### SENATE COMMITTEE ON WAYS & MEANS

**Staff:** Richard Ramsey (786-7412)

**Background:** The Department of Community, Trade and Economic Development (CTED) administers the Housing Assistance Program and the Affordable Housing Program. Both of these programs, commonly referred to as the Housing Trust Fund (HTF), provide loan and grant monies to eligible organizations to provide housing for low-income and special needs populations. The HTF is available to fund acquisition, new construction, and rehabilitation of low-income housing units.

Current law prohibits the HTF administration costs from exceeding 5 percent of the annual funds available for the HTF. This administrative cap is calculated as a percentage of the total annual funds available for the HTF; however, the funds for administrative costs are appropriated from the Washington Housing Trust Fund Account (Account). The sources of this Account are HTF loan repayments, real estate excise taxes, and unclaimed interest earned on escrow accounts. Capital bond proceeds may not be used for administrative costs.

The administrative cap was increased from 4 percent to 5 percent in 2005.

The 2007-09 capital budget appropriations for the HTF is \$200 million, of which \$186.7 million is from bonds, and \$13.3 million is from the Washington Housing Trust Fund Account. The CTED cost of administering the program for the 2007-09 biennium is \$8.7 million.

The restriction that not more than 5 percent of the funds available for the HTF project may be used for administration is also eliminated.
