Property tax exempt property must be used exclusively for the actual operation of the activity for which the exemption was granted. Generally the property may be loaned or rented if: (a) the rent received for the use of the property is reasonable and does not exceed maintenance and operation expenses; and (b) the organization renting the property would be exempt from tax if it owned the property.

Exemptions for renting the property to nonexempt organizations is provided for public assembly halls (use for pecuniary gain limited to 15 days a year); war veterans organizations (use for pecuniary gain limited to 15 days a year), character building, benevolent, protective, or rehabilitative social service organizations (all non-exempt users limited to 15 days for organizations located in counties with population less than 20,000); schools and colleges (use for pecuniary gain limited to seven days a year), scientific and historical collections, as well as performing arts properties (all non-exempt users limited to 25 days of which seven can be for pecuniary gain).

To qualify for the exception, scientific and historical collections, as well as performing arts properties must be rented for: artistic, scientific, or historic purposes; the production and performance of musical, dance, artistic, dramatic, or literary works; community gatherings or assembly, or meetings.

**Summary of Bill:**

Nonprofit associations that maintain and exhibit historical, scientific, or artistic collections, as well as performing arts associations may retain their property tax exemption when they allow another organization that does not qualify for the property tax exemption to use or rent their exempt property. The number of days that property may be used for these purposes is increased from 25 to 50 days per year. The number of days the property may be used for profit-making business activities is increased from seven days to 15 days.
