance,
12 and enhance methods of work organization. Only through innovation and
13 modernization techniques, reflecting the specific needs and
14 capabilities of the individual firms, can Washington manufacturers both
15 compete successfully in the market of the future and pay good living
16 wages.

17 Most small and midsize manufacturers do not have the resources that
18 will allow them to easily access innovation and modernization technical
19 assistance and the skills training needed to make them globally

1 competitive. Because of the statewide public benefit to be gained from
2 increasing the availability of innovation and modernization services,
3 it is the intent of the legislature to create a new mechanism in a
4 manner that reduces the up-front costs of these services for small and
5 midsize manufacturing firms. It is further the intent of the
6 legislature that Washington state increase its support for the federal
7 manufacturing extension partnership program, to expand the delivery of
8 innovation and modernization services to small and midsize Washington
9 manufacturers, and to leverage federal funding and private resources
10 devoted to such efforts.

11 The successful implementation of innovation and modernization
12 services will enable a manufacturing firm to reduce costs, increase
13 sales, become more profitable, and ultimately expand job opportunities
14 for Washington citizens. Such growth will result in increased revenue
15 from the state business and occupation taxes paid by manufacturers who
16 have engaged in innovation and modernization services.

17 NEW SECTION. **Sec. 2.** The definitions in this section apply
18 throughout this chapter unless the context clearly requires otherwise.

21 manufacturing extension partnership affiliate for modernization
22 extension services, including but not limited to amounts in the

4 innovation and product development, human resources and training,
5 supply chain management, and project management.

7 affiliate to either assess the technical assistance needs of Washington
8 manufacturers or increase manufacturers' awareness of the opportunities
9 and benefits of implementing cutting edge technology, techniques, and
10 best practices. "Outreach services" includes but is not limited to
11 salaries of outreach staff, needs assessments, client follow-up, public
