SENATE COMMITTEE ON HEALTH & LONG-TERM CARE

Majority Report: Do pass.

Signed by Senators Keiser, Chair; Franklin, Vice Chair; Pflug, Ranking Minority Member; Becker, Fairley, Marr, Murray and Parlette.

Staff: Rhoda Donkin (786-7465)

Background: Current law authorizes pharmacists to accept prescriptions from physicians, osteopaths, dentists, podiatrists, and veterinarians licensed in any state or province of Canada that shares a common border with Washington State. Prescriptions written by advanced registered nurse practitioners in these areas cannot be filled by pharmacists. This mostly impacts residents of Clark and Spokane counties who may cross into Oregon or Idaho to seek health care. When they return home and need prescriptions or refills from their own pharmacies, they are denied if the practitioner was an ARNP from another state or a province of Canada.

Summary of Bill: Pharmacists are authorized to accept prescriptions written by a licensed advanced registered nurse practitioner in any province of Canada or state of the United States that shares a common border with the state of Washington.

Appropriation: None.

Staff Summary of Public Testimony: PRO: This bill will correct a real problem for people living near the borders of our state. We are a mobile society and we need to be able to make the best use of all our health care providers. This is an important correction of current state law.
