

HB 2179-S - DIGEST

(DIGEST AS ENACTED)

Authorizes certain city legislative authorities to provide or contract for supplemental transportation improvements to meet mobility needs within the city's boundaries subject to certain requirements.

Authorizes a legislative authority of any member city, in districts comprised of more than one member city, to petition the district to provide supplemental transportation improvements.

Requires certain public transportation systems to coordinate its transit service with any supplemental transit service provided or contracted for by a city.
