

2SHB 1186 - H AMD TO H AMD (H-2038.1/11) 84

By Representative Nealey

FAILED 02/28/2011

1 On page 22, beginning on line 18 of the amendment, after "15."  
2 strike everything through "2014." on page 23, line 11 of the amendment  
3 and insert the following:

4 "(1) The department of ecology shall, in coordination with  
5 appropriate stakeholders interested in tank vessel oil spill  
6 preparedness and response, adopt rules regarding the implementation of  
7 this act.

8 (2) The rules required by this section must include a schedule of  
9 compliance with sections 3, 5, 6, and 8 of this act. The owners and  
10 operators of all affected vessels are not required to include the  
11 provisions of sections 3, 5, 6, or 8 of this act in any new  
12 contingency plans submitted to the department of ecology for approval,  
13 or submit any updates to existing contingency plans, until the  
14 compliance date or dates identified by the department of ecology.

15 (3) This section expires on July 31, 2016."  
16

EFFECT: Removes the compliance schedule in the underlying amendment and requires compliance with the following provisions on a schedule to be determined in rule by the Department of Ecology: the vessels of opportunity system requirement, the enhanced response equipment requirement, the additional tank vessel drill requirement, and the umbrella plan holder risk accounting requirement.
