

SB 5989 - DIGEST

(DIGEST AS ENACTED)

Specifies that the utilities and transportation commission, in reviewing long-term financial agreements entered into by investor-owned utilities, must determine solely whether the proposed baseload generation resource complies with the greenhouse gas emissions performance standard.

Provides that a long-term financial commitment, for investor-owned utilities, includes ownership or a power purchase agreement of at least five years associated with an eligible renewable resource under the energy independence act.
