

**SB 5453-S - DIGEST**

(NOT SUBSTITUTED FOR - SEE ORIGINAL BILL)

Clarifies that parents who share custody of their child or children equally pursuant to a parenting plan are each obligated to advise the other parent if there is an intent to relocate.

Recognizes that a different result was created by the court of appeals' decision in *Spring v. Spring* and the purpose of the act is to prevent a similar result in such circumstances by requiring that a notice of intent to relocate be given in all circumstances in which a parent intends to relocate.

Provides that the act is to be applied retroactively to all parenting plans which are in effect as of the effective date of the act.
