

SHB 2416 - S AMD TO S AMD (S-5475.2/10) **364**
By Senator Oemig

1 On page 5, after line 21 of the amendment, insert the following:

2 "(31)(a) "Television" means an analog or digital device designed
3 primarily for the display and reception of a terrestrial, satellite,
4 cable, internet protocol television, or other broadcast or recorded
5 transmission of analog or digital video and audio signals.

6 (b) "Television" encompasses any units marketed to consumers as
7 televisions, including:

8 (i) Combination televisions, meaning systems in which a television
9 or television monitor and an additional device or devices, including
10 but not limited to a digital versatile device (DVD) player or a video
11 cassette recorder (VCR), are combined into a single unit in which the
12 additional devices are included in the television casing;

13 (ii) Component televisions, meaning televisions composed of two or
14 more separate components (e.g., separate display device and tuner)
15 marketed and sold as televisions under one model or system designation,
16 and which may have more than one power cord; and

17 (iii) Television monitors, meaning televisions that do not have an
18 internal tuner/receiver or playback device.

19 (c) "Television" does not include:

20 (i) Computer monitors, meaning analog or digital devices designed
21 primarily for displaying computer-generated signals and not marketed
22 for use as televisions; or

23 (ii) Televisions with screen areas greater than one thousand four
24 hundred square inches."

25 On page 10, after line 31 of the amendment, insert the following:

26 "(12) Televisions manufactured on or after January 1, 2011, must
27 meet energy efficiency and testing requirements adopted by the
28 California Energy Commission on November 18, 2009, and published in
29 CEC-400-2009-023-CMF. This subsection applies only as provided in

1 section 5 of this act."

2 On page 12, after line 16 of the amendment, insert the following:

3 "(8)(a) No new television, if manufactured on or after January 1,
4 2011, may be:

5 (i) Sold or offered for sale in the state unless the efficiency of
6 the new television meets or exceeds the efficiency standards set forth
7 in RCW 19.260.040; or

8 (ii) Installed for compensation in the state on or after January 1,
9 2012, unless the efficiency of the new television meets or exceeds the
10 efficiency standards in RCW 19.260.040.

11 (b) This subsection (8) applies only as provided in section 5 of
12 this act."

13 On page 12, after line 17 of the amendment, insert the following:

14 "NEW SECTION. Sec. 5. By December 1, 2010, the department of
15 commerce shall determine whether television energy efficiency standards
16 and testing methods adopted by the California Energy Commission on
17 November 18, 2009, and published in CEC-400-2009-023-CMF have been
18 published in the California Code of Regulations. If the department of
19 commerce determines that the standards and testing methods have been
20 published in the California Code of Regulations, it shall promptly
21 publish that determination in the Washington State Register and inform
22 the code reviser in writing. Upon such publication, the energy
23 efficiency standards and testing methods are adopted by reference, and
24 RCW 19.260.040(12) and 19.260.050(8) take effect. However, if the
25 department of commerce determines that the standards and testing
26 methods have not been published in the California Code of Regulations,
27 it shall inform the code reviser in writing and submit a report to the
28 legislature regarding the status of proposed standards and testing
29 methods in California and providing recommendations regarding adoption
30 of television energy efficiency standards and testing methods in
31 Washington."

32 Renumber the remaining section consecutively and correct any
33 internal references accordingly.

1 On page 12, line 24 of the title amendment, after "19.260.050;"
2 strike the remainder of the title and insert "reenacting and amending
3 RCW 19.260.020; and creating a new section."

EFFECT: Provides that by December 1, 2010, the Department of
Commerce (Commerce) must determine whether television (TV) energy
efficiency standards and testing methods adopted by the California
Energy Commission (CEC) on November 18, 2009, and published in an
official CEC document have been published in the California Code of
Regulations (and are thus finally effective). If Commerce makes that
determination, it must promptly publish notice in the Washington State
Register. Upon such publication, the TV energy efficiency standards
and testing methods are adopted by reference, and prohibitions
regarding noncompliant TVs will take effect in 2011 (sales) and 2012
(installation for compensation).
