

SSB 5504 - H COMM AMD

By Committee on Agriculture & Natural Resources

ADOPTED 04/09/2009

1 Strike everything after the enacting clause and insert the  
2 following:

3 "Sec. 1. RCW 90.46.010 and 2006 c 279 s 4 are each amended to read  
4 as follows:

5 The definitions in this section apply throughout this chapter  
6 unless the context clearly requires otherwise.

7 (1) "Agricultural industrial process water" means water that has  
8 been used for the purpose of agricultural processing and has been  
9 adequately and reliably treated, so that as a result of that treatment,  
10 it is suitable for other agricultural water use.

11 (2) "Agricultural processing" means the processing of crops or milk  
12 to produce a product primarily for wholesale or retail sale for human  
13 or animal consumption, including but not limited to potato, fruit,  
14 vegetable, and grain processing.

15 (3) "Agricultural water use" means the use of water for irrigation  
16 and other uses related to the production of agricultural products.  
17 These uses include, but are not limited to, construction, operation,  
18 and maintenance of agricultural facilities and livestock operations at  
19 farms, ranches, dairies, and nurseries. Examples of these uses  
20 include, but are not limited to, dust control, temperature control, and  
21 fire control.

22 ~~(4) ("Beneficial use" means the use of reclaimed water, that has  
23 been transported from the point of production to the point of use  
24 without an intervening discharge to the waters of the state, for a  
25 beneficial purpose.~~

26 ~~(5))~~ "Constructed beneficial use wetlands" means those wetlands  
27 intentionally constructed on nonwetland sites to produce or ~~((replace))~~  
28 create natural wetland functions and values. ~~((Constructed beneficial  
29 use wetlands are considered "waters of the state."~~

1       ~~(6))~~ (5) "Constructed treatment wetlands" means ~~((those wetlands))~~  
2 wetland-like impoundments intentionally constructed on nonwetland sites  
3 and managed for the primary purpose of ~~((polishing))~~ further treatment  
4 or retention of reclaimed water ~~((or aesthetics))~~ as distinct from  
5 creating natural wetland functions and values. ~~((Constructed treatment~~  
6 ~~wetlands are considered part of the collection and treatment system and~~  
7 ~~are not considered "waters of the state."~~

8       ~~(7))~~ (6) "Direct groundwater recharge" means the controlled  
9 subsurface addition of water directly ~~((to the groundwater basin that~~  
10 ~~results in the replenishment of))~~ into groundwater for the purpose of  
11 replenishing groundwater.

12       ~~((8))~~ (7) "Greywater or gray water" means ~~((wastewater having the~~  
13 ~~consistency and strength of residential))~~ domestic type ~~((wastewater.~~  
14 ~~Greywater includes wastewater))~~ flows from bathtubs, showers, bathroom  
15 sinks, washing machines, dishwashers, and kitchen or utility sinks~~((,~~  
16 ~~showers, and laundry fixtures, but))~~. Gray water does not include flow  
17 from a toilet or urinal ~~((waters))~~.

18       ~~((9) "Groundwater recharge))~~ (8) "State drinking water contaminant  
19 criteria" means the contaminant criteria found in the drinking water  
20 quality standards adopted by the state board of health pursuant to  
21 chapter 43.20 RCW and the department of health pursuant to chapter  
22 70.119A RCW.

23       ~~((10))~~ (9) "Industrial reuse water" means water that has been  
24 used for the purpose of industrial processing and has been adequately  
25 and reliably treated so that, as a result of that treatment, it is  
26 suitable for other uses.

27       ~~((11))~~ (10) "Land application" means use of reclaimed water as  
28 permitted under this chapter for the purpose of irrigation or watering  
29 of landscape ~~((enhancement for residential, business, and governmental~~  
30 ~~purposes))~~ vegetation.

31       ~~((12))~~ (11) "Person" means any state, individual, public or  
32 private corporation, political subdivision, governmental subdivision,  
33 governmental agency, municipality, copartnership, association, firm,  
34 trust estate, or any other legal entity whatever.

35       ~~((13))~~ (12) "Planned groundwater recharge project" means any  
36 reclaimed water project designed for the purpose of recharging  
37 groundwater~~((, via direct recharge or surface percolation))~~.

1       ~~((14))~~ (13) "Reclaimed water" means ~~((effluent))~~ water derived in  
2 any part from ~~((sewage from a))~~ wastewater ~~((treatment system))~~ with a  
3 domestic wastewater component that has been adequately and reliably  
4 treated, so that ~~((as a result of that treatment, it is suitable for a~~  
5 ~~beneficial use or a controlled use that would not otherwise occur and~~  
6 ~~is no longer considered wastewater.~~

7       ~~(15)~~ "Reclamation criteria" means the criteria set forth in the  
8 water reclamation and reuse interim standards and subsequent revisions  
9 adopted by the department of ecology and the department of health)) it  
10 can be used for beneficial purposes. Reclaimed water is not considered  
11 a wastewater.

12       (14) "Wastewater" means water-carried wastes from residences,  
13 buildings, industrial and commercial establishments, or other places,  
14 together with such groundwater infiltration and inflow as may be  
15 present.

16       ~~((16) "Sewage"))~~ (15) "Domestic wastewater" means ~~((water-carried~~  
17 ~~human wastes from residences, buildings, industrial and commercial~~  
18 ~~establishments, or other places, together with such groundwater~~  
19 ~~infiltration, surface waters, or industrial wastewater as may be~~  
20 ~~present))~~ wastewater from greywater, toilet, or urinal sources.

21       ~~((17))~~ (16) "Streamflow or surface water augmentation" means the  
22 ~~((discharge))~~ intentional use of reclaimed water ~~((to))~~ for rivers and  
23 streams of the state or other surface water bodies, ~~((but not~~  
24 ~~wetlands))~~ for the purpose of increasing volumes.

25       ~~((18))~~ (17) "Surface percolation" means the controlled  
26 application of water to the ground surface or to unsaturated soil for  
27 the purpose of replenishing groundwater.

28       ~~((19))~~ (18) "User" means any person who uses reclaimed water.

29       ~~((20) "Wastewater" means water and wastes discharged from homes,~~  
30 ~~businesses, and industry to the sewer system.~~

31       ~~(21))~~ (19) "Wetland or wetlands" means areas that are inundated or  
32 saturated by surface water or groundwater at a frequency and duration  
33 sufficient to support, and that under normal circumstances do support,  
34 a prevalence of vegetation typically adapted to life in saturated soil  
35 conditions. Wetlands generally include swamps, marshes, bogs, and  
36 similar areas. Wetlands regulated under this chapter shall be  
37 delineated in accordance with the manual adopted by the department of  
38 ecology pursuant to RCW 90.58.380.

1       (20) "Lead agency" means either the department of health or the  
2 department of ecology that has been designated by rule as the agency  
3 that will coordinate, review, issue, and enforce a reclaimed water  
4 permit issued under this chapter.

5       (21) "Nonlead agency" means either the department of health or the  
6 department of ecology, whichever is not the lead agency for purposes of  
7 this chapter.

8       **Sec. 2.** RCW 90.46.015 and 2006 c 279 s 1 are each amended to read  
9 as follows:

10       (1) The department of ecology shall, in coordination with the  
11 department of health, adopt rules for reclaimed water use consistent  
12 with this chapter. The rules must address all aspects of reclaimed  
13 water use, including commercial and industrial uses, land applications,  
14 direct groundwater recharge, wetland discharge, surface percolation,  
15 constructed wetlands, and streamflow or surface water augmentation.  
16 The department of health shall, in coordination with the department of  
17 ecology, adopt rules for greywater reuse. The rules must also  
18 designate whether the department of ecology or the department of health  
19 will be the lead (~~(permitting or regulatory)~~) agency responsible for a  
20 particular aspect of reclaimed water use. In developing the rules, the  
21 departments of health and ecology shall amend or rescind any existing  
22 rules on reclaimed water in conflict with the new rules.

23       (2) All rules required to be adopted pursuant to this section must  
24 be completed no later than December 31, 2010, although the department  
25 of ecology is encouraged to adopt the final rules as soon as possible.

26       (3) The department of ecology must consult with the advisory  
27 committee created under RCW 90.46.050 in all aspects of rule  
28 development required under this section.

29       **Sec. 3.** RCW 90.46.040 and 2006 c 279 s 6 are each amended to read  
30 as follows:

31       (1)~~((a))~~ The department of ecology shall, in coordination with  
32 the department of health, adopt a single set of standards, procedures,  
33 and guidelines, on or before August 1, 1993, for land applications of  
34 reclaimed water.

35       ~~((b))~~ (2) Standards adopted under this section are superseded by

1 any rules adopted by the department of ecology pursuant to RCW  
2 90.46.015 as they relate to the land application of reclaimed water.

3 ~~((2) A permit is required for any land application of reclaimed  
4 water. The department of ecology may issue a reclaimed water permit  
5 under chapter 90.48 RCW to the generator of reclaimed water who may  
6 then distribute the water, subject to provisions in the permit  
7 governing the location, rate, water quality, and purpose of use. The  
8 department of ecology shall not issue more than one permit for any  
9 individual land application of reclaimed water to a single generator.~~

10 ~~(3) In cases where the department of ecology determines, in land  
11 applications of reclaimed water, that a significant risk to the public  
12 health exists, the department shall refer the application to the  
13 department of health for review and consultation and the department of  
14 health may require fees appropriate for review and consultation from  
15 the applicant pursuant to RCW 43.70.250.~~

16 ~~(4) A permit under this section for use of reclaimed water may be  
17 issued only to:~~

18 ~~(a) A municipal, quasi-municipal, or other governmental entity;~~

19 ~~(b) A private utility as defined under RCW 36.94.010; or~~

20 ~~(c) The holder of a waste discharge permit issued under chapter  
21 90.48 RCW.~~

22 ~~(5) The authority and duties created in this section are in  
23 addition to any authority and duties already provided in law. Nothing  
24 in this section limits the powers of the state or any political  
25 subdivision to exercise such authority.~~

26 ~~(6) Before deciding whether to issue a permit under this section to  
27 a private utility, the department of ecology may require information  
28 that is reasonable and necessary to determine whether the private  
29 utility has the financial and other resources to ensure the  
30 reliability, continuity, and supervision of the reclaimed water  
31 facility.))~~

32 **Sec. 4.** RCW 90.46.080 and 2006 c 279 s 9 are each amended to read  
33 as follows:

34 (1) Except as otherwise provided in this section, reclaimed water  
35 may be beneficially used for surface percolation provided the reclaimed  
36 water meets the ((groundwater recharge)) state drinking water  
37 contaminant criteria as measured in groundwater beneath or down

1 gradient of the recharge project site, and has been incorporated into  
2 a sewer or water comprehensive plan, as applicable, adopted by the  
3 applicable local government and approved by the department of health or  
4 department of ecology as applicable.

5 (2) If the state (~~((groundwater recharge))~~) drinking water  
6 contaminant criteria (~~((as defined by RCW 90.46.010))~~) do not contain a  
7 standard for a constituent or contaminant, the department of ecology  
8 shall establish a discharge limit consistent with the goals of this  
9 chapter, except as otherwise provided in this section.

10 (3) Except as otherwise provided in this section, reclaimed water  
11 that does not meet the (~~((groundwater recharge))~~) state drinking water  
12 contaminant criteria may be beneficially used for surface percolation  
13 where the department of ecology, in consultation with the department of  
14 health, has specifically authorized such use at such lower standard.

15 (4) The provisions of this section are superseded by any rules  
16 adopted by the department of ecology pursuant to RCW 90.46.015 as they  
17 relate to surface percolation.

18 **Sec. 5.** RCW 90.46.120 and 2007 c 445 s 3 are each amended to read  
19 as follows:

20 (1) The owner of a wastewater treatment facility that is reclaiming  
21 water with a permit issued under this chapter has the exclusive right  
22 to any reclaimed water generated by the wastewater treatment facility.  
23 Use, distribution, storage, and the recovery from (~~((aquifer))~~) storage  
24 of reclaimed water (~~((by the owner of the wastewater treatment~~  
25 ~~facility))~~) permitted under this chapter is exempt from the permit  
26 requirements of RCW 90.03.250 and 90.44.060, provided that a permit for  
27 recovery of reclaimed water from aquifer storage (~~((and recovery))~~) shall  
28 be reviewed under the standards established under RCW 90.03.370(2) for  
29 aquifer storage and recovery projects. Revenues derived from the  
30 reclaimed water facility shall be used only to offset the cost of  
31 operation of the wastewater utility fund or other applicable source of  
32 systemwide funding.

33 (2) If the proposed use (~~((or uses))~~) of reclaimed water (~~((are~~  
34 ~~intended))~~) is to augment or replace potable water supplies or to create  
35 the potential for the development of an additional new potable water  
36 (~~((supplies, such use or uses shall be considered in the development of~~  
37 ~~any regional water supply plan or plans addressing potable water supply~~

1 ~~service by multiple water purveyors. Such water supply plans include~~  
2 ~~plans developed by multiple jurisdictions under the relevant provisions~~  
3 ~~of chapters 43.20, 70.116, 90.44, and 90.82 RCW, and the water supply~~  
4 ~~provisions under the utility element of chapter 36.70A RCW. The method~~  
5 ~~by which such plans are approved shall remain unchanged. The owner of~~  
6 ~~a wastewater treatment facility that proposes to reclaim water shall be~~  
7 ~~included as a participant in the development of such regional water~~  
8 ~~supply plan or plans)) supply, then regional water supply plans, or any~~  
9 ~~other potable water supply plans prepared by multiple water purveyors,~~  
10 ~~must consider the proposed use of the reclaimed water as they are~~  
11 ~~developed or updated.~~

12 (a) Regional water supply plans include those adopted under state  
13 board of health laws (chapter 43.20 RCW), the public water system  
14 coordination act of 1977 (chapter 70.116 RCW), groundwater protection  
15 laws (chapter 90.44 RCW), and the watershed planning act (chapter 90.82  
16 RCW).

17 (b) The requirement to consider the use of reclaimed water does not  
18 change the plan approval process established under these statutes.

19 (c) When regional water supply plans are being developed, the  
20 owners of wastewater treatment facilities that produce or propose to  
21 produce reclaimed water for use within the planning area must be  
22 included in the planning process.

23 ~~(3) ((Where opportunities for the use of reclaimed water exist~~  
24 ~~within the period of time addressed by a water system plan, a water~~  
25 ~~supply plan, or a coordinated water system plan developed)) When~~  
26 ~~reclaimed water is available or is proposed for use under a water~~  
27 ~~supply or wastewater plan developed under chapter((s)) 43.20, 70.116,~~  
28 ~~90.44, ((and)) 90.48, or 90.82 RCW((, and the water supply provisions~~  
29 ~~under the utility element of chapter 36.70A RCW,))~~ these plans must be  
30 ~~((developed and))~~ coordinated to ensure that opportunities for  
31 reclaimed water are evaluated. The requirements of this subsection (3)  
32 do not apply to water system plans developed under chapter 43.20 RCW  
33 for utilities serving less than one thousand service connections.

34 (4) The provisions of any plan for reclaimed water, developed under  
35 the authorities in subsections (2) and (3) of this section, should be  
36 included by a city, town, or county in reviewing provisions for water  
37 supplies in a proposed short plat, short subdivision, or subdivision

1 under chapter 58.17 RCW, where reclaimed water supplies may be proposed  
2 for nonpotable purposes in the short plat, short subdivision, or  
3 subdivision.

4 (5) By November 30, 2009, the department of ecology shall review  
5 comments from the reclaimed water advisory committee under RCW  
6 90.46.050 and the reclaimed water and water rights advisory committee  
7 under the direction of the department of ecology and submit a  
8 recommendation to the legislature on the impairment requirements and  
9 standards for reclaimed water. The department of ecology shall also  
10 provide a report to the legislature that describes the opinions of the  
11 stakeholders on the impairment requirements and standards for reclaimed  
12 water.

13 **Sec. 6.** RCW 90.48.465 and 2002 c 361 s 2 are each amended to read  
14 as follows:

15 (1) The department shall establish annual fees to collect expenses  
16 for issuing and administering each class of permits under RCW  
17 90.48.160, 90.48.162, and 90.48.260. An initial fee schedule shall be  
18 established by rule and be adjusted no more often than once every two  
19 years. This fee schedule shall apply to all permits, regardless of  
20 date of issuance, and fees shall be assessed prospectively. All fees  
21 charged shall be based on factors relating to the complexity of permit  
22 issuance and compliance and may be based on pollutant loading and  
23 toxicity and be designed to encourage recycling and the reduction of  
24 the quantity of pollutants. Fees shall be established in amounts to  
25 fully recover and not to exceed expenses incurred by the department in  
26 processing permit applications and modifications, monitoring and  
27 evaluating compliance with permits, conducting inspections, securing  
28 laboratory analysis of samples taken during inspections, reviewing  
29 plans and documents directly related to operations of permittees,  
30 overseeing performance of delegated pretreatment programs, and  
31 supporting the overhead expenses that are directly related to these  
32 activities.

33 (2) The annual fee paid by a municipality, as defined in 33 U.S.C.  
34 Sec. 1362, for all domestic wastewater facility permits issued under  
35 RCW 90.48.162 and 90.48.260 shall not exceed the total of a maximum of  
36 fifteen cents per month per residence or residential equivalent  
37 contributing to the municipality's wastewater system.

1 (3) The department shall ensure that indirect dischargers do not  
2 pay twice for the administrative expense of a permit. Accordingly,  
3 administrative expenses for permits issued by a municipality under RCW  
4 90.48.165 are not recoverable by the department.

5 (4) In establishing fees, the department shall consider the  
6 economic impact of fees on small dischargers and the economic impact of  
7 fees on public entities required to obtain permits for storm water  
8 runoff and shall provide appropriate adjustments.

9 (5) The fee for an individual permit issued for a dairy farm as  
10 defined under chapter 90.64 RCW shall be fifty cents per animal unit up  
11 to one thousand two hundred fourteen dollars for fiscal year 1999. The  
12 fee for a general permit issued for a dairy farm as defined under  
13 chapter 90.64 RCW shall be fifty cents per animal unit up to eight  
14 hundred fifty dollars for fiscal year 1999. Thereafter, these fees may  
15 rise in accordance with the fiscal growth factor as provided in chapter  
16 43.135 RCW.

17 (6) The fee for a general permit or an individual permit developed  
18 solely as a result of the federal court of appeals decision in  
19 *Headwaters, Inc. v. Talent Irrigation District*, 243 F.3rd 526 (9th Cir.  
20 2001) is limited, until June 30, 2003, to a maximum of three hundred  
21 dollars. Such a permit is required only, and as long as, the  
22 interpretation of this court decision is not overturned or modified by  
23 future court rulings, administrative rule making, or clarification of  
24 scope by the United States environmental protection agency or  
25 legislative action. In such a case the department shall take  
26 appropriate action to rescind or modify these permits.

27 (7) All fees collected under this section shall be deposited in the  
28 water quality permit account hereby created in the state treasury.  
29 Moneys in the account may be appropriated only for purposes of  
30 administering permits under section 9 of this act, RCW 90.48.160,  
31 90.48.162, and 90.48.260.

32 (8) The department shall present a biennial progress report on the  
33 use of moneys from the account to the legislature. The report will be  
34 due December 31st of odd-numbered years. The report shall consist of  
35 information on fees collected, actual expenses incurred, and  
36 anticipated expenses for the current and following fiscal years.

1        NEW SECTION.    **Sec. 7.**    LEAD AGENCY DUTIES.    (1) The department of  
2 ecology and the department of health shall have authority to carry out  
3 all the provisions of this chapter including, but not limited to,  
4 permitting and enforcement.    Only the department of ecology or the  
5 department of health may act as a lead agency for purposes of this  
6 chapter and will be established as such by rule.    Enforcement of a  
7 permit issued under this chapter shall be at the sole discretion of the  
8 lead agency that issued the permit.

9        (2) All permit applications shall be referred to the nonlead agency  
10 for review and consultation.    The nonlead agency may choose to limit  
11 the scope of its review.

12        (3) The authority and duties created in this chapter are in  
13 addition to any authority and duties already provided in law.    Nothing  
14 in this chapter limits the powers of the state or any political  
15 subdivision to exercise such authority.

16        NEW SECTION.        **Sec. 8.**        VIOLATIONS--INJUNCTIONS    AND    LEGAL  
17 PROCEEDINGS AUTHORIZED.    The lead agency, with the assistance of the  
18 attorney general, is authorized to bring any appropriate action at law  
19 or in equity, including action for injunctive relief, as may be  
20 necessary to carry out the provisions of this chapter.    The lead agency  
21 may bring the action in the superior court of the county in which the  
22 violation occurred or in the superior court of Thurston county.    The  
23 court may award reasonable attorneys' fees for the cost of the attorney  
24 general's office in representing the lead agency.

25        NEW SECTION.    **Sec. 9.**    OPERATING PERMIT REQUIRED.    (1) Any person  
26 proposing to generate any type of reclaimed water for a use regulated  
27 under this chapter shall obtain a permit from the lead agency prior to  
28 distribution or use of that water.    The permittee may then distribute  
29 and use the water, subject to the provisions in the permit.    The permit  
30 must include provisions that protect human health and the environment.  
31 At a minimum, the permit must:

- 32        (a) Assure adequate and reliable treatment; and  
33        (b) Govern the water quality, location, rate, and purpose of use.

34        (2) A permit under this chapter may be issued only to:

- 35        (a) A municipal, quasi-municipal, or other governmental entity;  
36        (b) A private utility as defined in RCW 36.94.010;

1 (c) The holder of a waste disposal permit issued under chapter  
2 90.48 RCW; or

3 (d) The owner of an agricultural processing facility that is  
4 generating agricultural industrial process water for agricultural use,  
5 or the owner of an industrial facility that is generating industrial  
6 process water for reuse.

7 (3) Before deciding whether to issue a permit under this section to  
8 a private utility, the lead agency may require information that is  
9 reasonable and necessary to determine whether the private utility has  
10 the financial and other resources to ensure the reliability,  
11 continuity, and supervision of the reclaimed water facility.

12 (4) Permits shall be issued for a fixed term specified by the rules  
13 adopted under RCW 90.46.015. A permittee shall apply for permit  
14 renewal prior to the end of the term. The rules adopted under RCW  
15 90.46.015 shall specify the process of renewal, modification, change of  
16 ownership, suspension, and termination.

17 (5) The lead agency may deny an application for a permit or modify,  
18 suspend, or revoke a permit for good cause, including but not limited  
19 to, any case in which it finds that the permit was obtained by fraud or  
20 misrepresentation, or there is or has been a failure, refusal, or  
21 inability to comply with the requirements of this chapter or the rules  
22 adopted under this chapter.

23 (6) The lead agency shall provide for adequate public notice and  
24 opportunity for review and comment on all initial permit applications  
25 and renewal applications. Methods for providing notice may include  
26 electronic mail, posting on the lead agency's internet site,  
27 publication in a local newspaper, press releases, mailings, or other  
28 means of notification the lead agency determines appropriate. The lead  
29 agency shall also publicize notice of final permitting decisions.

30 (7) Any person aggrieved by a permitting decision has the right to  
31 an adjudicative proceeding. An adjudicative proceeding conducted under  
32 this subsection is governed by chapter 34.05 RCW. For any permit  
33 decision for which the department of ecology is the lead agency under  
34 this chapter, any appeal shall be in accordance with chapter 43.21B  
35 RCW. For any permit decision for which department of health is the  
36 lead agency under this chapter, any application for an adjudicative  
37 proceeding must be in writing, state the basis for contesting the  
38 action, include a copy of the decision, be served on and received by

1 the department of health within twenty-eight days of receipt of notice  
2 of the final decision, and be served in a manner that shows proof of  
3 receipt.

4 (8) Permit requirements for the distribution and use of greywater  
5 will be established in rules adopted by the department of health under  
6 RCW 90.46.015.

7 NEW SECTION. **Sec. 10.** AUTHORITY TO ENTER PREMISES--SEARCH  
8 WARRANTS. (1)(a) Except as otherwise provided in (b) of this  
9 subsection, the lead agency or its designee shall have the right to  
10 enter and inspect any property related to the purpose of the permit,  
11 public or private, at reasonable times with prior notification in order  
12 to determine compliance with laws and rules administered by the lead  
13 agency. During such inspections, the lead agency shall have free and  
14 unimpeded access to all data, facilities, and property involved in the  
15 generation, distribution, and use of reclaimed water.

16 (b) The lead agency or its designee need not give prior  
17 notification to enter property under (a) of this subsection if the  
18 purpose of the entry is to ensure compliance by the permittee with a  
19 prior order of the lead agency or if the lead agency or its designee  
20 has reasonable cause to believe there is a violation of the law that  
21 poses a serious threat to public health and safety or the environment.

22 (2) The lead agency or its designee may apply for an administrative  
23 search warrant to a court of competent jurisdiction and an  
24 administrative search warrant may issue where:

25 (a) The lead agency has attempted an inspection under this chapter  
26 and access has been actually or constructively denied; or

27 (b) There is reasonable cause to believe that a violation of this  
28 chapter or rules adopted under this chapter is occurring or has  
29 occurred.

30 NEW SECTION. **Sec. 11.** PLANS, REPORTS, AND PROPOSED METHODS OF  
31 OPERATION AND MAINTENANCE TO BE SUBMITTED TO DEPARTMENTS. All required  
32 feasibility studies, planning documents, engineering reports, and plans  
33 and specifications for the construction of new reclaimed water,  
34 agricultural industrial process water, and industrial reuse water  
35 facilities, including generation, distribution, and use facilities, or  
36 for improvements or extensions to existing facilities, and the proposed

1 method of future operation and maintenance of said facility or  
2 facilities, shall be submitted to and be approved by the lead agency,  
3 before construction thereof may begin. No approval shall be given  
4 until the lead agency is satisfied that the plans, reports, and  
5 specifications and the methods of operation and maintenance submitted  
6 are adequate to protect the quality of the water for the intended use  
7 as provided for in this chapter and are adequate to protect public  
8 health and safety as necessary.

9 NEW SECTION. **Sec. 12.** NOTICE OF DETERMINATION THAT VIOLATION HAS  
10 OR WILL OCCUR--REPORT OF COMPLIANCE WITH DETERMINATION--ORDER OR  
11 DIRECTIVE TO BE ISSUED--NOTICE. (1) When, in the opinion of the lead  
12 agency, a person violates or creates a substantial potential to violate  
13 this chapter, the lead agency shall notify the person of its  
14 determination by registered mail. The determination shall not  
15 constitute an appealable order or directive. Within thirty days from  
16 the receipt of notice of such determination, the person shall file with  
17 the lead agency a full report stating what steps have been and are  
18 being taken to comply with the determination of the lead agency. After  
19 the full report is filed or after the thirty days have elapsed, the  
20 lead agency may issue the order or directive as it deems appropriate  
21 under the circumstances, shall notify the person by registered mail,  
22 and shall inform the person of the process for requesting an  
23 adjudicative hearing.

24 (2) When it appears to the lead agency that water quality  
25 conditions or other conditions exist which require immediate action to  
26 protect human health and safety or the environment, the lead agency may  
27 issue a written order to the person or persons responsible without  
28 first issuing a notice of determination pursuant to subsection (1) of  
29 this section. An order or directive issued pursuant to this subsection  
30 shall be served by registered mail or personally upon any person to  
31 whom it is directed, and shall inform the person or persons responsible  
32 of the process for requesting an adjudicative hearing.

33 NEW SECTION. **Sec. 13.** PENALTY. Any person found guilty of  
34 willfully violating any of the provisions of this chapter, or any final  
35 written orders or directive of the lead agency or a court in pursuance  
36 thereof, is guilty of a gross misdemeanor, and upon conviction thereof

1 shall be punished by a fine of up to ten thousand dollars and costs of  
2 prosecution, or by imprisonment in the county jail for not more than  
3 one year, or both, in the discretion of the court. Each day upon which  
4 a willful violation of the provisions of this chapter occurs may be  
5 deemed a separate and additional violation.

6 NEW SECTION. **Sec. 14.** VIOLATIONS--CIVIL PENALTY--PROCEDURE. (1)  
7 Except as provided in RCW 43.05.060 through 43.05.080, 43.05.100,  
8 43.05.110, and 43.05.150, any person who:

9 (a) Generates any reclaimed water for a use regulated under this  
10 chapter and distributes or uses that water without a permit;

11 (b) Violates the terms or conditions of a permit issued under this  
12 chapter; or

13 (c) Violates rules or orders adopted or issued pursuant to this  
14 chapter,

15 shall incur, in addition to any other penalty as provided by law, a  
16 penalty in an amount of up to ten thousand dollars per day for every  
17 violation. Each violation shall be a separate and distinct offense,  
18 and in case of a continuing violation, every day's continuance shall be  
19 a separate and distinct violation. Every act of commission or omission  
20 which procures, aids, or abets in the violation shall be considered a  
21 violation under the provisions of this section and subject to the  
22 penalty herein provided for. The penalty amount shall be set in  
23 consideration of the previous history of the violator and the severity  
24 of the violation's impact on public health, the environment, or both,  
25 in addition to other relevant factors.

26 (2) A penalty imposed by a final administrative order is due upon  
27 service of the final administrative order. A person who fails to pay  
28 a penalty assessed by a final administrative order within thirty days  
29 of service of the final administrative order shall pay, in addition to  
30 the amount of the penalty, interest at the rate of one percent of the  
31 unpaid balance of the assessed penalty for each month or part of a  
32 month that the penalty remains unpaid, commencing within the month in  
33 which the notice of penalty was served, and reasonable attorneys' fees  
34 as are incurred if civil enforcement of the final administrative order  
35 is required to collect penalty.

36 (3) A person who institutes proceedings for judicial review of a  
37 final administrative order assessing a civil penalty under this chapter

1 shall place the full amount of the penalty in an interest bearing  
2 account in the registry of the reviewing court. At the conclusion of  
3 the proceeding the court shall, as appropriate, enter a judgment on  
4 behalf of the lead agency and order that the judgment be satisfied to  
5 the extent possible from moneys paid into the registry of the court or  
6 shall enter a judgment in favor of the person appealing the penalty  
7 assessment and order return of the moneys paid into the registry of the  
8 court together with accrued interest to the person appealing. The  
9 judgment may award reasonable attorneys' fees for the cost of the  
10 attorney general's office in representing the lead agency.

11 (4) If no appeal is taken from a final administrative order  
12 assessing a civil penalty under this chapter, the lead agency may file  
13 a certified copy of the final administrative order with the clerk of  
14 the superior court in which the person resides, or in Thurston county,  
15 and the clerk shall enter judgment in the name of the lead agency and  
16 in the amount of the penalty assessed in the final administrative  
17 order.

18 (5) When the penalty herein provided for is imposed by the  
19 department of ecology, it shall be imposed pursuant to the procedures  
20 set forth in RCW 43.21B.300. All penalties imposed by the department  
21 of ecology pursuant to RCW 43.21B.300 shall be deposited into the state  
22 treasury and credited to the general fund.

23 (6) When the penalty is imposed by the department of health, it  
24 shall be imposed pursuant to the procedures set forth in RCW 43.70.095.  
25 All receipts from penalties shall be deposited into the health  
26 reclaimed water account. The department of health shall use revenue  
27 derived from penalties only to provide training and technical  
28 assistance to reclaimed water system owners and operators.

29 NEW SECTION. **Sec. 15.** APPLICATION OF ADMINISTRATIVE PROCEDURE LAW  
30 TO RULE MAKING AND ADJUDICATIVE PROCEEDINGS. The provisions of chapter  
31 34.05 RCW, the administrative procedure act, apply to all rule making  
32 and adjudicative proceedings authorized by or arising under the  
33 provisions of this chapter.

34 **Sec. 16.** RCW 43.21B.110 and 2003 c 393 s 19 are each amended to  
35 read as follows:

36 (1) The hearings board shall only have jurisdiction to hear and

1 decide appeals from the following decisions of the department, the  
2 director, local conservation districts, and the air pollution control  
3 boards or authorities as established pursuant to chapter 70.94 RCW, or  
4 local health departments:

5 (a) Civil penalties imposed pursuant to RCW 18.104.155, 70.94.431,  
6 70.105.080, 70.107.050, 88.46.090, 90.03.600, section 14 of this act,  
7 90.48.144, 90.56.310, and 90.56.330.

8 (b) Orders issued pursuant to RCW 18.104.043, 18.104.060,  
9 43.27A.190, 70.94.211, 70.94.332, 70.105.095, 86.16.020, 88.46.070,  
10 90.14.130, section 12 of this act, 90.48.120, and 90.56.330.

11 (c) Except as provided in RCW 90.03.210(2), the issuance,  
12 modification, or termination of any permit, certificate, or license by  
13 the department or any air authority in the exercise of its  
14 jurisdiction, including the issuance or termination of a waste disposal  
15 permit, the denial of an application for a waste disposal permit, the  
16 modification of the conditions or the terms of a waste disposal permit,  
17 or a decision to approve or deny an application for a solid waste  
18 permit exemption under RCW 70.95.300.

19 (d) Decisions of local health departments regarding the grant or  
20 denial of solid waste permits pursuant to chapter 70.95 RCW.

21 (e) Decisions of local health departments regarding the issuance  
22 and enforcement of permits to use or dispose of biosolids under RCW  
23 70.95J.080.

24 (f) Decisions of the department regarding waste-derived fertilizer  
25 or micronutrient fertilizer under RCW 15.54.820, and decisions of the  
26 department regarding waste-derived soil amendments under RCW 70.95.205.

27 (g) Decisions of local conservation districts related to the denial  
28 of approval or denial of certification of a dairy nutrient management  
29 plan; conditions contained in a plan; application of any dairy nutrient  
30 management practices, standards, methods, and technologies to a  
31 particular dairy farm; and failure to adhere to the plan review and  
32 approval timelines in RCW 90.64.026.

33 (h) Any other decision by the department or an air authority which  
34 pursuant to law must be decided as an adjudicative proceeding under  
35 chapter 34.05 RCW.

36 (2) The following hearings shall not be conducted by the hearings  
37 board:

1 (a) Hearings required by law to be conducted by the shorelines  
2 hearings board pursuant to chapter 90.58 RCW.

3 (b) Hearings conducted by the department pursuant to RCW 70.94.332,  
4 70.94.390, 70.94.395, 70.94.400, 70.94.405, 70.94.410, and 90.44.180.

5 (c) Proceedings conducted by the department, or the department's  
6 designee, under RCW 90.03.160 through 90.03.210 or 90.44.220.

7 (d) Hearings conducted by the department to adopt, modify, or  
8 repeal rules.

9 (e) Appeals of decisions by the department as provided in chapter  
10 43.21L RCW.

11 (3) Review of rules and regulations adopted by the hearings board  
12 shall be subject to review in accordance with the provisions of the  
13 Administrative Procedure Act, chapter 34.05 RCW.

14 **Sec. 17.** RCW 43.21B.300 and 2007 c 147 s 9 are each amended to  
15 read as follows:

16 (1) Any civil penalty provided in RCW 18.104.155, 70.94.431,  
17 70.105.080, 70.107.050, 88.46.090, 90.03.600, section 14 of this act,  
18 90.48.144, 90.56.310, and 90.56.330 and chapter 90.76 RCW shall be  
19 imposed by a notice in writing, either by certified mail with return  
20 receipt requested or by personal service, to the person incurring the  
21 penalty from the department or the local air authority, describing the  
22 violation with reasonable particularity. Within thirty days after the  
23 notice is received, the person incurring the penalty may apply in  
24 writing to the department or the authority for the remission or  
25 mitigation of the penalty. Upon receipt of the application, the  
26 department or authority may remit or mitigate the penalty upon whatever  
27 terms the department or the authority in its discretion deems proper.  
28 The department or the authority may ascertain the facts regarding all  
29 such applications in such reasonable manner and under such rules as it  
30 may deem proper and shall remit or mitigate the penalty only upon a  
31 demonstration of extraordinary circumstances such as the presence of  
32 information or factors not considered in setting the original penalty.

33 (2) Any penalty imposed under this section may be appealed to the  
34 pollution control hearings board in accordance with this chapter if the  
35 appeal is filed with the hearings board and served on the department or  
36 authority thirty days after the date of receipt by the person penalized

1 of the notice imposing the penalty or thirty days after the date of  
2 receipt of the notice of disposition of the application for relief from  
3 penalty.

4 (3) A penalty shall become due and payable on the later of:

5 (a) Thirty days after receipt of the notice imposing the penalty;

6 (b) Thirty days after receipt of the notice of disposition on  
7 application for relief from penalty, if such an application is made; or

8 (c) Thirty days after receipt of the notice of decision of the  
9 hearings board if the penalty is appealed.

10 (4) If the amount of any penalty is not paid to the department  
11 within thirty days after it becomes due and payable, the attorney  
12 general, upon request of the department, shall bring an action in the  
13 name of the state of Washington in the superior court of Thurston  
14 county, or of any county in which the violator does business, to  
15 recover the penalty. If the amount of the penalty is not paid to the  
16 authority within thirty days after it becomes due and payable, the  
17 authority may bring an action to recover the penalty in the superior  
18 court of the county of the authority's main office or of any county in  
19 which the violator does business. In these actions, the procedures and  
20 rules of evidence shall be the same as in an ordinary civil action.

21 (5) All penalties recovered shall be paid into the state treasury  
22 and credited to the general fund except those penalties imposed  
23 pursuant to RCW 18.104.155, which shall be credited to the reclamation  
24 account as provided in RCW 18.104.155(7), RCW 70.94.431, the  
25 disposition of which shall be governed by that provision, RCW  
26 70.105.080, which shall be credited to the hazardous waste control and  
27 elimination account created by RCW 70.105.180, RCW 90.56.330, which  
28 shall be credited to the coastal protection fund created by RCW  
29 90.48.390, and RCW 90.76.080, which shall be credited to the  
30 underground storage tank account created by RCW 90.76.100.

31 **Sec. 18.** RCW 43.21B.310 and 2004 c 204 s 5 are each amended to  
32 read as follows:

33 (1) Except as provided in RCW 90.03.210(2), any order issued by the  
34 department or local air authority pursuant to RCW 70.94.211, 70.94.332,  
35 70.105.095, 43.27A.190, 86.16.020, 88.46.070, section 12 of this act,  
36 or 90.48.120(2) or any provision enacted after July 26, 1987, or any  
37 permit, certificate, or license issued by the department may be

1 appealed to the pollution control hearings board if the appeal is filed  
2 with the board and served on the department or authority within thirty  
3 days after the date of receipt of the order. Except as provided under  
4 chapter 70.105D RCW and RCW 90.03.210(2), this is the exclusive means  
5 of appeal of such an order.

6 (2) The department or the authority in its discretion may stay the  
7 effectiveness of an order during the pendency of such an appeal.

8 (3) At any time during the pendency of an appeal of such an order  
9 to the board, the appellant may apply pursuant to RCW 43.21B.320 to the  
10 hearings board for a stay of the order or for the removal thereof.

11 (4) Any appeal must contain the following in accordance with the  
12 rules of the hearings board:

13 (a) The appellant's name and address;

14 (b) The date and docket number of the order, permit, or license  
15 appealed;

16 (c) A description of the substance of the order, permit, or license  
17 that is the subject of the appeal;

18 (d) A clear, separate, and concise statement of every error alleged  
19 to have been committed;

20 (e) A clear and concise statement of facts upon which the requester  
21 relies to sustain his or her statements of error; and

22 (f) A statement setting forth the relief sought.

23 (5) Upon failure to comply with any final order of the department,  
24 the attorney general, on request of the department, may bring an action  
25 in the superior court of the county where the violation occurred or the  
26 potential violation is about to occur to obtain such relief as  
27 necessary, including injunctive relief, to insure compliance with the  
28 order. The air authorities may bring similar actions to enforce their  
29 orders.

30 (6) An appealable decision or order shall be identified as such and  
31 shall contain a conspicuous notice to the recipient that it may be  
32 appealed only by filing an appeal with the hearings board and serving  
33 it on the department within thirty days of the date of receipt.

34 NEW SECTION. **Sec. 19.** The code reviser shall alphabetize and  
35 renumber the definitions in RCW 90.46.010.

1        NEW SECTION.    **Sec. 20.**    Captions used in this act are not any part  
2 of the law.

3        NEW SECTION.    **Sec. 21.**    Sections 7 through 15 of this act are each  
4 added to chapter 90.46 RCW.

5        NEW SECTION.    **Sec. 22.**    RCW 90.46.060 (Enforcement powers--  
6 Secretary of health) and 1992 c 204 s 7 are each repealed."

7        Correct the title.

--- END ---
