EFFECT: Allows students in the class of 2014 (rather than classes of 2014 through 2016) to graduate without a Certificate of Academic Achievement if they do not pass the state science assessment, by earning an additional science credit. Requires that students beginning with the class of 2015 (rather than the class of 2017) must meet the state standard on the high school science assessment for both a CAA and for graduation.
