Abolishes the municipal research council and transfers its powers, duties, and functions to the department of commerce.

Requires the department of commerce to: (1) Examine agricultural commodity commissions and collaborate with industry sector and cluster associations on legislation that would enable industries to develop self-financing systems; and

(2) For programs it has identified as being appropriate for placement in a different agency, prioritize their placement in a separate division; examine mechanisms by which the separate division can operate as an independent division with a semiautonomous division director and a policy-making oversight board; and examine whether the separate division could operate as a separate agency and the process by which this could best occur.
