

HB 1896-S - DIGEST

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that tourism is encouraged providing a memorable experience and an opportunity for visitors to take something back home with them to remind them of this experience.

Finds that a gift center in the legislative building would be an appropriate response to this opportunity, and further, that such a gift center could provide a source of revenue to help fund the oral history program and to pay for the restoration and repurchase of historical capitol furnishings.
