PART II
HUMAN SERVICES

Sec. 201. 2009 c 564 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1)
Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

(4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership

1 (WMIP), the department may combine and transfer such medicaid funds
2 appropriated under sections 204, 206, 208, and 209 of this act as may
3 be necessary to finance a unified health care plan for the WMIP program
4 enrollment. The WMIP pilot projects shall not exceed a daily
5 enrollment of 6,000 persons, nor expand beyond one county, during the
6 2009-2011 biennium. The amount of funding assigned to the pilot
7 projects from each program may not exceed the average per capita cost
8 assumed in this act for individuals covered by that program,
9 actuarially adjusted for the health condition of persons enrolled in
10 the pilot project, times the number of clients enrolled in the pilot
11 project. In implementing the WMIP pilot projects, the department may:
12 (a) Withhold from calculations of "available resources" as set forth in
13 RCW 71.24.025 a sum equal to the capitated rate for individuals
14 enrolled in the pilots; and (b) employ capitation financing and risk-
15 sharing arrangements in collaboration with health care service
16 contractors licensed by the office of the insurance commissioner and
17 qualified to participate in both the medicaid and medicare programs.
18 The department shall conduct an evaluation of the WMIP, measuring
19 changes in participant health outcomes, changes in patterns of service
20 utilization, participant satisfaction, participant access to services,
21 and the state fiscal impact.

22 (5) The appropriations to the department of social and health
23 services in this act shall be expended for the programs and in the
24 amounts specified in this act. However, after May 1, 2010, unless
25 specifically prohibited by this act, the department may transfer
26 general fund--state appropriations for fiscal year 2010 among programs
27 after approval by the director of financial management. The director
28 of financial management shall notify the appropriate fiscal committees
29 of the senate and house of representatives in writing seven days prior
30 to approving any allotment modifications or transfers under this
31 subsection. The written notification shall include a narrative
32 explanation and justification of the changes, along with expenditures
33 and allotments by budget unit and appropriation, both before and after
34 any allotment modifications or transfers.

35 (6) The legislature finds that medicaid payment rates, as
36 calculated by the department pursuant to the appropriations in this
37 act, bear a reasonable relationship to the costs incurred by
38 efficiently and economically operated facilities for providing quality

1 services and will be sufficient to enlist enough providers so that care
2 and services are available to the extent that such care and services
3 are available to the general population in the geographic area. The
4 legislature finds that cost reports, payment data from the federal
5 government, historical utilization, economic data, and clinical input
6 constitute reliable data upon which to determine the payment rates.

37 behavioral rehabilitative service providers to safely keep youth with
38 emotional, behavioral, or medical needs at home, with relatives, or

15 provider has not shown progress toward the outcomes specified in the
16 signed contract at the time of exit. This subsection (b) does not

20 (c) The department is encouraged to use performance-based contracts
21 with incentives directly tied to outcomes described in this section.
22 The contracts should incentivize contracted providers to accept the
23 hardest to ((place)) serve children and incentivize improvement in

25 established exit date. The department is further encouraged to
26 increase the use of behavioral rehabilitative service group homes, wrap
27 around services to facilitate and support placement of youth at home

29 control expenditures.

30 (d) The total foster care per capita amount shall not increase more

29 (2) ~~(\$3,578,000)~~ \$3,408,000 of the general fund--state
30 appropriation for fiscal year 2010 and ~~(\$3,578,000)~~ \$2,898,000 of the
31 general fund--state appropriation for fiscal year 2011 are provided
32 solely for the implementation of chapter 338, Laws of 1997 (juvenile
33 code revisions). The amounts provided in this subsection are intended
34 to provide funding for county impacts associated with the
35 implementation of chapter 338, Laws of 1997 and shall be distributed to
36 counties as prescribed in the current consolidated juvenile services
37 (CJS) formula.

1 (3) \$3,716,000 of the general fund--state appropriation for fiscal
2 year 2010 and \$3,716,000 of the general fund--state appropriation for
3 fiscal year 2011 are provided solely to implement community juvenile
4 accountability grants pursuant to chapter 338, Laws of 1997 (juvenile
5 code revisions). Funds provided in this subsection may be used solely
6 for community juvenile accountability grants, administration of the
7 grants, and evaluations of programs funded by the grants.

8 (4) (~~(\$1,506,000)~~) \$1,427,000 of the general fund--state
9 appropriation for fiscal year 2010 and (~~(\$1,506,000)~~) \$1,206,000 of the
10 general fund--state appropriation for fiscal year 2011 are provided
11 solely to implement alcohol and substance abuse treatment programs for
12 locally committed offenders. The juvenile rehabilitation
13 administration shall award these moneys on a competitive basis to
14 counties that submitted a plan for the provision of services approved
15 by the division of alcohol and substance abuse. The juvenile
16 rehabilitation administration shall develop criteria for evaluation of
17 plans submitted and a timeline for awarding funding and shall assist
18 counties in creating and submitting plans for evaluation.

19 (5) \$3,066,000 of the general fund--state appropriation for fiscal
20 year 2010 and \$3,066,000 of the general fund--state appropriation for
21 fiscal year 2011 are provided solely for grants to county juvenile
22 courts for the following programs identified by the Washington state
23 institute for public policy (institute) in its October 2006 report:
24 "Evidence-Based Public Policy Options to Reduce Future Prison
25 Construction, Criminal Justice Costs and Crime Rates": Functional
26 family therapy, multi-systemic therapy, aggression replacement training
27 and interagency coordination programs, or other programs with a
28 positive benefit-cost finding in the institute's report. County
29 juvenile courts shall apply to the juvenile rehabilitation
30 administration for funding for program-specific participation and the
31 administration shall provide grants to the courts consistent with the
32 per-participant treatment costs identified by the institute.

33 (6) \$1,287,000 of the general fund--state appropriation for fiscal
34 year 2010 and \$1,287,000 of the general fund--state appropriation for

2 Rates": Multidimensional treatment foster care, family integrated
3 transitions, and aggression replacement training. The administration
4 may concentrate delivery of these treatments and therapies at a limited
5 number of programs to deliver the treatments in a cost-effective
6 manner.

7 (7)(a) For the fiscal year ending June 30, 2010, the juvenile
8 rehabilitation administration shall administer a block grant, rather
9 than categorical funding, of consolidated juvenile service funds,
10 community juvenile accountability act grants, the chemical dependency
11 disposition alternative funds, the special sex offender disposition
12 alternative funds, the mental health disposition alternative,
13 sentencing disposition alternative, and evidence-based program
14 expansion grants to juvenile courts for the purpose of serving youth
15 adjudicated in the juvenile justice system. Evidence-based programs,
16 based on the criteria established by the Washington state institute for
17 public policy, and disposition alternatives will be funding priorities.
18 Funds may be used for promising practices when approved by juvenile
19 rehabilitation administration, based on criteria established in
20 consultation with Washington state institute for public policy and the
21 juvenile courts.

22 By September 1, 2009, a committee with four members, in
23 consultation with Washington state institute for public policy, shall
24 develop a funding formula that takes into account the juvenile courts
25 average daily population of program eligible youth in conjunction with
26 the number of youth served in each approved evidence-based program or
27 disposition alternative. The committee shall have one representative
28 from the juvenile rehabilitation administration, one representative
29 from the office of financial management, one representative from the
30 office of the administrator of the courts, and one representative from
31 the juvenile courts. Decision making will be by majority rule.

32 By September 1, 2010, the Washington state institute for public
33 policy shall provide a report to the office of financial management and
34 the legislature on the administration of the block grant authorized in
35 this subsection. The report shall include the criteria used for
36 allocating the funding as a block grant and the participation targets
37 and actual participation in the programs subject to the block grant.

1 (b) By December 1, 2009, the committee established in (a) of this
2 subsection, in consultation with Washington state institute for public
3 policy, shall propose to the office of financial management and the
4 legislature changes in the process of funding and managing, including
5 accountability and information collection and dissemination, grants to
6 juvenile courts for serving youth adjudicated in the juvenile court
7 system use in the fiscal year ending June 30, 2011. The proposal shall
8 include, but is not limited to: A process of making a block grant of
9 funds consistent with (a) of this subsection; a program of data
10 collection and measurement criteria for receiving the funds which will
11 include targets of the number of youth served in identified evidence-
12 based programs and disposition alternatives in which the juvenile
13 courts and office of the administrator of the courts will have
14 responsibility for collecting and distributing information and
15 providing access to the data systems to the juvenile rehabilitation
16 administration and the Washington state institute for public policy
17 related to program and outcome data; and necessary changes to the
18 Washington administrative code.

19 (c) Within the funds provided for criminal justice analysis in
20 section 610(4) of this act, the Washington state institute for public
21 policy shall conduct an analysis of the costs per participant of
22 evidence-based programs by the juvenile courts and by December 1, 2009,
23 shall report the results of this analysis to the juvenile
24 rehabilitation administration, the juvenile courts, office of the
25 administrator of the courts, the office of financial management, and
26 the fiscal committees of the legislature.

27 (8) \$3,700,000 of the Washington auto theft prevention authority
28 account--state appropriation is provided solely for competitive grants
29 to community-based organizations to provide at-risk youth intervention
30 services, including but not limited to, case management, employment
31 services, educational services, and street outreach intervention
32 programs. Projects funded should focus on preventing, intervening, and
33 suppressing behavioral problems and violence while linking at-risk
34 youth to pro-social activities. The department may not expend more
35 than \$1,850,000 per fiscal year. The costs of administration must not
36 exceed four percent of appropriated funding for each grant recipient.
37 Each entity receiving funds must report to the juvenile rehabilitation

1 administration on the number and types of youth served, the services
2 provided, and the impact of those services upon the youth and the
3 community.

15 General Fund--Private/Local Appropriation	((\$14,868,000))
16	<u>\$20,091,000</u>
17 TOTAL APPROPRIATION	((\$1,041,344,000))
18	<u>\$1,092,504,000</u>

19 The appropriations in this subsection are subject to the following
20 conditions and limitations:

21 (a) \$113,689,000 of the general fund--state appropriation for
22 fiscal year 2010 and ((~~\$113,689,000~~)) \$114,158,000 of the general
23 fund--state appropriation for fiscal year 2011 are provided solely for
24 persons and services not covered by the medicaid program. This is a
25 reduction of \$11,606,000 each fiscal year from the nonmedicaid funding
26 that was allocated for expenditure by regional support networks during
27 fiscal year 2009 prior to supplemental budget reductions. This
28 \$11,606,000 reduction shall be distributed among regional support
29 networks proportional to each network's share of the total state
30 population. To the extent possible, levels of regional support network
31 spending shall be maintained in the following priority order: (i)
32 Crisis and commitment services; (ii) community inpatient services; and
33 (iii) residential care services, including personal care and emergency
34 housing assistance.

35 (b) \$16,900,000 of the general fund--state appropriation for fiscal
36 year 2010 and \$16,900,000 of the general fund--state appropriation for
37 fiscal year 2011 are provided solely for the department and regional

1 support networks to contract for implementation of high-intensity
2 program for active community treatment (PACT) teams, and other proven
3 program approaches that the department concurs will enable the regional
4 support network to achieve significant reductions in the number of beds
5 the regional support network would otherwise need to use at the state
6 hospitals.

7 (c) The number of nonforensic beds allocated for use by regional
8 support networks at eastern state hospital shall be 192 per day. The
9 number of nonforensic beds allocated for use by regional support
10 networks at western state hospital shall be 617 per day during the
11 first quarter of fiscal year 2010, and 587 per day thereafter. Beds in
12 the program for adaptive living skills (PALS) are not included in the
13 preceding bed allocations. The department shall separately charge
14 regional support networks for persons served in the PALS program.

15 (d) From the general fund--state appropriations in this subsection,
16 the secretary of social and health services shall assure that regional
17 support networks reimburse the aging and disability services
18 administration for the general fund--state cost of medicaid personal
19 care services that enrolled regional support network consumers use
20 because of their psychiatric disability.

21 (e) \$4,582,000 of the general fund--state appropriation for fiscal
22 year 2010 and \$4,582,000 of the general fund--state appropriation for
23 fiscal year 2011 are provided solely for mental health services for
24 mentally ill offenders while confined in a county or city jail and for
25 facilitating access to programs that offer mental health services upon
26 release from confinement.

27 (f) The department is authorized to continue to contract directly,
28 rather than through contracts with regional support networks, for
29 children's long-term inpatient facility services.

30 (g) \$750,000 of the general fund--state appropriation for fiscal
31 year 2010 and \$750,000 of the general fund--state appropriation for
32 fiscal year 2011 are provided solely to continue performance-based
33 incentive contracts to provide appropriate community support services
34 for individuals with severe mental illness who were discharged from the
35 state hospitals as part of the expanding community services initiative.
36 These funds will be used to enhance community residential and support
37 services provided by regional support networks through other state and
38 federal funding.

1 (h) (~~(\$1,500,000 of the general fund state appropriation for~~
2 ~~fiscal year 2010 and \$1,500,000 of the general fund state~~
3 ~~appropriation for fiscal year 2011 are provided solely for the Spokane~~
4 ~~regional support network to implement services to reduce utilization~~
5 ~~and the census at eastern state hospital. Such services shall include:~~

6 ~~(i) High intensity treatment team for persons who are high~~
7 ~~utilizers of psychiatric inpatient services, including those with co-~~
8 ~~occurring disorders and other special needs;~~

9 ~~(ii) Crisis outreach and diversion services to stabilize in the~~
10 ~~community individuals in crisis who are at risk of requiring inpatient~~
11 ~~care or jail services;~~

12 ~~(iii) Mental health services provided in nursing facilities to~~
13 ~~individuals with dementia, and consultation to facility staff treating~~
14 ~~those individuals; and~~

15 ~~(iv) Services at the sixteen bed evaluation and treatment facility.~~

16 ~~At least annually, the Spokane regional support network shall~~
17 ~~assess the effectiveness of these services in reducing utilization at~~
18 ~~eastern state hospital, identify services that are not optimally~~
19 ~~effective, and modify those services to improve their effectiveness.~~

20 ~~(i))~~) The department shall return to the Spokane regional support
21 network fifty percent of the amounts assessed against the network
22 during the last six months of calendar year 2009 for state hospital
23 utilization in excess of its contractual limit. The regional support
24 network shall use these funds for operation during its initial months
25 of a new sixteen-bed evaluation and treatment facility that will enable
26 the network to reduce its use of the state hospital, and for diversion
27 and community support services for persons with dementia who would
28 likely otherwise require care at the state hospital.

29 ~~((+j))~~) (i) The department is directed to identify and implement
30 program efficiencies and benefit changes in its delivery of medicaid
31 managed-care services that are sufficient to operate within the state
32 and federal appropriations in this section. Such actions may include
33 but are not limited to methods such as adjusting the care access
34 standards; improved utilization management of ongoing, recurring, and
35 high-intensity services; and increased uniformity in provider payment
36 rates. The department shall ensure that the capitation rate
37 adjustments necessary to accomplish these efficiencies and changes are
38 distributed uniformly and equitably across all regional support

1 networks statewide. The department is directed to report to the
2 relevant legislative fiscal and policy committees at least thirty days
3 prior to implementing rate adjustments reflecting these changes.

4 ~~((k))~~ (j) In developing the new medicaid managed care rates under
5 which the public mental health managed care system will operate during
6 the five years beginning in fiscal year 2011, the department should
7 seek to estimate the reasonable and necessary cost of efficiently and
8 effectively providing a comparable set of medically necessary mental
9 health benefits to persons of different acuity levels regardless of
10 where in the state they live. Actual prior period spending in a
11 regional administrative area shall not be a key determinant of future
12 payment rates. The department shall report to the office of financial
13 management and to the relevant fiscal and policy committees of the
14 legislature on its proposed new waiver and mental health managed care
15 rate-setting approach by October 1, 2009, and again at least sixty days
16 prior to implementation of new capitation rates.

17 ~~((l))~~ (k) \$1,529,000 of the general fund--state appropriation for
18 fiscal year 2010 and \$1,529,000 of the general fund--state
19 appropriation for fiscal year 2011 are provided solely to reimburse
20 Pierce and Spokane counties for the cost of conducting 180-day
21 commitment hearings at the state psychiatric hospitals.

22 ~~((m))~~ (l) The legislature intends and expects that regional
23 support networks and contracted community mental health agencies shall
24 make all possible efforts to, at a minimum, maintain current
25 compensation levels of direct care staff. Such efforts shall include,
26 but not be limited to, identifying local funding that can preserve
27 client services and staff compensation, achieving administrative
28 reductions at the regional support network level, and engaging
29 stakeholders on cost-savings ideas that maintain client services and
30 staff compensation. For purposes of this section, "direct care staff"
31 means persons employed by community mental health agencies whose
32 primary responsibility is providing direct treatment and support to
33 people with mental illness, or whose primary responsibility is
34 providing direct support to such staff in areas such as client
35 scheduling, client intake, client reception, client records-keeping,
36 and facilities maintenance.

37 (m) \$952,000 of the general fund--state appropriation for fiscal
38 year 2011 is provided solely for the north central regional support

1 network (NCRSN) to improve the utilization of medicaid services in that
2 region. During the actuarial rate rebase, the actuaries determined
3 that north central's productivity was too low for funding to be
4 certified at the fiscal year 2010 rate ranges. The department shall
5 enter into a performance-based contract with NCRSN and shall contract
6 with an expert in the delivery of mental health services in a frontier
7 setting to provide technical assistance to NCRSN. Improvements in
8 utilization and cost effectiveness must be demonstrated by NCRSN on or
9 before June 30, 2011, or contracts for state medicaid and nonmedicaid
10 services may be subject to termination. The department shall submit
11 the following reports to the legislature:

12 (i) On or before June 30, 2010, a written plan of improvement for
13 NCRSN shall be submitted to the legislature. The plan must be
14 collaboratively developed by the department and NCRSN and must be
15 acknowledged by signatures from NCRSN, the providers in the network,
16 and the secretary of the department of social and health services. In
17 the plan, the department shall identify the contracting source for
18 technical assistance and shall include the implementation strategy and
19 schedule for providing technical assistance to the RSN. The plan must
20 also include a strategy for restructuring services, a process for
21 improving community outreach, and an outline on the methods for
22 collecting data and monitoring outcomes.

23 (ii) On or before August 15, 2010, the department shall submit to
24 the legislature a progress report. The report shall identify best
25 practices and areas of recommended changes to service delivery with a
26 detailed strategy for implementation. A timeline shall be included.
27 The report shall provide a progress update on tracking and monitoring
28 outcomes.

29 (iii) On or before January 10, 2011, the department shall provide
30 a progress report to include outcomes from July 1, 2010, through
31 November 30, 2010.

32 (n) \$179,000 of the general fund--state appropriation for fiscal
33 year 2011 is provided solely for the Chelan Douglas regional support
34 network to improve the utilization of medicaid services in that region.
35 During the actuarial rate rebase, the actuaries determined that the
36 Chelan Douglas regional support network's productivity was too low for
37 funding to be certified at the fiscal year 2010 rate ranges. Funding

1 provided in this subsection is sufficient to hold the RSN at the fiscal
2 year 2010 rate.

3 (o) \$5,223,000 of the general fund--private/local appropriation and
4 \$8,870,000 of the general fund--federal appropriation are provided
5 solely for services to medicaid eligible clients. County legislative
6 authorities may authorize a one-tenth of one percent sales tax and may
7 choose to use this funding for the delivery of either medicaid or
8 nonmedicaid chemical dependency or mental health treatment programs as
9 specified in RCW 82.14.460. Local funding that is authorized to serve
10 medicaid clients is matched with federal funding and becomes part of
11 the overall medicaid expenditures. When medicaid rates are rebased,
12 the increased level of medicaid expenditures due to local match becomes
13 the state's responsibility. An individual regional support network
14 will be allowed to leverage local funding into the medicaid rates on a
15 one-time basis only.

16 (p) \$1,287,000 of the general fund--state appropriation for fiscal
17 year 2011 is provided solely for either Second Substitute House Bill
18 No. 3076 (involuntary treatment act evaluations), or Second Substitute
19 House Bill No. 2882 (detaining persons with mental illness), or both.
20 Funding provided in this subsection shall be used for increases in 72-
21 hour detainments for persons with mental disorders and 14-day
22 involuntary commitments that result from modifications to the
23 involuntary treatment act, chapter 71.05 RCW. If neither bill is
24 enacted by June 30, 2010, the amounts provided in this subsection shall
25 lapse.

32 **Sec. 205.** 2010 c 3 s 204 (uncodified) is amended to read as

18 based on the acuity level of care recipients. The largest hour
19 reductions shall be to lower acuity patients and the smallest hour
20 reductions shall be to higher acuity patients. In doing so, the
21 department shall comply with all maintenance of effort requirements
22 contained in the American reinvestment and recovery act.

23 (c) Amounts appropriated in this section are sufficient to develop
24 and implement the use of a consistent, statewide outcome-based vendor
25 contract for employment and day services by April 1, 2011. The rates
26 paid to vendors under this contract shall also be made consistent. In
27 its description of activities the agency shall include activity
28 listings and dollars appropriated for: Employment services, day
29 services, child development services and county administration of
30 services to the developmentally disabled. The department shall begin
31 reporting to the office of financial management on these activities
32 beginning in fiscal year 2010.

33 (d) ((~~\$5,593,000~~)) \$5,773,000 of the general fund--state
34 appropriation for fiscal year 2010, ((~~\$4,002,000~~)) \$4,797,000 of the
35 general fund--state appropriation for fiscal year 2011, and
36 ((~~\$14,701,000~~)) \$16,159,000 of the general fund--federal appropriation
37 are provided solely for community residential and support services.
38 Funding in this subsection shall be prioritized for (i) residents of

1 residential habilitation centers who are able to be adequately cared
2 for in community settings and who choose to live in those community
3 settings; (ii) clients without residential services who are at
4 immediate risk of institutionalization or in crisis; (iii) children who
5 are at risk of institutionalization or who are aging out of other state
6 services; and (iv) current home and community-based waiver program
7 clients who have been assessed as having an immediate need for
8 increased services. First priority shall be given to children who are
9 at risk of institutionalization. The department shall ensure that the
10 average cost per day for all program services other than start-up costs
11 shall not exceed \$300. In order to maximize the number of clients
12 served and ensure the cost-effectiveness of the waiver programs, the
13 department will strive to limit new client placement expenditures to 90
14 percent of the budgeted daily rate. If this can be accomplished,
15 additional clients may be served with excess funds, provided the total
16 projected carry-forward expenditures do not exceed the amounts
17 estimated. The department shall electronically report to the
18 appropriate committees of the legislature, within 45 days following
19 each fiscal year quarter, the number of persons served with these
20 additional community services, where they were residing, what kinds of
21 services they were receiving prior to placement, and the actual
22 expenditures for all community services to support these clients.

23 (e)(i) (~~(\$493,000)~~) \$679,000 of the general fund--state
24 appropriation for fiscal year 2010, (~~(\$1,463,000)~~) \$2,146,000 of the
25 general fund--state appropriation for fiscal year 2011, and
26 (~~(\$2,741,000)~~) \$4,057,000 of the general fund--federal appropriation
27 are provided solely for community services for persons with
28 developmental disabilities who also have community protection issues.
29 Funding in this subsection shall be prioritized for (A) clients being
30 diverted or discharged from the state psychiatric hospitals; (B)
31 clients participating in the dangerous mentally ill offender program;
32 (C) clients participating in the community protection program; and (D)
33 mental health crisis diversion outplacements. The department shall
34 ensure that the average cost per day for all program services other
35 than start-up costs shall not exceed \$349 per day in fiscal year 2010
36 and \$356 per day in fiscal year 2011. In order to maximize the number
37 of clients served and ensure the cost-effectiveness of the waiver
38 programs, the department will strive to limit new client placement

1 expenditures to 90 percent of the budgeted daily rate. If this can be
2 accomplished, additional clients may be served with excess funds if the
3 total projected carry-forward expenditures do not exceed the amounts
4 estimated.

5 (ii) The department shall electronically report to the appropriate
6 committees of the legislature, within 45 days following each fiscal
7 year quarter, the number of persons served with these additional
8 community services, where they were residing, what kinds of services
9 they were receiving prior to placement, and the actual expenditures for
10 all community services to support these clients.

11 (f) \$302,000 of the general fund--state appropriation for fiscal
12 year 2010, \$831,000 of the general fund--state appropriation for fiscal
13 year 2011, and \$1,592,000 of the general fund--federal appropriation
14 are provided solely for health care benefits pursuant to a collective
15 bargaining agreement negotiated with the exclusive bargaining
16 representative of individual providers established under RCW
17 74.39A.270.

18 (g)(i) \$682,000 of the general fund--state appropriation for fiscal
19 year 2010, \$1,651,000 of the general fund--state appropriation for
20 fiscal year 2011, and \$1,678,000 of the general fund--federal
21 appropriation are provided solely for the state's contribution to the
22 training partnership, as provided in RCW 74.39A.360, pursuant to a
23 collective bargaining agreement negotiated with the exclusive
24 bargaining representative of individual providers established under RCW
25 74.39A.270.

26 (ii) The federal portion of the amounts in this subsection (g) is
27 contingent upon federal approval of participation in contributions to
28 the trust and shall remain unallotted and placed in reserve status
29 until the office of financial management and the department of social
30 and health services receive federal approval.

31 (iii) Expenditures for the purposes specified in this subsection
32 (g) shall not exceed the amounts provided in this subsection.

33 (h) Within the amounts appropriated in this subsection (1), the

35 transfer to a department home and community-based services (HCBS)
36 waiver of all eligible individuals who (i) currently receive services
37 under the existing state-only employment and day program or the
38 existing state-only residential program, and (ii) otherwise meet the

1 waiver eligibility requirements. The amounts appropriated are
2 sufficient to ensure that all individuals currently receiving services
3 under the state-only employment and day and state-only residential
4 programs who are not transferred to a department HCBS waiver will
5 continue to receive services.

6 ~~(i) ((Adult day health services shall only be authorized for in-~~
7 ~~home clients.~~

8 ~~(j))~~ In addition to other reductions, the appropriations in this
9 subsection reflect reductions targeted specifically to state government
10 administrative costs. These administrative reductions shall be
11 achieved, to the greatest extent possible, by reducing those
12 administrative costs that do not affect direct client services or
13 direct service delivery or programs.

14 ~~((k))~~ (j) The department shall not pay a home care agency
15 licensed under chapter 70.127 RCW for personal care services provided
16 by a family member, pursuant to Substitute House Bill No. 2361
17 (modifying state payments for in-home care).

18 ~~((l))~~ (k) Within the appropriations of this section, the
19 department shall reduce all seventeen payment levels of the seventeen-
20 level payment system from the fiscal year 2009 levels for boarding

31 needs who are eligible for expanded community services and who might
32 otherwise require state and local psychiatric hospital care.

33 Within amounts appropriated, exceptional add-on rates for AIDS/HIV,
34 dementia specialty care, and expanded community services may be
35 standardized within each program.

36 ~~((m))~~ (l) The amounts appropriated in this subsection reflect a
37 reduction in funds available for employment and day services. In
38 administering this reduction the department shall negotiate with

1 counties and their vendors so that this reduction, to the greatest
2 extent possible, is achieved by reducing vendor rates and allowable
3 contract administrative charges (overhead) and not through reductions
4 to direct client services or direct service delivery or programs.

5 ~~((n) Within the amounts allotted for employment and day services
6 in this section, the department shall prioritize the funding of
7 employment services for students graduating from high school during
8 fiscal years 2010 and 2011. However, nothing in this subsection is
9 intended to displace services for other recipients of employment
10 services.~~

11 ~~(o))~~ (m) As part of the needs assessment instrument, the
12 department may collect data on family income for minor children with
13 developmental disabilities and all individuals who are receiving state-
14 only funded services. The department may ensure that this information
15 is collected as part of the client assessment process.

16 (n) \$116,000 of the general fund--state appropriation for fiscal
17 year 2010, \$2,689,000 of the general fund--state appropriation for
18 fiscal year 2011, and \$1,772,000 of the general fund--federal
19 appropriation are provided solely for employment services and required
20 waiver services. Priority consideration for this new funding shall be
21 young adults with developmental disabilities living with their family
22 who need employment opportunities and assistance after high school
23 graduation. Services shall be provided for both waiver and nonwaiver
24 clients. Fifty percent of the general fund appropriation shall be
25 utilized for graduates who are on a waiver and fifty percent of the
26 general fund appropriation shall be used for nonwaiver clients.

27 (o) Upon the effective date of this section, the department shall
28 no longer hold funded residential vacancies to achieve savings.

29 (p) The division of developmental disabilities shall not reduce
30 funding for county employment contracts. Funding for this purpose
31 shall be maintained at the amount appropriated for this purpose in
32 chapter 564, Laws of 2009.

33 (q) The department shall, by September 30, 2010, provide a report
34 to the legislature on the implementation of chapter 571, Laws of 2009
35 (Substitute House Bill No. 2361). The report shall provide an analysis
36 of the savings and/or costs to the agency associated with the
37 implementation of the bill. Additionally, the report shall provide a

1 full accounting of the relative hourly costs of agency providers and
2 individual providers.

3 (r) Pursuant to RCW 43.135.055 and Substitute House Bill No. 2954,
4 the department is authorized to establish the following fees for fiscal

11 department in rule.

12 (iii) The initial processing fee for adult family home licenses is
13 \$1,800.00 per home and shall be paid in full at the time of the
14 licensing application. The department shall refund all initial
15 processing fees, with the exception of \$100.00, paid between July 1,
16 2009, and June 30, 2010, for any adult family home that remains in
17 active status on or after July 1, 2010.

18 (s) The department shall establish a working group with
19 representatives of the home care industry to identify and eliminate or
20 mitigate administrative burdens. The make-up of this working group
21 shall be limited to:

22 (i) The state unit on aging chief of the aging and disabilities

6 monthly or as needed until the group has accomplished its goals. The
7 work group shall provide a report on its findings to the legislative
8 fiscal committees by January 1, 2011.

9 (t) No employer, provider, or entity receiving state funds to

9 reached, the department shall track how the long-term care needs of
10 applicants assigned to the waiting list are met.

11 ~~((+15+))~~ (14) The department shall establish waiting lists to the
12 extent necessary to assure that annual expenditures on the community
13 options program entry systems (COPES) program do not exceed

16 greatest unmet needs, as determined by department assessment processes.

17 ~~((+16+))~~ (15) The department shall contract for housing with

11 The appropriations in this section are subject to the following
12 conditions and limitations:

13 (1) Based on quarterly expenditure reports and caseload forecasts,

30 (5) In accordance with RCW 74.46.625, \$6,000,000 of the general

35 payments shall not exceed the maximum allowable under federal rules.
36 It is the legislature's intent that the payments shall be supplemental
37 to and shall not in any way offset or reduce the payments calculated

1 legislature's further intent that costs otherwise allowable for rate-

19 ~~larger share of the available funding to hospitals that (a) serve a~~
20 ~~disproportionate share of low income and medically indigent patients,~~
21 ~~and (b) have relatively smaller net financial margins, to the extent~~

33 program shall apply to all public hospitals, including those owned or
34 operated by the state, except those classified as critical access
35 hospitals or state psychiatric institutions. The department shall
36 submit reports to the governor and legislature by November 1, 2009, and
37 by November 1, 2010, that evaluate whether savings continue to exceed
38 costs for this program. If the certified public expenditures (CPE)

1 program in its current form is no longer cost-effective to maintain,
2 the department shall submit a report to the governor and legislature
3 detailing cost-effective alternative uses of local, state, and federal
4 resources as a replacement for this program. During fiscal year 2010
5 and fiscal year 2011, hospitals in the program shall be paid and shall
6 retain one hundred percent of the federal portion of the allowable
7 hospital cost for each medicaid inpatient fee-for-service claim payable
8 by medical assistance and one hundred percent of the federal portion of
9 the maximum disproportionate share hospital payment allowable under
10 federal regulations. Inpatient medicaid payments shall be established
11 using an allowable methodology that approximates the cost of claims
12 submitted by the hospitals. Payments made to each hospital in the
13 program in each fiscal year of the biennium shall be compared to a
14 baseline amount. The baseline amount will be determined by the total
15 of (a) the inpatient claim payment amounts that would have been paid
16 during the fiscal year had the hospital not been in the CPE program,
17 (b) one half of the indigent assistance disproportionate share hospital
18 payment amounts paid to and retained by each hospital during fiscal
19 year 2005, and (c) all of the other disproportionate share hospital
20 payment amounts paid to and retained by each hospital during fiscal
21 year 2005 to the extent the same disproportionate share hospital
22 programs exist in the 2009-11 biennium. If payments during the fiscal
23 year exceed the hospital's baseline amount, no additional payments will
24 be made to the hospital except the federal portion of allowable
25 disproportionate share hospital payments for which the hospital can
26 certify allowable match. If payments during the fiscal year are less
27 than the baseline amount, the hospital will be paid a state grant equal
28 to the difference between payments during the fiscal year and the
29 applicable baseline amount. Payment of the state grant shall be made
30 in the applicable fiscal year and distributed in monthly payments. The
31 grants will be recalculated and redistributed as the baseline is
32 updated during the fiscal year. The grant payments are subject to an
33 interim settlement within eleven months after the end of the fiscal
34 year. A final settlement shall be performed. To the extent that
35 either settlement determines that a hospital has received funds in
36 excess of what it would have received as described in this subsection,
37 the hospital must repay the excess amounts to the state when requested.
38 \$26,396,000 of the general fund--state appropriation for fiscal year

3 act, and \$45,398,000 of the general fund--state appropriation for
4 fiscal year 2011, of which \$1,500,000 (~~(of the general fund--state~~
5 ~~appropriation for fiscal year 2011, which)~~) is appropriated in section
6 204(1) of this act, are provided solely for state grants for the
7 participating hospitals. (~~Sufficient amounts are appropriated in this~~
8 ~~section for the remaining state grants for the participating hospitals.~~

9 ~~(9))~~ (8) The department is authorized to use funds appropriated in
10 this section to purchase goods and supplies through direct contracting

17 health partnership plan). If the bill is not enacted by June 30, 2009,
18 the amounts provided in this subsection shall lapse.

19 ~~((11))~~ (10) The department shall require managed health care
20 systems that have contracts with the department to serve medical
21 assistance clients to limit any reimbursements or payments the systems
22 make to providers not employed by or under contract with the systems to
23 no more than the medical assistance rates paid by the department to
24 providers for comparable services rendered to clients in the fee-for-
25 service delivery system.

26 ~~((12))~~ (11) A maximum of (~~(\$166,875,000)~~) \$179,643,000 of the

1 74.09.035, the department shall not expend for the general assistance
2 medical care services program any amounts in excess of the amounts
3 provided in this subsection.

4 ~~((+13))~~ (12) If the department determines that it is feasible

6 without the loss of federal disproportionate share hospital funds, the
7 department shall contract with the carrier currently operating a
8 managed care pilot project for the provision of medical care services
9 to ~~((general assistance unemployable))~~ disability lifeline clients.
10 Mental health services shall be included in the services provided

28 medical clients. Outcomes measured shall include state costs,
29 utilization, changes in mental health status and symptoms, and
30 involvement in the criminal justice system. The department shall
31 provide a report on these outcomes to the relevant policy and fiscal
32 committees of the legislature by November 15, 2010.

33 ~~((+15))~~ (14) The department shall report to the governor and the

8 department shall apply federal rules for identifying the shortfall
9 between current fee-for-service medicaid payments to participating
10 providers and the applicable federal upper payment limit.
11 Participating providers shall be solely responsible for providing the
12 local funds required to obtain federal matching funds. Any incremental
13 costs incurred by the department in the development, implementation,
14 and maintenance of this program will be the responsibility of the
15 participating providers. Participating providers will retain the full
16 amount of supplemental payments provided under this program, net of any
17 potential costs for any related audits or litigation brought against
18 the state. The department shall report to the governor and the
19 legislative fiscal committees on the prospects for expansion of the
20 program to other qualifying providers as soon as feasibility is
21 determined but no later than December 31, 2009. The report will
22 outline estimated impacts on the participating providers, the
23 procedures necessary to comply with federal guidelines, and the
24 administrative resource requirements necessary to implement the
25 program. The department will create a process for expansion of the
26 program to other qualifying providers as soon as it is determined
27 feasible by both the department and providers but no later than June
28 30, 2010.

11 ~~((+21))~~ (20) The department may, on a case-by-case basis and in
12 the best interests of the child, set payment rates for medically
13 intensive home care services to promote access to home care as an
14 alternative to hospitalization. Expenditures related to these
15 increased payments shall not exceed the amount the department would
16 otherwise pay for hospitalization for the child receiving medically
17 intensive home care services.

18 ~~((+22))~~ (21) \$425,000 of the general fund--state appropriation for
19 fiscal year 2010, \$425,000 of the general fund--state appropriation for
20 fiscal year 2011, and \$1,580,000 of the general fund--federal
21 appropriation are provided solely to continue children's health
22 coverage outreach and education efforts under RCW 74.09.470. These
23 efforts shall rely on existing relationships and systems developed with
24 local public health agencies, health care providers, public schools,
25 the women, infants, and children program, the early childhood education
26 and assistance program, child care providers, newborn visiting nurses,
27 and other community-based organizations. The department shall seek
28 public-private partnerships and federal funds that are or may become
29 available to provide on-going support for outreach and education

31 reauthorization act of 2009.

32 ~~((+23))~~ (22) The department, in conjunction with the office of
33 financial management, shall reduce outpatient and inpatient hospital
34 rates and implement a prorated inpatient payment policy. In
35 determining the level of reductions needed, the department shall
36 include in its calculations services paid under fee-for-service,

1 reductions shall not apply to payments for psychiatric inpatient
2 services or payments to critical access hospitals.

3 ~~((+24))~~ (23) The department will pursue a competitive procurement
4 process for antihemophilic products, emphasizing evidence-based
5 medicine and protection of patient access without significant
6 disruption in treatment.

7 ~~((+25))~~ (24) The department will pursue several strategies towards
8 reducing pharmacy expenditures including but not limited to increasing
9 generic prescription drug utilization by 20 percentage points and
10 promoting increased utilization of the existing mail-order pharmacy
11 program.

12 ~~((+26))~~ (25) The department shall reduce reimbursement for over-
13 the-counter medications while maintaining reimbursement for those over-
14 the-counter medications that can replace more costly prescription
15 medications.

16 ~~((+27))~~ (26) The department shall seek public-private partnerships
17 and federal funds that are or may become available to implement health
18 information technology projects under the federal American recovery and
19 reinvestment act of 2009.

20 ~~((+28))~~ (27) The department shall target funding for maternity
21 support services towards pregnant women with factors that lead to
22 higher rates of poor birth outcomes, including hypertension, a preterm
23 or low birth weight birth in the most recent previous birth, a

36 support obligations).

37 (30) \$63,000 of the general fund--state appropriation for fiscal
38 year 2010, \$583,000 of the general fund--state appropriation for fiscal

1 year 2011, and \$864,000 of the general fund--federal appropriation are
2 provided solely to implement Engrossed House Bill No. 2194
3 (extraordinary medical placement for offenders). The department shall
4 work in partnership with the department of corrections to identify
5 services and find placements for offenders who are released through the
6 extraordinary medical placement program. The department shall
7 collaborate with the department of corrections to identify and track
8 cost savings to the department of corrections, including medical cost
9 savings, and to identify and track expenditures incurred by the aging
10 and disability services program for community services and by the
11 medical assistance program for medical expenses. A joint report
12 regarding the identified savings and expenditures shall be provided to
13 the office of financial management and the appropriate fiscal
14 committees of the legislature by November 30, 2010. If this bill is
15 not enacted by June 30, 2009, the amounts provided in this subsection
16 shall lapse.

17 (31) Sufficient amounts are provided in this section to provide
18 full benefit dual eligible beneficiaries with medicare part D
19 prescription drug copayment coverage in accordance with RCW 74.09.520.

20 (32) In addition to other reductions, the appropriations in this
21 section reflect reductions targeted specifically to state government
22 administrative costs. These administrative reductions shall be

24 administrative costs that do not affect providers, direct client
25 services, or direct service delivery or programs.

26 (33) The department shall contract with an organization that
27 provides medication therapy management services to increase the use of
28 lower cost alternative medications, improve patient compliance with
29 prescribed regimens, reduce harmful side effects from medication, and
30 ensure that medications achieve their desired therapeutic results. The
31 department shall not contract for these services unless the contractor
32 guarantees that the services will generate savings, as measured by the
33 department's actual experience after implementation, that are greater
34 than the cost of the contracted services.

35 (34) \$120,000 of the general fund--state appropriation for fiscal
36 year 2010, \$280,000 of the general fund--state appropriation for fiscal
37 year 2011, and \$745,000 of the general fund--federal appropriation are

6 service delivery system design for American Indians and Alaska natives
7 in the medicaid and apple health for kids programs. The system must be
8 designed to integrate behavioral health and primary care. The system
9 shall be developed with input from urban tribal programs, regional
10 support networks, and community mental health agencies. The department
11 shall report to the governor and legislature on the plan for the new
12 system design by December 1, 2010. Sufficient amounts are provided in
13 this section to develop the plan.

14 (36) With the objective of improving and enhancing the efficiency
15 and effectiveness of the audit and oversight program, the department
16 shall identify streamlining opportunities in the areas described in (a)
17 through (d) of this subsection. The goals of these activities are to
18 leverage department resources to better fulfill the obligations of all
19 aspects of audit and oversight programs in an era of resource
20 constraints and to assure that the burden of audits and other oversight
21 activities on the state's businesses, organizations, and individuals is
22 as minimal as practical.

23 (a) The department shall complete an assessment of expanding the
24 use of technology and automated data matches for identification and
25 recovery of third party resources, including data matches with pharmacy
26 benefit managers (PBM). The department shall submit a report to the
27 governor and the relevant fiscal and policy committees of the
28 legislature by September 1, 2010, that identifies resources needed to
29 implement the enhanced data matching capability and the actions and
30 timelines necessary for implementation of automated production data
31 matching capability.

32 (b) The department shall complete a comprehensive review of
33 multiple licensing and certification reviews, onsite surveys, and
34 contract oversight obligations that require provider site visits or
35 require provider response. The department shall identify all related
36 oversight and review activities and identify opportunities for
37 consolidation of multiple clinical and business management review

1 activities as appropriate with a view to minimizing the cost of both
2 conducting and receiving the audits or other review or oversight
3 activities.

4 (c) The department shall expand its provider audit capacity through
5 its provider one payment system. The department shall identify
6 medicaid payment system enhancements that will maximize new technical
7 capabilities. The department shall explore new technical capabilities
8 of its fraud and abuse detection system to identify more efficient ways
9 to correlate audit efforts to the levels of risk and materiality.
10 Results of focused audits must be used to enhance educational
11 materials. The department shall report to the governor and legislature
12 by December 1, 2010, on the status of developing this audit capacity.

13 (d) The department shall conduct a review and assessment of audit
14 processes and timeframes. The department shall review audit outcomes
15 from the past three fiscal years and will concentrate on identifying
16 opportunities to shorten timeframes between the various stages of an
17 audit, including the letter of intent to audit, records collection to
18 issuance of the draft audit, dispute resolution activities, issuance of
19 the final audit, and administrative hearings. The department shall
20 initiate a provider outreach and education program to include
21 communication materials that clearly identify expectations of the
22 department and the provider being audited. The department must develop
23 and publish an orientation to medicaid audits publication by October 1,
24 2010, that includes audit requirements, expectations of providers and
25 the department, and associated timelines. The department shall report
26 to the governor and relevant policy and fiscal committees of the
27 legislature by December 1, 2010, on the status of these activities.

28 (37) \$528,000 of the general fund--state appropriation and

32 bill is not enacted by June 30, 2010, the amounts provided in this
33 subsection shall lapse.

34 (38) If the cost of a brand name drug, after receiving discounted
35 prices and rebates, is less than the cost of the generic version of the
36 drug for the medical assistance program, the brand name drug shall be
37 purchased.

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (1) Within amounts appropriated in this section and sections 205
4 and 206 of this act, the health care authority shall continue to
5 provide an enhanced basic health plan subsidy for foster parents
6 licensed under chapter 74.15 RCW and workers in state-funded home care
7 programs. Under this enhanced subsidy option, foster parents eligible
8 to participate in the basic health plan as subsidized enrollees and
9 home care workers with family incomes below 200 percent of the federal
10 poverty level shall be allowed to enroll in the basic health plan at
11 the minimum premium amount charged to enrollees with incomes below
12 sixty-five percent of the federal poverty level.

13 (2) The health care authority shall require organizations and
14 individuals that are paid to deliver basic health plan services and
15 that choose to sponsor enrollment in the subsidized basic health plan
16 to pay 133 percent of the premium amount which would otherwise be due
17 from the sponsored enrollees.

18 (3) The administrator shall take at least the following actions to
19 assure that persons participating in the basic health plan are eligible
20 for the level of assistance they receive: (a) Require submission of
21 (i) income tax returns, and recent pay history, from all applicants, or
22 (ii) other verifiable evidence of earned and unearned income from those
23 persons not required to file income tax returns; (b) check employment
24 security payroll records at least once every twelve months on all
25 enrollees; (c) require enrollees whose income as indicated by payroll
26 records exceeds that upon which their subsidy is based to document
27 their current income as a condition of continued eligibility; (d)
28 require enrollees for whom employment security payroll records cannot
29 be obtained to document their current income at least once every six
30 months; (e) not reduce gross family income for self-employed persons by
31 noncash-flow expenses such as, but not limited to, depreciation,
32 amortization, and home office deductions, as defined by the United
33 States internal revenue service; and (f) pursue repayment and civil
34 penalties from persons who have received excessive subsidies, as
35 provided in RCW 70.47.060(9).

36 (4) In order to maximize the funding appropriated for the basic
37 health plan, the health care authority is directed to make
38 modifications that will reduce the total number of subsidized enrollees

1 to approximately 65,000 by January 1, 2010. In addition to the reduced
2 enrollment, other modifications may include changes in enrollee premium
3 obligations, changes in benefits, enrollee cost-sharing, and
4 termination of the enrollment of individuals concurrently enrolled in
5 a medical assistance program as provided in Substitute House Bill No.
6 2341. The health care authority shall seek federal matching funds for
7 enrollees. If federal matching funds are not available for enrollees
8 below one hundred thirty-three percent of the federal poverty level by
9 January 1, 2011, then the basic health plan program shall be
10 discontinued as of April 1, 2011.

11 (5) \$250,000 of the general fund--state appropriation for fiscal
12 year 2010 and \$250,000 of the general fund--state appropriation for
13 fiscal year 2011 are provided solely for the implementation of
14 Substitute Senate Bill No. 5360 (community collaboratives). If the
15 bill is not enacted by June 30, 2009, the amounts provided in this
16 section shall lapse.

17 (6) The ((department)) authority shall seek public-private
18 partnerships and federal funds that are or may become available to
19 implement health information technology projects under the federal
20 American recovery and reinvestment act of 2009.

21 (7) \$92,000 of the general fund--state appropriation for fiscal
22 year 2011 and \$8,000 of the general fund--federal appropriation are
23 provided solely for the implementation of the disability lifeline
24 program under Second Substitute House Bill No. 2782 (security lifeline
25 act). If the bill is not enacted by June 30, 2010, the amounts
26 provided in this subsection shall lapse.

27 (8) All health care authority contracts with managed health care
28 systems to serve basic health plan enrollees shall require that the
29 managed health care systems limit any reimbursements or payments by the
30 systems to health care providers who are not employed or under contract
31 with the systems, but are delivering services at or in affiliation with
32 a facility contracted with the systems to no more than the medical
33 assistance rates paid by the department of social and health services
34 for comparable services rendered to medical assistance clients in the
35 fee-for-service delivery program.

36 (9)(a) \$50,000 of the general fund--state appropriation for fiscal
37 year 2010 and \$5,814,000 of the general fund--state appropriation for
38 fiscal year 2011 are provided solely for the health care authority to

1 conduct three pilot projects to determine the feasibility of providing
2 low-income adults at or below two hundred percent of the federal
3 poverty level, who are neither enrolled in the basic health plan, nor
4 eligible for medical assistance programs or federal medicare programs,
5 with a set of health services that includes a primary care component
6 provided through a community delivery system combined with select
7 specialty care services and catastrophic insurance coverage provided

28 the number of actual basic education certificated instructional staff
29 reported statewide for the prior school year.

30 (8) Any school district board of directors may petition the

4 (b) As used in this subsection, the column headings "BA+(N)" refer
5 to the number of credits earned since receiving the baccalaureate
6 degree.

7 (c) For credits earned after the baccalaureate degree but before
8 the masters degree, any credits in excess of forty-five credits may be
9 counted after the masters degree. Thus, as used in this subsection,
10 the column headings "MA+(N)" refer to the total of:

- 11 (i) Credits earned since receiving the masters degree; and
- 12 (ii) Any credits in excess of forty-five credits that were earned
13 after the baccalaureate degree but before the masters degree.

14 (5) For the purposes of this section:

- 15 (a) "BA" means a baccalaureate degree.
- 16 (b) "MA" means a masters degree.
- 17 (c) "PHD" means a doctorate degree.

18 (d) "Years of service" shall be calculated under the same rules
19 adopted by the superintendent of public instruction.

20 (e) "Credits" means college quarter hour credits and equivalent in-
21 service credits computed in accordance with RCW 28A.415.020 and
22 28A.415.023.

23 (6) No more than ninety college quarter-hour credits received by
24 any employee after the baccalaureate degree may be used to determine
25 compensation allocations under the state salary allocation schedule and
26 LEAP documents referenced in this act, or any replacement schedules and
27 documents, unless:

- 28 (a) The employee has a masters degree; or
- 29 (b) The credits were used in generating state salary allocations
30 before January 1, 1992.

31 (7) The certificated instructional staff base salary specified for
32 each district in LEAP Document 2 and the salary schedules in subsection
33 (4)(a) of this section include one learning improvement day for the
34 2009-10 school year and zero learning improvement days for the 2010-11
35 school year. A school district is eligible for the learning
36 improvement day funds only if the learning improvement day has been
37 added to the 180-day contract year. If fewer days are added, the

1 additional learning improvement allocation shall be adjusted
 2 accordingly. The additional day shall be limited to specific
 3 activities identified in the state required school improvement plan
 4 related to improving student learning that are consistent with
 5 education reform implementation, and shall not be considered part of
 6 basic education. The principal in each school shall assure that the
 7 days are used to provide the necessary school-wide, all staff
 8 professional development that is tied directly to the school
 9 improvement plan. The school principal and the district superintendent
 10 shall maintain documentation as to their approval of these activities.
 11 The length of a learning improvement day shall not be less than the
 12 length of a full day under the base contract. The superintendent of
 13 public instruction shall ensure that school districts adhere to the
 14 intent and purposes of this subsection.

15 (8) The salary allocation schedules established in this section are
 16 for allocation purposes only except as provided in RCW 28A.400.200(2).

17 **Sec. 504.** 2009 c 564 s 504 (uncodified) is amended to read as
 18 follows:

19 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE**
 20 **COMPENSATION ADJUSTMENTS**

21	General Fund--State Appropriation (FY 2010)	((\$4,215,000))
22		<u>(\$4,414,000)</u>
23	General Fund--State Appropriation (FY 2011)	((\$14,172,000))
24		<u>(\$1,862,000)</u>
25	General Fund--Federal Appropriation	((\$6,000))
26		<u>(\$1,000)</u>
27	TOTAL APPROPRIATION	((\$9,963,000))
28		<u>(\$6,277,000)</u>

29 The appropriations in this section are subject to the following
 30 conditions and limitations:

31 (1)(a) Additional salary adjustments as necessary to fund the base
 32 salaries for certificated instructional staff as listed for each
 33 district in LEAP Document 2, defined in section 503(2)(b) of this act.
 34 Allocations for these salary adjustments shall be provided to all
 35 districts that are not grandfathered to receive salary allocations
 36 above the statewide salary allocation schedule, and to certain

1 grandfathered districts to the extent necessary to ensure that salary
2 allocations for districts that are currently grandfathered do not fall
3 below the statewide salary allocation schedule.

4 (b) Additional salary adjustments to certain districts as necessary
5 to fund the per full-time-equivalent salary allocations for
6 certificated administrative staff as listed for each district in LEAP
7 Document 2, defined in section 503(2)(b) of this act. These
8 adjustments shall ensure a minimum salary allocation for certificated
9 administrative staff of \$57,986 in the 2009-10 school year and \$57,986
10 in the 2010-11 school year.

11 (c) Additional salary adjustments to certain districts as necessary
12 to fund the per full-time-equivalent salary allocations for classified
13 staff as listed for each district in LEAP Document 2, defined in
14 section 503(2)(b) of this act. These salary adjustments ensure a
15 minimum salary allocation for classified staff of \$31,865 in the 2009-
16 10 school year and \$31,865 in the 2010-11 school year.

17 (d) The appropriations in this subsection (1) include associated
18 incremental fringe benefit allocations at rates 13.79 percent for the
19 2009-10 school year and 13.79 percent for the 2010-11 school year for
20 certificated staff and 13.08 percent for the 2009-10 school year and
21 13.08 percent for the 2010-11 school year for classified staff.

22 (e) The appropriations in this section include the increased or
23 decreased portion of salaries and incremental fringe benefits for all
24 relevant state-funded school programs in part V of this act. Changes
25 for general apportionment (basic education) are based on the salary
26 allocation schedules and methodology in sections 502 and 503 of this
27 act. Changes for special education result from changes in each
28 district's basic education allocation per student. Changes for
29 educational service districts and institutional education programs are
30 determined by the superintendent of public instruction using the
31 methodology for general apportionment salaries and benefits in sections
32 502 and 503 of this act. The appropriations in this section provide
33 incremental fringe benefit alterations based on formula adjustments as
34 follows:

35
36 School Year

1		2009-10	2010-11
2	Pupil Transportation (per weighted pupil mile)	\$0	\$0
3	Highly Capable (per formula student)	(\$1.49)	(\$1.49)

10 adjustments for substitute teachers.

11 (2) ~~(\$44,188,000)~~ \$44,281,000 is provided for adjustments to
12 insurance benefit allocations. The maintenance rate for insurance
13 benefit allocations is \$732.00 per month for the 2009-10 and 2010-11
14 school years. The appropriations in this section provide for a rate
15 increase to \$745.00 per month for the 2009-10 school year and \$768.00
16 per month for the 2010-11 school year. The adjustments to health
17 insurance benefits are at the following rates:

18		School Year	
19		2009-10	2010-11
20	Pupil Transportation (per weighted pupil mile)	\$0.12	\$0.33

25 each year by the legislature.

26 **Sec. 505.** 2009 c 564 s 505 (uncodified) is amended to read as
27 follows:

28	FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR PUPIL TRANSPORTATION		
29	General Fund--State Appropriation (FY 2010)	(\$307,357,000)	
30			<u>\$317,105,000</u>

32			<u>\$296,741,000</u>
33	TOTAL APPROPRIATION	(\$614,427,000)	

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) A maximum of \$878,000 of this fiscal year 2010 appropriation and a maximum of (~~\$894,000~~) \$892,000 of the fiscal year 2011 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(3) Allocations for transportation of students shall be based on reimbursement rates of \$48.15 per weighted mile in the 2009-10 school year and (~~\$48.40~~) \$48.37 per weighted mile in the 2010-11 school year exclusive of salary and benefit adjustments provided in section 504 of this act. Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

(4) The office of the superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195.

(5) The superintendent of public instruction shall base depreciation payments for school district buses on the pre-sales tax five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation

1 payment shall be based on the lowest bid in the appropriate bus
2 category for that school year.

3 (6) Funding levels in this section reflect reductions from the
4 implementation of Substitute House Bill No. 1292 (authorizing waivers
5 from the one hundred eighty-day school year requirement in order to
6 allow four-day school weeks).

26 (3) \$59,000 of the general fund--state appropriation for fiscal
27 year 2010 and \$59,000 of the general fund--state appropriation for

31 school breakfast programs in certain schools).

32 (4) \$1,588,000 of the general fund--federal appropriation of

17		<u>\$1,948,742,000</u>

18 The appropriations in this section are subject to the following
19 conditions and limitations:

20 (1) Funding for special education programs is provided on an excess
21 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
22 that special education students as a class receive their full share of
23 the general apportionment allocation accruing through sections 502 and
24 504 of this act. To the extent a school district cannot provide an
25 appropriate education for special education students under chapter
26 28A.155 RCW through the general apportionment allocation, it shall
27 provide services through the special education excess cost allocation
28 funded in this section.

29 (2)(a) The superintendent of public instruction shall ensure that:

- 30 (i) Special education students are basic education students first;
- 31 (ii) As a class, special education students are entitled to the
32 full basic education allocation; and
- 33 (iii) Special education students are basic education students for
34 the entire school day.

35 (b) The superintendent of public instruction shall continue to
36 implement the full cost method of excess cost accounting, as designed

1 by the committee and recommended by the superintendent, pursuant to
2 section 501(1)(k), chapter 372, Laws of 2006.

3 (3) Each fiscal year appropriation includes such funds as are
4 necessary to complete the school year ending in the fiscal year and for
5 prior fiscal year adjustments.

6 (4) The superintendent of public instruction shall distribute state
7 funds to school districts based on two categories: (a) The first
8 category includes (i) children birth through age two who are eligible
9 for the optional program for special education eligible developmentally
10 delayed infants and toddlers, and (ii) students eligible for the
11 mandatory special education program and who are age three or four, or
12 five and not yet enrolled in kindergarten; and (b) the second category
13 includes students who are eligible for the mandatory special education
14 program and who are age five and enrolled in kindergarten and students
15 age six through 21.

16 (5)(a) For the 2009-10 and 2010-11 school years, the superintendent
17 shall make allocations to each district based on the sum of:

18 (i) A district's annual average headcount enrollment of students
19 ages birth through four and those five year olds not yet enrolled in
20 kindergarten, as defined in subsection (4) of this section, multiplied
21 by the district's average basic education allocation per full-time
22 equivalent student, multiplied by 1.15; and

23 (ii) A district's annual average full-time equivalent basic
24 education enrollment multiplied by the funded enrollment percent
25 determined pursuant to subsection (6)(b) of this section, multiplied by
26 the district's average basic education allocation per full-time
27 equivalent student multiplied by 0.9309.

28 (b) For purposes of this subsection, "average basic education
29 allocation per full-time equivalent student" for a district shall be
30 based on the staffing ratios required by RCW 28A.150.260 and shall not
31 include enhancements, secondary vocational education, or small schools.

32 (6) The definitions in this subsection apply throughout this
33 section.

34 (a) "Annual average full-time equivalent basic education
35 enrollment" means the resident enrollment including students enrolled
36 through choice (RCW 28A.225.225) and students from nonhigh districts
37 (RCW 28A.225.210) and excluding students residing in another district

1 enrolled as part of an interdistrict cooperative program (RCW
2 28A.225.250).

3 (b) "Enrollment percent" means the district's resident special
4 education annual average enrollment, excluding the birth through age
5 four enrollment and those five year olds not yet enrolled in
6 kindergarten, as a percent of the district's annual average full-time
7 equivalent basic education enrollment.

8 Each district's general fund--state funded special education
9 enrollment shall be the lesser of the district's actual enrollment
10 percent or 12.7 percent.

11 (7) At the request of any interdistrict cooperative of at least 15
12 districts in which all excess cost services for special education
13 students of the districts are provided by the cooperative, the maximum
14 enrollment percent shall be calculated in accordance with subsection
15 (6)(b) of this section, and shall be calculated in the aggregate rather
16 than individual district units. For purposes of this subsection, the
17 average basic education allocation per full-time equivalent student
18 shall be calculated in the aggregate rather than individual district
19 units.

20 (8) To the extent necessary, (~~(\$73,668,000)~~) \$44,269,000 of the
21 general fund--state appropriation and \$29,574,000 of the general fund--
22 federal appropriation are provided for safety net awards for districts
23 with demonstrated needs for special education funding beyond the
24 amounts provided in subsection (5) of this section. If the federal
25 safety net awards based on the federal eligibility threshold exceed the
26 federal appropriation in this subsection (8) in any fiscal year, the
27 superintendent shall expend all available federal discretionary funds
28 necessary to meet this need. Safety net funds shall be awarded by the
29 state safety net oversight committee subject to the following
30 conditions and limitations:

31 (a) The committee shall consider unmet needs for districts that can
32 convincingly demonstrate that all legitimate expenditures for special
33 education exceed all available revenues from state funding formulas.
34 In the determination of need, the committee shall also consider
35 additional available revenues from federal sources. Differences in
36 program costs attributable to district philosophy, service delivery
37 choice, or accounting practices are not a legitimate basis for safety
38 net awards. In the determination of need, the committee shall require

1 that districts demonstrate that they are maximizing their eligibility
2 for all state and federal revenues related to services for special
3 education-eligible students. Awards associated with (b) and (c) of
4 this subsection shall not exceed the total of a district's specific
5 determination of need.

6 (b) The committee shall then consider the extraordinary high cost
7 needs of one or more individual special education students.
8 Differences in costs attributable to district philosophy, service
9 delivery choice, or accounting practices are not a legitimate basis for
10 safety net awards.

11 (c) Using criteria developed by the committee, the committee shall
12 then consider extraordinary costs associated with communities that draw
13 a larger number of families with children in need of special education
14 services. The safety net awards to school districts shall be adjusted
15 to reflect amounts awarded under (b) of this subsection.

16 (d) The maximum allowable indirect cost for calculating safety net
17 eligibility may not exceed the federal restricted indirect cost rate
18 for the district plus one percent.

19 (e) Safety net awards must be adjusted for any audit findings or
20 exceptions related to special education funding.

21 (f) Safety net awards shall be adjusted based on the percent of
22 potential medicaid eligible students billed as calculated by the
23 superintendent in accordance with chapter 318, Laws of 1999. The state
24 safety net oversight committee shall ensure that safety net
25 documentation and awards are based on current medicaid revenue amounts.

26 (9) The superintendent of public instruction may adopt such rules
27 and procedures as are necessary to administer the special education
28 funding and safety net award process. Prior to revising any standards,
29 procedures, or rules, the superintendent shall consult with the office
30 of financial management and the fiscal committees of the legislature.

31 (10) The safety net oversight committee appointed by the
32 superintendent of public instruction shall consist of:

33 (a) One staff from the office of superintendent of public
34 instruction;

35 (b) Staff of the office of the state auditor who shall be nonvoting
36 members of the committee; and

37 (c) One or more representatives from school districts or

1 educational service districts knowledgeable of special education
2 programs and funding.

3 (11) The office of the superintendent of public instruction shall
4 review and streamline the application process to access safety net
5 funds, provide technical assistance to school districts, and annually
6 survey school districts regarding improvement to the process.

7 (12) A maximum of \$678,000 may be expended from the general fund--
8 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
9 full-time equivalent aides at children's orthopedic hospital and
10 medical center. This amount is in lieu of money provided through the
11 home and hospital allocation and the special education program.

12 (13) The superintendent shall maintain the percentage of federal
13 flow-through to school districts at 85 percent. In addition to other
14 purposes, school districts may use increased federal funds for high-
15 cost students, for purchasing regional special education services from
16 educational service districts, and for staff development activities
17 particularly relating to inclusion issues.

18 (14) A school district may carry over from one year to the next
19 year up to 10 percent of the general fund--state funds allocated under
20 this program; however, carryover funds shall be expended in the special
21 education program.

22 (15) \$262,000 of the general fund--state appropriation for fiscal
23 year 2010 and \$251,000 of the general fund--state appropriation for
24 fiscal year 2011 are provided solely for two additional full-time
25 equivalent staff to support the work of the safety net committee and to
26 provide training and support to districts applying for safety net
27 awards.

28 (16) (~~(\$221,357,000)~~) \$229,833,000 of the general fund--federal
29 appropriation of American recovery and reinvestment act of 2009 funds
30 is provided solely for the individuals with disabilities education act
31 (IDEA), Part B, for distribution to school districts. The funds' use
32 is to be consistent with the current IDEA, Part B statutory and
33 regulatory requirements.

34 (17) \$50,000 of the general fund--state appropriation for fiscal
35 year 2010, \$50,000 of the general fund--state appropriation for fiscal
36 2011, and \$100,000 of the general fund--federal appropriation shall be
37 expended to support a special education ombudsman program within the
38 office of superintendent of public instruction.

1 (1) Each general fund--state fiscal year appropriation includes
2 such funds as are necessary to complete the school year ending in the

PART VI
HIGHER EDUCATION

Sec. 601. 2009 c 564 s 601 (uncodified) is amended to read as follows:

The appropriations in sections 605 through 611 of this act are subject to the following conditions and limitations:

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 605 through 611 of this act.

(2) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the department of personnel for inclusion in the department's data warehouse. Uniform reporting procedures shall be established by the department of personnel for use by the reporting institutions, including provisions for common job classifications and common definitions of full-time equivalent staff. Annual contract amounts, number of contract months, and funding sources shall be consistently reported for employees under contract.

(3) In addition to waivers granted under the authority of RCW 28B.15.910, the governing boards and the state board may waive all or a portion of operating fees for any student. State general fund appropriations shall not be provided to replace tuition and fee revenue foregone as a result of waivers granted under this subsection.

(4) The colleges of education for institutions with appropriations in sections 606 through 611 shall develop a plan, by October 30, 2009, to increase the number of math and science teacher endorsements and certificates granted by the institution. The plan shall address the college's math and science teacher endorsement and certification completion goal for each of the next six years, beginning with the 2010-2011 academic year, and shall be reported to the governor, the relevant policy committees of the legislature, the higher education coordinating board (HECB) and the professional educator standards board (PESB). Plan components may address: Student advising practices, increased outreach and recruitment efforts to under-represented

1 populations, linkages with university mathematics and science
2 departments, and implementation of redesigned, innovative endorsement
3 and certification programs. To accomplish this work, enrollments may
4 need to be shifted from low-need endorsement and certificate areas to
5 math and science. A report shall be made each October 30th to the HECB
6 and PESB regarding the degree to which plan goals have been met and
7 activities undertaken to support those outcomes.

8 (5) In accordance with RCW 28B.10.920 through 28B.10.922, the state
9 performance agreement committee and each public four-year institution
10 of higher education shall develop performance agreements for the period
11 September 1, 2009, through June 30, 2015. The agreements shall reflect
12 the level of state, tuition, and other resources appropriated or
13 authorized for each institution in this act and in the omnibus 2009-11
14 omnibus capital budget act, as well as reasonably anticipated changes
15 in such resources for the two subsequent biennia as required to
16 accomplish the higher education master plan as adopted by the
17 legislature. The agreements shall build upon each institution's actual
18 performance relative to the 2011 targets previously negotiated between
19 the institution, the higher education coordinating board, and the
20 office of financial management, and shall include measurable
21 performance targets, benchmarks, and goals in areas including but not
22 limited to:

- 23 (a) Student enrollment levels, by campus;
- 24 (b) Baccalaureate and advanced degree production;
- 25 (c) Baccalaureate and advanced degree production in high employer-
26 demand fields;
- 27 (d) Undergraduate retention and graduation rates;
- 28 (e) Time-to-degree for students entering as freshmen, and as upper-
29 division transfers;
- 30 (f) Efficiency to degree; and
- 31 (g) Capital investment as required to (i) maintain existing
32 capacity, and (ii) meet enrollment targets in accordance with the
33 master plan as adopted by the legislature.

34 Each institution shall report progress toward its performance targets
35 during the preceding academic year to the state performance agreement
36 committee prior to November 1, 2010. The higher education coordinating
37 board shall consolidate and summarize the institutional reports, and

1 provide them to the relevant policy and fiscal committees of the
2 legislature by December 1, 2010.

3 (6) To facilitate transparency and compliance with the American
4 recovery and reinvestment act, the institutions of higher education
5 receiving state and federal appropriations under sections 605 through
6 611 of this act shall allot anticipated state, federal, and tuition
7 expenditures by budget program and fiscal year. The office of
8 financial management shall notify the legislative ways and means
9 committees of the proposed allotments at least ten days prior to their
10 approval.

11 (7) To the extent permitted by the applicable personnel system
12 rules, and to the extent collectively bargained with represented
13 employees, institutions of higher education are encouraged to achieve
14 the reductions in full-time-equivalent employment and payroll levels
15 necessary to operate within this budget through strategies that will
16 minimize impacts on employees, their families, their communities, and
17 short- and longer-term accomplishment of institutional mission.
18 Institutions are encouraged to utilize strategies such as reduced work-
19 hours per day or week, voluntary leave without pay, and temporary
20 furloughs that enable employees to maintain permanent employment
21 status. Institutions are further encouraged to implement such
22 strategies in ways that will enable employees to maintain full
23 insurance benefits, full retirement service credit, and a living wage.

24 (8)(a) For institutions receiving appropriations in section 605 of
25 this act the only allowable salary increases provided are those with
26 normally occurring promotions and increases related to faculty and
27 staff retention, to the extent permitted by Engrossed Substitute Senate
28 Bill No. 5460, and House Bill No. 2328.

29 (b) For employees under the jurisdiction of chapter 41.56 RCW,
30 salary increases will be in accordance with the applicable collective
31 bargaining agreement. However, an increase shall not be provided to
32 any classified employee whose salary is above the approved salary range
33 maximum for the class to which the employee's position is allocated.

34 (c) For each institution of higher education receiving
35 appropriations under sections 606 through 611 of this act:

36 (i) The only allowable salary increases are those associated with
37 normally occurring promotions and increases related to faculty and

1 staff retention, to the extent permitted by Engrossed Substitute Senate
2 Bill No. 5460 (~~and~~), House Bill No. 2328, and Substitute Senate Bill
3 No. 6382; and

4 (ii) Institutions may provide salary increases from other sources
5 to instructional and research faculty, exempt professional staff,
6 teaching and research assistants, as classified by the office of
7 financial management, and all other nonclassified staff, but not
8 including employees under RCW 28B.16.015, to the extent permitted by
9 Engrossed Substitute Senate Bill No. 5460 (~~and~~), House Bill No. 2328,
10 and Substitute Senate Bill No. 6382. Any salary increase granted under
11 the authority of this subsection (8)(c)(ii) shall not be included in an
12 institution's salary base for future state funding. It is the intent
13 of the legislature that state general fund support for an institution
14 shall not increase during the current or any future biennium as a
15 result of any salary increases authorized under this subsection
16 (8)(c)(ii).

The performance audit shall be conducted using generally accepted government auditing standards and may include an evaluation of: (a) Ways to improve performance, streamline operations, and provide cost-effective service to citizens; (b) programs and services that can be eliminated, reduced, consolidated, or enhanced; and (c) gaps and overlaps in the programs and services and recommendations for improving, eliminating, blending, or separating functions to correct gaps or overlaps.

(4) The state auditor must select at least one of the lowest priority activities identified in subsection (2) of this section to be the subject of an activity assessment. The assessment must address the following questions:

(a) Does the activity continue to serve the purpose for which it was created?

(b) In comparison to other programs and priorities, does this purpose continue to merit the use of the state's limited resources?

27 transmission services effectively.

28 (2) The department, through the sole authority of the office or its
29 successor organization, shall maintain a program where
30 telecommunications relay services of a human or electronic nature will
31 be provided to connect hearing impaired, deaf-blind, or speech impaired
32 persons with persons who do not have a hearing or speech impairment.
33 Such telecommunications relay services shall provide the ability for an
34 individual who has a hearing or speech impairment to engage in voice,
35 tactile, or visual communication by wire or radio with a hearing
36 individual in a manner that is functionally equivalent to the ability

1 of an individual who does not have a hearing or speech impairment to
2 communicate using voice or visual communication services by wire or
3 radio subject to subsection (4)(b) of this section.

4 (3) The telecommunications relay service and equipment distribution
5 program may operate in such a manner as to provide communications
6 transmission opportunities that are capable of incorporating new
7 technologies that have demonstrated benefits consistent with the intent
8 of this chapter and are in the best interests of the citizens of this
9 state.

20 approval. The relay system providers and telecommunications equipment
21 vendors shall be selected on the basis of cost-effectiveness and
22 utility to the greatest extent possible under the program and technical

19 total of the program budget, as submitted by the office, by the total
20 number of switched access lines in the prior calendar year, as reported
21 to the department of revenue under chapter 82.14B RCW, and shall not

25 telecommunications relay service excise tax shall not exceed nineteen
26 cents per month per access line. The telecommunications relay service

16 for fiscal year 2008, and (e) during the 2009-2011 fiscal biennium, the
17 legislature may transfer from the education savings account to the
18 state general fund such amounts as reflect the excess fund balance of
19 the account attributable to unspent state general fund appropriations
20 for fiscal year 2009.

21 NEW SECTION. Sec. 918. A new section is added to chapter 43.215
22 RCW to read as follows:

23 (1)(a) The home visiting services account is created in the custody
24 of the state treasurer. Revenues to the account shall consist of
25 appropriations by the legislature and all other sources deposited in
26 the account.

27 (b) Expenditures from the account shall be used for state matching
28 funds for the purposes of the program established in this section
29 including administrative expenses. Only the director, or the
30 director's designee, may authorize expenditures from the account.
31 Authorizations for expenditures may be given only after private funds
32 are committed and available.

33 (c) Expenditures from the account are exempt from the
34 appropriations and allotment provisions of chapter 43.88 RCW. However,
35 amounts used for program administration by the department are subject
36 to the allotment and budgetary controls of chapter 43.88 RCW, and an
37 appropriation is required for these expenditures.

1 (2) The department must expend moneys from the account to provide
2 state matching funds for partnership activities to implement home
3 visiting services and administer the infrastructure necessary to
4 develop, support, and evaluate evidence-based, research-based, and
5 promising home visiting programs.

6 (3) Activities eligible for funding through the account include,
7 but are not limited to:

8 (a) Home visiting services that achieve one or more of the
9 following: (i) Enhancing child development and well-being by
10 alleviating the effects on child development of poverty and other known
11 risk factors; (ii) reducing the incidence of child abuse and neglect;
12 or (iii) promoting school readiness for young children and their
13 families; and

14 (b) Development and maintenance of the infrastructure for home
15 visiting programs, including training, quality improvement, and
16 evaluation.

17 (4) Beginning July 1, 2010, the department shall contract with the
18 nongovernmental private-public partnership designated in RCW 43.215.070
19 to administer programs funded through the home visiting services
20 account. The department shall monitor performance and provide periodic
21 reports on the use outcomes of the home visiting services account.

22 (5) The nongovernmental private-public partnership shall, in the
23 administration of the programs:

24 (a) Fund programs through a competitive bid process; and

25 (b) Convene an advisory committee of early learning and home
26 visiting experts, including one representative from the department, to
27 advise the partnership regarding research and the distribution of funds
28 from the account to eligible programs.

29 (6) To promote continuity for families receiving home visiting
30 services through programs funded on the effective date of this section,
31 those programs funded under chapter 43.121 RCW shall be funded through
32 June 30, 2012, based on availability of funds and the achievement of
33 stated performance goals. This section does not require any program to
34 receive continuous funding beyond June 30, 2012. Organizations that
35 may receive program funding include local health departments;
36 nonprofit, neighborhood-based, community, regional, or statewide
37 organizations; and federally recognized Indian tribes located in the
38 state.

1 **Sec. 919.** RCW 43.320.110 and 2005 c 518 s 932 are each amended to
2 read as follows:

3 There is created a local fund known as the "financial services
4 regulation fund" which shall consist of all moneys received by the
5 divisions of the department of financial institutions, except for the
6 division of securities which shall deposit thirteen percent of all
7 moneys received, except as provided in RCW 43.320.115, and which shall
8 be used for the purchase of supplies and necessary equipment; the
9 payment of salaries, wages, and utilities; the establishment of
10 reserves; and other incidental costs required for the proper regulation
11 of individuals and entities subject to regulation by the department.
12 The state treasurer shall be the custodian of the fund. Disbursements
13 from the fund shall be on authorization of the director of financial
14 institutions or the director's designee. In order to maintain an
15 effective expenditure and revenue control, the fund shall be subject in
16 all respects to chapter 43.88 RCW, but no appropriation is required to
17 permit expenditures and payment of obligations from the fund.

18 During the ((2005-2007)) 2009-2011 fiscal biennium, the legislature
19 may transfer from the financial services regulation fund to the state
20 general fund such amounts as reflect the excess fund balance of the
21 fund.

22 **Sec. 920.** RCW 46.09.170 and 2009 c 564 s 944 and 2009 c 187 s 2
23 are each reenacted and amended to read as follows:

24 (1) From time to time, but at least once each year, the state
25 treasurer shall refund from the motor vehicle fund one percent of the
26 motor vehicle fuel tax revenues collected under chapter 82.36 RCW,
27 based on a tax rate of: (a) Nineteen cents per gallon of motor vehicle
28 fuel from July 1, 2003, through June 30, 2005; (b) twenty cents per
29 gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007;
30 (c) twenty-one cents per gallon of motor vehicle fuel from July 1,
31 2007, through June 30, 2009; (d) twenty-two cents per gallon of motor
32 vehicle fuel from July 1, 2009, through June 30, 2011; and (e) twenty-
33 three cents per gallon of motor vehicle fuel beginning July 1, 2011,
34 and thereafter, less proper deductions for refunds and costs of
35 collection as provided in RCW 46.68.090.

36 (2) The treasurer shall place these funds in the general fund as
37 follows:

1 (a) Thirty-six percent shall be credited to the ORV and nonhighway
2 vehicle account and administered by the department of natural resources
3 solely for acquisition, planning, development, maintenance, and
4 management of ORV, nonmotorized, and nonhighway road recreation
5 facilities, and information programs and maintenance of nonhighway
6 roads;

7 (b) Three and one-half percent shall be credited to the ORV and
8 nonhighway vehicle account and administered by the department of fish
9 and wildlife solely for the acquisition, planning, development,
10 maintenance, and management of ORV, nonmotorized, and nonhighway road
11 recreation facilities and the maintenance of nonhighway roads;

12 (c) Two percent shall be credited to the ORV and nonhighway vehicle
13 account and administered by the parks and recreation commission solely
14 for the acquisition, planning, development, maintenance, and management
15 of ORV, nonmotorized, and nonhighway road recreation facilities; and

16 (d) Fifty-eight and one-half percent shall be credited to the
17 nonhighway and off-road vehicle activities program account to be
18 administered by the board for planning, acquisition, development,
19 maintenance, and management of ORV, nonmotorized, and nonhighway road
20 recreation facilities and for education, information, and law
21 enforcement programs. The funds under this subsection shall be
22 expended in accordance with the following limitations:

23 (i) Not more than thirty percent may be expended for education,
24 information, and law enforcement programs under this chapter;

25 (ii) Not less than seventy percent may be expended for ORV,
26 nonmotorized, and nonhighway road recreation facilities. Except as
27 provided in (d)(iii) of this subsection, of this amount:

28 (A) Not less than thirty percent, together with the funds the board
29 receives under RCW 46.09.110, may be expended for ORV recreation
30 facilities;

31 (B) Not less than thirty percent may be expended for nonmotorized
32 recreation facilities. Funds expended under this subsection
33 (2)(d)(ii)(B) shall be known as Ira Spring outdoor recreation

35 (C) Not less than thirty percent may be expended for nonhighway
36 road recreation facilities;

37 (iii) The board may waive the minimum percentage cited in (d)(ii)

1 of this subsection due to insufficient requests for funds or projects
2 that score low in the board's project evaluation. Funds remaining
3 after such a waiver must be allocated in accordance with board policy.

4 (3) On a yearly basis an agency may not, except as provided in RCW
5 46.09.110, expend more than ten percent of the funds it receives under
6 this chapter for general administration expenses incurred in carrying
7 out this chapter.

8 (4) During the 2009-2011 fiscal biennium, the legislature may
9 appropriate such amounts as reflect the excess fund balance in the NOVA
10 account to the department of natural resources to install consistent
11 off-road vehicle signage at department-managed recreation sites, and to
12 implement the recreation opportunities on department-managed lands in
13 the Reiter block and Ahtanum state forest, and to the state parks and
14 recreation commission. The legislature finds that the appropriation of
15 funds from the NOVA account during the 2009-2011 fiscal biennium for
16 maintenance and operation of state parks (~~and~~) or to improve
17 accessibility for boaters and off-road vehicle users(~~.—This~~) at
18 state parks will benefit boaters and off-road vehicle users and others
19 who use nonhighway and nonmotorized recreational facilities. The
20 appropriations (~~is~~) under this subsection are not required to follow
21 the specific distribution specified in subsection (2) of this section.

22 **Sec. 921.** RCW 66.08.170 and 2009 c 564 s 947 are each amended to
23 read as follows:

24 There shall be a fund, known as the "liquor revolving fund", which
25 shall consist of all license fees, permit fees, penalties, forfeitures,
26 and all other moneys, income, or revenue received by the board. The
27 state treasurer shall be custodian of the fund. All moneys received by
28 the board or any employee thereof, except for change funds and an
29 amount of petty cash as fixed by the board within the authority of law
30 shall be deposited each day in a depository approved by the state
31 treasurer and transferred to the state treasurer to be credited to the
32 liquor revolving fund. During the 2009-2011 fiscal biennium, the
33 legislature may transfer funds from the liquor revolving (~~account~~
34 ~~{fund}~~) fund to the state general fund and may direct an additional
35 amount of liquor profits to be distributed to local governments.
36 Neither the transfer of funds nor the additional distribution of liquor
37 profits to local governments during the 2009-2011 fiscal biennium may

1 reduce the excess fund distributions that otherwise would occur under
2 RCW 66.08.190. Licensee sales are exempt from any increases to the
3 price of liquor made by the board during the 2009-2011 fiscal biennium
4 for the purpose of implementing any transfers to the state general fund
5 or additional distribution of liquor profits. This exemption includes
6 price increases implemented for such purposes during the 2009-2011
7 fiscal biennium prior to the effective date of this section but applies
8 only to sales made on or after July 1, 2010. Disbursements from the
9 revolving fund shall be on authorization of the board or a duly
10 authorized representative thereof. In order to maintain an effective
11 expenditure and revenue control the liquor revolving fund shall be
12 subject in all respects to chapter 43.88 RCW but no appropriation shall
13 be required to permit expenditures and payment of obligations from such
14 fund.

15 **Sec. 922.** RCW 67.70.044 and 2009 c 576 s 1 are each amended to
16 read as follows:

17 (1) Pursuant to RCW 67.70.040(1)(a), the commission may enter into
18 the multistate agreement establishing a shared game lottery known as
19 "The Big Game," that was entered into by party state lotteries in
20 August 1996 and subsequently amended and a shared game lottery known as
21 "Powerball."

22 (2) The shared game lottery account is created as a separate
23 account outside the state treasury. The account is managed,
24 maintained, and controlled by the commission and consists of all
25 revenues received from the sale of shared game lottery tickets or
26 shares, and all other moneys credited or transferred to it from any
27 other fund or source under law. The account is allotted according to
28 chapter 43.88 RCW. During the 2009-2011 fiscal biennium, the
29 legislature may transfer from the shared game lottery account to the
30 education legacy trust account such amounts as reflect the excess fund
31 balance of the account.

32 **Sec. 923.** RCW 67.70.230 and 1985 c 375 s 4 are each amended to
33 read as follows:

34 There is hereby created and established a separate account, to be
35 known as the state lottery account. Such account shall be managed,
36 maintained, and controlled by the commission and shall consist of all

1 revenues received from the sale of lottery tickets or shares, and all
2 other moneys credited or transferred thereto from any other fund or
3 source pursuant to law. The account shall be a separate account
4 outside the state treasury. No appropriation is required to permit
5 expenditures and payment of obligations from the account. During the
6 2009-2011 fiscal biennium, the legislature may transfer from the state
7 lottery account to the education legacy trust account such amounts as
8 reflect the excess fund balance of the account.

9 **Sec. 924.** RCW 70.93.180 and 2009 c 564 s 950 are each amended to
10 read as follows:

11 (1) There is hereby created an account within the state treasury to
12 be known as the "waste reduction, recycling, and litter control
13 account". Moneys in the account may be spent only after appropriation.
14 Expenditures from the waste reduction, recycling, and litter control
15 account shall be used as follows:

16 (a) Fifty percent to the department of ecology, for use by the
17 departments of ecology, natural resources, revenue, transportation, and
18 corrections, and the parks and recreation commission, for use in litter
19 collection programs, to be distributed under RCW 70.93.220. The amount
20 to the department of ecology shall also be used for a central
21 coordination function for litter control efforts statewide, for the
22 biennial litter survey under RCW 70.93.200(8), and for statewide public
23 awareness programs under RCW 70.93.200(7). The amount to the
24 department shall also be used to defray the costs of administering the
25 funding, coordination, and oversight of local government programs for
26 waste reduction, litter control, and recycling, so that local
27 governments can apply one hundred percent of their funding to achieving
28 program goals. The amount to the department of revenue shall be used
29 to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

30 (b) Twenty percent to the department for local government funding
31 programs for waste reduction, litter control, and recycling activities
32 by cities and counties under RCW 70.93.250, to be administered by the
33 department of ecology; and

34 (c) Thirty percent to the department of ecology for waste reduction
35 and recycling efforts.

36 (2) All taxes imposed in RCW 82.19.010 and fines and bail

1 forfeitures collected or received pursuant to this chapter shall be
2 deposited in the waste reduction, recycling, and litter control account
3 and used for the programs under subsection (1) of this section.

4 (3) Not less than five percent and no more than ten percent of the
5 amount appropriated into the waste reduction, recycling, and litter
6 control account every biennium shall be reserved for capital needs,
7 including the purchase of vehicles for transporting crews and for
8 collecting litter and solid waste. Capital funds shall be distributed
9 among state agencies and local governments according to the same
10 criteria provided in RCW 70.93.220 for the remainder of the funds, so
11 that the most effective waste reduction, litter control, and recycling
12 programs receive the most funding. The intent of this subsection is to
13 provide funds for the purchase of equipment that will enable the
14 department to account for the greatest return on investment in terms of
15 reaching a zero litter goal.

16 (4) During the 2009-2011 fiscal biennium, the legislature may
17 transfer from the waste reduction, recycling, and litter control
18 account to the state general fund such amounts as reflect the excess
19 fund balance of the account. ~~((For purposes of subsection (1) of this
20 section, this transfer shall be treated as an expenditure for litter
21 collection.))~~ Additionally, during the 2009-2011 fiscal biennium,
22 subsection (1) of this section is suspended.

23 **Sec. 925.** RCW 70.105D.070 and 2009 c 564 s 951 are each amended to

31 the costs of remedial actions recovered under this chapter or chapter
32 70.105A RCW; (c) penalties collected or recovered under this chapter;
33 and (d) any other money appropriated or transferred to the account by
34 the legislature. Moneys in the account may be used only to carry out
35 the purposes of this chapter, including but not limited to the
36 following activities:

22 the costs of remedial action in compliance with cleanup standards under
23 RCW 70.105D.030(2)(e) but only when the amount and terms of such
24 funding are established under a settlement agreement under RCW
25 70.105D.040(4) and when the director has found that the funding will
26 achieve both (A) a substantially more expeditious or enhanced cleanup
27 than would otherwise occur, and (B) the prevention or mitigation of
28 unfair economic hardship;

29 (xii) Development and demonstration of alternative management
30 technologies designed to carry out the hazardous waste management
31 priorities of RCW 70.105.150; (~~and~~)

32 (xiii) During the 2009-2011 fiscal biennium, shoreline update

14 (v) Cleanup and disposal of hazardous substances from abandoned or
15 derelict vessels, defined for the purposes of this section as vessels
16 that have little or no value and either have no identified owner or
17 have an identified owner lacking financial resources to clean up and
18 dispose of the vessel, that pose a threat to human health or the
19 environment.

20 (b) Funds for plans and programs shall be allocated consistent with
21 the priorities and matching requirements established in chapters
22 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that
23 is a Puget Sound partner, as defined in RCW 90.71.010, along with any
24 project that is referenced in the action agenda developed by the Puget
25 Sound partnership under RCW 90.71.310, shall, except as conditioned by

1 (A) Funding would prevent or mitigate unfair economic hardship
2 imposed by the clean-up liability;

3 (B) Funding would create new substantial economic development,
4 public recreational, or habitat restoration opportunities that would
5 not otherwise occur; or

6 (C) Funding would create an opportunity for acquisition and
7 redevelopment of vacant, orphaned, or abandoned property under RCW
8 70.105D.040(5) that would not otherwise occur;

9 (ii) The use of outside contracts to conduct necessary studies;

31 2010, for projects designed to address the restoration of Puget Sound,
32 funded in a competitive grant process, that are in conflict with the
33 action agenda developed by the Puget Sound partnership under RCW
34 90.71.310.

35 (7) The department shall adopt rules for grant or loan issuance and
36 performance.

37 (8) During the 2007-2009 and 2009-2011 fiscal biennia, the

1 legislature may transfer from the local toxics control account to
2 either the state general fund or the oil spill prevention account, or
3 both such amounts as reflect excess fund balance in the account.

4 (9) During the 2009-2011 fiscal biennium, the local toxics control

18 used: (a) To make grants or loans to public bodies, including grants
19 to public bodies as cost-sharing moneys in any case where federal,
20 local, or other moneys are made available on a cost-sharing basis, for
21 the capital component of water pollution control facilities and
22 activities; (b) for purposes of assisting a public body to obtain an
23 ownership interest in water pollution control facilities; or (c) to
24 defray any part of the capital component of the payments made by a
25 public body to a service provider under a service agreement entered
26 into under RCW 70.150.060. During the 2009-2011 fiscal biennium, the
