By Representative Hunt

WITHDRAWN 4/26/2009

1 Strike everything after the enacting clause and insert the  
2 following:

3  
4 "NEW SECTION. **Sec. 1.** Intent. One of the key roles of advisory  
5 boards, committees, and commissions is to provide input, advice and  
6 recommendations from stakeholders, other interested parties, and the  
7 public to state agencies. Some advisory boards, committees, and  
8 commissions may be abolished without detriment to the mission of the  
9 agency each supports. Most of the advisory functions of some boards,  
10 committees, and commissions can be performed without the  
11 administrative costs of maintaining formal organizations. In the  
12 interest of building a leaner, more efficient, and more responsible  
13 government, this vital communications conduit must be maintained for  
14 the benefit of the state and its citizens, through the use of modern  
15 communication technology. It is the intent of the legislature this  
16 interim to identify criteria to evaluate those advisory boards,  
17 committees, and commissions that may be eliminated or consolidated,  
18 and for agencies to identify new, less costly, and more effective  
19 opportunities to ensure a broad range of citizen participation is  
20 provided and that all reasonable efforts are made to ensure that  
21 channels are maintained for vital input from the citizens of  
22 Washington.

23  
24 **Acupuncture Ad Hoc Committee**

25  
26 **Sec. 2.** RCW 18.06.080 and 1995 c 323 s 7 are each amended to read  
27 as follows:

1 (1) The secretary is hereby authorized and empowered to execute  
2 the provisions of this chapter and shall offer examinations in  
3 acupuncture at least twice a year at such times and places as the  
4 secretary may select. The examination shall be a written examination  
5 and may include a practical examination.

6 (2) The secretary shall develop or approve a licensure examination  
7 in the subjects that the secretary determines are within the scope of  
8 and commensurate with the work performed by licensed acupuncturists  
9 and shall include but not necessarily be limited to anatomy,  
10 physiology, microbiology, biochemistry, pathology, hygiene, and  
11 acupuncture. All application papers shall be deposited with the  
12 secretary and there retained for at least one year, when they may be  
13 destroyed.

14 (3) If the examination is successfully passed, the secretary shall  
15 confer on such candidate the title of Licensed Acupuncturist.

16 ~~(4) ((The secretary may appoint members of the profession to serve  
17 in an ad hoc advisory capacity to the secretary in carrying out this  
18 chapter. The members will serve for designated times and provide  
19 advice on matters specifically identified and requested by the  
20 secretary. The members shall be compensated in accordance with RCW  
21 43.03.220 and reimbursed for travel expenses under RCW 43.03.040 and  
22 43.03.060.~~

23 ~~—(5))~~ The secretary, ad hoc committee members, or individuals  
24 acting in their behalf are immune from suit in a civil action based on  
25 any certification or disciplinary proceedings or other official acts  
26 performed in the course of their duties.

27

31 education as provided for in P.L. 98-524, as amended, and shall  
32 perform such functions as is necessary to comply with federal  
33 directives pertaining to the provisions of such law.

34

1 (2) The board shall perform the functions of the human resource  
2 investment council as provided for in the federal job training  
3 partnership act, P.L. 97-300, as amended.

4 (3) The board shall provide policy advice for any federal act  
5 pertaining to workforce development that is not required by state or  
6 federal law to be provided by another state body.

7 (4) Upon enactment of new federal initiatives relating to  
8 workforce development, the board shall advise the governor and the  
9 legislature on mechanisms for integrating the federal initiatives into  
10 the state's workforce development system and make recommendations on  
11 the legislative or administrative measures necessary to streamline and  
12 coordinate state efforts to meet federal guidelines.

13 (5) The board shall monitor for consistency with the state

15 and plans established by the state job training coordinating  
16 council(~~(, the advisory council on adult education,)~~) and the  
17 Washington state plan for adult basic education, and provide guidance  
18 for making such policies and plans consistent with the state  
19 comprehensive plan for workforce training and education.

20  
21 **Sec. 4.** RCW 28C.18.090 and 1995 c 130 s 4 are each amended to  
22 read as follows:

23 (1) The board shall specify, by December 31, 1995, the common core  
24 data to be collected by the operating agencies of the state training  
25 system and the standards for data collection and maintenance required  
26 in RCW 28C.18.060(8).

27 (2) The minimum standards for program evaluation by operating  
28 agencies required in RCW 28C.18.060(9) shall include biennial program  
29 evaluations; the first of such evaluations shall be completed by the  
30 operating agencies July 1, 1996. The program evaluation of adult  
31 basic skills education shall be provided by the (~~advisory council on~~  
32 ~~adult education~~) board.

33 (3) The board shall complete, by January 1, 1996, its first  
34 outcome-based evaluation and, by September 1, 1996, its

1 nonexperimental net-impact and cost-benefit evaluations of the  
2 training system. The outcome, net-impact, and cost-benefit  
3 evaluations shall for the first evaluations, include evaluations of  
4 each of the following programs: Secondary vocational-technical  
5 education, work-related adult basic skills education, postsecondary  
6 workforce training, job training partnership act titles II and III, as  
7 well as of the system as a whole.

8 (4) The board shall use the results of its outcome, net-impact,  
9 and cost-benefit evaluations to develop and make recommendations to  
10 the legislature and the governor for the modification, consolidation,  
11 initiation, or elimination of workforce training and education  
12 programs in the state.

13 The board shall perform the requirements of this section in  
14 cooperation with the operating agencies.

27 repealed.

30  
31 NEW SECTION. **Sec. 7.** RCW 70.128.225 (Advisory committee) and  
32 2007 c 40 s 1 & 2002 c 223 s 4 are each repealed.

33  
34

1       **Sec. 8.** RCW 70.128.163 and 2001 c 193 s 6 are each amended to  
2 read as follows:

3       (1) When the department has summarily suspended a license, the  
4 licensee may, subject to the department's approval, elect to  
5 participate in a temporary management program. All provisions of this  
6 section shall apply.

7       The purposes of a temporary management program are as follows:

8       (a) To mitigate dislocation and transfer trauma of residents while  
9 the department and licensee may pursue dispute resolution or appeal of  
10 a summary suspension of license;

11       (b) To facilitate the continuity of safe and appropriate resident  
12 care and services;

13       (c) To preserve a residential option that meets a specialized  
14 service need and/or is in a geographical area that has a lack of  
15 available providers; and

16       (d) To provide residents with the opportunity for orderly  
17 discharge.

18       (2) Licensee participation in the temporary management program is  
19 voluntary. The department shall have the discretion to approve any  
20 temporary manager and the temporary management arrangements. The  
21 temporary management shall assume the total responsibility for the  
22 daily operations of the home.

23       (3) The temporary management shall contract with the licensee as  
24 an independent contractor and is responsible for ensuring that all  
25 minimum licensing requirements are met. The temporary management  
26 shall protect the health, safety, and well-being of the residents for  
27 the duration of the temporary management and shall perform all acts  
28 reasonably necessary to ensure that residents' needs are met. The  
29 licensee is responsible for all costs related to administering the  
30 temporary management program and contracting with the temporary  
31 management. The temporary management agreement shall at a minimum  
32 address the following:

33       (a) Provision of liability insurance to protect residents and  
34 their property;

1 (b) Preservation of resident trust funds;

2 (c) The timely payment of past due or current accounts, operating  
3 expenses, including but not limited to staff compensation, and all  
4 debt that comes due during the period of the temporary management;

5 (d) The responsibilities for addressing all other financial  
6 obligations that would interfere with the ability of the temporary  
7 manager to provide adequate care and services to residents; and

8 (e) The authority of the temporary manager to manage the home,  
9 including the hiring, managing, and firing of employees for good  
10 cause, and to provide adequate care and services to residents.

11 (4) The licensee and department shall provide written notification  
12 immediately to all residents, legal representatives, interested family  
13 members, and the state long-term care ombudsman program, of the  
14 temporary management and the reasons for it. This notification shall  
15 include notice that residents may move from the home without notifying  
16 the licensee in advance, and without incurring any charges, fees, or  
17 costs otherwise available for insufficient advance notice, during the  
18 temporary management period.

19 (5) The temporary management period under this section concludes  
20 twenty-eight days after issuance of the formal notification of  
21 enforcement action or conclusion of administrative proceedings,  
22 whichever date is later. Nothing in this section precludes the  
23 department from revoking its approval of the temporary management  
24 and/or exercising its licensing enforcement authority under this  
25 chapter. The department's decision whether to approve or to revoke a  
26 temporary management arrangement is not subject to the administrative  
27 procedure act, chapter 34.05 RCW.

28 (6) The department is authorized to adopt rules implementing this  
29 section. In implementing this section, the department shall consult  
30 with consumers, advocates, (~~the adult family home advisory committee~~  
31 ~~established under chapter 18.48 RCW,~~) and organizations representing  
32 adult family homes. The department may recruit and approve qualified,  
33 licensed providers interested in serving as temporary managers.

16  
17 NEW SECTION. **Sec. 11.** 1997 c 406 s 1 (uncodified) is repealed.

18  
19 **Sec. 12.** RCW 70.105D.030 and 2007 c 446 s 1, 2007 c 225 s 1, and  
20 2007 c 104 s 19 are each reenacted and amended to read as follows:

21 (1) The department may exercise the following powers in addition  
22 to any other powers granted by law:

23 (a) Investigate, provide for investigating, or require potentially  
24 liable persons to investigate any releases or threatened releases of  
25 hazardous substances, including but not limited to inspecting,  
26 sampling, or testing to determine the nature or extent of any release  
27 or threatened release. If there is a reasonable basis to believe that  
28 a release or threatened release of a hazardous substance may exist,  
29 the department's authorized employees, agents, or contractors may  
30 enter upon any property and conduct investigations. The department  
31 shall give reasonable notice before entering property unless an  
32 emergency prevents such notice. The department may by subpoena  
33 require the attendance or testimony of witnesses and the production of  
34 documents or other information that the department deems necessary;

1 (b) Conduct, provide for conducting, or require potentially liable  
2 persons to conduct remedial actions (including investigations under  
3 (a) of this subsection) to remedy releases or threatened releases of  
4 hazardous substances. In carrying out such powers, the department's  
5 authorized employees, agents, or contractors may enter upon property.  
6 The department shall give reasonable notice before entering property  
7 unless an emergency prevents such notice. In conducting, providing  
8 for, or requiring remedial action, the department shall give  
9 preference to permanent solutions to the maximum extent practicable  
10 and shall provide for or require adequate monitoring to ensure the  
11 effectiveness of the remedial action;

12 (c) Indemnify contractors retained by the department for carrying  
13 out investigations and remedial actions, but not for any contractor's  
14 reckless or willful misconduct;

15 (d) Carry out all state programs authorized under the federal  
16 cleanup law and the federal resource, conservation, and recovery act,  
17 42 U.S.C. Sec. 6901 et seq., as amended;

18 (e) Classify substances as hazardous substances for purposes of  
19 RCW 70.105D.020 and classify substances and products as hazardous  
20 substances for purposes of RCW 82.21.020(1);

21 (f) Issue orders or enter into consent decrees or agreed orders  
22 that include, or issue written opinions under (i) of this subsection  
23 that may be conditioned upon, environmental covenants where necessary  
24 to protect human health and the environment from a release or  
25 threatened release of a hazardous substance from a facility. Prior to  
26 establishing an environmental covenant under this subsection, the  
27 department shall consult with and seek comment from a city or county  
28 department with land use planning authority for real property subject  
29 to the environmental covenant;

30 (g) Enforce the application of permanent and effective  
31 institutional controls that are necessary for a remedial action to be  
32 protective of human health and the environment and the notification  
33 requirements established in RCW 70.105D.110, and impose penalties for  
34 violations of that section consistent with RCW 70.105D.050;

1 (h) Require holders to conduct remedial actions necessary to abate  
2 an imminent or substantial endangerment pursuant to RCW  
3 70.105D.020(17)(b)(ii)(C);

4 (i) Provide informal advice and assistance to persons regarding  
5 the administrative and technical requirements of this chapter. This  
6 may include site-specific advice to persons who are conducting or  
7 otherwise interested in independent remedial actions. Any such advice  
8 or assistance shall be advisory only, and shall not be binding on the  
9 department. As a part of providing this advice and assistance for  
10 independent remedial actions, the department may prepare written  
11 opinions regarding whether the independent remedial actions or  
12 proposals for those actions meet the substantive requirements of this  
13 chapter or whether the department believes further remedial action is  
14 necessary at the facility. Nothing in this chapter may be construed  
15 to preclude the department from issuing a written opinion on whether  
16 further remedial action is necessary at any portion of the real  
17 property located within a facility, even if further remedial action is  
18 still necessary elsewhere at the same facility. Such a written  
19 opinion on a portion of a facility must also provide an opinion on the  
20 status of the facility as a whole. The department may collect, from  
21 persons requesting advice and assistance, the costs incurred by the  
22 department in providing such advice and assistance; however, the  
23 department shall, where appropriate, waive collection of costs in  
24 order to provide an appropriate level of technical assistance in  
25 support of public participation. The state, the department, and  
26 officers and employees of the state are immune from all liability, and  
27 no cause of action of any nature may arise from any act or omission in  
28 providing, or failing to provide, informal advice and assistance; and

29 (j) Take any other actions necessary to carry out the provisions  
30 of this chapter, including the power to adopt rules under chapter  
31 34.05 RCW.

32 (2) The department shall immediately implement all provisions of  
33 this chapter to the maximum extent practicable, including  
34

1 investigative and remedial actions where appropriate. The department  
2 shall adopt, and thereafter enforce, rules under chapter 34.05 RCW to:

3 (a) Provide for public participation, including at least (i)  
4 public notice of the development of investigative plans or remedial  
5 plans for releases or threatened releases and (ii) concurrent public  
6 notice of all compliance orders, agreed orders, enforcement orders, or  
7 notices of violation;

8 (b) Establish a hazard ranking system for hazardous waste sites;

9 (c) Provide for requiring the reporting by an owner or operator of  
10 releases of hazardous substances to the environment that may be a  
11 threat to human health or the environment within ninety days of  
12 discovery, including such exemptions from reporting as the department  
13 deems appropriate, however this requirement shall not modify any  
14 existing requirements provided for under other laws;

15 (d) Establish reasonable deadlines not to exceed ninety days for  
16 initiating an investigation of a hazardous waste site after the  
17 department receives notice or otherwise receives information that the  
18 site may pose a threat to human health or the environment and other  
19 reasonable deadlines for remedying releases or threatened releases at  
20 the site;

21 (e) Publish and periodically update minimum cleanup standards for  
22 remedial actions at least as stringent as the cleanup standards under  
23 section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at  
24 least as stringent as all applicable state and federal laws, including  
25 health-based standards under state and federal law; and

26 (f) Apply industrial clean-up standards at industrial properties.  
27 Rules adopted under this subsection shall ensure that industrial  
28 properties cleaned up to industrial standards cannot be converted to  
29 nonindustrial uses without approval from the department. The  
30 department may require that a property cleaned up to industrial  
31 standards is cleaned up to a more stringent applicable standard as a  
32 condition of conversion to a nonindustrial use. Industrial clean-up  
33 standards may not be applied to industrial properties where hazardous  
34 substances remaining at the property after remedial action pose a

1 threat to human health or the environment in adjacent nonindustrial  
2 areas.

3 (3) To achieve and protect the state's long-term ecological  
4 health, the department shall prioritize sufficient funding to clean up  
5 hazardous waste sites and prevent the creation of future hazards due  
6 to improper disposal of toxic wastes, and create financing tools to  
7 clean up large-scale hazardous waste sites requiring multiyear  
8 commitments. To effectively monitor toxic accounts expenditures, the  
9 department shall develop a comprehensive ten-year financing report  
10 that identifies long-term remedial action project costs, tracks  
11 expenses, and projects future needs.

12 (4) Before December 20th of each even-numbered year, the  
13 department shall:

14 (a) Develop a comprehensive ten-year financing report in  
15 coordination with all local governments with clean-up responsibilities  
16 that identifies the projected biennial hazardous waste site remedial  
17 action needs that are eligible for funding from the local toxics  
18 control account;

19 (b) Work with local governments to develop working capital  
20 reserves to be incorporated in the ten-year financing report;

21 (c) Identify the projected remedial action needs for orphaned,  
22 abandoned, and other clean-up sites that are eligible for funding from  
23 the state toxics control account;

24 (d) Project the remedial action need, cost, revenue, and any  
25 recommended working capital reserve estimate to the next biennium's  
26 long-term remedial action needs from both the local toxics control  
27 account and the state toxics control account, and submit this  
28 information to the appropriate standing fiscal and environmental  
29 committees of the senate and house of representatives. This submittal  
30 must also include a ranked list of such remedial action projects for  
31 both accounts; and

32 (e) Provide the legislature and the public each year with an  
33 accounting of the department's activities supported by appropriations  
34 from the state and local toxics control accounts, including a list of

1 known hazardous waste sites and their hazard rankings, actions taken  
2 and planned at each site, how the department is meeting its waste  
3 management priorities under RCW 70.105.150, and all funds expended  
4 under this chapter.

5 ~~(5) ((The department shall establish a scientific advisory board  
6 to render advice to the department with respect to the hazard ranking  
7 system, cleanup standards, remedial actions, deadlines for remedial  
8 actions, monitoring, the classification of substances as hazardous  
9 substances for purposes of RCW 70.105D.020 and the classification of  
10 substances or products as hazardous substances for purposes of RCW  
11 82.21.020(1). The board shall consist of five independent members to  
12 serve staggered three year terms. No members may be employees of the  
13 department. Members shall be reimbursed for travel expenses as  
14 provided in RCW 43.03.050 and 43.03.060.~~

15 ~~—(6))~~ The department shall establish a program to identify  
16 potential hazardous waste sites and to encourage persons to provide  
17 information about hazardous waste sites.

18 ~~((7))~~ (6) For all facilities where an environmental covenant has  
19 been required under subsection (1)(f) of this section, including all  
20 facilities where the department has required an environmental covenant  
21 under an order, agreed order, or consent decree, or as a condition of  
22 a written opinion issued under the authority of subsection (1)(i) of  
23 this section, the department shall periodically review the  
24 environmental covenant for effectiveness. Except as otherwise  
25 provided in (c) of this subsection, the department shall conduct a  
26 review at least once every five years after an environmental covenant  
27 is recorded.

28 (a) The review shall consist of, at a minimum:

29 (i) A review of the title of the real property subject to the  
30 environmental covenant to determine whether the environmental covenant  
31 was properly recorded and, if applicable, amended or terminated;

32 (ii) A physical inspection of the real property subject to the  
33 environmental covenant to determine compliance with the environmental  
34 covenant, including whether any development or redevelopment of the

1 real property has violated the terms of the environmental covenant;  
2 and

3 (iii) A review of the effectiveness of the environmental covenant  
4 in limiting or prohibiting activities that may interfere with the  
5 integrity of the remedial action or that may result in exposure to or  
6 migration of hazardous substances. This shall include a review of  
7 available monitoring data.

8 (b) If an environmental covenant has been amended or terminated  
9 without proper authority, or if the terms of an environmental covenant  
10 have been violated, or if the environmental covenant is no longer  
11 effective in limiting or prohibiting activities that may interfere  
12 with the integrity of the remedial action or that may result in  
13 exposure to or migration of hazardous substances, then the department  
14 shall take any and all appropriate actions necessary to ensure  
15 compliance with the environmental covenant and the policies and  
16 requirements of this chapter.

17 (c) For facilities where an environmental covenant required by the  
18 department under subsection (1)(f) of this section was required before  
19 July 1, 2007, the department shall:

20 (i) Enter all required information about the environmental  
21 covenant into the registry established under RCW 64.70.120 by June 30,  
22 2008;

23 (ii) For those facilities where more than five years has elapsed  
24 since the environmental covenant was required and the department has  
25 yet to conduct a review, conduct an initial review according to the  
26 following schedule:

27 (A) By December 30, 2008, fifty facilities;

28 (B) By June 30, 2009, fifty additional facilities; and

29 (C) By June 30, 2010, the remainder of the facilities;

30 (iii) Once this initial review has been completed, conduct  
31 subsequent reviews at least once every five years.

1       **Sec. 13.** RCW 70.149.040 and 2007 c 240 s 1 are each amended to  
2 read as follows: The director shall: (1) Design a program,  
3 consistent with RCW 70.149.120, for providing pollution liability  
4 insurance for heating oil tanks that provides up to sixty thousand  
5 dollars per occurrence coverage and aggregate limits, and protects  
6 the state of Washington from unwanted or unanticipated liability for  
7 accidental release claims;

8       (2) Administer, implement, and enforce the provisions of this  
9 chapter. To assist in administration of the program, the director  
10 is authorized to appoint up to two employees who are exempt from the  
11 civil service law, chapter 41.06 RCW, and who shall serve at the  
12 pleasure of the director;

13       (3) Administer the heating oil pollution liability trust account,
