

HB 2809-S - DIGEST

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides by September 15, 2008, the professional educator standards board shall submit a report with recommendations for strengthening the state's corps of K-12 mathematics and science teachers to the governor, the superintendent of public instruction, and the education committees of the legislature.

Requires the professional educator standards board to act as the lead agency to convene the various organizations and stakeholders that administer programs that include educator recruitment efforts and to develop a collaborative statewide plan for educator recruitment by September 15, 2008.
