PART II
HUMAN SERVICES

Sec. 201. 2009 c 564 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1)
Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

(4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership

1 (WMIP), the department may combine and transfer such medicaid funds
2 appropriated under sections 204, 206, 208, and 209 of this act as may
3 be necessary to finance a unified health care plan for the WMIP program
4 enrollment. The WMIP pilot projects shall not exceed a daily
5 enrollment of 6,000 persons, nor expand beyond one county, during the
6 2009-2011 biennium. The amount of funding assigned to the pilot
7 projects from each program may not exceed the average per capita cost
8 assumed in this act for individuals covered by that program,
9 actuarially adjusted for the health condition of persons enrolled in
10 the pilot project, times the number of clients enrolled in the pilot
11 project. In implementing the WMIP pilot projects, the department may:
12 (a) Withhold from calculations of "available resources" as set forth in
13 RCW 71.24.025 a sum equal to the capitated rate for individuals
14 enrolled in the pilots; and (b) employ capitation financing and risk-
15 sharing arrangements in collaboration with health care service
16 contractors licensed by the office of the insurance commissioner and
17 qualified to participate in both the medicaid and medicare programs.
18 The department shall conduct an evaluation of the WMIP, measuring
19 changes in participant health outcomes, changes in patterns of service
20 utilization, participant satisfaction, participant access to services,
21 and the state fiscal impact.

22 (5)(a) The appropriations to the department of social and health
23 services in this act shall be expended for the programs and in the
24 amounts specified in this act. However, after May 1, 2010, unless
25 specifically prohibited by this act, the department may transfer
26 general fund--state appropriations for fiscal year 2010 among programs
27 after approval by the director of financial management. However, the
28 department shall not transfer state moneys that are provided solely for
29 a specified purpose except as expressly provided in (b) of this
30 subsection.

31 (b) To the extent that transfers under (a) of this subsection are
32 insufficient to fund actual expenditures in excess of fiscal year 2010
33 caseload forecasts and utilization assumptions in the medical
34 assistance, long-term care, foster care, adoptions support, and child
35 support programs, the department may transfer state moneys that are
36 provided solely for a specified purpose. The department shall not
37 transfer funds, and the director of financial management shall not
38 approve the transfer, unless the transfer is consistent with the

1 objective of conserving, to the maximum extent possible, the
2 expenditure of state funds. The director of financial management shall
3 notify the appropriate fiscal committees of the senate and house of
4 representatives in writing seven days prior to approving any allotment
5 modifications or transfers under this subsection. The written
6 notification shall include a narrative explanation and justification of
7 the changes, along with expenditures and allotments by budget unit and
8 appropriation, both before and after any allotment modifications or
9 transfers.

10 (6) The legislature finds that medicaid payment rates, as
11 calculated by the department pursuant to the appropriations in this
12 act, bear a reasonable relationship to the costs incurred by
13 efficiently and economically operated facilities for providing quality
14 services and will be sufficient to enlist enough providers so that care
15 and services are available to the extent that such care and services
16 are available to the general population in the geographic area. The
17 legislature finds that cost reports, payment data from the federal
18 government, historical utilization, economic data, and clinical input
19 constitute reliable data upon which to determine the payment rates.

20 (7) With the objective of improving and enhancing the efficiency
21 and effectiveness of the audit and oversight program, the department
22 shall identify streamlining opportunities in the areas described in (a)
23 through (d) of this subsection. The goals of these activities are to
24 leverage department resources to better fulfill the obligations of all
25 aspects of audit and oversight programs in an era of resource
26 constraints and to assure that the burden of audits and other oversight
27 activities on the state's businesses, organizations, and individuals is
28 as minimal as practical.

29 (a) The department shall complete an assessment of expanding the
30 use of technology and automated data matches for identification and
31 recovery of third party resources, including data matches with pharmacy
32 benefit managers (PBM). The department shall submit a report to the
33 governor and the relevant fiscal and policy committees of the
34 legislature by September 1, 2010, that identifies resources needed to
35 implement the enhanced data matching capability and the actions and
36 timelines necessary for implementation of automated production data
37 matching capability.

1 (b) The department shall complete a comprehensive review of
2 multiple licensing and certification reviews, onsite surveys, and
3 contract oversight obligations that require provider site visits or
4 require provider response. The department shall identify all related
5 oversight and review activities and identify opportunities for
6 consolidation of multiple clinical and business management review
7 activities as appropriate with a view to minimizing the cost of both
8 conducting and receiving the audits or other review or oversight
9 activities.

10 (c) The department shall expand its provider audit capacity through
11 its provider one payment system. The department shall identify
12 medicaid payment system enhancements that will maximize new technical
13 capabilities. The department shall explore new technical capabilities
14 of its fraud and abuse detection system to identify more efficient ways
15 to correlate audit efforts to the levels of risk and materiality.
16 Results of focused audits must be used to enhance educational
17 materials. The department shall report to the governor and legislature
18 by December 1, 2010, on the status of developing this audit capacity.

19 (d) The department shall conduct a review and assessment of audit
20 processes and timeframes. The department shall review audit outcomes
21 from the past three fiscal years and will concentrate on identifying
22 opportunities to shorten timeframes between the various stages of an
23 audit, including the letter of intent to audit, records collection to
24 issuance of the draft audit, dispute resolution activities, issuance of
25 the final audit, and administrative hearings. The department shall
26 initiate a provider outreach and education program to include
27 communication materials that clearly identify expectations of the
28 department and the provider being audited. The department must develop
29 and publish an orientation to medicaid audits publication by October 1,
30 2010, that includes audit requirements, expectations of providers and
31 the department, and associated timelines. The department shall report
32 to the governor and relevant policy and fiscal committees of the
33 legislature by December 1, 2010, on the status of these activities.

34 The facility shall provide at least three months of consultation and
35 support to parents accepting placement of children from the facility.
36 The facility may recruit new and current foster and adoptive parents
37 for infants served by the facility. The department shall not require
38 case management as a condition of the contract.

8 care as a result of substance abuse by their mothers, except that each
9 program may serve up to three medically fragile nonsubstance-abuse-
10 affected children. In selecting nonfacility-based programs, preference
11 shall be given to programs whose federal or private funding sources
12 have expired or that have successfully performed under the existing
13 pediatric interim care program.

14 (~~(4)~~) (3) \$2,500,000 of the general fund--state appropriation for
15 fiscal year 2010 and (~~(\$2,500,000)~~) \$93,000 of the general fund--state

17 fund--state appropriation are provided solely for secure crisis

19 collaborate with providers to maintain no less than forty-five beds
20 that are geographically representative of the state. The department
21 shall examine current secure crisis residential staffing requirements,
22 flexible payment options, center specific waivers, and other
23 appropriate methods to accomplish this outcome.

24 (~~(5)~~) (4) A maximum of (~~(\$76,831,000)~~) \$73,209,000 of the general

26 general fund--federal appropriations for the 2009-11 biennium shall be
27 expended for behavioral rehabilitative services and these amounts are
28 provided solely for this purpose. The department shall work with
29 behavioral rehabilitative service providers to safely keep youth with
30 emotional, behavioral, or medical needs at home, with relatives, or
31 with other permanent placement resources and decrease the length of
32 (~~(stay)~~) service through improved emotional, behavioral, or medical
33 outcomes for children in behavioral rehabilitative services in order to
34 achieve the appropriated levels.

35 (a) Contracted providers shall act in good faith and accept the
36 hardest to (~~(place)~~) serve children, to the greatest extent possible,
37 in order to improve their emotional, behavioral, or medical conditions.

1 (b) The department and the contracted provider shall mutually agree
2 and establish an exit date for when the child is to exit the behavioral
3 rehabilitative service provider. The department and the contracted
4 provider should mutually agree, to the greatest extent possible, on a
5 viable placement for the child to go to once the child's treatment
6 process has been completed. The child shall exit only when the
7 emotional, behavioral, or medical condition has improved or if the
8 provider has not shown progress toward the outcomes specified in the
9 signed contract at the time of exit. This subsection (b) does not
10 prevent or eliminate the department's responsibility for removing the
11 child from the provider if the child's emotional, behavioral, or
12 medical condition worsens or is threatened.

13 (c) The department is encouraged to use performance-based contracts
14 with incentives directly tied to outcomes described in this section.
15 The contracts should incentivize contracted providers to accept the
16 hardest to ((place)) serve children and incentivize improvement in
17 children's emotional, mental, and medical well-being within the
18 established exit date. The department is further encouraged to
19 increase the use of behavioral rehabilitative service group homes, wrap
20 around services to facilitate and support placement of youth at home
21 with relatives, or other permanent resources, and other means to
22 control expenditures.

23 (d) The total foster care per capita amount shall not increase more
24 than four percent in the 2009-11 biennium and shall not include
25 behavioral rehabilitative service.

26 ((+6)) (5) Within amounts provided for the foster care and
27 adoption support programs, the department shall control reimbursement
28 decisions for foster care and adoption support cases such that the

30 support does not exceed the amounts assumed in the projected caseload
31 expenditures.

33 \$14,460,000 of the general fund--state appropriation for fiscal year
34 2011 and \$6,231,000 of the general fund--federal appropriation are
35 provided solely for the department to provide contracted prevention and

38 contracts. The following services are included in the prevention and

1 early intervention block grant: Crisis family intervention services,
2 family preservation services, intensive family preservation services,
3 evidence-based programs, public health nurses, and early family support

6 goal of utilizing contracted prevention and intervention services to
7 keep children safe at home and to safely reunify families. Priority
8 shall be given to proven intervention models, including evidence-based
9 prevention and early intervention programs identified by the Washington
10 state institute for public policy and the department. The department

1 based on the criteria established by the Washington state institute for
2 public policy, and disposition alternatives will be funding priorities.
3 Funds may be used for promising practices when approved by juvenile
4 rehabilitation administration, based on criteria established in
5 consultation with Washington state institute for public policy and the
6 juvenile courts.

7 By September 1, 2009, a committee with four members, in
8 consultation with Washington state institute for public policy, shall
9 develop a funding formula that takes into account the juvenile courts
10 average daily population of program eligible youth in conjunction with
11 the number of youth served in each approved evidence based program or
12 disposition alternative. The committee shall have one representative
13 from the juvenile rehabilitation administration, one representative
14 from the office of financial management, one representative from the
15 office of the administrator of the courts, and one representative from
16 the juvenile courts. Decision making will be by majority rule.

17 By September 1, 2010, the Washington state institute for public
18 policy shall provide a report to the office of financial management and
19 the legislature on the administration of the block grant authorized in
20 this subsection. The report shall include the criteria used for
21 allocating the funding as a block grant and the participation targets
22 and actual participation in the programs subject to the block grant.

23 (b) By December 1, 2009, the committee established in (a) of this
24 subsection, in consultation with Washington state institute for public
25 policy, shall propose to the office of financial management and the
26 legislature changes in the process of funding and managing, including
27 accountability and information collection and dissemination, grants to
28 juvenile courts for serving youth adjudicated in the juvenile court
29 system use in the fiscal year ending June 30, 2011. The proposal shall
30 include, but is not limited to: A process of making a block grant of
31 funds consistent with (a) of this subsection; a program of data
32 collection and measurement criteria for receiving the funds which will
33 include targets of the number of youth served in identified evidence-
34 based programs and disposition alternatives in which the juvenile
35 courts and office of the administrator of the courts will have

37 providing access to the data systems to the juvenile rehabilitation

1 administration and the Washington state institute for public policy
2 related to program and outcome data; and necessary changes to the

6 policy shall conduct an analysis of the costs per participant of
7 evidence-based programs by the juvenile courts and by December 1, 2009,
8 shall report the results of this analysis to the juvenile
9 rehabilitation administration, the juvenile courts, office of the
10 administrator of the courts, the office of financial management, and
11 the fiscal committees of the legislature)) For the fiscal year ending
12 June 30, 2011, the juvenile rehabilitation administration shall
13 administer a block grant, rather than categorical funding, of
14 consolidated juvenile service funds, community juvenile accountability
15 act grants, the chemical dependency disposition alternative funds, the
16 mental health disposition alternative, and the sentencing disposition
17 alternative for the purpose of serving youth adjudicated in the
18 juvenile justice system. In making the block grant, the juvenile
19 rehabilitation administration shall follow the following formula and
20 will prioritize evidence-based programs and disposition alternatives
21 and take into account juvenile courts program-eligible youth in
22 conjunction with the number of youth served in each approved evidence-
23 based program or disposition alternative: (i) Thirty-seven and one-
24 half percent for the at-risk population of youth ten to seventeen years
25 old; (ii) fifteen percent for moderate and high-risk youth; (iii)
26 twenty-five percent for evidence-based program participation; (iv)
27 seventeen and one-half percent for minority populations; (v) three
28 percent for the chemical dependency disposition alternative; and (vi)
29 two percent for the mental health and sentencing dispositional
30 alternatives. Funding for the special sex offender disposition
31 alternative (SSODA) shall not be included in the block grant, but
32 allocated on the average daily population in juvenile courts. Funding
33 for the evidence-based expansion grants shall be excluded from the
34 block grant formula. Funds may be used for promising practices when
35 approved by the juvenile rehabilitation administration and juvenile
36 courts, through the community juvenile accountability act committee,
37 based on the criteria established in consultation with Washington state
38 institute for public policy and the juvenile courts.

1 (b) It is the intent of the legislature that the juvenile
2 rehabilitation administration phase the implementation of the formula
3 provided in subsection (1) of this section by including a stop-loss
4 formula of three percent in fiscal year 2011, five percent in fiscal
5 year 2012, and five percent in fiscal year 2013. It is further the
6 intent of the legislature that the evidence-based expansion grants be
7 incorporated into the block grant formula by fiscal year 2013 and SSODA
8 remain separate unless changes would result in increasing the cost
9 benefit savings to the state as identified in (c) of this subsection.

10 (c) The juvenile rehabilitation administration and the juvenile
11 courts shall establish a block grant funding formula oversight
12 committee with equal representation from the juvenile rehabilitation
13 administration and the juvenile courts. The purpose of this committee
14 is to assess the ongoing implementation of the block grant funding
15 formula, utilizing data-driven decision making and the most current
16 available information. The committee will be cochaired by the juvenile
17 rehabilitation administration and the juvenile courts, who will also
18 have the ability to change members of the committee as needed to
19 achieve its purpose. Initial members will include one juvenile court
20 representative from the finance committee, the community juvenile
21 accountability act committee, the risk assessment quality assurance
22 committee, the executive board of the Washington association of
23 juvenile court administrators, the Washington state center for court
24 research, and a representative of the superior court judges
25 association; two representatives from the juvenile rehabilitation
26 administration headquarters program oversight staff, two
27 representatives of the juvenile rehabilitation administration regional
28 office staff, one representative of the juvenile rehabilitation
29 administration fiscal staff and a juvenile rehabilitation
30 administration division director. The committee may make changes to
31 the formula categories other than the evidence-based program and
32 disposition alternative categories if it is determined the changes will
33 increase statewide service delivery or effectiveness of evidence-based
34 program or disposition alternative resulting in increased cost benefit
35 savings to the state. Long-term cost benefit must be considered.
36 Percentage changes may occur in the evidence-based program or
37 disposition alternative categories of the formula should it be
38 determined the changes will increase evidence-based program or

1 disposition alternative delivery and increase the cost benefit to the
2 state. These outcomes will also be considered in determining when
3 evidence-based expansion or special sex offender disposition
4 alternative funds should be included in the block grant or left
5 separate.

6 (d) The juvenile courts and administrative office of the courts
7 shall be responsible for collecting and distributing information and
8 providing access to the data systems to the juvenile rehabilitation
9 administration and the Washington state institute for public policy
10 related to program and outcome data. The juvenile rehabilitation
11 administration and the juvenile courts will work collaboratively to
12 develop program outcomes that reinforce the greatest cost benefit to
13 the state in the implementation of evidence-based practices and
14 disposition alternatives.

15 (e) By December 1, 2010, the Washington state institute for public
16 policy shall report to the office of financial management and
17 appropriate committees of the legislature on the administration of the
18 block grant authorized in this subsection. The report shall include
19 the criteria used for allocating the funding as a block grant and the
20 participation targets and actual participation in the programs subject
21 to the block grant.

22 (8) \$3,700,000 of the Washington auto theft prevention authority
23 account--state appropriation is provided solely for competitive grants
24 to community-based organizations to provide at-risk youth intervention
25 services, including but not limited to, case management, employment
26 services, educational services, and street outreach intervention
27 programs. Projects funded should focus on preventing, intervening, and
28 suppressing behavioral problems and violence while linking at-risk
29 youth to pro-social activities. The department may not expend more
30 than \$1,850,000 per fiscal year. The costs of administration must not
31 exceed four percent of appropriated funding for each grant recipient.
32 Each entity receiving funds must report to the juvenile rehabilitation
33 administration on the number and types of youth served, the services
34 provided, and the impact of those services upon the youth and the
35 community.

36 (9) The appropriations in this section assume savings associated
37 with the transfer of youthful offenders age eighteen or older whose
38 sentences extend beyond age twenty-one to the department of corrections

1 to complete their sentences. Prior to transferring an offender to the
2 department of corrections, the juvenile rehabilitation administration
3 shall evaluate the offender to determine the offender's physical and
4 emotional suitability for transfer.

31 reduction shall be distributed among regional support networks
32 proportional to each network's share of the total state population. To
33 the extent possible, levels of regional support network spending shall
34 be maintained in the following priority order: (i) Crisis and
35 commitment services; (ii) community inpatient services; and (iii)
36 residential care services, including personal care and emergency
37 housing assistance.

1 (b) (~~(\$16,900,000)~~) \$10,400,000 of the general fund--state
2 appropriation for fiscal year 2010 (~~(and \$16,900,000)~~), \$9,100,000 of
3 the general fund--state appropriation for fiscal year 2011, and
4 \$1,300,000 of the general fund--federal appropriation are provided
5 solely for the department and regional support networks to contract for
6 implementation of high-intensity program for active community treatment
7 (PACT) teams(~~(, and other proven program approaches that the department~~
8 ~~concur will enable the regional support network to achieve significant~~
9 ~~reductions in the number of beds the regional support network would~~
10 ~~otherwise need to use at the state hospitals)~~). The department shall
11 work with regional support networks and the center for medicare and
12 medicaid services to integrate eligible components of the PACT service
13 delivery model into medicaid capitation rates no later than January
14 2011, while maintaining consistency with all essential elements of the
15 PACT evidence-based practice model.

16 (c) \$6,500,000 of the general fund--state appropriation for fiscal
17 year 2010 and \$6,500,000 of the general fund--state appropriation for
18 fiscal year 2011 are provided solely for the western Washington
19 regional support networks to provide either community- or hospital
20 campus-based services for persons who require the level of care
21 provided by the program for adaptive living skills (PALS) at western
22 state hospital.

23 (d) The number of nonforensic beds allocated for use by regional
24 support networks at eastern state hospital shall be 192 per day. The
25 number of nonforensic beds allocated for use by regional support
26 networks at western state hospital shall be 617 per day during the
27 first quarter of fiscal year 2010, and 587 per day thereafter. Beds in
28 the program for adaptive living skills (PALS) are not included in the
29 preceding bed allocations. The department shall separately charge
30 regional support networks for persons served in the PALS program.

31 (~~(d)~~) (e) From the general fund--state appropriations in this
32 subsection, the secretary of social and health services shall assure
33 that regional support networks reimburse the aging and disability
34 services administration for the general fund--state cost of medicaid
35 personal care services that enrolled regional support network consumers
36 use because of their psychiatric disability.

37 (~~(e)~~) (f) \$4,582,000 of the general fund--state appropriation for
38 fiscal year 2010 and \$4,582,000 of the general fund--state

1 appropriation for fiscal year 2011 are provided solely for mental
2 health services for mentally ill offenders while confined in a county
3 or city jail and for facilitating access to programs that offer mental
4 health services upon release from confinement.

5 ~~((f))~~ (g) The department is authorized to continue to contract
6 directly, rather than through contracts with regional support networks,
7 for children's long-term inpatient facility services.

8 ~~((g))~~ (h) \$750,000 of the general fund--state appropriation for
9 fiscal year 2010 and \$750,000 of the general fund--state appropriation
10 for fiscal year 2011 are provided solely to continue performance-based
11 incentive contracts to provide appropriate community support services
12 for individuals with severe mental illness who were discharged from the
13 state hospitals as part of the expanding community services initiative.
14 These funds will be used to enhance community residential and support
15 services provided by regional support networks through other state and
16 federal funding.

17 ~~((h))~~ (i) \$1,500,000 of the general fund--state appropriation for
18 fiscal year 2010 and \$1,500,000 of the general fund--state
19 appropriation for fiscal year 2011 are provided solely for the Spokane
20 regional support network to implement services to reduce utilization
21 and the census at eastern state hospital. Such services shall include:

22 (i) High intensity treatment team for persons who are high
23 utilizers of psychiatric inpatient services, including those with co-
24 occurring disorders and other special needs;

25 (ii) Crisis outreach and diversion services to stabilize in the
26 community individuals in crisis who are at risk of requiring inpatient
27 care or jail services;

28 (iii) Mental health services provided in nursing facilities to
29 individuals with dementia, and consultation to facility staff treating
30 those individuals; and

31 (iv) Services at the sixteen-bed evaluation and treatment facility.

32 At least annually, the Spokane regional support network shall
33 assess the effectiveness of these services in reducing utilization at
34 eastern state hospital, identify services that are not optimally
35 effective, and modify those services to improve their effectiveness.

36 ~~((i))~~ (j) The department shall return to the Spokane regional
37 support network fifty percent of the amounts assessed against the
38 network during the last six months of calendar year 2009 for state

1 hospital utilization in excess of its contractual limit. The regional
2 support network shall use these funds for operation during its initial
3 months of a new sixteen-bed evaluation and treatment facility that will
4 enable the network to reduce its use of the state hospital, and for
5 diversion and community support services for persons with dementia who
6 would likely otherwise require care at the state hospital.

7 ~~((+j))~~ (k) The department is directed to identify and implement
8 program efficiencies and benefit changes in its delivery of medicaid
9 managed-care services that are sufficient to operate within the state
10 and federal appropriations in this section. Such actions may include
11 but are not limited to methods such as adjusting the care access
12 standards; improved utilization management of ongoing, recurring, and
13 high-intensity services; and increased uniformity in provider payment
14 rates. The department shall ensure that the capitation rate
15 adjustments necessary to accomplish these efficiencies and changes are
16 distributed uniformly and equitably across all regional support
17 networks statewide. The department is directed to report to the
18 relevant legislative fiscal and policy committees at least thirty days
19 prior to implementing rate adjustments reflecting these changes.

20 ~~((+k))~~ (l) In developing the new medicaid managed care rates under
21 which the public mental health managed care system will operate during
22 the five years beginning in fiscal year 2011, the department should
23 seek to estimate the reasonable and necessary cost of efficiently and
24 effectively providing a comparable set of medically necessary mental
25 health benefits to persons of different acuity levels regardless of
26 where in the state they live. Actual prior period spending in a
27 regional administrative area shall not be a key determinant of future
28 payment rates. The department shall report to the office of financial
29 management and to the relevant fiscal and policy committees of the
30 legislature on its proposed new waiver and mental health managed care
31 rate-setting approach by October 1, 2009, and again at least sixty days
32 prior to implementation of new capitation rates.

33 (m) In implementing the new public mental health managed care
34 payment rates for fiscal year 2011, the department shall to the maximum
35 extent possible within each regional support network's allowable rate
36 range establish rates so that there is no increase or decrease in the
37 total state and federal funding that the regional support network would
38 receive if it were to continue to be paid at its October 2009 through

1 June 2010 rates. The department shall additionally revise the draft
2 rates issued January 28, 2010, to more accurately reflect the lower
3 practitioner productivity inherent in the delivery of services in
4 extremely rural regions in which a majority of the population reside in
5 frontier counties, as defined and designated by the national center for
6 frontier communities.

7 ((+l)) (n) \$1,529,000 of the general fund--state appropriation for
8 fiscal year 2010 and \$1,529,000 of the general fund--state
9 appropriation for fiscal year 2011 are provided solely to reimburse
10 Pierce and Spokane counties for the cost of conducting 180-day
11 commitment hearings at the state psychiatric hospitals.

12 ((+m)) (o) The legislature intends and expects that regional
13 support networks and contracted community mental health agencies shall
14 make all possible efforts to, at a minimum, maintain current
15 compensation levels of direct care staff. Such efforts shall include,
16 but not be limited to, identifying local funding that can preserve
17 client services and staff compensation, achieving administrative
18 reductions at the regional support network level, and engaging
19 stakeholders on cost-savings ideas that maintain client services and
20 staff compensation. For purposes of this section, "direct care staff"
21 means persons employed by community mental health agencies whose
22 primary responsibility is providing direct treatment and support to
23 people with mental illness, or whose primary responsibility is
24 providing direct support to such staff in areas such as client
25 scheduling, client intake, client reception, client records-keeping,
26 and facilities maintenance.

27 (p) Regional support networks may use local funds to earn
28 additional federal medicaid match, provided the locally matched rate
29 does not exceed the upper-bound of their federally allowable rate
30 range, and provided that the enhanced funding is used only to provide
31 medicaid state plan or waiver services to medicaid clients.
32 Additionally, regional support networks may use a portion of the state
33 funds allocated in accordance with (a) of this subsection to earn
34 additional medicaid match, but only to the extent that the application
35 of such funds to medicaid services does not diminish the level of
36 crisis and commitment, community inpatient, residential care, and
37 outpatient services presently available to persons not eligible for
38 medicaid.

18 year 2008 and \$231,000 of the general fund--state appropriation for
19 fiscal year 2009 are provided solely for a community partnership
20 between western state hospital and the city of Lakewood to support
21 community policing efforts in the Lakewood community surrounding
22 western state hospital. The amounts provided in this subsection (2)(b)

3	General Fund--Federal Appropriation	\$2,142,000
4	TOTAL APPROPRIATION	(\$5,773,000)
5		\$6,053,000

6 The appropriations in this subsection are subject to the following
7 conditions and limitations:

8 (a) \$1,511,000 of the general fund--state appropriation for fiscal
9 year 2010 and \$1,511,000 of the general fund--state appropriation for
10 fiscal year 2011 are provided solely for children's evidence based
11 mental health services. Funding is sufficient to continue serving
12 children at the same levels as fiscal year 2009.

13 (b) \$100,000 of the general fund--state appropriation for fiscal
14 year 2011 is provided solely for consultation, training, and technical
15 assistance to regional support networks on strategies for effective
16 service delivery in very sparsely populated counties.

17 (c) \$60,000 of the general fund--state appropriation for fiscal
18 year 2011 is provided solely for the department to contract with the
19 Washington state institute for public policy for completion of the
20 research reviews to be conducted in accordance with chapter 263, Laws
21 of 2010.

22 (d) \$60,000 of the general fund--state appropriation for fiscal
23 year 2011 is provided solely for the department to contract with the
24 Washington state institute for public policy for completion of the
25 research reviews to be conducted in accordance with section 1, chapter
26 280, Laws of 2010.

27 (e) \$60,000 of the general fund--state appropriation for fiscal
28 year 2011 is provided solely for implementation of sections 2 and 3,
29 chapter 280, Laws of 2010. The department shall use these funds to
30 contract with the Washington state institute for public policy for
31 completion of an assessment of (i) the extent to which the number of
32 persons involuntarily committed for 3, 14, and 90 days is likely to
33 increase as a result of the revised commitment standards; (ii) the
34 availability of community treatment capacity to accommodate that
35 increase; (iii) strategies for cost-effectively leveraging state,
36 local, and private resources to increase community involuntary
37 treatment capacity; and (iv) the extent to which increases in

1 involuntary commitments are likely to be offset by reduced utilization
2 of correctional facilities, publicly-funded medical care, and state
3 psychiatric hospitalizations.

4 (f) By October 1, 2010, the department shall report to the governor
5 and appropriate committees of the legislature with (i) a report on
6 improving services for children who are at greatest risk of requiring
7 long-term inpatient and residential care due to the severity of their
8 emotional impairments; and (ii) an inventory of current publicly funded
9 efforts in Washington to identify children at risk of emotional
10 impairments and to provide intervention before a mental disorder
11 manifests itself. The report on improving services for children at
12 risk of long-term care shall be developed by the division of behavioral
13 health and recovery services in consultation with treatment
14 specialists, regional support networks, behavioral health provider
15 organizations, and consumer and family representatives. It shall
16 include potential alternatives for services to children at risk of
17 long-term, intensive mental health care and recommend specific
18 proposals regarding program components, delivery system organization,
19 and cost estimates. The proposals may include short and long-term
20 alternatives to reach statewide equity in access to high-intensity
21 services with a primary focus on children who are at risk of out-of-
22 home placement or who are high system utilizers. Evidence-based and
23 research-based practices shall be included as options to the extent
24 that they provide appropriate services for children at risk of long-
25 term, intensive mental health care. The inventory shall include, but
26 is not limited to, activities that focus on prevention rather than
27 solely on clinical or medical treatment and that rely on strategies
28 such as those identified by the national academies' institute of
29 medicine as effective in preventing childhood emotional impairments.
30 The inventory shall be developed by the family policy council in
31 consultation with public health departments, special education experts,
32 managed health care plans, regional support networks, the University of
33 Washington's children's mental health evidence-based practice
34 institute, and behavioral health provider organizations.

3		<u>\$7,219,000</u>
4	TOTAL APPROPRIATION	((\$15,398,000))
5		<u>\$15,367,000</u>

6 The department is authorized and encouraged to continue its
7 contract with the Washington state institute for public policy to
8 provide a longitudinal analysis of long-term mental health outcomes as
9 directed in chapter 334, Laws of 2001 (mental health performance
10 audit); to build upon the evaluation of the impacts of chapter 214,
11 Laws of 1999 (mentally ill offenders); and to assess program outcomes
12 and cost effectiveness of the children's mental health pilot projects
13 as required by chapter 372, Laws of 2006.

14 **Sec. 205.** 2010 c 3 s 204 (uncodified) is amended to read as
15 follows:

16 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL**
17 **DISABILITIES PROGRAM**

18 (1) COMMUNITY SERVICES

19	General Fund--State Appropriation (FY 2010)	((\$311,589,000))
20		<u>\$307,348,000</u>
21	General Fund--State Appropriation (FY 2011)	((\$366,489,000))
22		<u>\$338,299,000</u>
23	General Fund--Federal Appropriation	((\$849,263,000))
24		<u>\$902,900,000</u>
25	TOTAL APPROPRIATION	((\$1,527,341,000))
26		<u>\$1,548,547,000</u>

27 The appropriations in this subsection are subject to the following
28 conditions and limitations:

29 (a) Individuals receiving services as supplemental security income
30 (SSI) state supplemental payments shall not become eligible for medical
31 assistance under RCW 74.09.510 due solely to the receipt of SSI state
32 supplemental payments.

33 (b)(i) Amounts appropriated in this section reflect a reduction to
34 funds appropriated for in-home care. The department shall reduce the
35 number of in-home hours authorized. The reduction shall be scaled
36 based on the acuity level of care recipients. The largest hour
37 reductions shall be to lower acuity patients and the smallest hour

1 reductions shall be to higher acuity patients. In doing so, the
2 department shall comply with all maintenance of effort requirements
3 contained in the American reinvestment and recovery act.

4 (ii) \$508,000 of the general fund--state appropriation for fiscal
5 year 2011 and \$822,000 of the general fund--federal appropriation are
6 provided solely for the department to partially restore the reductions
7 to in-home care that are taken in (b)(i) of this subsection. The
8 department will use the same formula to restore personal care hours
9 that it used to reduce personal care hours.

10 (c) Amounts appropriated in this section are sufficient to develop
11 and implement the use of a consistent, statewide outcome-based vendor
12 contract for employment and day services by April 1, 2011. The rates
13 paid to vendors under this contract shall also be made consistent. In
14 its description of activities the agency shall include activity
15 listings and dollars appropriated for: Employment services, day
16 services, child development services and county administration of
17 services to the developmentally disabled. The department shall begin
18 reporting to the office of financial management on these activities
19 beginning in fiscal year 2010.

20 ~~(d) ((\$5,593,000 of the general fund--state appropriation for~~

24 ~~services. Funding in this subsection shall be prioritized for (i)~~
25 ~~residents of residential habilitation centers who are able to be~~
26 ~~adequately cared for in community settings and who choose to live in~~
27 ~~those community settings; (ii) clients without residential services who~~
28 ~~are at immediate risk of institutionalization or in crisis; (iii)~~
29 ~~children who are at risk of institutionalization or who are aging out~~
30 ~~of other state services; and (iv) current home and community based~~
31 ~~waiver program clients who have been assessed as having an immediate~~
32 ~~need for increased services. First priority shall be given to children~~
33 ~~who are at risk of institutionalization. The department shall ensure~~
34 ~~that the average cost per day for all program services other than~~
35 ~~start-up costs shall not exceed \$300. In order to maximize the number~~
36 ~~of clients served and ensure the cost-effectiveness of the waiver~~
37 ~~programs, the department will strive to limit new client placement~~
38 ~~expenditures to 90 percent of the budgeted daily rate. If this can be~~

1 accomplished, additional clients may be served with excess funds,
2 provided the total projected carry forward expenditures do not exceed
3 the amounts estimated. The department shall electronically report to
4 the appropriate committees of the legislature, within 45 days following
5 each fiscal year quarter, the number of persons served with these
6 additional community services, where they were residing, what kinds of
7 services they were receiving prior to placement, and the actual
8 expenditures for all community services to support these clients.

9 (e)(i) \$493,000 of the general fund state appropriation for fiscal
10 year 2010, \$1,463,000 of the general fund state appropriation for
11 fiscal year 2011, and \$2,741,000 of the general fund federal
12 appropriation are provided solely for community services for persons
13 with developmental disabilities who also have community protection
14 issues. Funding in this subsection shall be prioritized for (A)
15 clients being diverted or discharged from the state psychiatric
16 hospitals; (B) clients participating in the dangerous mentally ill
17 offender program; (C) clients participating in the community protection
18 program; and (D) mental health crisis diversion outplacements. The
19 department shall ensure that the average cost per day for all program
20 services other than start up costs shall not exceed \$349 per day in
21 fiscal year 2010 and \$356 per day in fiscal year 2011. In order to
22 maximize the number of clients served and ensure the cost effectiveness
23 of the waiver programs, the department will strive to limit new client
24 placement expenditures to 90 percent of the budgeted daily rate. If
25 this can be accomplished, additional clients may be served with excess
26 funds if the total projected carry forward expenditures do not exceed
27 the amounts estimated.

28 (ii) The department shall electronically report to the appropriate
29 committees of the legislature, within 45 days following each fiscal
30 year quarter, the number of persons served with these additional
31 community services, where they were residing, what kinds of services
32 they were receiving prior to placement, and the actual expenditures for
33 all community services to support these clients.

34 (f)) \$302,000 of the general fund--state appropriation for fiscal
35 year 2010, \$831,000 of the general fund--state appropriation for fiscal
36 year 2011, and \$1,592,000 of the general fund--federal appropriation
37 are provided solely for health care benefits pursuant to a collective

1 bargaining agreement negotiated with the exclusive bargaining
2 representative of individual providers established under RCW
3 74.39A.270.

4 ~~((g))~~ (e)(i) \$682,000 of the general fund--state appropriation
5 for fiscal year 2010, \$1,651,000 of the general fund--state
6 appropriation for fiscal year 2011, and \$1,678,000 of the general
7 fund--federal appropriation are provided solely for the state's
8 contribution to the training partnership, as provided in RCW
9 74.39A.360, pursuant to a collective bargaining agreement negotiated
10 with the exclusive bargaining representative of individual providers
11 established under RCW 74.39A.270.

12 (ii) The federal portion of the amounts in this subsection (g) is
13 contingent upon federal approval of participation in contributions to
14 the trust and shall remain unallotted and placed in reserve status
15 until the office of financial management and the department of social
16 and health services receive federal approval.

17 (iii) Expenditures for the purposes specified in this subsection
18 (g) shall not exceed the amounts provided in this subsection.

19 ~~((h))~~ (f) Within the amounts appropriated in this subsection (1),
20 the department shall implement all necessary rules to facilitate the
21 transfer to a department home and community-based services (HCBS)
22 waiver of all eligible individuals who (i) currently receive services
23 under the existing state-only employment and day program or the
24 existing state-only residential program, and (ii) otherwise meet the
25 waiver eligibility requirements. The amounts appropriated are
26 sufficient to ensure that all individuals currently receiving services
27 under the state-only employment and day and state-only residential
28 programs who are not transferred to a department HCBS waiver will
29 continue to receive services.

30 ~~((i) Adult day health services shall only be authorized for in-~~
31 ~~home clients.~~

32 ~~((j))~~ (g) In addition to other reductions, the appropriations in
33 this subsection reflect reductions targeted specifically to state
34 government administrative costs. These administrative reductions shall
35 be achieved, to the greatest extent possible, by reducing those
36 administrative costs that do not affect direct client services or
37 direct service delivery or programs.

1 ((+k)) (h) The department shall not pay a home care agency
2 licensed under chapter 70.127 RCW for personal care services provided
3 by a family member, pursuant to Substitute House Bill No. 2361
4 (modifying state payments for in-home care).

5 ((+l)) (i) Within the appropriations of this section, the
6 department shall reduce all seventeen payment levels of the seventeen-
7 level payment system from the fiscal year 2009 levels for boarding
8 homes, boarding homes contracted as assisted living, and adult family
9 homes. Excluded from the reductions are exceptional care rate add-ons.
10 The long-term care program may develop add-ons to pay exceptional care
11 rates to adult family homes and boarding homes with specialty contracts
12 to provide support for the following specifically eligible clients:

13 (i) Persons with AIDS or HIV-related diseases who might otherwise
14 require nursing home or hospital care;

15 (ii) Persons with Alzheimer's disease and related dementia who
16 might otherwise require nursing home care; and

17 (iii) Persons with co-occurring mental illness and long-term care
18 needs who are eligible for expanded community services and who might
19 otherwise require state and local psychiatric hospital care.

20 Within amounts appropriated, exceptional add-on rates for AIDS/HIV,
21 dementia specialty care, and expanded community services may be
22 standardized within each program.

23 ((+m)) (j) The amounts appropriated in this subsection reflect a
24 reduction in funds available for employment and day services. In
25 administering this reduction the department shall negotiate with
26 counties and their vendors so that this reduction, to the greatest
27 extent possible, is achieved by reducing vendor rates and allowable
28 contract administrative charges (overhead) and not through reductions
29 to direct client services or direct service delivery or programs.

30 ~~((+n) Within the amounts allotted for employment and day services
31 in this section, the department shall prioritize the funding of
32 employment services for students graduating from high school during

36 \$581,459,000

37 General Fund--Federal Appropriation ((\$1,139,899,000))

1 (d) Provide quarterly fiscal reports to the office of financial
2 management and the legislative fiscal committees detailing information
3 on the amount expended from general fund--state and general fund--
4 federal by activity;

5 (e) Maintain the fiscal year 2009 grant standard for the temporary
6 assistance for needy families grant.

7 (2) The WorkFirst subcabinet, in partnership with the department of
8 social and health services, shall review and prepare a report on
9 services provided and accessed by both general population clients and
10 limited English proficiency clients. The review shall include
11 information on efficiencies and outcomes related to client services for
12 each client population. The report should identify services and
13 expenditures related to client outcomes in fiscal year 2010. The
14 report on these programs and client outcomes shall be reported to the
15 appropriate committees of the legislature no later than December 15,
16 2010.

17 (3) The department and the office of financial management shall
18 electronically report quarterly the expenditures, maintenance of effort
19 allotments, expenditure amounts, and caseloads for the WorkFirst
20 program to the legislative fiscal committees.

21 ~~((+3))~~ (4) \$16,783,000 of the general fund--state appropriation
22 for fiscal year 2011 and \$62,000,000 of the general fund--federal
23 appropriation are provided solely for all components of the WorkFirst
24 program in order to maintain services to January 2011. The legislature
25 intends to work with the governor to design and implement fiscal and
26 programmatic modifications to provide for the sustainability of the
27 program. The funding in this subsection assumes that no other
28 expenditure reductions will be made prior to January 2011 other than
29 those assumed in the appropriation levels in this act.

30 (5) ~~((84,856,000))~~ \$94,322,000 of the general fund--state
31 appropriation for fiscal year 2010 and ~~((95,173,000))~~ \$97,168,000 of
32 the general fund--state appropriation for fiscal year 2011, net of
33 recoveries, are provided solely for cash assistance and other services
34 to recipients in the ~~((general assistance-unemployable program))~~ cash
35 program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security
36 lifeline act), including persons in the unemployable, expedited, and
37 aged, blind, and disabled components of the program. It is the intent
38 of the legislature that the lifeline incapacity determination and

1 progressive evaluation process regulations be carefully designed to
2 accurately identify those persons who have been or will be
3 incapacitated for at least ninety days. The incapacity determination
4 and progressive evaluation process regulations in effect on January 1,
5 2010, cannot be amended until at least September 30, 2010; except that
6 provisions related to the use of administrative review teams may be
7 amended, and obsolete terminology and functional assessment language
8 may be updated on or after July 1, 2010, in a manner that only
9 minimally impacts the outcome of incapacity evaluations. After
10 September 30, 2010, the incapacity determination and progressive
11 evaluation process regulations may be amended only if the reports under
12 (a) and (b) of this subsection have been submitted, and find that
13 expenditures will exceed the appropriated level by three percent or
14 more.

15 (a) The department and the caseload forecast council shall, by
16 September 21, 2010, submit a report to the legislature based upon the
17 most recent caseload forecast and actual expenditure data available, as
18 to whether expenditures for the lifeline-unemployable grants in fiscal
19 year 2011 will exceed \$69,648,000 for fiscal year 2011 in the 2010
20 supplemental operating budget by three percent or more. If
21 expenditures will exceed the appropriated amount for lifeline-
22 unemployable grants by three percent or more, the department may adopt
23 regulations modifying incapacity determination and progressive
24 evaluation process regulations after September 30, 2010.

25 (b) On or before September 21, 2010, the department shall submit a
26 report to the relevant policy and fiscal committees of the legislature
27 that includes the following information regarding any regulations
28 proposed for adoption that would modify the lifeline incapacity
29 determination and progressive evaluation process:

30 (i) A copy of the proposed changes and a concise description of the
31 changes;

32 (ii) A description of the persons who would likely be affected by
33 adoption of the regulations, including their impairments, age,
34 education, and work history;

35 (iii) An estimate of the number of persons who, on a monthly basis
36 through June 2013, would be denied lifeline benefits if the regulations
37 were adopted, expressed as a number, as a percentage of total

1 applicants, and as a percentage of the number of persons granted
2 lifeline benefits in each month;

3 (iv) An estimate of the number of persons who, on a monthly basis
4 through June 2013, would have their lifeline benefits terminated
5 following an eligibility review if the regulations were adopted,
6 expressed as a number, as a percentage of the number of persons who
7 have had an eligibility review in each month, and as a percentage of
8 the total number of persons currently receiving lifeline-unemployable
9 benefits in each month; and

10 (v) Intended improvements in employment or treatment outcomes among
11 persons receiving lifeline benefits that could be attributable to the
12 changes in the regulations.

13 (c) Within these amounts:

14 ~~((a))~~ (i) The department shall aggressively pursue opportunities
15 to transfer ~~((general assistance unemployable))~~ lifeline clients to
16 general assistance expedited coverage and to facilitate client
17 applications for federal supplemental security income when the client's
18 incapacities indicate that he or she would be likely to meet the
19 federal disability criteria for supplemental security income. The
20 department shall initiate and file the federal supplemental security
21 income interim agreement as quickly as possible in order to maximize
22 the recovery of federal funds;

23 ~~((b))~~ (ii) The department shall review the ~~((general assistance))~~
24 lifeline caseload to identify recipients that would benefit from
25 assistance in becoming naturalized citizens, and thus be eligible to
26 receive federal supplemental security income benefits. Those cases
27 shall be given high priority for naturalization funding through the
28 department;

29 ~~((c))~~ (iii) The department shall actively coordinate with local
30 workforce development councils to expedite access to worker retraining
31 programs for ~~((general assistance unemployable))~~ lifeline clients in
32 those regions of the state with the greatest number of such clients;

33 ~~((d))~~ (iv) By July 1, 2009, the department shall enter into an
34 interagency agreement with the department of veterans' affairs to
35 establish a process for referral of veterans who may be eligible for
36 veteran's services. This agreement must include outstationing
37 department of veterans' affairs staff in selected community service

1 office locations in King and Pierce counties to facilitate applications
2 for veterans' services; and

3 ((+e)) (v) In addition to any earlier evaluation that may have
4 been conducted, the department shall intensively evaluate those clients
5 who have been receiving (~~general assistance unemployable~~) lifeline
6 benefits for twelve months or more as of July 1, 2009, or thereafter,
7 if the available medical and incapacity related evidence indicates that
8 the client is unlikely to meet the disability standard for federal
9 supplemental security income benefits. The evaluation shall identify
10 services necessary to eliminate or minimize barriers to employment,
11 including mental health treatment, substance abuse treatment and
12 vocational rehabilitation services. The department shall expedite
13 referrals to chemical dependency treatment, mental health and
14 vocational rehabilitation services for these clients.

15 ((+f)) (vi) The appropriations in this subsection reflect a change
16 in the earned income disregard policy for (~~general assistance~~
17 ~~unemployable~~) lifeline clients. It is the intent of the legislature
18 that the department shall adopt the temporary assistance for needy
19 families earned income policy for (~~general assistance unemployable~~)
20 the lifeline program.

21 ((+4)) (6) \$750,000 of the general fund--state appropriation for
22 fiscal year 2010 and \$750,000 of the general fund--state appropriation
23 for fiscal year 2011 are provided solely for naturalization services.

24 ((+5)) (7)(a) \$3,550,000 of the general fund--state appropriation
25 for fiscal year 2010 is provided solely for refugee employment
26 services, of which \$2,650,000 is provided solely for the department to
27 pass through to statewide refugee assistance organizations for limited
28 English proficiency pathway services; and \$3,550,000 of the general
29 fund--state appropriation for fiscal year 2011 is provided solely for
30 refugee employment services, of which \$2,650,000 is provided solely for
31 the department to pass through to statewide refugee assistance
32 organizations for limited English proficiency pathway services.

33 (b) The legislature intends that the appropriation in this
34 subsection for the 2009-11 fiscal biennium will maintain funding for
35 refugee programs at a level at least equal to expenditures on these
36 programs in the 2007-09 fiscal biennium.

37 ((+6)) (8) The appropriations in this section reflect reductions
38 in the appropriations for the economic services administration's

1 administrative expenses. It is the intent of the legislature that
2 these reductions shall be achieved, to the greatest extent possible, by
3 reducing those administrative costs that do not affect direct client
4 services or direct service delivery or program.

5 (9) \$855,000 of the general fund--state appropriation for fiscal
6 year 2011, \$719,000 of the general fund--federal appropriation, and
7 \$2,907,000 of the general fund--private/local appropriation are
8 provided solely for the implementation of the opportunity portal, the
9 food stamp employment and training program, and the disability lifeline
10 program under Second Substitute House Bill No. 2782 (security lifeline
11 act). If the bill is not enacted by June 30, 2010, the amounts
12 provided in this subsection shall lapse.

13 (10) \$200,000 of the general fund--state appropriation for fiscal
14 year 2011 is provided solely for the department to award grants to
15 small mutual assistance or small community-based organizations that
16 contract with the department for immigrant and refugee assistance
17 services. The funds shall be awarded to provide funding for community
18 groups to provide transitional assistance, language skills, and other
19 resources to improve refugees' economic self-sufficiency through the
20 effective use of social services, financial services, and medical
21 assistance.

22 (11) \$250,000 of the general fund--state appropriation for fiscal
23 year 2010 is provided solely for increased funding for limited English
24 proficiency pathway programs.

25 **Sec. 208.** 2010 c 3 s 207 (uncodified) is amended to read as

7 The appropriations in this section are subject to the following
8 conditions and limitations:

9 (1) Within the amounts appropriated in this section, the department
10 may contract with the University of Washington and community-based
11 providers for the provision of the parent-child assistance program.
12 For all contractors, indirect charges for administering the program
13 shall not exceed ten percent of the total contract amount.

14 (2) Within the amounts appropriated in this section, the department
15 shall continue to provide for chemical dependency treatment services
16 for adult medicaid eligible and general assistance-unemployable
17 patients.

18 (3) In addition to other reductions, the appropriations in this
19 section reflect reductions targeted specifically to state government
20 administrative costs. These administrative reductions shall be
21 achieved, to the greatest extent possible, by reducing those
22 administrative costs that do not affect direct client services or
23 direct service delivery or programs.

24 (4) \$2,247,000 of the general fund--state appropriation for fiscal
25 year 2011 is provided solely for the implementation of the lifeline

18 The appropriations in this section are subject to the following
19 conditions and limitations:

20 (1) Based on quarterly expenditure reports and caseload forecasts,
21 if the department estimates that expenditures for the medical
22 assistance program will exceed the appropriations, the department shall
23 take steps including but not limited to reduction of rates or
24 elimination of optional services to reduce expenditures so that total
25 program costs do not exceed the annual appropriation authority.

26 (2) In determining financial eligibility for medicaid-funded
27 services, the department is authorized to disregard recoveries by
28 Holocaust survivors of insurance proceeds or other assets, as defined
29 in RCW 48.104.030.

30 (3) The legislature affirms that it is in the state's interest for
31 Harborview medical center to remain an economically viable component of
32 the state's health care system.

33 (4) When a person is ineligible for medicaid solely by reason of
34 residence in an institution for mental diseases, the department shall
35 provide the person with the same benefits as he or she would receive if
36 eligible for medicaid, using state-only funds to the extent necessary.

37 (5) In accordance with RCW 74.46.625, \$6,000,000 of the general
38 fund--federal appropriation is provided solely for supplemental

1 payments to nursing homes operated by public hospital districts. The
2 public hospital district shall be responsible for providing the
3 required nonfederal match for the supplemental payment, and the
4 payments shall not exceed the maximum allowable under federal rules.
5 It is the legislature's intent that the payments shall be supplemental
6 to and shall not in any way offset or reduce the payments calculated
7 and provided in accordance with part E of chapter 74.46 RCW. It is the
8 legislature's further intent that costs otherwise allowable for rate-
9 setting and settlement against payments under chapter 74.46 RCW shall
10 not be disallowed solely because such costs have been paid by revenues
11 retained by the nursing home from these supplemental payments. The
12 supplemental payments are subject to retrospective interim and final
13 cost settlements based on the nursing homes' as-filed and final
14 medicare cost reports. The timing of the interim and final cost
15 settlements shall be at the department's discretion. During either the
16 interim cost settlement or the final cost settlement, the department
17 shall recoup from the public hospital districts the supplemental
18 payments that exceed the medicaid cost limit and/or the medicare upper
19 payment limit. The department shall apply federal rules for
20 identifying the eligible incurred medicaid costs and the medicare upper
21 payment limit.

22 (6) \$1,110,000 of the general fund--federal appropriation and
23 \$1,105,000 of the general fund--state appropriation for fiscal year
24 2011 are provided solely for grants to rural hospitals. The department
25 shall distribute the funds under a formula that provides a relatively
26 larger share of the available funding to hospitals that (a) serve a
27 disproportionate share of low-income and medically indigent patients,
28 and (b) have relatively smaller net financial margins, to the extent
29 allowed by the federal medicaid program.

30 (7) \$9,818,000 of the general fund--state appropriation for fiscal
31 year 2011, and \$9,865,000 of the general fund--federal appropriation
32 are provided solely for grants to nonrural hospitals. The department
33 shall distribute the funds under a formula that provides a relatively
34 larger share of the available funding to hospitals that (a) serve a
35 disproportionate share of low-income and medically indigent patients,
36 and (b) have relatively smaller net financial margins, to the extent
37 allowed by the federal medicaid program.

1 (8) The department shall continue the inpatient hospital certified
2 public expenditures program for the 2009-11 biennium. The program
3 shall apply to all public hospitals, including those owned or operated
4 by the state, except those classified as critical access hospitals or
5 state psychiatric institutions. The department shall submit reports to
6 the governor and legislature by November 1, 2009, and by November 1,
7 2010, that evaluate whether savings continue to exceed costs for this
8 program. If the certified public expenditures (CPE) program in its
9 current form is no longer cost-effective to maintain, the department
10 shall submit a report to the governor and legislature detailing
11 cost-effective alternative uses of local, state, and federal resources
12 as a replacement for this program. During fiscal year 2010 and fiscal
13 year 2011, hospitals in the program shall be paid and shall retain one
14 hundred percent of the federal portion of the allowable hospital cost
15 for each medicaid inpatient fee-for-service claim payable by medical
16 assistance and one hundred percent of the federal portion of the
17 maximum disproportionate share hospital payment allowable under federal
18 regulations. Inpatient medicaid payments shall be established using an
19 allowable methodology that approximates the cost of claims submitted by
20 the hospitals. Payments made to each hospital in the program in each
21 fiscal year of the biennium shall be compared to a baseline amount.
22 The baseline amount will be determined by the total of (a) the
23 inpatient claim payment amounts that would have been paid during the
24 fiscal year had the hospital not been in the CPE program based on the
25 reimbursement rates developed, implemented, and consistent with
26 policies approved in the 2009-11 biennial operating appropriations act
27 (chapter 564, Laws of 2009) and in effect on July 1, 2009, (b) one half
28 of the indigent assistance disproportionate share hospital payment
29 amounts paid to and retained by each hospital during fiscal year 2005,
30 and (c) all of the other disproportionate share hospital payment
31 amounts paid to and retained by each hospital during fiscal year 2005
32 to the extent the same disproportionate share hospital programs exist
33 in the 2009-11 biennium. If payments during the fiscal year exceed the
34 hospital's baseline amount, no additional payments will be made to the
35 hospital except the federal portion of allowable disproportionate share
36 hospital payments for which the hospital can certify allowable match.
37 If payments during the fiscal year are less than the baseline amount,
38 the hospital will be paid a state grant equal to the difference between

1 payments during the fiscal year and the applicable baseline amount.
2 Payment of the state grant shall be made in the applicable fiscal year
3 and distributed in monthly payments. The grants will be recalculated
4 and redistributed as the baseline is updated during the fiscal year.
5 The grant payments are subject to an interim settlement within eleven
6 months after the end of the fiscal year. A final settlement shall be
7 performed. To the extent that either settlement determines that a
8 hospital has received funds in excess of what it would have received as
9 described in this subsection, the hospital must repay the excess
10 amounts to the state when requested. \$20,403,000 of the general fund--
11 state appropriation for fiscal year 2010, of which \$6,570,000 ((of the
12 general fund state appropriation for fiscal year 2010, which)) is
13 appropriated in section 204(1) of this act, and ((\$1,500,000 of the
14 general fund state appropriation for fiscal year 2011, which))
15 \$29,480,000 of the general fund--state appropriation for fiscal year
16 2011, of which \$6,570,000 is appropriated in section 204(1) of this
17 act, are provided solely for state grants for the participating
18 hospitals. ((Sufficient amounts are appropriated in this section for
19 the remaining state grants for the participating hospitals.)) CPE
20 hospitals will receive the inpatient and outpatient reimbursement rate
21 restorations in section 9 and rate increases in section 10(1)(b) of
22 Engrossed Second Substitute House Bill No. 2956 (hospital safety net
23 assessment) funded through the hospital safety net assessment fund
24 rather than through the baseline mechanism specified in this
25 subsection.

26 (9) The department is authorized to use funds appropriated in this
27 section to purchase goods and supplies through direct contracting with
28 vendors when the department determines it is cost-effective to do so.

29 (10) \$93,000 of the general fund--state appropriation for fiscal
30 year 2010 and \$93,000 of the general fund--federal appropriation are
31 provided solely for the department to pursue a federal Medicaid waiver
32 pursuant to Second Substitute Senate Bill No. 5945 (Washington health
33 partnership plan). If the bill is not enacted by June 30, 2009, the
34 amounts provided in this subsection shall lapse.

35 (11) The department shall require managed health care systems that
36 have contracts with the department to serve medical assistance clients
37 to limit any reimbursements or payments the systems make to providers
38 not employed by or under contract with the systems to no more than the

1 medical assistance rates paid by the department to providers for
2 comparable services rendered to clients in the fee-for-service delivery
3 system.

4 (12) A maximum of (~~(\$166,875,000 of the general fund state~~
5 ~~appropriation and \$38,389,000 of the general fund federal)~~)
6 \$241,141,000 in total funds from the general fund--state, general
7 fund--federal, and tobacco and prevention control account--state
8 appropriations may be expended in the fiscal biennium for the (~~general~~
9 ~~assistance-unemployable~~) medical program pursuant to chapter 8, Laws
10 of 2010 1st sp. sess. (security lifeline act), and these amounts are
11 provided solely for this program. Of these amounts, \$10,749,000 of the
12 general fund--state appropriation for fiscal year 2010 and \$10,892,000
13 of the general fund--federal appropriation are provided solely for
14 payments to hospitals for providing outpatient services to low income
15 patients who are recipients of (~~general assistance-unemployable~~)
16 lifeline benefits. Pursuant to RCW 74.09.035, the department shall not
17 expend for the (~~general assistance~~) lifeline medical care services
18 program any amounts in excess of the amounts provided in this
19 subsection.

20 (13) (~~If the department determines that it is feasible within the~~
21 ~~amounts provided in subsection (16) of this section, and without the~~
22 ~~loss of federal disproportionate share hospital funds, the department~~
23 ~~shall contract with the carrier currently operating a managed care~~
24 ~~pilot project for the provision of medical care services to general~~
25 ~~assistance-unemployable clients.)) Mental health services shall be
26 included in the services provided through the managed care system(~~-~~
27 ~~If the department determines that it is feasible, effective October 1,~~
28 ~~2009, in addition to serving clients in the pilot counties, the carrier~~
29 ~~shall expand managed care services to clients residing in at least the~~
30 ~~following counties: Spokane, Yakima, Chelan, Kitsap, and Cowlitz. If~~
31 ~~the department determines that it is feasible, the carrier shall~~
32 ~~complete implementation into the remaining counties. Total per person~~
33 ~~costs to the state, including outpatient and inpatient services and any~~
34 ~~additional costs due to stop loss agreements, shall not exceed the per~~
35 ~~capita payments projected for the general assistance-unemployable~~
36 ~~eligibility category, by fiscal year, in the February 2009 medical~~
37 ~~assistance expenditures forecast)) for lifeline clients under chapter
38 8, Laws of 2010 1st sp. sess. In transitioning lifeline clients to~~~~

1 managed care, the department shall attempt to deliver care to lifeline
2 clients through medical homes in community and migrant health centers.
3 The department, in collaboration with the carrier, shall seek to
4 improve the transition rate of (~~general assistance~~) lifeline clients
5 to the federal supplemental security income program. The department
6 shall renegotiate the contract with the managed care plan that provides
7 services for lifeline clients to maximize state retention of future
8 hospital savings as a result of improved care coordination. The
9 department, in collaboration with stakeholders, shall propose a new
10 name for the lifeline program.

11 (14) The department shall evaluate the impact of the use of a
12 managed care delivery and financing system on state costs, savings, and
13 outcomes for (~~general assistance~~) lifeline medical clients. Outcomes
14 measured shall include state costs, utilization, changes in mental
15 health status and symptoms, and involvement in the criminal justice
16 system. Outcomes measured shall also include the total costs or
17 savings resulting from utilization changes due to care management, and
18 how much of those costs or savings accrued to the state and the managed
19 care organization. The department shall provide a report on these
20 outcomes to the relevant policy and fiscal committees of the
21 legislature by November 1, 2010. Monthly encounter data shall be
22 included in the report.

23 (15) The department shall report to the governor and the fiscal
24 committees of the legislature by June 1, 2010, on its progress toward
25 achieving a twenty percentage point increase in the generic
26 prescription drug utilization rate.

27 (16) State funds shall not be used by hospitals for advertising
28 purposes.

29 (17) \$24,356,000 of the general fund--private/local appropriation

12 provide an enhanced basic health plan subsidy for foster parents
13 licensed under chapter 74.15 RCW and workers in state-funded home care
14 programs. Under this enhanced subsidy option, foster parents eligible
15 to participate in the basic health plan as subsidized enrollees and
16 home care workers with family incomes below 200 percent of the federal

25 (3) The administrator shall take at least the following actions to
26 assure that persons participating in the basic health plan are eligible
27 for the level of assistance they receive: (a) Require submission of

35 require enrollees for whom employment security payroll records cannot
36 be obtained to document their current income at least once every six
37 months; (e) not reduce gross family income for self-employed persons by
38 noncash-flow expenses such as, but not limited to, depreciation,

2 States internal revenue service; and (f) pursue repayment and civil
3 penalties from persons who have received excessive subsidies, as
4 provided in RCW 70.47.060(9).

5 (4)(a) In order to maximize the funding appropriated for the basic
6 health plan, the health care authority is directed to make
7 modifications that will reduce the total number of subsidized enrollees
8 to approximately 65,000 by January 1, 2010. In addition to the reduced
9 enrollment, other modifications may include changes in enrollee premium
10 obligations, changes in benefits, enrollee cost-sharing, and

18 in the basic health plan under chapter 70.47 RCW.

19 (c) If the waiver in (b) of this subsection is granted, the health
20 care authority may implement the waiver if it allows the program to
21 remain within appropriated levels, after providing notice of its terms
22 and conditions to the relevant policy and fiscal committees of the
23 legislature in writing thirty days prior to the planned implementation

18 (b) Salary allocations for certificated administrative staff units
19 and classified staff units for each district shall be based on the

1 (b) As used in this subsection, the column headings "BA+(N)" refer
2 to the number of credits earned since receiving the baccalaureate
3 degree.

4 (c) For credits earned after the baccalaureate degree but before
5 the masters degree, any credits in excess of forty-five credits may be
6 counted after the masters degree. Thus, as used in this subsection,
7 the column headings "MA+(N)" refer to the total of:

8 (i) Credits earned since receiving the masters degree; and

9 (ii) Any credits in excess of forty-five credits that were earned
10 after the baccalaureate degree but before the masters degree.

11 (5) For the purposes of this section:

12 (a) "BA" means a baccalaureate degree.

13 (b) "MA" means a masters degree.

14 (c) "PHD" means a doctorate degree.

15 (d) "Years of service" shall be calculated under the same rules
16 adopted by the superintendent of public instruction.

17 (e) "Credits" means college quarter hour credits and equivalent in-
18 service credits computed in accordance with RCW 28A.415.020 and
19 28A.415.023.

20 (6) No more than ninety college quarter-hour credits received by
21 any employee after the baccalaureate degree may be used to determine
22 compensation allocations under the state salary allocation schedule and
23 LEAP documents referenced in this act, or any replacement schedules and
24 documents, unless:

25 (a) The employee has a masters degree; or

26 (b) The credits were used in generating state salary allocations
27 before January 1, 1992.

28 (7) The certificated instructional staff base salary specified for
29 each district in LEAP Document 2 and the salary schedules in subsection
30 (4)(a) of this section include one learning improvement day for the
31 2009-10 school year and zero learning improvement days for the 2010-11
32 school year. A school district is eligible for the learning
33 improvement day funds only if the learning improvement day has been
34 added to the 180-day contract year. If fewer days are added, the
35 additional learning improvement allocation shall be adjusted
36 accordingly. The additional day shall be limited to specific
37 activities identified in the state required school improvement plan
38 related to improving student learning that are consistent with

1 education reform implementation, and shall not be considered part of
2 basic education. The principal in each school shall assure that the
3 days are used to provide the necessary school-wide, all staff
4 professional development that is tied directly to the school
5 improvement plan. The school principal and the district superintendent
6 shall maintain documentation as to their approval of these activities.
7 The length of a learning improvement day shall not be less than the
8 length of a full day under the base contract. The superintendent of
9 public instruction shall ensure that school districts adhere to the
10 intent and purposes of this subsection.

11 (8) The salary allocation schedules established in this section are
12 for allocation purposes only except as provided in RCW 28A.400.200(2).

13 **Sec. 504.** 2009 c 564 s 504 (uncodified) is amended to read as
14 follows:

15 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE**
16 **COMPENSATION ADJUSTMENTS**

17	General Fund--State Appropriation (FY 2010)	((\$4,215,000))
18		<u>(\$4,414,000)</u>
19	General Fund--State Appropriation (FY 2011)	((\$14,172,000))
20		<u>(\$1,806,000)</u>
21	General Fund--Federal Appropriation	((\$6,000))
22		<u>(\$1,000)</u>
23	TOTAL APPROPRIATION	((\$9,963,000))
24		<u>(\$6,221,000)</u>

25 The appropriations in this section are subject to the following
26 conditions and limitations:

27 (1)(a) Additional salary adjustments as necessary to fund the base
28 salaries for certificated instructional staff as listed for each
29 district in LEAP Document 2, defined in section 503(2)(b) of this act.
30 Allocations for these salary adjustments shall be provided to all
31 districts that are not grandfathered to receive salary allocations
32 above the statewide salary allocation schedule, and to certain
33 grandfathered districts to the extent necessary to ensure that salary
34 allocations for districts that are currently grandfathered do not fall
35 below the statewide salary allocation schedule.

36 (b) Additional salary adjustments to certain districts as necessary
37 to fund the per full-time-equivalent salary allocations for

1 certificated administrative staff as listed for each district in LEAP
 2 Document 2, defined in section 503(2)(b) of this act. These
 3 adjustments shall ensure a minimum salary allocation for certificated
 4 administrative staff of \$57,986 in the 2009-10 school year and \$57,986
 5 in the 2010-11 school year.

6 (c) Additional salary adjustments to certain districts as necessary
 7 to fund the per full-time-equivalent salary allocations for classified
 8 staff as listed for each district in LEAP Document 2, defined in
 9 section 503(2)(b) of this act. These salary adjustments ensure a
 10 minimum salary allocation for classified staff of \$31,865 in the 2009-
 11 10 school year and \$31,865 in the 2010-11 school year.

12 (d) The appropriations in this subsection (1) include associated
 13 incremental fringe benefit allocations at rates 13.79 percent for the
 14 2009-10 school year and 13.79 percent for the 2010-11 school year for
 15 certificated staff and ((~~13.08~~)) 13.09 percent for the 2009-10 school
 16 year and ((~~13.08~~)) 13.09 percent for the 2010-11 school year for
 17 classified staff.

18 (e) The appropriations in this section include the increased or
 19 decreased portion of salaries and incremental fringe benefits for all
 20 relevant state-funded school programs in part V of this act. Changes
 21 for general apportionment (basic education) are based on the salary
 22 allocation schedules and methodology in sections 502 and 503 of this
 23 act. Changes for special education result from changes in each
 24 district's basic education allocation per student. Changes for
 25 educational service districts and institutional education programs are
 26 determined by the superintendent of public instruction using the
 27 methodology for general apportionment salaries and benefits in sections
 28 502 and 503 of this act. The appropriations in this section provide
 29 incremental fringe benefit alterations based on formula adjustments as
 30 follows:

	School Year	
	2009-10	2010-11
Pupil Transportation (per weighted pupil mile)	\$0	\$0
Highly Capable (per formula student)	(\$1.49)	(((\$1.49)))
		<u>(\$2.98)</u>

1	Transitional Bilingual Education (per eligible bilingual student)	(\$3.93)	(\$3.93)
2			<u>\$7.86</u>
3	Learning Assistance (per formula student)	(\$1.18)	(\$1.18)
4			<u>\$2.36</u>

5 (f) The appropriations in this section include no salary
6 adjustments for substitute teachers.

7 (2) (~~\$44,188,000~~) \$44,213,000 is provided for adjustments to
8 insurance benefit allocations. The maintenance rate for insurance
9 benefit allocations is \$732.00 per month for the 2009-10 and 2010-11
10 school years. The appropriations in this section provide for a rate
11 increase to \$745.00 per month for the 2009-10 school year and \$768.00
12 per month for the 2010-11 school year. The adjustments to health
13 insurance benefits are at the following rates:

14		School Year	
15		2009-10	2010-11
16	Pupil Transportation (per weighted pupil mile)	\$0.12	\$0.33
17	Highly Capable (per formula student)	(\$0.82)	\$2.22
18		<u>\$0.79</u>	
19	Transitional Bilingual Education (per eligible bilingual student)	(\$2.10)	\$5.83
20		<u>\$2.11</u>	
21	Learning Assistance (per formula student)	\$0.54	\$1.49

22 (3) The rates specified in this section are subject to revision
23 each year by the legislature.

24 **Sec. 505.** 2009 c 564 s 505 (uncodified) is amended to read as
25 follows:

26	FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR PUPIL TRANSPORTATION	
27	General Fund--State Appropriation (FY 2010)	(\$307,357,000)
28		<u>\$317,116,000</u>
29	General Fund--State Appropriation (FY 2011)	(\$307,070,000)
30		<u>\$296,747,000</u>
31	TOTAL APPROPRIATION	(\$614,427,000)
32		<u>\$613,863,000</u>

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (1) Each general fund fiscal year appropriation includes such funds
4 as are necessary to complete the school year ending in the fiscal year
5 and for prior fiscal year adjustments.

6 (2) A maximum of \$878,000 of this fiscal year 2010 appropriation
7 and a maximum of (~~(\$894,000)~~) \$892,000 of the fiscal year 2011
8 appropriation may be expended for regional transportation coordinators
9 and related activities. The transportation coordinators shall ensure
10 that data submitted by school districts for state transportation
11 funding shall, to the greatest extent practical, reflect the actual
12 transportation activity of each district.

13 (3) Allocations for transportation of students shall be based on
14 reimbursement rates of \$48.15 per weighted mile in the 2009-10 school
15 year and (~~(\$48.40)~~) \$48.37 per weighted mile in the 2010-11 school year
16 exclusive of salary and benefit adjustments provided in section 504 of
17 this act. Allocations for transportation of students transported more
18 than one radius mile shall be based on weighted miles as determined by
19 superintendent of public instruction multiplied by the per mile
20 reimbursement rates for the school year pursuant to the formulas
21 adopted by the superintendent of public instruction. Allocations for
22 transportation of students living within one radius mile shall be based
23 on the number of enrolled students in grades kindergarten through five
24 living within one radius mile of their assigned school multiplied by
25 the per mile reimbursement rate for the school year multiplied by 1.29.

26 (4) The office of the superintendent of public instruction shall
27 provide reimbursement funding to a school district only after the
28 superintendent of public instruction determines that the school bus was
29 purchased from the list established pursuant to RCW 28A.160.195(2) or
30 a comparable competitive bid process based on the lowest price quote
31 based on similar bus categories to those used to establish the list
32 pursuant to RCW 28A.160.195.

33 (5) The superintendent of public instruction shall base
34 depreciation payments for school district buses on the pre-sales tax
35 five-year average of lowest bids in the appropriate category of bus.
36 In the final year on the depreciation schedule, the depreciation
37 payment shall be based on the lowest bid in the appropriate bus
38 category for that school year.

1 (6) Funding levels in this section reflect reductions from the
2 implementation of Substitute House Bill No. 1292 (authorizing waivers
3 from the one hundred eighty-day school year requirement in order to
4 allow four-day school weeks).

5 **Sec. 506.** 2009 c 564 s 506 (uncodified) is amended to read as
6 follows:

7 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL FOOD SERVICE**

12		<u>\$391,988,000</u>
13	TOTAL APPROPRIATION	((\$288,306,000))
14		<u>\$398,306,000</u>

15 The appropriations in this section are subject to the following
16 conditions and limitations:

17 (1) \$3,000,000 of the general fund--state appropriation for fiscal
18 year 2010 and \$3,000,000 of the general fund--state appropriation for
19 fiscal year 2011 are provided for state matching money for federal
20 child nutrition programs.

21 (2) \$100,000 of the general fund--state appropriation for fiscal

15	TOTAL APPROPRIATION	((\$1,950,155,000))
16		<u>\$1,948,349,000</u>

17 The appropriations in this section are subject to the following
18 conditions and limitations:

19 (1) Funding for special education programs is provided on an excess
20 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
21 that special education students as a class receive their full share of
22 the general apportionment allocation accruing through sections 502 and
23 504 of this act. To the extent a school district cannot provide an
24 appropriate education for special education students under chapter
25 28A.155 RCW through the general apportionment allocation, it shall
26 provide services through the special education excess cost allocation
27 funded in this section.

28 (2)(a) The superintendent of public instruction shall ensure that:

29 (i) Special education students are basic education students first;

30 (ii) As a class, special education students are entitled to the
31 full basic education allocation; and

32 (iii) Special education students are basic education students for
33 the entire school day.

34 (b) The superintendent of public instruction shall continue to
35 implement the full cost method of excess cost accounting, as designed
36 by the committee and recommended by the superintendent, pursuant to
37 section 501(1)(k), chapter 372, Laws of 2006.

1 (3) Each fiscal year appropriation includes such funds as are
2 necessary to complete the school year ending in the fiscal year and for
3 prior fiscal year adjustments.

4 (4) The superintendent of public instruction shall distribute state
5 funds to school districts based on two categories: (a) The first
6 category includes (i) children birth through age two who are eligible
7 for the optional program for special education eligible developmentally
8 delayed infants and toddlers, and (ii) students eligible for the
9 mandatory special education program and who are age three or four, or
10 five and not yet enrolled in kindergarten; and (b) the second category
11 includes students who are eligible for the mandatory special education
12 program and who are age five and enrolled in kindergarten and students
13 age six through 21.

14 (5)(a) For the 2009-10 and 2010-11 school years, the superintendent
15 shall make allocations to each district based on the sum of:

16 (i) A district's annual average headcount enrollment of students
17 ages birth through four and those five year olds not yet enrolled in
18 kindergarten, as defined in subsection (4) of this section, multiplied
19 by the district's average basic education allocation per full-time
20 equivalent student, multiplied by 1.15; and

21 (ii) A district's annual average full-time equivalent basic
22 education enrollment multiplied by the funded enrollment percent
23 determined pursuant to subsection (6)(b) of this section, multiplied by
24 the district's average basic education allocation per full-time
25 equivalent student multiplied by 0.9309.

26 (b) For purposes of this subsection, "average basic education
27 allocation per full-time equivalent student" for a district shall be
28 based on the staffing ratios required by RCW 28A.150.260 and shall not
29 include enhancements, secondary vocational education, or small schools
30 in the 2009-10 school year. In the 2010-11 school year, the per
31 student allocation under this subsection (5)(b) shall include the same
32 factors as in the 2009-10 school year, but shall also include the
33 classified staff enhancements included in section 502(3)(b).

34 (6) The definitions in this subsection apply throughout this
35 section.

36 (a) "Annual average full-time equivalent basic education
37 enrollment" means the resident enrollment including students enrolled
38 through choice (RCW 28A.225.225) and students from nonhigh districts

1 (RCW 28A.225.210) and excluding students residing in another district
2 enrolled as part of an interdistrict cooperative program (RCW
3 28A.225.250).

4 (b) "Enrollment percent" means the district's resident special
5 education annual average enrollment, excluding the birth through age
6 four enrollment and those five year olds not yet enrolled in
7 kindergarten, as a percent of the district's annual average full-time
8 equivalent basic education enrollment.

9 Each district's general fund--state funded special education
10 enrollment shall be the lesser of the district's actual enrollment
11 percent or 12.7 percent.

12 (7) At the request of any interdistrict cooperative of at least 15
13 districts in which all excess cost services for special education
14 students of the districts are provided by the cooperative, the maximum
15 enrollment percent shall be calculated in accordance with subsection
16 (6)(b) of this section, and shall be calculated in the aggregate rather
17 than individual district units. For purposes of this subsection, the
18 average basic education allocation per full-time equivalent student
19 shall be calculated in the aggregate rather than individual district
20 units.

21 (8) To the extent necessary, (~~(\$73,668,000)~~) \$44,269,000 of the
22 general fund--state appropriation and \$29,574,000 of the general fund--
23 federal appropriation are provided for safety net awards for districts
24 with demonstrated needs for special education funding beyond the
25 amounts provided in subsection (5) of this section. If the federal
26 safety net awards based on the federal eligibility threshold exceed the
27 federal appropriation in this subsection (8) in any fiscal year, the
28 superintendent shall expend all available federal discretionary funds
29 necessary to meet this need. Safety net funds shall be awarded by the
30 state safety net oversight committee subject to the following
31 conditions and limitations:

32 (a) The committee shall consider unmet needs for districts that can
33 convincingly demonstrate that all legitimate expenditures for special
34 education exceed all available revenues from state funding formulas.
35 In the determination of need, the committee shall also consider
36 additional available revenues from federal sources. Differences in
37 program costs attributable to district philosophy, service delivery
38 choice, or accounting practices are not a legitimate basis for safety

1 net awards. In the determination of need, the committee shall require
2 that districts demonstrate that they are maximizing their eligibility
3 for all state and federal revenues related to services for special
4 education-eligible students. Awards associated with (b) and (c) of
5 this subsection shall not exceed the total of a district's specific
6 determination of need.

7 (b) The committee shall then consider the extraordinary high cost
8 needs of one or more individual special education students.
9 Differences in costs attributable to district philosophy, service
10 delivery choice, or accounting practices are not a legitimate basis for
11 safety net awards.

12 (c) Using criteria developed by the committee, the committee shall
13 then consider extraordinary costs associated with communities that draw
14 a larger number of families with children in need of special education
15 services. The safety net awards to school districts shall be adjusted
16 to reflect amounts awarded under (b) of this subsection.

17 (d) The maximum allowable indirect cost for calculating safety net
18 eligibility may not exceed the federal restricted indirect cost rate
19 for the district plus one percent.

20 (e) Safety net awards must be adjusted for any audit findings or
21 exceptions related to special education funding.

22 (f) Safety net awards shall be adjusted based on the percent of
23 potential medicaid eligible students billed as calculated by the
24 superintendent in accordance with chapter 318, Laws of 1999. The state
25 safety net oversight committee shall ensure that safety net
26 documentation and awards are based on current medicaid revenue amounts.

27 (g) The office of the superintendent of public instruction, at the
28 conclusion of each school year, shall recover safety net funds that
29 were distributed prospectively but for which districts were not
30 subsequently eligible.

31 (9) The superintendent of public instruction may adopt such rules
32 and procedures as are necessary to administer the special education
33 funding and safety net award process. Prior to revising any standards,
34 procedures, or rules, the superintendent shall consult with the office
35 of financial management and the fiscal committees of the legislature.

36 (10) The safety net oversight committee appointed by the
37 superintendent of public instruction shall consist of:

1 (a) One staff from the office of superintendent of public
2 instruction;

3 (b) Staff of the office of the state auditor who shall be nonvoting
4 members of the committee; and

5 (c) One or more representatives from school districts or
6 educational service districts knowledgeable of special education
7 programs and funding.

8 (11) The office of the superintendent of public instruction shall
9 review and streamline the application process to access safety net
10 funds, provide technical assistance to school districts, and annually
11 survey school districts regarding improvement to the process.

12 (12) A maximum of \$678,000 may be expended from the general fund--
13 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
14 full-time equivalent aides at children's orthopedic hospital and
15 medical center. This amount is in lieu of money provided through the
16 home and hospital allocation and the special education program.

17 (13) The superintendent shall maintain the percentage of federal
18 flow-through to school districts at 85 percent. In addition to other
19 purposes, school districts may use increased federal funds for high-
20 cost students, for purchasing regional special education services from
21 educational service districts, and for staff development activities
22 particularly relating to inclusion issues.

23 (14) A school district may carry over from one year to the next
24 year up to 10 percent of the general fund--state funds allocated under
25 this program; however, carryover funds shall be expended in the special
26 education program.

27 (15) \$262,000 of the general fund--state appropriation for fiscal
28 year 2010 and \$251,000 of the general fund--state appropriation for
29 fiscal year 2011 are provided solely for two additional full-time
30 equivalent staff to support the work of the safety net committee and to
31 provide training and support to districts applying for safety net
32 awards.

33 ~~(16) ((\$221,357,000 of the general fund--federal appropriation of
34 American recovery and reinvestment act of 2009 funds is provided solely
35 for the individuals with disabilities education act (IDEA), Part B, for
36 distribution to school districts. The funds' use is to be consistent
37 with the current IDEA, Part B statutory and regulatory requirements.~~

1 (17)) \$50,000 of the general fund--state appropriation for fiscal
2 year 2010, \$50,000 of the general fund--state appropriation for fiscal
3 2011, and \$100,000 of the general fund--federal appropriation shall be
4 expended to support a special education ombudsman program within the
5 office of superintendent of public instruction.

22 communicate using voice or visual communication services by wire or
23 radio subject to subsection (4)(b) of this section.

24 (3) The telecommunications relay service and equipment distribution

6 nonhighway and off-road vehicle activities program account to be
7 administered by the board for planning, acquisition, development,
8 maintenance, and management of ORV, nonmotorized, and nonhighway road
9 recreation facilities and for education, information, and law
10 enforcement programs. The funds under this subsection shall be
11 expended in accordance with the following limitations:

12 (i) Not more than thirty percent may be expended for education,
13 information, and law enforcement programs under this chapter;

14 (ii) Not less than seventy percent may be expended for ORV,
15 nonmotorized, and nonhighway road recreation facilities. Except as
16 provided in (d)(iii) of this subsection, of this amount:

17 (A) Not less than thirty percent, together with the funds the board
18 receives under RCW 46.09.110, may be expended for ORV recreation
19 facilities;

20 (B) Not less than thirty percent may be expended for nonmotorized
21 recreation facilities. Funds expended under this subsection
22 (2)(d)(ii)(B) shall be known as Ira Spring outdoor recreation
23 facilities funds; and

24 (C) Not less than thirty percent may be expended for nonhighway
25 road recreation facilities;

26 (iii) The board may waive the minimum percentage cited in (d)(ii)
27 of this subsection due to insufficient requests for funds or projects
28 that score low in the board's project evaluation. Funds remaining
29 after such a waiver must be allocated in accordance with board policy.

30 (3) On a yearly basis an agency may not, except as provided in RCW
31 46.09.110, expend more than ten percent of the funds it receives under
32 this chapter for general administration expenses incurred in carrying
33 out this chapter.

34 (4) During the 2009-2011 fiscal biennium, the legislature may
35 appropriate such amounts as reflect the excess fund balance in the NOVA
36 account to the department of natural resources to install consistent
37 off-road vehicle signage at department-managed recreation sites, and to
38 implement the recreation opportunities on department-managed lands in

1 the Reiter block and Ahtanum state forest, and to the state parks and
2 recreation commission. The legislature finds that the appropriation of
3 funds from the NOVA account during the 2009-2011 fiscal biennium for
4 maintenance and operation of state parks ((and)) or to improve
5 accessibility for boaters and off-road vehicle users at state parks
6 will benefit boaters and off-road vehicle users and others who use
7 nonhighway and nonmotorized recreational facilities. ((This
8 ~~appropriation is~~)) The appropriations under this subsection are not
9 required to follow the specific distribution specified in subsection
10 (2) of this section.

11 **Sec. 937.** RCW 48.02.190 and 2009 c 161 s 1 are each amended to
12 read as follows:

13 (1) As used in this section:

14 (a) "Organization" means every insurer, as defined in RCW
15 48.01.050, having a certificate of authority to do business in this
16 state, every health care service contractor, as defined in RCW
17 48.44.010, every health maintenance organization, as defined in RCW
18 48.46.020, or self-funded multiple employer welfare arrangement, as
19 defined in RCW 48.125.010, registered to do business in this state.
20 "Class one" organizations shall consist of all insurers as defined in
21 RCW 48.01.050. "Class two" organizations shall consist of all
22 organizations registered under provisions of chapters 48.44 and 48.46
23 RCW. "Class three" organizations shall consist of self-funded multiple
24 employer welfare arrangements as defined in RCW 48.125.010.

25 (b)(i) "Receipts" means (A) net direct premiums consisting of
26 direct gross premiums, as defined in RCW 48.18.170, paid for insurance
27 written or renewed upon risks or property resident, situated, or to be
28 performed in this state, less return premiums and premiums on policies
29 not taken, dividends paid or credited to policyholders on direct
30 business, and premiums received from policies or contracts issued in
31 connection with qualified plans as defined in RCW 48.14.021, and (B)
32 prepayments to health care service contractors, as defined in RCW
33 48.44.010, health maintenance organizations, as defined in RCW
34 48.46.020, or participant contributions to self-funded multiple
35 employer welfare arrangements, as defined in RCW 48.125.010, less
36 experience rating credits, dividends, prepayments returned to
37 subscribers, and payments for contracts not taken.

1 (ii) Participant contributions, under chapter 48.125 RCW, used to
2 determine the receipts in this state under this section shall be
3 determined in the same manner as premiums taxable in this state are
4 determined under RCW 48.14.090.

5 (c) "Regulatory surcharge" means the fees imposed by this section.

6 (2) The annual cost of operating the office of insurance
7 commissioner shall be determined by legislative appropriation. A pro
8 rata share of the cost shall be charged to all organizations as a
9 regulatory surcharge. Each class of organization shall contribute a
10 sufficient amount to the insurance commissioner's regulatory account to
11 pay the reasonable costs, including overhead, of regulating that class
12 of organization.

13 (3) The regulatory surcharge shall be calculated separately for
14 each class of organization. The regulatory surcharge collected from
15 each organization shall be that portion of the cost of operating the
16 insurance commissioner's office, for that class of organization, for
17 the ensuing fiscal year that is represented by the organization's
18 portion of the receipts collected or received by all organizations
19 within that class on business in this state during the previous
20 calendar year. However, the regulatory surcharge must not exceed one-
21 eighth of one percent of receipts and the minimum regulatory surcharge
22 shall be one thousand dollars.

23 (4) The commissioner shall annually, on or before June 1st,
24 calculate and bill each organization for the amount of the regulatory
25 surcharge. The regulatory surcharge shall be due and payable no later
26 than June 15th of each year. However, if the necessary financial
27 records are not available or if the amount of the legislative
28 appropriation is not determined in time to carry out such calculations
29 and bill such regulatory surcharge within the time specified, the
30 commissioner may use the regulatory surcharge factors for the prior
31 year as the basis for the regulatory surcharge and, if necessary, the
32 commissioner may impose supplemental fees to fully and properly charge
33 the organizations. Any organization failing to pay the regulatory
34 surcharges by June 30th shall pay the same penalties as the penalties
35 for failure to pay taxes when due under RCW 48.14.060. The regulatory
36 surcharge required by this section is in addition to all other taxes
37 and fees now imposed or that may be subsequently imposed.

1 (5) All moneys collected shall be deposited in the insurance
2 commissioner's regulatory account in the state treasury which is hereby
3 created.

4 (6) Unexpended funds in the insurance commissioner's regulatory
5 account at the close of a fiscal year shall be carried forward in the
6 insurance commissioner's regulatory account to the succeeding fiscal
7 year and shall be used to reduce future regulatory surcharges.

8 (7)(a) Each insurer may annually collect regulatory surcharges
9 remitted in preceding years by means of a policyholder surcharge on
10 premiums charged for all kinds of insurance. The recoupment shall be
11 at a uniform rate reasonably calculated to collect the regulatory
12 surcharge remitted by the insurer.

13 (b) If an insurer fails to collect the entire amount of the
14 recoupment in the first year under this section, it may repeat the
15 recoupment procedure provided for in this subsection (7) in succeeding
16 years until the regulatory surcharge is fully collected or a de minimis
17 amount remains uncollected. Any such de minimis amount may be
18 collected as provided in (d) of this subsection.

19 (c) The amount and nature of any recoupment shall be separately
20 stated on either a billing or policy declaration sent to an insured.
21 The amount of the recoupment must not be considered a premium for any
22 purpose, including the premium tax or agents' commissions.

23 (d) An insurer may elect not to collect the regulatory surcharge
24 from its insured. In such a case, the insurer may recoup the
25 regulatory surcharge through its rates, if the following requirements
26 are met:

27 (i) The insurer remits the amount of surcharge not collected by
28 election under this subsection; and

29 (ii) The surcharge is not considered a premium for any purpose,
30 including the premium tax or agents' commission.

31 (8) During the 2009-2011 fiscal biennium, the legislature may
32 transfer from the insurance commissioner's regulatory account to the
33 state general fund such amounts as reflect the excess fund balance in
34 the account.

35 **Sec. 938.** RCW 67.40.040 and 2008 c 329 s 917 and 2008 c 328 s 6011
36 are each reenacted and amended to read as follows:

37 (1) The proceeds from the sale of the bonds authorized in RCW

1 67.40.030, proceeds of the taxes imposed under RCW 67.40.090 and
2 67.40.130, and all other moneys received by the state convention and
3 trade center from any public or private source which are intended to
4 fund the acquisition, design, construction, expansion, exterior cleanup
5 and repair of the Eagles building, conversion of various retail and
6 other space to meeting rooms, purchase of the land and building known
7 as the McKay Parcel, development of low-income housing, or renovation
8 of the center, and those expenditures authorized under RCW 67.40.170
9 shall be deposited in the state convention and trade center account
10 hereby created in the state treasury and in such subaccounts as are
11 deemed appropriate by the directors of the corporation.

12 (2) Moneys in the account, including unanticipated revenues under
13 RCW 43.79.270, shall be used exclusively for the following purposes in
14 the following priority:

15 (a) For reimbursement of the state general fund under RCW
16 67.40.060;

17 (b) After appropriation by statute:

18 (i) For payment of expenses incurred in the issuance and sale of
19 the bonds issued under RCW 67.40.030;

20 (ii) For expenditures authorized in RCW 67.40.170, and during the
21 ~~((2007-2009))~~ 2009-2011 fiscal biennium, ~~((the legislature may transfer~~
22 ~~from the state convention and trade center account to the Washington~~
23 ~~housing trust account such amounts as reflect the excess fund balance~~
24 ~~in the account; and during the 2007-2009 biennium,))~~ the legislature
25 may transfer from the state convention and trade center account to the
26 general fund such amounts as reflect the excess fund balance in the
27 account;

28 (iii) For acquisition, design, and construction of the state
29 convention and trade center;

30 (iv) For debt service for the acquisition, design, and construction
31 and retrofit of the museum of history and industry museum property or
32 other future expansions of the convention center as approved by the
33 legislature; and

34 (v) For reimbursement of any expenditures from the state general
35 fund in support of the state convention and trade center; and

36 (c) For transfer to the state convention and trade center
37 operations account.

1 (3) The corporation shall identify with specificity those
2 facilities of the state convention and trade center that are to be
3 financed with proceeds of general obligation bonds, the interest on
4 which is intended to be excluded from gross income for federal income
5 tax purposes. The corporation shall not permit the extent or manner of
6 private business use of those bond-financed facilities to be
7 inconsistent with treatment of such bonds as governmental bonds under
8 applicable provisions of the Internal Revenue Code of 1986, as amended.

9 (4) In order to ensure consistent treatment of bonds authorized
10 under RCW 67.40.030 with applicable provisions of the Internal Revenue
11 Code of 1986, as amended, and notwithstanding RCW 43.84.092, investment
12 earnings on bond proceeds deposited in the state convention and trade
13 center account in the state treasury shall be retained in the account,
14 and shall be expended by the corporation for the purposes authorized
15 under chapter 386, Laws of 1995 and in a manner consistent with
16 applicable provisions of the Internal Revenue Code of 1986, as amended.

17 (5) Subject to the conditions in subsection (6) of this section,
18 starting in fiscal year 2008, and except for the 2009-2011 fiscal
19 biennium in which no transfers shall be made, the state treasurer shall
20 transfer:

21 (a) The sum of four million dollars, or as much as may be available
22 pursuant to conditions set forth in this section, from the state
23 convention and trade center account to the tourism enterprise account,
24 with the maximum transfer being four million dollars per fiscal year;
25 and

26 (b) The sum of five hundred thousand dollars, or as much as may be
27 available pursuant to conditions set forth in this section, from the
28 state convention and trade center account to the tourism development
29 and promotion account, with the maximum transfer being five hundred
30 thousand dollars per fiscal year.

31 (6)(a) Funds required for debt service payments and reserves for
32 bonds issued under RCW 67.40.030; for debt service authorized under RCW
33 67.40.170; and for the issuance and sale of financial instruments
34 associated with the acquisition, design, construction, and retrofit of
35 the museum of history and industry museum property or for other future
36 expansions of the center, as approved by the legislature, shall be
37 maintained within the state convention and trade center account.

1 (b) Except for during the 2009-2011 fiscal biennium, during which
2 no reserve shall be retained, no less than six million one hundred
3 fifty thousand dollars per year shall be retained in the state
4 convention and trade center account for funding capital maintenance as
5 required by the center's long-term capital plan, facility enhancements,
6 unanticipated replacements, and operating reserves for the convention
7 center operation. This amount shall be escalated annually as follows:

8 (i) Four percent for annual inflation for capital maintenance,
9 repairs, and replacement;

10 (ii) An additional two percent for enhancement to the facility; and

11 (iii) An additional three percent for growth in expenditure due to
12 aging of the facility and the need to maintain an operating reserve.

13 (c) Sufficient funds shall be reserved within the state convention
14 and trade center account to fund operating appropriations for the
15 annual operation of the convention center.

16 **Sec. 939.** RCW 66.08.170 and 2009 c 564 s 947 are each amended to
17 read as follows:

18 There shall be a fund, known as the "liquor revolving fund", which
19 shall consist of all license fees, permit fees, penalties, forfeitures,
20 and all other moneys, income, or revenue received by the board. The
21 state treasurer shall be custodian of the fund. All moneys received by
22 the board or any employee thereof, except for change funds and an
23 amount of petty cash as fixed by the board within the authority of law
24 shall be deposited each day in a depository approved by the state
25 treasurer and transferred to the state treasurer to be credited to the
26 liquor revolving fund. During the 2009-2011 fiscal biennium, the
27 legislature may transfer funds from the liquor revolving (~~account~~
28 ~~{fund}~~) fund to the state general fund and may direct an additional
29 amount of liquor profits to be distributed to local governments.
30 Neither the transfer of funds nor the additional distribution of liquor
31 profits to local governments during the 2009-2011 fiscal biennium may
32 reduce the excess fund distributions that otherwise would occur under
33 RCW 66.08.190. Licensee sales are exempt from any increases to the
34 price of liquor made by the board during the 2009-2011 fiscal biennium
35 for the purpose of implementing any transfers to the state general fund
36 or additional distribution of liquor profits. This exemption includes
37 price increases implemented for such purposes during the 2009-2011

1 fiscal biennium prior to the effective date of this section but applies
2 only to sales made on or after July 1, 2010. Disbursements from the
3 revolving fund shall be on authorization of the board or a duly
4 authorized representative thereof. In order to maintain an effective
5 expenditure and revenue control the liquor revolving fund shall be
6 subject in all respects to chapter 43.88 RCW but no appropriation shall
7 be required to permit expenditures and payment of obligations from such
8 fund.

9 **Sec. 940.** RCW 67.70.044 and 2009 c 576 s 1 are each amended to
10 read as follows:

11 (1) Pursuant to RCW 67.70.040(1)(a), the commission may enter into
12 the multistate agreement establishing a shared game lottery known as
13 "The Big Game," that was entered into by party state lotteries in
14 August 1996 and subsequently amended and a shared game lottery known as
15 "Powerball."

16 (2) The shared game lottery account is created as a separate
17 account outside the state treasury. The account is managed,
18 maintained, and controlled by the commission and consists of all
19 revenues received from the sale of shared game lottery tickets or
20 shares, and all other moneys credited or transferred to it from any
21 other fund or source under law. The account is allotted according to
22 chapter 43.88 RCW. During the 2009-2011 fiscal biennium, the
23 legislature may transfer from the shared game lottery account to the
24 education legacy trust account such amounts as reflect the excess fund
25 balance of the account.

26 **Sec. 941.** RCW 67.70.230 and 1985 c 375 s 4 are each amended to
27 read as follows:

28 There is hereby created and established a separate account, to be
29 known as the state lottery account. Such account shall be managed,
30 maintained, and controlled by the commission and shall consist of all
31 revenues received from the sale of lottery tickets or shares, and all
32 other moneys credited or transferred thereto from any other fund or
33 source pursuant to law. The account shall be a separate account
34 outside the state treasury. No appropriation is required to permit
35 expenditures and payment of obligations from the account. During the

1 2009-2011 fiscal biennium, the legislature may transfer from the state
2 lottery account to the education legacy trust account such amounts as
3 reflect the excess fund balance of the account.

4 **Sec. 942.** RCW 70.105D.070 and 2009 c 564 s 951 are each amended to
5 read as follows:

6 (1) The state toxics control account and the local toxics control
7 account are hereby created in the state treasury.

8 (2) The following moneys shall be deposited into the state toxics
9 control account: (a) Those revenues which are raised by the tax
10 imposed under RCW 82.21.030 and which are attributable to that portion
11 of the rate equal to thirty-three one-hundredths of one percent; (b)
12 the costs of remedial actions recovered under this chapter or chapter
13 70.105A RCW; (c) penalties collected or recovered under this chapter;

37 advisory committees;

1 (xi) Public funding to assist potentially liable persons to pay for
2 the costs of remedial action in compliance with cleanup standards under
3 RCW 70.105D.030(2)(e) but only when the amount and terms of such
4 funding are established under a settlement agreement under RCW
5 70.105D.040(4) and when the director has found that the funding will
6 achieve both (A) a substantially more expeditious or enhanced cleanup
7 than would otherwise occur, and (B) the prevention or mitigation of
8 unfair economic hardship;

9 (xii) Development and demonstration of alternative management
10 technologies designed to carry out the hazardous waste management
11 priorities of RCW 70.105.150; ~~((and))~~

16 (3) The following moneys shall be deposited into the local toxics
17 control account: Those revenues which are raised by the tax imposed
18 under RCW 82.21.030 and which are attributable to that portion of the
19 rate equal to thirty-seven one-hundredths of one percent.

20 (a) Moneys deposited in the local toxics control account shall be
21 used by the department for grants or loans to local governments for the
22 following purposes in descending order of priority:

23 (i) Remedial actions;

24 (ii) Hazardous waste plans and programs under chapter 70.105 RCW;

25 (iii) Solid waste plans and programs under chapters 70.95, 70.95C,
26 70.95I, and 70.105 RCW;

27 (iv) Funds for a program to assist in the assessment and cleanup of
28 sites of methamphetamine production, but not to be used for the initial
29 containment of such sites, consistent with the responsibilities and
30 intent of RCW 69.50.511; and

31 (v) Cleanup and disposal of hazardous substances from abandoned or
32 derelict vessels, defined for the purposes of this section as vessels
33 that have little or no value and either have no identified owner or
34 have an identified owner lacking financial resources to clean up and
35 dispose of the vessel, that pose a threat to human health or the
36 environment.

37 (b) Funds for plans and programs shall be allocated consistent with
38 the priorities and matching requirements established in chapters

1 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that
2 is a Puget Sound partner, as defined in RCW 90.71.010, along with any
3 project that is referenced in the action agenda developed by the Puget
4 Sound partnership under RCW 90.71.310, shall, except as conditioned by
5 RCW 70.105D.120, receive priority for any available funding for any
6 grant or funding programs or sources that use a competitive bidding
7 process. During the 2007-2009 fiscal biennium, moneys in the account
8 may also be used for grants to local governments to retrofit public
9 sector diesel equipment and for storm water planning and implementation
10 activities.

11 (c) To expedite cleanups throughout the state, the department shall
12 partner with local communities and liable parties for cleanups. The
13 department is authorized to use the following additional strategies in
14 order to ensure a healthful environment for future generations:

15 (i) The director may alter grant-matching requirements to create
16 incentives for local governments to expedite cleanups when one of the
17 following conditions exists:

18 (A) Funding would prevent or mitigate unfair economic hardship
19 imposed by the clean-up liability;

20 (B) Funding would create new substantial economic development,
21 public recreational, or habitat restoration opportunities that would
22 not otherwise occur; or

23 (C) Funding would create an opportunity for acquisition and
24 redevelopment of vacant, orphaned, or abandoned property under RCW
25 70.105D.040(5) that would not otherwise occur;

26 (ii) The use of outside contracts to conduct necessary studies;

27 (iii) The purchase of remedial action cost-cap insurance, when
28 necessary to expedite multiparty clean-up efforts.

29 (d) To facilitate and expedite cleanups using funds from the local
30 toxics control account, during the 2009-2011 fiscal biennium the
31 director may establish grant-funded accounts to hold and disperse local
32 toxics control account funds and funds from local governments to be
33 used for remedial actions.

34 (4) Except for unanticipated receipts under RCW 43.79.260 through
35 43.79.282, moneys in the state and local toxics control accounts may be
36 spent only after appropriation by statute.

37 (5) Except during the 2009-2011 fiscal biennium, one percent of the
38 moneys deposited into the state and local toxics control accounts shall

1 be allocated only for public participation grants to persons who may be
2 adversely affected by a release or threatened release of a hazardous
3 substance and to not-for-profit public interest organizations. The
4 primary purpose of these grants is to facilitate the participation by
5 persons and organizations in the investigation and remedying of
6 releases or threatened releases of hazardous substances and to
7 implement the state's solid and hazardous waste management priorities.
8 No grant may exceed sixty thousand dollars. Grants may be renewed
9 annually. Moneys appropriated for public participation from either
10 account which are not expended at the close of any biennium shall
11 revert to the state toxics control account.

12 (6) No moneys deposited into either the state or local toxics
13 control account may be used for solid waste incinerator feasibility
14 studies, construction, maintenance, or operation, or, after January 1,
15 2010, for projects designed to address the restoration of Puget Sound,
16 funded in a competitive grant process, that are in conflict with the
17 action agenda developed by the Puget Sound partnership under RCW
18 90.71.310.

19 (7) The department shall adopt rules for grant or loan issuance and
20 performance.

21 (8) During the 2007-2009 and 2009-2011 fiscal biennia, the
22 legislature may transfer from the local toxics control account to
23 either the state general fund or the oil spill prevention account, or
24 both such amounts as reflect excess fund balance in the account.

25 (9) During the 2009-2011 fiscal biennium, the local toxics control
26 account may also be used for a standby rescue tug at Neah Bay, local
27 government shoreline update grants, private and public sector diesel
28 equipment retrofit, and oil spill prevention, preparedness, and
29 response activities.

30 (10) During the 2009-2011 fiscal biennium, the legislature may
31 transfer from the state toxics control account to the state general
32 fund such amounts as reflect the excess fund balance in the account.

33 **Sec. 943.** RCW 74.31.030 and 2007 c 356 s 4 are each amended to
34 read as follows:

35 (1) By July 30, 2007, the department shall designate a staff person
36 who shall be responsible for the following:

1 (a) Coordinating policies, programs, and services for individuals
2 with traumatic brain injuries; and

3 (b) Providing staff support to the council created in RCW
4 74.31.020.

5 (2) The department shall provide data and information to the
6 council established under RCW 74.31.020 that is requested by the
7 council and is in the possession or control of the department.

8 (3) By December 1, 2007, the department shall provide a preliminary
9 report to the legislature and the governor, and shall provide a final
10 report by December 1, 2008, containing recommendations for a
11 comprehensive statewide plan to address the needs of individuals with
12 traumatic brain injuries, including the use of public-private
13 partnerships and a public awareness campaign. The comprehensive plan
14 should be created in collaboration with the council and should consider
15 the following:

16 (a) Building provider capacity and provider training;

17 (b) Improving the coordination of services;

18 (c) The feasibility of establishing agreements with private sector
19 agencies to develop services for individuals with traumatic brain

25 network is developed. The referral services may be funded from the
26 traumatic brain injury account established under RCW 74.31.060; (~~and~~)

27 (b) Encourage and facilitate the following:

28 (i) Collaboration among state agencies that provide services to
29 individuals with traumatic brain injuries;

30 (ii) Collaboration among organizations and entities that provide
31 services to individuals with traumatic brain injuries; and

32 (iii) Community participation in program implementation; and

33 (c) During the 2009-2011 fiscal biennium:

34 (i) Secure funding to develop housing specifically for traumatic
35 brain injured individuals by leveraging federal and private fund
36 sources;

37 (ii) Expand support group services with an emphasis on persons

1 returning from active military duty with traumatic brain injury and
2 their families;

3 (iii) Establish training and outreach to first responders and
4 emergency medical staff for care related to traumatic brain injury; and

5 (iv) Improve awareness of health insurance coverage options and

8 the department shall issue a report to the governor and the legislature
9 containing the following:

10 (a) A summary of action taken by the department to meet the needs
11 of individuals with traumatic brain injuries; and

12 (b) Recommendations for improvements in services to address the
13 needs of individuals with traumatic brain injuries.

14 **Sec. 944.** RCW 74.31.060 and 2007 c 356 s 7 are each amended to
15 read as follows:

16 The traumatic brain injury account is created in the state
17 treasury. Two dollars of the fee imposed under RCW 46.63.110(7)(c)
18 must be deposited into the account. Moneys in the account may be spent
19 only after appropriation, and may be used only to provide a public
20 awareness campaign and services relating to traumatic brain injury
21 under RCW 74.31.040 and 74.31.050, for information and referral
22 services, and for costs of required department staff who are providing
23 support for the council and information and referral services under RCW
24 74.31.020 and 74.31.030. During the 2009-2011 fiscal biennium, money
25 in the account may also be spent on long-term care services and the
26 services authorized in RCW 74.31.030(4)(c). The secretary of the
27 department of social and health services has the authority to
28 administer the funds.

29 **Sec. 945.** RCW 70.93.180 and 2009 c 564 s 950 are each amended to
30 read as follows:

31 (1) There is hereby created an account within the state treasury to
32 be known as the "waste reduction, recycling, and litter control
33 account". Moneys in the account may be spent only after appropriation.
34 Expenditures from the waste reduction, recycling, and litter control
35 account shall be used as follows:

1 (a) Fifty percent to the department of ecology, for use by the
2 departments of ecology, natural resources, revenue, transportation, and
3 corrections, and the parks and recreation commission, for use in litter
4 collection programs, to be distributed under RCW 70.93.220. The amount
5 to the department of ecology shall also be used for a central
6 coordination function for litter control efforts statewide, for the
7 biennial litter survey under RCW 70.93.200(8), and for statewide public
8 awareness programs under RCW 70.93.200(7). The amount to the
9 department shall also be used to defray the costs of administering the
10 funding, coordination, and oversight of local government programs for
11 waste reduction, litter control, and recycling, so that local
12 governments can apply one hundred percent of their funding to achieving
13 program goals. The amount to the department of revenue shall be used
14 to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

15 (b) Twenty percent to the department for local government funding
16 programs for waste reduction, litter control, and recycling activities
17 by cities and counties under RCW 70.93.250, to be administered by the
18 department of ecology; and

19 (c) Thirty percent to the department of ecology for waste reduction
20 and recycling efforts.

21 (2) All taxes imposed in RCW 82.19.010 and fines and bail
22 forfeitures collected or received pursuant to this chapter shall be
23 deposited in the waste reduction, recycling, and litter control account
24 and used for the programs under subsection (1) of this section.

25 (3) Not less than five percent and no more than ten percent of the
26 amount appropriated into the waste reduction, recycling, and litter
27 control account every biennium shall be reserved for capital needs,
28 including the purchase of vehicles for transporting crews and for
29 collecting litter and solid waste. Capital funds shall be distributed
30 among state agencies and local governments according to the same
31 criteria provided in RCW 70.93.220 for the remainder of the funds, so
32 that the most effective waste reduction, litter control, and recycling
33 programs receive the most funding. The intent of this subsection is to
34 provide funds for the purchase of equipment that will enable the
35 department to account for the greatest return on investment in terms of
36 reaching a zero litter goal.

37 (4) During the 2009-2011 fiscal biennium, the legislature may
38 transfer from the waste reduction, recycling, and litter control

1 account to the state general fund such amounts as reflect the excess
2 fund balance of the account. (~~For purposes of subsection (1) of this~~
3 ~~section, this transfer shall be treated as an expenditure for litter~~
4 ~~collection.)) Additionally, during the 2009-2011 fiscal biennium,
5 subsection (1)(a), (b), and (c) of this section is suspended.~~

6 NEW SECTION. Sec. 946. A new section is added to chapter 43.79
7 RCW to read as follows:

8 The legislature recognizes that efforts to restructure state
9 operations to achieve greater efficiency are often impeded by the lack
10 of a financing tool to support the transition and phase-down of state
11 operations. The state efficiency and restructuring account is
12 established in the state treasury to finance efforts to restructure
13 state operations and achieve budget savings. Moneys from the account
14 may be expended only after appropriation. As directed by the
15 legislature, the state treasurer must transfer funds from specified
16 accounts into the state efficiency and restructuring account to support
17 appropriations from that account. The state treasurer must maintain a
18 record of such transfers and must calculate repayment obligations to
19 any accounts providing surplus funds for a term of eight years at an
20 interest rate that is five tenths of a percent higher than the interest
21 rate that the account would have earned without the transfer. The
22 state treasurer must submit a report of all such repayment obligations
23 to the office of financial management by September 1st of each year.
24 The governor's budget request under RCW 43.88.060 must include
25 sufficient funds to meet the biennial repayment obligation.

26 **Sec. 947.** RCW 70.105D.130 and 2008 c 106 s 1 are each amended to
27 read as follows:

28 (1) The cleanup settlement account is created in the state
29 treasury. The account is not intended to replace the state toxics
30 control account established under RCW 70.105D.070. All receipts from
31 the sources identified in subsection (2) of this section must be
32 deposited into the account. Moneys in the account may be spent only
33 after appropriation. Expenditures from the account may be used only as
34 identified in subsection (4) of this section.

35 (2) The following receipts must be deposited into the cleanup
36 settlement account:

1 (a) Receipts from settlements or court orders that direct payment
2 to the account and resolve a person's liability or potential liability
3 under this chapter for either or both of the following:

4 (i) Conducting future remedial action at a specific facility, if it
5 is not feasible to require the person to conduct the remedial action
6 based on the person's financial insolvency, limited ability to pay, or
7 insignificant contribution under RCW 70.105D.040(4)(a);

8 (ii) Assessing or addressing the injury to natural resources caused
9 by the release of a hazardous substance from a specific facility; and

10 (b) Receipts from investment of the moneys in the account.

11 (3) If a settlement or court order does not direct payment of
12 receipts described in subsection (2)(a) of this section into the
13 cleanup settlement account, then the receipts from any payment to the
14 state must be deposited into the state toxics control account.

15 (4) Expenditures from the cleanup settlement account may only be
16 used to conduct remedial actions at the specific facility or to assess
17 or address the injury to natural resources caused by the release of
18 hazardous substances from that facility for which the moneys were
19 deposited in the account. Conducting remedial actions or assessing or
20 addressing injury to natural resources includes direct expenditures and
21 indirect expenditures such as department oversight costs. During the
22 2009-2011 fiscal biennium, the legislature may transfer excess fund
23 balances in the account into the state efficiency and restructuring
24 account. Transfers of excess fund balances made under this section
25 shall be made only to the extent amounts transferred with required
26 repayments do not impair the ten-year spending plan administered by the
27 department of ecology for environmental remedial actions dedicated for
28 any designated clean-up site associated with the Everett smelter and
29 Tacoma smelter, including plumes, or former Asarco mine sites. The
30 cleanup settlement account must be repaid with interest under
31 provisions of the state efficiency and restructuring account.

32 (5) The department shall track moneys received, interest earned,
33 and moneys expended separately for each facility.

34 (6) After the department determines that all remedial actions at a
35 specific facility, and all actions assessing or addressing injury to
36 natural resources caused by the release of hazardous substances from
37 that facility, are completed, including payment of all related costs,

1 any moneys remaining for the specific facility must be transferred to
2 the state toxics control account established under RCW 70.105D.070.

3 (7) The department shall provide the office of financial management
4 and the fiscal committees of the legislature with a report by October
5 31st of each year regarding the activity within the cleanup settlement
6 account during the previous fiscal year.

7 **Sec. 948.** RCW 70.146.100 and 2007 c 233 s 1 are each amended to
8 read as follows:

9 (1) The water quality capital account is created in the state
10 treasury. Moneys in the water quality capital account may be spent
11 only after appropriation.

12 (2) Expenditures from the water quality capital account may only be
13 used: (a) To make grants or loans to public bodies, including grants
14 to public bodies as cost-sharing moneys in any case where federal,
15 local, or other moneys are made available on a cost-sharing basis, for
16 the capital component of water pollution control facilities and
17 activities; (b) for purposes of assisting a public body to obtain an
18 ownership interest in water pollution control facilities; or (c) to
19 defray any part of the capital component of the payments made by a
20 public body to a service provider under a service agreement entered
21 into under RCW 70.150.060. During the 2009-2011 fiscal biennium, the
22 legislature may transfer from the water quality capital account to the
23 state general fund such amounts as reflect the excess fund balance of
24 the account.

25 **Sec. 949.** RCW 79.105.150 and 2009 c 564 s 959 are each amended to
26 read as follows:

27 (1) After deduction for management costs as provided in RCW
28 79.64.040 and payments to towns under RCW 79.115.150(2), all moneys
29 received by the state from the sale or lease of state-owned aquatic
30 lands and from the sale of valuable material from state-owned aquatic
31 lands shall be deposited in the aquatic lands enhancement account which
32 is hereby created in the state treasury. After appropriation, these
33 funds shall be used solely for aquatic lands enhancement projects; for
34 the purchase, improvement, or protection of aquatic lands for public
35 purposes; for providing and improving access to the lands; and for
36 volunteer cooperative fish and game projects. During the 2009-2011

1 fiscal biennium, the aquatic lands enhancement account may also be used
2 for scientific research as part of the adaptive management process.

3 During the 2009-11 fiscal biennium, the legislature may transfer from
4 the aquatic lands enhancement account to the state general fund such
5 amounts as reflect excess fund balance of the account.

6 (2) In providing grants for aquatic lands enhancement projects, the
7 recreation and conservation funding board shall:

8 (a) Require grant recipients to incorporate the environmental
9 benefits of the project into their grant applications;

10 (b) Utilize the statement of environmental benefits, consideration,
11 except as provided in RCW 79.105.610, of whether the applicant is a
12 Puget Sound partner, as defined in RCW 90.71.010, whether a project is
13 referenced in the action agenda developed by the Puget Sound
14 partnership under RCW 90.71.310, and except as otherwise provided in
15 RCW 79.105.630, and effective one calendar year following the
16 development and statewide availability of model evergreen community
17 management plans and ordinances under RCW 35.105.050, whether the
18 applicant is an entity that has been recognized, and what gradation of
19 recognition was received, in the evergreen community recognition
20 program created in RCW 35.105.030 in its prioritization and selection
21 process; and

22 (c) Develop appropriate outcome-focused performance measures to be
23 used both for management and performance assessment of the grants.

24 (3) To the extent possible, the department should coordinate its
25 performance measure system with other natural resource-related agencies
26 as defined in RCW 43.41.270.

27 (4) The department shall consult with affected interest groups in
28 implementing this section.

29 (5) After January 1, 2010, any project designed to address the
30 restoration of Puget Sound may be funded under this chapter only if the
31 project is not in conflict with the action agenda developed by the
32 Puget Sound partnership under RCW 90.71.310.

33 **Sec. 950.** RCW 80.01.080 and 2006 c 3 s 2 are each amended to read
34 as follows:

35 There is created in the state treasury a public service revolving
36 fund. Regulatory fees payable by all types of public service companies
37 shall be deposited to the credit of the public service revolving fund.

1 Except for expenses payable out of the pipeline safety account, all
2 expense of operation of the Washington utilities and transportation
3 commission shall be payable out of the public service revolving fund.

4 During the ~~((2003-2005))~~ 2009-2011 fiscal biennium, the legislature
5 may transfer from the public service revolving fund to the state
6 general fund such amounts as reflect the excess fund balance of the
7 fund.

8 ~~((Due to the extraordinarily high winter energy costs, during the
9 2005-2007 fiscal biennium, no more than seven million six hundred
10 thousand dollars, as appropriated in section 1, chapter 3, Laws of
11 2006, shall be payable out of the public service revolving fund to
12 provide energy assistance to customers in accordance with the
13 low-income energy assistance program.))~~

14 **Sec. 951.** RCW 80.36.430 and 2009 c 564 s 960 are each amended to
15 read as follows:

16 (1) The Washington telephone assistance program shall be funded by
17 a telephone assistance excise tax on all switched access lines and by
18 funds from any federal government or other programs for this purpose.
19 Switched access lines are defined in RCW 82.14B.020. The telephone
20 assistance excise tax shall be applied equally to all residential and
21 business access lines not to exceed fourteen cents per month. The
22 department shall submit an approved annual budget for the Washington
23 telephone assistance program to the department of revenue no later than
24 March 1st prior to the beginning of each fiscal year. The department
25 of revenue shall then determine the amount of telephone assistance
26 excise tax to be placed on each switched access line and shall inform
27 local exchange companies and the utilities and transportation
28 commission of this amount no later than May 1st. The department of
29 revenue shall determine the amount of telephone assistance excise tax
30 by dividing the total of the program budget funded by the telephone
31 assistance excise tax, as submitted by the department, by the total
32 number of switched access lines in the prior calendar year. The
33 telephone assistance excise tax shall be separately identified on each
34 ratepayer's bill as the "Washington telephone assistance program." All
35 money collected from the telephone assistance excise tax shall be
36 transferred to a telephone assistance fund administered by the
37 department.

1 (2) Local exchange companies shall bill the fund for their expenses
2 incurred in offering the telephone assistance program, including
3 administrative and program expenses. The department shall disburse the
4 money to the local exchange companies. The department is exempted from
5 having to conclude a contract with local exchange companies in order to
6 effect this reimbursement. The department shall recover its
7 administrative costs from the fund. The department may specify by rule
8 the range and extent of administrative and program expenses that will
9 be reimbursed to local exchange companies.

10 (3) The department shall enter into an agreement with the
11 department of (~~community, trade, and economic development~~) commerce
12 for an amount not to exceed eight percent of the prior fiscal year's
13 total revenue for the administrative and program expenses of providing
14 community service voice mail services. The community service voice
15 mail service may include toll-free lines in community action agencies
16 through which recipients can access their community service voice
17 mailboxes at no charge.

18 (4) During the 2009-2011 biennium, the department shall enter into
19 an agreement with the (~~military department~~) WIN 211 organization for
20 (~~one million dollars to~~) operational support (~~the WIN 211 program~~).

29 RCW 82.14.020. During the (~~2007-2009~~) 2009-2011 fiscal biennium, the
30 legislature may transfer from the streamlined sales and use tax
31 mitigation account to the state general fund such amounts as reflect
32 the excess fund balance of the account.
