

SB 5828 - DIGEST

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that education is the single most effective investment that can be made in children, the state, the economy, and the future. A well-educated citizenry is essential both for the preservation of democracy and for enhancing the state's ability to compete in the knowledge-based global economy.

Declares that the overarching goal for education in the state is to have a world-class, learner-focused, seamless education system that educates more Washingtonians to the highest levels of educational attainment.
