EFFECT:

Requires public agencies, local governments, and other entities that receive \$400,000 or more from the hazardous substance tax to apply for a Baldrige assessment within two years and a full assessment every three years thereafter.

Requires the Department of Ecology to develop performance measures and targets for the Storm Water Account and the Water Quality Action Account to annually track performance. Requires the Department to report to the Legislature and Governor annually and to post the results on the Washington State General Management Accountability and Performance website.

Requires state agencies to monitor implementation and consider assessment results as criteria in grant funding, and requires the Department of Ecology to prioritize projects, applying through the Storm Water grant program, based on both the water quality benefits and the quality management of the applicant.

Appropriates \$75,000 from the Storm Water Account, created in the bill, to the Office of Financial Management for the Washington State Quality Award, including training.
