Background: Public facilities districts (PFDs) are municipal corporations created by a city, town, or county with independent taxing authority and are taxing districts under the State Constitution. PFDs perform specified functions related to the development, operation, and maintenance of specified categories of public facilities, including convention, conference, and special events centers; sports and entertainment facilities (county PFDs only); and related parking facilities.

PFDs are granted the authority to engage in a wide range of activities related to the development, operation, and maintenance of their statutorily authorized facilities, including buying or leasing property; entering into contracts; participating in interlocal agreements; imposing charges and fees for the use of facilities; imposing specified taxes; and issuing general obligation bonds and revenue bonds.

Both city and county PFDs are governed by an appointed board of directors (board) consisting of either five or seven members. Expenditures may be authorized by the board to inform the general public and to promote or advertise the district's facilities. However, such expenditures may not be used to prepare and distribute information to the public for the purpose of influencing the outcome of a district election.
