1 "(5)(a) The partnership may not distribute any grant money under
2 this section unless the council makes a finding, based on peer-reviewed
3 scientific information, that saltwater algal blooms, unnatural sea
4 lettuce accumulation, and other algal problems proposed to be addressed
5 by this section are not caused by storm water runoff, discharge from
6 waste water treatment facilities, or other pollution sources within the
7 authority of a local government to minimize or control.

8 (b) If at the end of any fiscal year the council has not made this
9 finding, then all money in the saltwater algae control account must be
10 transferred into the freshwater aquatic algae control account created
11 in RCW 43.21A.667."

EFFECT: Transfers management of the saltwater algae control
account from the department of ecology to the Puget Sound partnership
and requires all money in the saltwater algae control account to be
transferred to the freshwater aquatic algae control account if the
leadership council of the Puget Sound partnership does not make a
finding that saltwater algae issues are not caused by factors within
the authority of local governments to control.
