11 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

12 NEW SECTION. **Sec. 1.** Intent. One of the key roles of advisory
13 boards, committees, and commissions is to provide input, advice and
14 recommendations from stakeholders, other interested parties, and the
15 public to state agencies. These advisory boards, committees, and
16 commissions may be abolished without detriment to the mission of the
17 agency each supports. Most of the advisory functions of these boards,
18 committees, and commissions can be performed without the administrative
19 costs of maintaining formal organizations. In the interest of building
20 a leaner, more efficient, and more responsible government, this vital
21 communications conduit must be maintained for the benefit of the state
22 and its citizens, through the use of modern communication technology.
23 It is the intent of this legislation that while advisory boards,
24 committees, and commissions be eliminated, agencies should identify
25 new, less costly, and more effective opportunities to ensure a broad
26 range of citizen participation is provided and that all reasonable
27 efforts are made to ensure that channels are maintained for vital input
28 from the citizens of Washington.

29 **Acupuncture Ad Hoc Committee**

18 43.03.220 and reimbursed for travel expenses under RCW 43.03.040 and

19 The purposes of a temporary management program are as follows:

20 (a) To mitigate dislocation and transfer trauma of residents while
21 the department and licensee may pursue dispute resolution or appeal of
22 a summary suspension of license;

23 (b) To facilitate the continuity of safe and appropriate resident
24 care and services;

25 (c) To preserve a residential option that meets a specialized
26 service need and/or is in a geographical area that has a lack of
27 available providers; and

28 (d) To provide residents with the opportunity for orderly
29 discharge.

30 (2) Licensee participation in the temporary management program is
31 voluntary. The department shall have the discretion to approve any
32 temporary manager and the temporary management arrangements. The
33 temporary management shall assume the total responsibility for the
34 daily operations of the home.

1 (3) The temporary management shall contract with the licensee as an
2 independent contractor and is responsible for ensuring that all minimum
3 licensing requirements are met. The temporary management shall protect
4 the health, safety, and well-being of the residents for the duration of
5 the temporary management and shall perform all acts reasonably
6 necessary to ensure that residents' needs are met. The licensee is
7 responsible for all costs related to administering the temporary
8 management program and contracting with the temporary management. The
9 temporary management agreement shall at a minimum address the
10 following:

11 (a) Provision of liability insurance to protect residents and their
12 property;

13 (b) Preservation of resident trust funds;

14 (c) The timely payment of past due or current accounts, operating
15 expenses, including but not limited to staff compensation, and all debt
16 that comes due during the period of the temporary management;

18 obligations that would interfere with the ability of the temporary
19 manager to provide adequate care and services to residents; and

20 (e) The authority of the temporary manager to manage the home,
21 including the hiring, managing, and firing of employees for good cause,
22 and to provide adequate care and services to residents.

23 (4) The licensee and department shall provide written notification
24 immediately to all residents, legal representatives, interested family
25 members, and the state long-term care ombudsman program, of the
26 temporary management and the reasons for it. This notification shall
27 include notice that residents may move from the home without notifying
28 the licensee in advance, and without incurring any charges, fees, or
29 costs otherwise available for insufficient advance notice, during the
30 temporary management period.

31 (5) The temporary management period under this section concludes
32 twenty-eight days after issuance of the formal notification of
33 enforcement action or conclusion of administrative proceedings,
34 whichever date is later. Nothing in this section precludes the
35 department from revoking its approval of the temporary management
36 and/or exercising its licensing enforcement authority under this
37 chapter. The department's decision whether to approve or to revoke a

1 temporary management arrangement is not subject to the administrative
2 procedure act, chapter 34.05 RCW.

3 (6) The department is authorized to adopt rules implementing this
4 section. In implementing this section, the department shall consult
5 with consumers, advocates, (~~the adult family home advisory committee~~
6 ~~established under chapter 18.48 RCW,~~) and organizations representing
7 adult family homes. The department may recruit and approve qualified,

29 and travel expenses) and 1995 c 238 s 3, 1985 c 340 s 3, & 1984 c 287
30 s 36; and

31 (2) RCW 18.44.510 (Compensation and travel expenses of commission

33 **Expert Panel on Infection Control**

1 **Sec. 21.** RCW 43.70.056 and 2007 c 261 s 2 are each amended to read
2 as follows:

3 (1) The definitions in this subsection apply throughout this
4 section unless the context clearly requires otherwise.

5 (a) "Health care-associated infection" means a localized or
6 systemic condition that results from adverse reaction to the presence
7 of an infectious agent or its toxins and that was not present or
8 incubating at the time of admission to the hospital.

9 (b) "Hospital" means a health care facility licensed under chapter
10 70.41 RCW.

11 (2)(a) A hospital shall collect data related to health
12 care-associated infections as required under this subsection (2) on the
13 following:

14 (i) Beginning July 1, 2008, central line-associated bloodstream
15 infection in the intensive care unit;

16 (ii) Beginning January 1, 2009, ventilator-associated pneumonia;
17 and

18 (iii) Beginning January 1, 2010, surgical site infection for the
19 following procedures:

20 (A) Deep sternal wound for cardiac surgery, including coronary
21 artery bypass graft;

22 (B) Total hip and knee replacement surgery; and

23 (C) Hysterectomy, abdominal and vaginal.

24 (b) Until required otherwise under (c) of this subsection, a
25 hospital must routinely collect and submit the data required to be
26 collected under (a) of this subsection to the national healthcare
27 safety network of the United States centers for disease control and
28 prevention in accordance with national healthcare safety network
29 definitions, methods, requirements, and procedures.

30 (c)(i) With respect to any of the health care-associated infection
31 measures for which reporting is required under (a) of this subsection,
32 the department must, by rule, require hospitals to collect and submit
33 the data to the centers for medicare and medicaid services according to
34 the definitions, methods, requirements, and procedures of the hospital
35 compare program, or its successor, instead of to the national
36 healthcare safety network, if the department determines that:

37 (A) The measure is available for reporting under the hospital

1 compare program, or its successor, under substantially the same
2 definition; and

3 (B) Reporting under this subsection (2)(c) will provide
4 substantially the same information to the public.

5 (ii) If the department determines that reporting of a measure must
6 be conducted under this subsection (2)(c), the department must adopt
7 rules to implement such reporting. The department's rules must require
8 reporting to the centers for medicare and medicaid services as soon as
9 practicable, but not more than one hundred twenty days, after the
10 centers for medicare and medicaid services allow hospitals to report
11 the respective measure to the hospital compare program, or its
12 successor. However, if the centers for medicare and medicaid services
13 allow infection rates to be reported using the centers for disease
14 control and prevention's national healthcare safety network, the
15 department's rules must require reporting that reduces the burden of
16 data reporting and minimizes changes that hospitals must make to
17 accommodate requirements for reporting.

18 (d) Data collection and submission required under this subsection
19 (2) must be overseen by a qualified individual with the appropriate
20 level of skill and knowledge to oversee data collection and submission.

21 (e)(i) A hospital must release to the department, or grant the
22 department access to, its hospital-specific information contained in
23 the reports submitted under this subsection (2), as requested by the
24 department.

25 (ii) The hospital reports obtained by the department under this
26 subsection (2), and any of the information contained in them, are not
27 subject to discovery by subpoena or admissible as evidence in a civil
28 proceeding, and are not subject to public disclosure as provided in RCW
29 42.56.360.

30 (3) The department shall:

31 (a) Provide oversight of the health care-associated infection
32 reporting program established in this section;

33 (b) By January 1, 2011, submit a report to the appropriate
34 committees of the legislature (~~based on the recommendations of the~~
35 ~~advisory committee established in subsection (5) of this section~~) for
36 additional reporting requirements related to health care-associated
37 infections, considering the methodologies and practices of the United
38 States centers for disease control and prevention, the centers for

1 medicare and medicaid services, the joint commission, the national
2 quality forum, the institute for healthcare improvement, and other
3 relevant organizations;

4 (c) Delete, by rule, the reporting of categories that the
5 department determines are no longer necessary to protect public health
6 and safety;

7 (d) By December 1, 2009, and by each December 1st thereafter,
8 prepare and publish a report on the department's web site that compares
9 the health care-associated infection rates at individual hospitals in
10 the state using the data reported in the previous calendar year
11 pursuant to subsection (2) of this section. The department may update
12 the reports quarterly. ~~((In developing a methodology for the report
13 and determining its contents, the department shall consider the
14 recommendations of the advisory committee established in subsection (5)
15 of this section.))~~ The report is subject to the following:

16 (i) The report must disclose data in a format that does not release
17 health information about any individual patient; and

18 (ii) The report must not include data if the department determines
19 that a data set is too small or possesses other characteristics that
20 make it otherwise unrepresentative of a hospital's particular ability
21 to achieve a specific outcome; and

22 (e) Evaluate, on a regular basis, the quality and accuracy of
23 health care-associated infection reporting required under subsection
24 (2) of this section and the data collection, analysis, and reporting
25 methodologies.

26 (4) The department may respond to requests for data and other
27 information from the data required to be reported under subsection (2)
28 of this section, at the requestor's expense, for special studies and
29 analysis consistent with requirements for confidentiality of patient
30 records.

31 ~~(5)((a) The department shall establish an advisory committee which
32 may include members representing infection control professionals and
33 epidemiologists, licensed health care providers, nursing staff,
34 organizations that represent health care providers and facilities,
35 health maintenance organizations, health care payers and consumers, and
36 the department. The advisory committee shall make recommendations to
37 assist the department in carrying out its responsibilities under this~~

1 ~~section, including making recommendations on allowing a hospital to~~
2 ~~review and verify data to be released in the report and on excluding~~
3 ~~from the report selected data from certified critical access hospitals.~~

4 ~~(b) In developing its recommendations, the advisory committee shall~~
5 ~~consider methodologies and practices related to health care associated~~
6 ~~infections of the United States centers for disease control and~~
7 ~~prevention, the centers for medicare and medicaid services, the joint~~
8 ~~commission, the national quality forum, the institute for healthcare~~
9 ~~improvement, and other relevant organizations.~~

10 ~~(6))~~ The department shall adopt rules as necessary to carry out
11 its responsibilities under this section.

12 **Family Policy Council**

21 (2) Effective July 1, 2007, any county or group of counties may
22 apply for participation in the reinvesting in youth program.

23 (3) Counties that participate in the reinvesting in youth program

32 Washington state institute for public policy, shall develop guidelines
33 to determine which counties will be awarded funding in accordance with

1 following criteria in order to participate in the reinvesting in youth
2 program:

3 (a) Counties must match state moneys awarded for research-based

6 government cost avoidance that would result from the implementation of
7 such services;

8 (b) Counties must demonstrate that state funds allocated pursuant
9 to this section are used only for the intervention service models
10 authorized pursuant to RCW 13.40.464;

12 program established in RCW 13.40.468 to ensure fidelity of program
13 implementation. If no state quality assurance program is in effect for
14 a particular selected research-based service, the county must submit a
15 quality assurance plan for state approval with its grant application.
16 Failure to demonstrate continuing compliance with quality assurance
17 plans shall be grounds for termination of state funding; and

18 (d) Counties that submit joint applications must submit for
19 approval by the department of social and health services juvenile
20 rehabilitation administration multicounty plans for efficient program
21 delivery.

22 ~~((5) The department of social and health services juvenile

25 representatives, the senate, the governor's office of financial
26 management, the department of social and health services juvenile

16 addresses risks in the community for juvenile offenders.

17 (3) A local government receiving a grant under this section shall
18 agree that any funds received must be used efficiently to encourage the
19 use of community-based programs that reduce the reliance on secure
20 confinement as the sole means of holding juvenile offenders accountable
21 for their crimes. The local government shall also agree to account for
22 the expenditure of all funds received under the grant and to submit to
23 audits for compliance with the grant criteria developed under RCW
24 13.40.520.

18 (l) Recognize the diversity of local needs.

19 (5) The state law and justice advisory council, with the assistance
20 of (~~the family policy council and~~) the governor's juvenile justice

3 the risk management division. If the account exceeds the maximum
4 amount specified in this section, premiums may be adjusted by the risk
5 management division in order to maintain the account balance at the
6 maximum limits. If, after adjustment of premiums, the account balance
7 remains above the limits specified, the excess amount shall be prorated
8 back to the appropriate funds.

11 animal, or animal product, produced by a person (including farmers,
12 ranchers, vineyardists, plant propagators, Christmas tree growers,
13 aquaculturists, floriculturists, orchardists, foresters, or other
14 comparable persons) primarily for sale, consumption, propagation, or
15 other use by people or animals.

16 (2) "Agricultural land" means land on which an agricultural
17 commodity is produced or land that is in a government-recognized
18 conservation reserve program. This definition does not apply to
19 private gardens where agricultural commodities are produced for
20 personal consumption.

21 (3) "Antimicrobial pesticide" means a pesticide that is used for
22 the control of microbial pests, including but not limited to viruses,
23 bacteria, algae, and protozoa, and is intended for use as a
24 disinfectant or sanitizer.

25 (4) "Apparatus" means any type of ground, water, or aerial
26 equipment, device, or contrivance using motorized, mechanical, or
27 pressurized power and used to apply any pesticide on land and anything
28 that may be growing, habitating, or stored on or in such land, but
29 shall not include any pressurized handsized household device used to
30 apply any pesticide, or any equipment, device, or contrivance of which
31 the person who is applying the pesticide is the source of power or
32 energy in making such pesticide application, or any other small
33 equipment, device, or contrivance that is transported in a piece of
34 equipment licensed under this chapter as an apparatus.

35 (5) "Arthropod" means any invertebrate animal that belongs to the
36 phylum arthropoda, which in addition to insects, includes allied

1 classes whose members are wingless and usually have more than six legs;
2 for example, spiders, mites, ticks, centipedes, and isopod crustaceans.

3 (6) "Certified applicator" means any individual who is licensed as
4 a commercial pesticide applicator, commercial pesticide operator,
5 public operator, private-commercial applicator, demonstration and
6 research applicator, private applicator, limited private applicator,

8 the director to use or supervise the use of any pesticide which is
9 classified by the EPA or the director as a restricted use pesticide.

10 (7) "Commercial pesticide applicator" means any person who engages
11 in the business of applying pesticides to the land of another.

27 (13) "Direct supervision" by certified private applicators shall
28 mean that the designated restricted use pesticide shall be applied for
29 purposes of producing any agricultural commodity on land owned or
30 rented by the applicator or the applicator's employer, by a competent
31 person acting under the instructions and control of a certified private
32 applicator who is available if and when needed, even though such
33 certified private applicator is not physically present at the time and
34 place the pesticide is applied. The certified private applicator shall
35 have direct management responsibility and familiarity of the pesticide,
36 manner of application, pest, and land to which the pesticide is being
37 applied. Direct supervision by all other certified applicators means
38 direct on-the-job supervision and shall require that the certified

1 applicator be physically present at the application site and that the
2 person making the application be in voice and visual contact with the
3 certified applicator at all times during the application. However,
4 direct supervision for forest application does not require constant
5 voice and visual contact when general use pesticides are applied using
6 nonapparatus type equipment, the certified applicator is physically
7 present and readily available in the immediate application area, and
8 the certified applicator directly observes pesticide mixing and
9 batching. Direct supervision of an aerial apparatus means the pilot of

21 to: (a) Applications made by private applicators, limited private
22 applicators, or rancher private applicators; (b) mosquito abatement,
23 gypsy moth eradication, or similar wide-area pest control programs
24 sponsored by governmental entities; and (c) commercial pesticide

3 of the Cascade mountains.

4 (30) "Limited production agricultural land" means land used to grow
5 hay and grain crops that are consumed by the livestock on the farm

38 behavior of ornamental or crop plants or their produce, but shall not

1 include substances insofar as they are intended to be used as plant
2 nutrients, trace elements, nutritional chemicals, plant inoculants, or
3 soil amendments.

4 ~~((+39+))~~ (38) "Private applicator" means a certified applicator who
5 uses or is in direct supervision of the use of any pesticide classified

34 ~~((+42+))~~ (41) "Residential property" includes property less than
35 one acre in size zoned as residential by a city, town, or county, but
36 does not include property zoned as agricultural or agricultural

1 for the state of Washington. Each year billions of gallons of crude
2 oil and refined petroleum products are transported as cargo and fuel by
3 vessels on the navigable waters of the state. These shipments are
4 expected to increase in the coming years. Vessels transporting oil
5 into Washington travel on some of the most unique and special marine
6 environments in the United States. These marine environments are a
7 source of natural beauty, recreation, and economic livelihood for many
8 residents of this state. As a result, the state has an obligation to
9 ensure the citizens of the state that the waters of the state will be
10 protected from oil spills.

11 (2) The legislature finds that prevention is the best method to
12 protect the unique and special marine environments in this state. The
13 technology for containing and cleaning up a spill of oil or hazardous
14 substances is at best only partially effective. Preventing spills is
15 more protective of the environment and more cost-effective when all the
16 response and damage costs associated with responding to a spill are
17 considered. Therefore, the legislature finds that the primary
18 objective of the state is to achieve a zero spills strategy to prevent
19 any oil or hazardous substances from entering waters of the state.

20 (3) The legislature also finds that:

21 (a) Recent accidents in Washington, Alaska, southern California,
22 Texas, Pennsylvania, and other parts of the nation have shown that the
23 transportation, transfer, and storage of oil have caused significant
24 damage to the marine environment;

25 (b) Even with the best efforts, it is nearly impossible to remove
26 all oil that is spilled into the water, and average removal rates are
27 only fourteen percent;

28 (c) Washington's navigable waters are treasured environmental and
29 economic resources that the state cannot afford to place at undue risk
30 from an oil spill;

31 (d) The state has a fundamental responsibility, as the trustee of
32 the state's natural resources and the protector of public health and
33 the environment to prevent the spill of oil; and

34 (e) In section 5002 of the federal oil pollution act of 1990, the
35 United States congress found that many people believed that complacency
36 on the part of industry and government was one of the contributing
37 factors to the Exxon Valdez spill and, further, that one method to
38 combat this complacency is to involve local citizens in the monitoring

1 and oversight of oil spill plans. Congress also found that a mechanism
2 should be established that fosters the long-term partnership of
3 industry, government, and local communities in overseeing compliance
4 with environmental concerns in the operation of crude oil terminals.
5 Moreover, congress concluded that, in addition to Alaska, a program of
6 citizen monitoring and oversight should be established in other major
7 crude oil terminals in the United States because recent oil spills
8 indicate that the safe transportation of oil is a national problem.

9 (4) In order to establish a comprehensive prevention and response
10 program to protect Washington's waters and natural resources from
11 spills of oil, it is the purpose of this chapter:

12 (a) To establish state agency expertise in marine safety and to
13 centralize state activities in spill prevention and response
14 activities;

15 (b) To prevent spills of oil and to promote programs that reduce
16 the risk of both catastrophic and small chronic spills;

17 (c) To ensure that responsible parties are liable, and have the
18 resources and ability, to respond to spills and provide compensation
19 for all costs and damages;

20 (d) To provide for state spill response and wildlife rescue
21 planning and implementation;

22 (e) To support and complement the federal oil pollution act of 1990
23 and other federal law, especially those provisions relating to the
24 national contingency plan for cleanup of oil spills and discharges,
25 including provisions relating to the responsibilities of state agencies
26 designated as natural resource trustees. The legislature intends this
27 chapter to be interpreted and implemented in a manner consistent with
28 federal law;

29 (f) To provide broad powers of regulation to the department of
30 ecology relating to spill prevention and response;

31 (g) To provide for ~~((an))~~ independent ~~((oil spill advisory council~~
32 ~~to))~~ review, on an ongoing basis, of the adequacy of oil spill
33 prevention, preparedness, and response activities in this state; and

34 (h) To provide an adequate funding source for state response and
35 prevention programs.

36 **Sec. 50.** RCW 90.56.060 and 2005 c 304 s 4 are each amended to read
37 as follows:

1 (1) The department shall prepare and annually update a statewide
2 master oil and hazardous substance spill prevention and contingency
3 plan. In preparing the plan, the department shall consult with an
4 advisory committee representing diverse interests concerned with oil
5 and hazardous substance spills, including the United States coast
6 guard, the federal environmental protection agency, state agencies,
7 local governments, port districts, private facilities, environmental
8 organizations, oil companies, shipping companies, containment and
9 cleanup contractors, tow companies, and hazardous substance
10 manufacturers(~~(, and with the oil spill advisory council)~~).

11 (2) The state master plan prepared under this section shall at a
12 minimum:

13 (a) Take into consideration the elements of oil spill prevention
14 and contingency plans approved or submitted for approval pursuant to
15 this chapter and chapter 88.46 RCW and oil and hazardous substance
16 spill contingency plans prepared pursuant to other state or federal law
17 or prepared by federal agencies and regional entities;

18 (b) State the respective responsibilities as established by
19 relevant statutes and rules of each of the following in the prevention
20 of and the assessment, containment, and cleanup of a worst case spill
21 of oil or hazardous substances into the environment of the state: (i)
22 State agencies; (ii) local governments; (iii) appropriate federal
23 agencies; (iv) facility operators; (v) property owners whose land or
24 other property may be affected by the oil or hazardous substance spill;
25 and (vi) other parties identified by the department as having an
26 interest in or the resources to assist in the containment and cleanup
27 of an oil or hazardous substance spill;

28 (c) State the respective responsibilities of the parties identified
29 in (b) of this subsection in an emergency response;

30 (d) Identify actions necessary to reduce the likelihood of spills
31 of oil and hazardous substances;

32 (e) Identify and obtain mapping of environmentally sensitive areas
33 at particular risk to oil and hazardous substance spills;

34 (f) Establish an incident command system for responding to oil and
35 hazardous substances spills; and

36 (g) Establish a process for immediately notifying affected tribes
37 of any oil spill.

1 (3) In preparing and updating the state master plan, the department
2 shall:

3 (a) Consult with federal, provincial, municipal, and community
4 officials, other state agencies, the state of Oregon, and with
5 representatives of affected regional organizations;

6 (b) Submit the draft plan to the public for review and comment;

7 (c) Submit to the appropriate standing committees of the
8 legislature for review, not later than November 1st of each year, the
9 plan and any annual revision of the plan; and

10 (d) Require or schedule unannounced oil spill drills as required by
11 RCW 90.56.260 to test the sufficiency of oil spill contingency plans
12 approved under RCW 90.56.210.

13 (4) The department shall evaluate the functions of advisory
14 committees created by the department regarding oil spill prevention,
15 preparedness, and response programs, and shall revise or eliminate
16 those functions which are no longer necessary.

17 **Commute Trip Reduction Board**

18 **Sec. 51.** RCW 70.94.524 and 2006 c 329 s 1 are each amended to read
19 as follows:

20 Unless the context clearly requires otherwise, the definitions in
21 this section apply throughout this chapter.

22 (1) "A major employer" means a private or public employer,
23 including state agencies, that employs one hundred or more full-time
24 employees at a single worksite who begin their regular work day between
25 6:00 a.m. and 9:00 a.m. on weekdays for at least twelve continuous
26 months during the year.

27 (2) "Major worksite" means a building or group of buildings that
28 are on physically contiguous parcels of land or on parcels separated
29 solely by private or public roadways or rights-of-way, and at which
30 there are one hundred or more full-time employees, who begin their
31 regular work day between 6:00 a.m. and 9:00 a.m. on weekdays, for at
32 least twelve continuous months.

33 (3) "Major employment installation" means a military base or
34 federal reservation, excluding tribal reservations, at which there are

1 one hundred or more full-time employees, who begin their regular
2 workday between 6:00 a.m. and 9:00 a.m. on weekdays, for at least
3 twelve continuous months during the year.

4 (4) "Person hours of delay" means the daily person hours of delay
5 per mile in the peak period of 6:00 a.m. to 9:00 a.m., as calculated
6 using the best available methodology by the department of
7 transportation.

8 (5) "Commute trip" means trips made from a worker's home to a
9 worksite during the peak period of 6:00 a.m. to 9:00 a.m. on weekdays.

10 (6) "Proportion of single-occupant vehicle commute trips" means the
11 number of commute trips made by single-occupant automobiles divided by
12 the number of full-time employees.

13 (7) "Commute trip vehicle miles traveled per employee" means the
14 sum of the individual vehicle commute trip lengths in miles over a set
15 period divided by the number of full-time employees during that period.

16 (8) "Base year" means the twelve-month period commencing when a
17 major employer is determined to be participating by the local
18 jurisdiction, on which commute trip reduction goals shall be based.

19 (9) "Growth and transportation efficiency center" means a defined,
20 compact, mixed-use urban area that contains jobs or housing and
21 supports multiple modes of transportation. For the purpose of funding,
22 a growth and transportation efficiency center must meet minimum
23 criteria established by the (~~commute trip reduction board under RCW~~
24 ~~70.94.537~~) department of transportation, and must be certified by a
25 regional transportation planning organization as established in RCW
26 47.80.020.

27 (10)(a) "Affected urban growth area" means:

28 (i) An urban growth area, designated pursuant to RCW 36.70A.110,
29 whose boundaries contain a state highway segment exceeding the one
30 hundred person hours of delay threshold calculated by the department of
31 transportation, and any contiguous urban growth areas; and

32 (ii) An urban growth area, designated pursuant to RCW 36.70A.110,
33 containing a jurisdiction with a population over seventy thousand that
34 adopted a commute trip reduction ordinance before the year 2000, and
35 any contiguous urban growth areas.

36 (b) Affected urban growth areas will be listed by the department of
37 transportation in the rules for chapter 329, Laws of 2006 using the
38 criteria identified in (a) of this subsection.

1 (11) "Certification" means a determination by a regional
2 transportation planning organization that a locally designated growth
3 and transportation efficiency center program meets the minimum criteria
4 developed in a collaborative regional process and the rules established
5 by the department of transportation.

6 **Sec. 52.** RCW 70.94.527 and 2006 c 329 s 2 are each amended to read
7 as follows:

8 (1) Each county containing an urban growth area, designated
9 pursuant to RCW 36.70A.110, and each city within an urban growth area
10 with a state highway segment exceeding the one hundred person hours of
11 delay threshold calculated by the department of transportation, as well
12 as those counties and cities located in any contiguous urban growth
13 areas, shall adopt a commute trip reduction plan and ordinance for
14 major employers in the affected urban growth area by a date specified
15 by the (~~commute trip reduction board~~) department of transportation.
16 Jurisdictions located within an urban growth area with a population
17 greater than seventy thousand that adopted a commute trip reduction
18 ordinance before the year 2000, as well as any jurisdiction within
19 contiguous urban growth areas, shall also adopt a commute trip
20 reduction plan and ordinance for major employers in the affected urban
21 growth area by a date specified by the (~~commute trip reduction board~~)
22 department of transportation. Jurisdictions containing a major
23 employment installation in a county with an affected growth area,
24 designated pursuant to RCW 36.70A.110, shall adopt a commute trip
25 reduction plan and ordinance for major employers in the major
26 employment installation by a date specified by the (~~commute trip
27 reduction board~~) department of transportation. The ordinance shall
28 establish the requirements for major employers and provide an appeals
29 process by which major employers, who as a result of special
30 characteristics of their business or its locations would be unable to
31 meet the requirements of the ordinance, may obtain waiver or
32 modification of those requirements. The plan shall be designed to
33 achieve reductions in the proportion of single-occupant vehicle commute
34 trips and be consistent with the rules established by the department of
35 transportation. The county, city, or town shall submit its adopted
36 plan to the regional transportation planning organization. The county,
37 city, or town plan shall be included in the regional commute trip

1 reduction plan for regional transportation planning purposes,
2 consistent with the rules established by the department of
3 transportation in RCW 70.94.537.

4 (2) All other counties, cities, and towns may adopt and implement
5 a commute trip reduction plan consistent with department of
6 transportation rules established under RCW 70.94.537. Tribal
7 governments are encouraged to adopt a commute trip reduction plan for
8 their lands. State investment in voluntary commute trip reduction
9 plans shall be limited to those areas that meet criteria developed by
10 the (~~commute trip reduction board~~) department of transportation.

11 (3) The department of ecology may, after consultation with the
12 department of transportation, as part of the state implementation plan
13 for areas that do not attain the national ambient air quality standards
14 for carbon monoxide or ozone, require municipalities other than those
15 identified in subsection (1) of this section to adopt and implement
16 commute trip reduction plans if the department determines that such
17 plans are necessary for attainment of said standards.

18 (4) A commute trip reduction plan shall be consistent with the
19 rules established under RCW 70.94.537 and shall include but is not
20 limited to (a) goals for reductions in the proportion of single-
21 occupant vehicle commute trips consistent with the state goals
22 (~~established by the commute trip reduction board under RCW 70.94.537~~)
23 and the regional commute trip reduction plan goals established in the
24 regional commute trip reduction plan; (b) a description of the
25 requirements for major public and private sector employers to implement
26 commute trip reduction programs; (c) a commute trip reduction program
27 for employees of the county, city, or town; and (d) means, consistent
28 with rules established by the department of transportation, for
29 determining base year values and progress toward meeting commute trip
30 reduction plan goals. The plan shall be developed in consultation with
31 local transit agencies, the applicable regional transportation planning
32 organization, major employers, and other interested parties.

33 (5) The commute trip reduction plans adopted by counties, cities,
34 and towns under this chapter shall be consistent with and may be
35 incorporated in applicable state or regional transportation plans and
36 local comprehensive plans and shall be coordinated, and consistent
37 with, the commute trip reduction plans of counties, cities, or towns
38 with which the county, city, or town has, in part, common borders or

1 related regional issues. Such regional issues shall include assuring
2 consistency in the treatment of employers who have worksites subject to
3 the requirements of this chapter in more than one jurisdiction.
4 Counties, cities, and towns adopting commute trip reduction plans may
5 enter into agreements through the interlocal cooperation act or by
6 resolution or ordinance as appropriate with other jurisdictions, local
7 transit agencies, transportation management associations or other
8 private or nonprofit providers of transportation services, or regional
9 transportation planning organizations to coordinate the development and
10 implementation of such plans. Transit agencies shall work with
11 counties, cities, and towns as a part of their six-year transit
12 development plan established in RCW 35.58.2795 to take into account the
13 location of major employer worksites when planning and prioritizing
14 transit service changes or the expansion of public transportation
15 services, including rideshare services. Counties, cities, or towns
16 adopting a commute trip reduction plan shall review it annually and
17 revise it as necessary to be consistent with applicable plans developed
18 under RCW 36.70A.070. Regional transportation planning organizations
19 shall review the local commute trip reduction plans during the
20 development and update of the regional commute trip reduction plan.

21 (6) Each affected regional transportation planning organization
22 shall adopt a commute trip reduction plan for its region consistent
23 with the rules and deadline established by the department of
24 transportation under RCW 70.94.537. The plan shall include, but is not
25 limited to: (a) Regional program goals for commute trip reduction in
26 urban growth areas and all designated growth and transportation
27 efficiency centers; (b) a description of strategies for achieving the
28 goals; (c) a sustainable financial plan describing projected revenues
29 and expenditures to meet the goals; (d) a description of the way in
30 which progress toward meeting the goals will be measured; and (e)
31 minimum criteria for growth and transportation efficiency centers. (i)
32 Regional transportation planning organizations shall review proposals
33 from local jurisdictions to designate growth and transportation
34 efficiency centers and shall determine whether the proposed growth and
35 transportation efficiency center is consistent with the criteria
36 defined in the regional commute trip reduction plan. (ii) Growth and
37 transportation efficiency centers certified as consistent with the
38 minimum requirements by the regional transportation planning

1 organization shall be identified in subsequent updates of the regional
2 commute trip reduction plan. These plans shall be developed in
3 collaboration with all affected local jurisdictions, transit agencies,
4 and other interested parties within the region. The plan will be
5 reviewed and approved by (~~the commute trip reduction board as~~
6 ~~established under RCW 70.94.537~~) the department of transportation.
7 Regions without an approved regional commute trip reduction plan shall
8 not be eligible for state commute trip reduction program funds.

9 The regional commute trip reduction plan shall be consistent with
10 and incorporated into transportation demand management components in
11 the regional transportation plan as required by RCW 47.80.030.

12 (7) Each regional transportation planning organization implementing
13 a regional commute trip reduction program shall, consistent with the
14 rules and deadline established by the department of transportation,
15 submit its plan as well as any related local commute trip reduction
16 plans and certified growth and transportation efficiency center
17 programs, to the (~~commute trip reduction board established under RCW~~
18 ~~70.94.537~~) department of transportation. The (~~commute trip reduction~~
19 ~~board~~) department of transportation shall review the regional commute
20 trip reduction plan and the local commute trip reduction plans. The
21 regional transportation planning organization shall collaborate with
22 the (~~commute trip reduction board~~) department of transportation to
23 evaluate the consistency of local commute trip reduction plans with the
24 regional commute trip reduction plan. Local and regional plans must be
25 approved by the (~~commute trip reduction board~~) department of
26 transportation in order to be eligible for state funding provided for
27 the purposes of this chapter.

28 (8) Each regional transportation planning organization implementing
29 a regional commute trip reduction program shall submit an annual
30 progress report to the (~~commute trip reduction board established under~~
31 ~~RCW 70.94.537~~) department of transportation. The report shall be due
32 at the end of each state fiscal year for which the program has been
33 implemented. The report shall describe progress in attaining the
34 applicable commute trip reduction goals and shall highlight any
35 problems being encountered in achieving the goals. The information
36 shall be reported in a form established by the (~~commute trip reduction~~
37 ~~board~~) department of transportation.

1 (9) Any waivers or modifications of the requirements of a commute
2 trip reduction plan granted by a jurisdiction shall be submitted for
3 review to the (~~commute trip reduction board established under RCW~~
4 ~~70.94.537~~) department of transportation. The (~~commute trip reduction~~
5 ~~board~~) department of transportation may not deny the granting of a
6 waiver or modification of the requirements of a commute trip reduction
7 plan by a jurisdiction but they may notify the jurisdiction of any
8 comments or objections.

9 (10) Plans implemented under this section shall not apply to
10 commute trips for seasonal agricultural employees.

11 (11) Plans implemented under this section shall not apply to
12 construction worksites when the expected duration of the construction
13 project is less than two years.

14 (12) If an affected urban growth area has not previously
15 implemented a commute trip reduction program and the state has funded
16 solutions to state highway deficiencies to address the area's exceeding
17 the person hours of delay threshold, the affected urban growth area
18 shall be exempt from the duties of this section for a period not
19 exceeding two years.

20 **Sec. 53.** RCW 70.94.528 and 2006 c 329 s 4 are each amended to read
21 as follows:

22 (1) A county, city, or town may, as part of its commute trip
23 reduction plan, designate existing activity centers listed in its
24 comprehensive plan or new activity centers as growth and transportation
25 efficiency centers and establish a transportation demand management
26 program in the designated area.

27 (a) The transportation demand management program for the growth and
28 transportation efficiency center shall be developed in consultation
29 with local transit agencies, the applicable regional transportation
30 planning organization, major employers, and other interested parties.

31 (b) In order to be eligible for state funding provided for the
32 purposes of this section, designated growth and transportation
33 efficiency centers shall be certified by the applicable regional
34 transportation organization to: (i) Meet the minimum land use and
35 transportation criteria established in collaboration among local
36 jurisdictions, transit agencies, the regional transportation planning
37 organization, and other interested parties as part of the regional

1 commute trip reduction plan; and (ii) have established a transportation
2 demand management program that includes the elements identified in (c)
3 of this subsection and is consistent with the rules established by the
4 department of transportation in RCW 70.94.537(~~(+2)~~) (1). If a
5 designated growth and transportation efficiency center is denied
6 certification, the local jurisdiction may appeal the decision to the
7 (~~commute trip reduction board~~) department of transportation.

8 (c) Transportation demand management programs for growth and
9 transportation efficiency centers shall include, but are not limited
10 to: (i) Goals for reductions in the proportion of single-occupant
11 vehicle trips that are more aggressive than the state program goal
12 (~~established by the commute trip reduction board~~); (ii) a sustainable
13 financial plan demonstrating how the program can be implemented to meet
14 state and regional trip reduction goals, indicating resources from
15 public and private sources that are reasonably expected to be made
16 available to carry out the plan, and recommending any innovative
17 financing techniques consistent with chapter 47.29 RCW, including
18 public/private partnerships, to finance needed facilities, services,
19 and programs; (iii) a proposed organizational structure for
20 implementing the program; (iv) a proposal to measure performance toward
21 the goal and implementation progress; and (v) an evaluation to which
22 local land use and transportation policies apply, including parking
23 policies and ordinances, to determine the extent that they complement
24 and support the trip reduction investments of major employers. Each of
25 these program elements shall be consistent with the rules established
26 under RCW 70.94.537.

27 (d) A designated growth and transportation efficiency center shall
28 be consistent with the land use and transportation elements of the
29 local comprehensive plan.

30 (e) Transit agencies, local governments, and regional
31 transportation planning organizations shall identify certified growth
32 and transportation efficiency centers as priority areas for new service
33 and facility investments in their respective investment plans.

34 (2) A county, city, or town that has established a growth and
35 transportation efficiency center program shall support vehicle trip
36 reduction activities in the designated area. The implementing
37 jurisdiction shall adopt policies, ordinances, and funding strategies
38 that will lead to attainment of program goals in those areas.

1 **Sec. 54.** RCW 70.94.534 and 2006 c 329 s 6 are each amended to read
2 as follows:

3 (1) Each jurisdiction implementing a commute trip reduction plan
4 under this chapter or as part of a plan or ordinance developed under
5 RCW 36.70A.070 shall review each employer's initial commute trip
6 reduction program to determine if the program is likely to meet the
7 applicable commute trip reduction goals. The employer shall be
8 notified by the jurisdiction of its findings. If the jurisdiction
9 finds that the program is not likely to meet the applicable commute
10 trip reduction goals, the jurisdiction will work with the employer to
11 modify the program as necessary. The jurisdiction shall complete
12 review of each employer's initial commute trip reduction program within
13 ninety days of receipt.

14 (2) Employers implementing commute trip reduction programs are
15 expected to undertake good faith efforts to achieve the goals outlined
16 in RCW 70.94.527(4). Employers are considered to be making a good
17 faith effort if the following conditions have been met:

18 (a) The employer has met the minimum requirements identified in RCW
19 70.94.531;

20 (b) The employer has notified the jurisdiction of its intent to
21 substantially change or modify its program and has either received the
22 approval of the jurisdiction to do so or has acknowledged that its
23 program may not be approved without additional modifications;

24 (c) The employer has provided adequate information and
25 documentation of implementation when requested by the jurisdiction; and

26 (d) The employer is working collaboratively with its jurisdiction
27 to continue its existing program or is developing and implementing
28 program modifications likely to result in improvements to the program
29 over an agreed upon length of time.

30 (3) Each jurisdiction shall review at least once every two years
31 each employer's progress and good faith efforts toward meeting the
32 applicable commute trip reduction goals. If an employer makes a good
33 faith effort, as defined in this section, but is not likely to meet the
34 applicable commute trip reduction goals, the jurisdiction shall work
35 collaboratively with the employer to make modifications to the commute
36 trip reduction program. Failure of an employer to reach the applicable
37 commute trip reduction goals is not a violation of this chapter.

1 (4) If an employer fails to make a good faith effort and fails to
2 meet the applicable commute trip reduction goals, the jurisdiction
3 shall work collaboratively with the employer to propose modifications
4 to the program and shall direct the employer to revise its program
5 within thirty days to incorporate those modifications or modifications
6 which the jurisdiction determines to be equivalent.

7 (5) Each jurisdiction implementing a commute trip reduction plan
8 pursuant to this chapter may impose civil penalties, in the manner
9 provided in chapter 7.80 RCW, for failure by an employer to implement
10 a commute trip reduction program or to modify its commute trip
11 reduction program as required in subsection (4) of this section. No
12 major employer may be held liable for civil penalties for failure to
13 reach the applicable commute trip reduction goals. No major employer
14 shall be liable for civil penalties under this chapter if failure to
15 achieve a commute trip reduction program goal was the result of an
16 inability to reach agreement with a certified collective bargaining
17 agent under applicable laws where the issue was raised by the employer
18 and pursued in good faith.

19 (6) Jurisdictions shall notify major employers of the procedures
20 for applying for goal modification or exemption from the commute trip
21 reduction requirements based on the guidelines established by the
22 ~~((commute trip reduction board authorized under RCW 70.94.537))~~
23 department of transportation.

24 **Sec. 55.** RCW 70.94.537 and 2006 c 329 s 7 are each amended to read
25 as follows:

26 ~~(1) ((A sixteen member state commute trip reduction board is
27 established as follows:~~

28 ~~(a) The secretary of the department of transportation or the
29 secretary's designee who shall serve as chair;~~

30 ~~(b) One representative from the office of the governor or the
31 governor's designee;~~

32 ~~(c) The director or the director's designee of one of the following

6 ~~governor for staggered four-year terms from a list recommended by the~~
7 ~~Washington state transit association;~~

8 ~~(f) Two representatives from participating regional transportation~~
9 ~~planning organizations appointed by the governor for staggered four-~~
10 ~~year terms;~~

11 ~~(g) Four representatives of employers at or owners of major~~
12 ~~worksites in Washington, or transportation management associations,~~
13 ~~business improvement areas, or other transportation organizations~~
14 ~~representing employers, appointed by the governor for staggered four-~~
15 ~~year terms; and~~

16 ~~(h) Two citizens appointed by the governor for staggered four-year~~
17 ~~terms.~~

18 ~~Members of the commute trip reduction board shall serve without~~
19 ~~compensation but shall be reimbursed for travel expenses as provided in~~
20 ~~RCW 43.03.050 and 43.03.060. Members appointed by the governor shall~~
21 ~~be compensated in accordance with RCW 43.03.220. The board has all~~
22 ~~powers necessary to carry out its duties as prescribed by this chapter.~~

23 ~~(2) By March 1, 2007,))~~ The department of transportation shall
24 establish rules for commute trip reduction plans and implementation
25 procedures. ~~((The commute trip reduction board shall advise the~~
26 ~~department on the content of the rules.))~~ The rules are intended to
27 ensure consistency in commute trip reduction plans and goals among
28 jurisdictions while fairly taking into account differences in
29 employment and housing density, employer size, existing and anticipated
30 levels of transit service, special employer circumstances, and other

27 areas of the state should be affected by the program. The ~~((board))~~
28 department shall review the definition of a major employer no later
29 than December 1, 2009. The ~~((board))~~ department shall regularly

36 (~~commute trip reduction task force~~) department of transportation
37 shall develop an award rate giving priority to applications achieving

1 the greatest reduction in trips and commute miles per public dollar
2 requested and considering the following criteria: The local cost of
3 providing new highway capacity, congestion levels, and geographic

25 to the senate and house transportation committees and to the fiscal
26 committees of the house of representatives and the senate. The report
27 must include information on the amount of tax credits claimed to date
28 and recommendations on future funding between the tax credit program
29 and the grant program. The report must be incorporated into the
30 recommendations required in RCW 70.94.537((+5)) (6).

11 financing needs and recommends specific and financially realistic
12 improvements to preserve the structural integrity of the state highway
13 system, ensure acceptable operating conditions, and provide for
14 enhanced access to scenic, recreational, and cultural resources. The
15 state highway system plan shall contain the following elements:

16 (a) A system preservation element, which shall establish structural
17 preservation objectives for the state highway system including bridges,
18 identify current and future structural deficiencies based upon analysis
19 of current conditions and projected future deterioration, and recommend
20 program funding levels and specific actions necessary to preserve the
21 structural integrity of the state highway system consistent with
22 adopted objectives. Lowest life cycle cost methodologies must be used

10 capacity and operational improvement portions of the six-year highway
11 program and the two-year biennial budget request to the legislature;

12 (d) A scenic and recreational highways element, which shall

30 vehicle and passenger needs, support local land use plans, and assure
31 that ferry services are fully integrated with other transportation
32 services. The plan must provide for maintenance of capital assets.
33 The plan must also provide for preservation of capital assets based on
34 lowest life cycle cost methodologies. The plan shall assess the role
35 of private ferries operating under the authority of the utilities and
36 transportation commission and shall coordinate ferry system capital and
37 operational plans with these private operations. The ferry system plan

22 state, the county auditor, or subagents;

23 (iv) Describe allowable costs that may be charged to vehicle
24 licensing activities as provided for in (d) of this subsection;

25 (v) Describe the causes and procedures for termination of the
26 contract, which may include mediation and binding arbitration.

31 (e) The contracts may include any provision that the director deems
32 necessary to ensure acceptable service and the full collection of
33 vehicle and vessel tax revenues.

34 (f) The director may waive any provisions of the contract deemed
35 necessary in order to ensure that readily accessible service is
36 provided to the citizens of the state.

37 (4)(a) At any time any application is made to the director, the
38 county auditor, or other agent pursuant to any law dealing with

1 licenses, registration, or the right to operate any vehicle or vessel
2 upon the public highways or waters of this state, excluding applicants

24 her expenses in handling the application.

25 (e) Applicants required to pay the three-dollar fee established
26 under (a) of this subsection, must pay an additional seventy-five
27 cents, which must be collected and remitted to the state treasurer and
28 distributed as follows:

29 (i) Fifty cents must be deposited into the department of licensing

33 and subagents.

34 (ii) Twenty-five cents must be deposited into the license plate
35 technology account created under RCW 46.16.685.

36 (5) A subagent shall collect a service fee of (a) ten dollars for
37 changes in a certificate of ownership, with or without registration
38 renewal, or verification of record and preparation of an affidavit of

1 lost title other than at the time of the title application or transfer
2 and (b) four dollars for registration renewal only, issuing a transit
3 permit, or any other service under this section.

4 (6) If the fee is collected by the state patrol as agent for the
5 director, the fee so collected shall be certified to the state
6 treasurer and deposited to the credit of the state patrol highway
7 account. If the fee is collected by the department of transportation
8 as agent for the director, the fee shall be certified to the state
9 treasurer and deposited to the credit of the motor vehicle fund. All
10 such fees collected by the director or branches of his office shall be
11 certified to the state treasurer and deposited to the credit of the
12 highway safety fund.

13 (7) Any county revenues that exceed the cost of providing vehicle
14 licensing and vessel registration and title activities in a county,
15 calculated in accordance with the procedures in subsection (3)(d) of
16 this section, shall be expended as determined by the county legislative
