14 to learn which school districts are experiencing the greatest success
15 and challenges in achieving quality educational outcomes with students
16 in children's administration out-of-home care.

17 (2) This section is suspended until July 1, 2011.

21 Before accepting a student into an educational pathway, the school
22 shall inform the student's parent of the pathway chosen, the
23 opportunities available to the student through the pathway, and the
24 career objectives the student will have exposure to while pursuing the
25 pathway. Providing online access to the information satisfies the
26 requirements of this section unless a parent or guardian specifically
27 request information to be provided in written form. Parents and
28 students dissatisfied with the opportunities available through the
29 selected educational pathway shall be provided with the opportunity to
30 transfer the student to any other pathway provided in the school.
31 Schools may not develop educational pathways that retain students in
32 high school beyond the date they are eligible to graduate, and may not
33 require students who transfer between pathways to complete pathway
34 requirements beyond the date the student is eligible to graduate.
35 Educational pathways may include, but are not limited to, programs such
36 as work-based learning, school-to-work transition, tech prep,

1 vocational-technical education, running start, and preparation for
2 technical college, community college, or university education.

3 **Sec. 26.** RCW 28A.655.061 and 2008 c 321 s 2 are each amended to
4 read as follows:

5 (1) The high school assessment system shall include but need not be
6 limited to the Washington assessment of student learning, opportunities
7 for a student to retake the content areas of the assessment in which
8 the student was not successful, and if approved by the legislature
9 pursuant to subsection (10) of this section, one or more objective
10 alternative assessments for a student to demonstrate achievement of
11 state academic standards. The objective alternative assessments for
12 each content area shall be comparable in rigor to the skills and
13 knowledge that the student must demonstrate on the Washington
14 assessment of student learning for each content area.

15 (2) Subject to the conditions in this section, a certificate of
16 academic achievement shall be obtained by most students at about the
17 age of sixteen, and is evidence that the students have successfully met
18 the state standard in the content areas included in the certificate.
19 With the exception of students satisfying the provisions of RCW
20 28A.155.045 or 28A.655.0611, acquisition of the certificate is required
21 for graduation from a public high school but is not the only
22 requirement for graduation.

23 (3) Beginning with the graduating class of 2008, with the exception
24 of students satisfying the provisions of RCW 28A.155.045, a student who
25 meets the state standards on the reading, writing, and mathematics
26 content areas of the high school Washington assessment of student
27 learning shall earn a certificate of academic achievement. If a
28 student does not successfully meet the state standards in one or more
29 content areas required for the certificate of academic achievement,
30 then the student may retake the assessment in the content area up to
31 four times at no cost to the student. If the student successfully
32 meets the state standards on a retake of the assessment then the
33 student shall earn a certificate of academic achievement. Once
34 objective alternative assessments are authorized pursuant to subsection
35 (10) of this section, a student may use the objective alternative
36 assessments to demonstrate that the student successfully meets the
37 state standards for that content area if the student has taken the

1 Washington assessment of student learning at least once. If the
2 student successfully meets the state standards on the objective
3 alternative assessments then the student shall earn a certificate of
4 academic achievement.

5 (4) Beginning no later than with the graduating class of 2013, a
6 student must meet the state standards in science in addition to the
7 other content areas required under subsection (3) of this section on
8 the Washington assessment of student learning or the objective
9 alternative assessments in order to earn a certificate of academic
10 achievement. The state board of education may adopt a rule that
11 implements the requirements of this subsection (4) beginning with a
12 graduating class before the graduating class of 2013, if the state
13 board of education adopts the rule by September 1st of the freshman
14 school year of the graduating class to which the requirements of this
15 subsection (4) apply. The state board of education's authority under
16 this subsection (4) does not alter the requirement that any change in
17 performance standards for the tenth grade assessment must comply with
18 RCW 28A.305.130.

19 (5) The state board of education may not require the acquisition of
20 the certificate of academic achievement for students in home-based
21 instruction under chapter 28A.200 RCW, for students enrolled in private
22 schools under chapter 28A.195 RCW, or for students satisfying the
23 provisions of RCW 28A.155.045.

24 (6) A student may retain and use the highest result from each
25 successfully completed content area of the high school assessment.

26 (7) School districts must make available to students the following
27 options:

28 (a) To retake the Washington assessment of student learning up to
29 four times in the content areas in which the student did not meet the
30 state standards if the student is enrolled in a public school; or

31 (b) To retake the Washington assessment of student learning up to
32 four times in the content areas in which the student did not meet the
33 state standards if the student is enrolled in a high school completion
34 program at a community or technical college. The superintendent of
35 public instruction and the state board for community and technical
36 colleges shall jointly identify means by which students in these
37 programs can be assessed.

1 (8) Students who achieve the standard in a content area of the high
2 school assessment but who wish to improve their results shall pay for
3 retaking the assessment, using a uniform cost determined by the
4 superintendent of public instruction.

5 (9) Opportunities to retake the assessment at least twice a year
6 shall be available to each school district.

7 (10)(a) The office of the superintendent of public instruction
8 shall develop options for implementing objective alternative
9 assessments, which may include an appeals process for students' scores,
10 for students to demonstrate achievement of the state academic
11 standards. The objective alternative assessments shall be comparable
12 in rigor to the skills and knowledge that the student must demonstrate
13 on the Washington assessment of student learning and be objective in
14 its determination of student achievement of the state standards.
15 Before any objective alternative assessments in addition to those
16 authorized in RCW 28A.655.065 or (b) of this subsection are used by a
17 student to demonstrate that the student has met the state standards in
18 a content area required to obtain a certificate, the legislature shall
19 formally approve the use of any objective alternative assessments
20 through the omnibus appropriations act or by statute or concurrent
21 resolution.

22 (b)(i) A student's score on the mathematics, reading or English, or
23 writing portion of the (~~scholastic assessment test~~(+))SAT((+)) or the
24 (~~American college test~~(+))ACT((+)) may be used as an objective
25 alternative assessment under this section for demonstrating that a
26 student has met or exceeded the state standards for the certificate of
27 academic achievement. The state board of education shall identify the
28 scores students must achieve on the relevant portion of the SAT or ACT
29 to meet or exceed the state standard in the relevant content area on
30 the Washington assessment of student learning. The state board of
31 education shall identify the first scores by December 1, 2007. After
32 the first scores are established, the state board may increase but not
33 decrease the scores required for students to meet or exceed the state
34 standards.

35 (ii) Until August 31, 2008, a student's score on the mathematics
36 portion of the (~~preliminary scholastic assessment test~~(+))PSAT((+))
37 may be used as an objective alternative assessment under this section
38 for demonstrating that a student has met or exceeded the state standard

1 for the certificate of academic achievement. The state board of
2 education shall identify the score students must achieve on the
3 mathematics portion of the PSAT to meet or exceed the state standard in
4 that content area on the Washington assessment of student learning.

5 (iii) A student who scores at least a three on the grading scale of
6 one to five for selected AP examinations may use the score as an
7 objective alternative assessment under this section for demonstrating
8 that a student has met or exceeded state standards for the certificate
9 of academic achievement. A score of three on the AP examinations in
10 calculus or statistics may be used as an alternative assessment for the
11 mathematics portion of the Washington assessment of student learning.
12 A score of three on the AP examinations in English language and
13 composition may be used as an alternative assessment for the writing
14 portion of the Washington assessment of student learning. A score of
15 three on the AP examinations in English literature and composition,
16 macroeconomics, microeconomics, psychology, United States history,
17 world history, United States government and politics, or comparative
18 government and politics may be used as an alternative assessment for
19 the reading portion of the Washington assessment of student learning.

20 (11) By December 15, 2004, the house of representatives and senate
21 education committees shall obtain information and conclusions from
22 recognized, independent, national assessment experts regarding the
23 validity and reliability of the high school Washington assessment of
24 student learning for making individual student high school graduation
25 determinations.

26 ~~((12) To help assure continued progress in academic achievement as
27 a foundation for high school graduation and to assure that students are
28 on track for high school graduation, each school district shall prepare
29 plans for and notify students and their parents or legal guardians as
30 provided in this subsection (12).~~

31 ~~(a) Student learning plans are required for eighth through twelfth
32 grade students who were not successful on any or all of the content
33 areas of the Washington assessment for student learning during the
34 previous school year or who may not be on track to graduate due to
35 credit deficiencies or absences. The parent or legal guardian shall be
36 notified about the information in the student learning plan, preferably
37 through a parent conference and at least annually. To the extent
38 feasible, schools serving English language learner students and their~~

1 ~~parents shall translate the plan into the primary language of the~~
2 ~~family. The plan shall include the following information as~~
3 ~~applicable:~~

4 ~~(i) The student's results on the Washington assessment of student~~
5 ~~learning;~~

6 ~~(ii) If the student is in the transitional bilingual program, the~~
7 ~~score on his or her Washington language proficiency test II;~~

8 ~~(iii) Any credit deficiencies;~~

9 ~~(iv) The student's attendance rates over the previous two years;~~

10 ~~(v) The student's progress toward meeting state and local~~
11 ~~graduation requirements;~~

12 ~~(vi) The courses, competencies, and other steps needed to be taken~~
13 ~~by the student to meet state academic standards and stay on track for~~
14 ~~graduation;~~

15 ~~(vii) Remediation strategies and alternative education options~~
16 ~~available to students, including informing students of the option to~~
17 ~~continue to receive instructional services after grade twelve or until~~
18 ~~the age of twenty-one;~~

19 ~~(viii) The alternative assessment options available to students~~
20 ~~under this section and RCW 28A.655.065;~~

21 ~~(ix) School district programs, high school courses, and career and~~
22 ~~technical education options available for students to meet graduation~~
23 ~~requirements; and~~

24 ~~(x) Available programs offered through skill centers or community~~
25 ~~and technical colleges.~~

26 ~~(b) All fifth grade students who were not successful in one or more~~
27 ~~of the content areas of the fourth grade Washington assessment of~~
28 ~~student learning shall have a student learning plan.~~

29 ~~(i) The parent or guardian of the student shall be notified,~~
30 ~~preferably through a parent conference, of the student's results on the~~
31 ~~Washington assessment of student learning, actions the school intends~~
32 ~~to take to improve the student's skills in any content area in which~~
33 ~~the student was unsuccessful, and provide strategies to help them~~
34 ~~improve their student's skills.~~

35 ~~(ii) Progress made on the student plan shall be reported to the~~
36 ~~student's parents or guardian at least annually and adjustments to the~~
37 ~~plan made as necessary.))~~

2 read as follows:

3 (1) Within funds specifically appropriated therefor, by December 1,
4 2008, the superintendent of public instruction shall develop essential
5 academic learning requirements and grade level expectations for
6 educational technology literacy and technology fluency that identify
7 the knowledge and skills that all public school students need to know
8 and be able to do in the areas of technology and technology literacy.
9 The development process shall include a review of current standards
10 that have been developed or are used by other states and national and

36 district uses the assessments created under this section, then the
37 school district shall notify the superintendent of public instruction

1 of the use. The superintendent shall report annually to the
2 legislature on the number of school districts that use the assessments
