Background: The Washington State Gambling Commission (Commission) regulates wagering on activities such as social card games, bingo, raffles, amusement games, punch boards, pull-tabs, and fund-raising events. An amusement game is a game played for entertainment that involves active participation by the contestant and awards merchandise prizes only. A person or organization operating an amusement game must do so in accordance with Commission rules and must operate them at locations authorized by the Commission. In statute, these authorized locations include agricultural fairs, civic centers, world's fairs, community-wide civic festivals, commercial expositions, amusement parks, shopping centers, areas licensed by the liquor control board, movie theaters, bowling alleys, miniature golf courses, and businesses whose primary activity is to provide food service for on premises consumption that also offers family entertainment. Commission rules allow licensed amusement game operators to conduct amusement games at commercially-operated family sports complexes, skating facilities, and grocery and department stores.

Summary of Bill: The Commission may authorize amusement games at locations in addition to those provided in statute.
