

SB 6201 - DIGEST

Revises current statutes governing depictions of a minor engaged in sexually explicit conduct to ensure that intentional viewing of and trading in child pornography over the internet is subject to a criminal penalty without limiting the scope of existing prohibitions on the possession of or dealing in child pornography, including the possession of electronic depictions of a minor engaged in sexually explicit conduct.

Clarifies that each individual item of visual or printed matter constitutes a separate violation for purposes of determining the unit of prosecution under the statutes governing possession of and trading in depictions of a minor engaged in sexually explicit conduct.
