Staff: Dianne Criswell (786-7433)

Background: Under Washington law, aircraft are subject to either the property tax or the aircraft excise tax, depending on the type of aircraft.

General aviation aircrafts (all aircraft except those owned by the government or by commercial airlines) must pay the aircraft excise tax, but are exempt from the personal property tax. This tax, an in-lieu of property tax, consists of an annual fee based on the type of aircraft:

- Single engine, fixed wing: \$50;
- Small multi-engine, fixed wing: \$65;
- Large multi-engine, fixed wing: \$80;
- Turboprop multi-engine, fixed wing: \$100;
- Turbojet multi-engine, fixed wing: \$125;
- Helicopters: \$75; and
- Sailplanes, lighter-than-air, home-built: \$20.

Aircraft that are exempt from the aircraft excise tax and operate in an airplane company, which transports people or property for compensation, are subject to personal property tax.

Summary of Bill: A property tax exemption and an aircraft excise tax exemption are provided for aircraft owned by a nonprofit exempt from federal income tax under 26 U.S.C Sec. 501(c)(3) that is used to provide emergency medical transportation services.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

For the property tax exemption, the exemption only applies if the exemption benefits the nonprofit organization owning the aircraft.
