

SHB 2793 - H AMD 1405

By Representative Dunshee

1 Strike everything after the enacting clause and insert the
2 following:

3 **"PART I**
4 **SHORT TITLE**

5 NEW SECTION. **Sec. 101.** This act shall be known as the 2012 jobs
6 now act.

7 **PART II**
8 **BOND AUTHORIZATION**

9 NEW SECTION. **Sec. 201.** For the purpose of providing funds to
10 finance the projects described and authorized by the legislature in the
11 capital and operating appropriations acts for the 2011-2013 fiscal
12 biennium, and all costs incidental thereto, the state finance committee
13 is authorized to issue general obligation bonds of the state of
14 Washington in the sum of five hundred thirty-one million three hundred
15 twenty-two thousand dollars, or as much thereof as may be required, to
16 finance these projects and all costs incidental thereto. Bonds
17 authorized in this section may be sold at such price as the state
18 finance committee shall determine. No bonds authorized in this section
19 may be offered for sale without prior legislative appropriation of the
20 net proceeds of the sale of the bonds.

21 NEW SECTION. **Sec. 202.** (1) The proceeds from the sale of the
22 bonds authorized in section 201 of this act shall be deposited in the
23 state building construction account created by RCW 43.83.020. The
24 proceeds shall be transferred as follows:

25 (a) Five hundred five million six hundred forty-five thousand

1 dollars to remain in the state building construction account created by
2 RCW 43.83.020;

3 (b) Twenty million four hundred sixteen thousand dollars to the
4 state taxable building construction account. All receipts from taxable
5 bond issues are to be deposited into the account. If the state finance
6 committee deems it necessary or advantageous to issue more than the
7 amount specified in this subsection (b) as taxable bonds in order to
8 comply with federal internal revenue service rules and regulations
9 pertaining to the use of nontaxable bond proceeds or in order to reduce
10 the total financing costs for bonds issued, the proceeds of such
11 additional taxable bonds shall be transferred to the state taxable
12 building construction account in lieu of any transfer otherwise
13 provided by this section. If the state finance committee determines
14 that a portion of the amount specified in this subsection (b) as
15 taxable bonds may be issued as nontaxable bonds in compliance with
16 federal internal revenue service rules and regulations pertaining to
17 the use of nontaxable bond proceeds, then such bond proceeds shall be
18 transferred to the state building construction account in lieu of the
19 transfer to the state taxable building construction account otherwise
20 provided by this subsection (b). The state treasurer shall submit
21 written notice to the director of financial management if it is
22 determined that any such additional transfer to the state taxable
23 building construction account is necessary or that a transfer from the
24 state taxable building construction account to the state building
25 construction account may be made. Moneys in the account may be spent
26 only after appropriation.

27 (2) These proceeds shall be used exclusively for the purposes
28 specified in this section and for the payment of expenses incurred in
29 the issuance and sale of the bonds issued for the purposes of this
30 section, and shall be administered by the office of financial
31 management subject to legislative appropriation.

32 NEW SECTION. **Sec. 203.** (1) The debt-limit general fund bond
33 retirement account shall be used for the payment of the principal of
34 and interest on the bonds authorized in section 202(1) of this act.

35 (2) The state finance committee shall, on or before June 30th of
36 each year, certify to the state treasurer the amount needed in the

1 ensuing twelve months to meet the bond retirement and interest
2 requirements on the bonds authorized in section 202(1) of this act.

3 (3) On each date on which any interest or principal and interest
4 payment is due on bonds issued for the purposes of section 202(1) of
5 this act, the state treasurer shall withdraw from any general state
6 revenues received in the state treasury and deposit in the debt-limit
7 general fund bond retirement account an amount equal to the amount
8 certified by the state finance committee to be due on the payment date.

9 NEW SECTION. **Sec. 204.** (1) Bonds issued under sections 201
10 through 203 of this act shall state that they are a general obligation
11 of the state of Washington, shall pledge the full faith and credit of
12 the state to the payment of the principal thereof and the interest
13 thereon, and shall contain an unconditional promise to pay the
14 principal and interest as the same shall become due.

15 (2) The owner and holder of each of the bonds or the trustee for
16 the owner and holder of any of the bonds may by mandamus or other
17 appropriate proceeding require the transfer and payment of funds as
18 directed in this section.

19 NEW SECTION. **Sec. 205.** The legislature may provide additional
20 means for raising moneys for the payment of the principal of and
21 interest on the bonds authorized in section 201 of this act, and
22 sections 202 and 203 of this act shall not be deemed to provide an
23 exclusive method for the payment.

24 **PART III**
25 **APPROPRIATIONS--GENERAL GOVERNMENT**

26 NEW SECTION. **Sec. 301. FOR THE DEPARTMENT OF COMMERCE**
27 Energy Efficiency Grants for Local Governments (91000241)

28 The appropriation in this section is subject to the following
29 conditions and limitations:

30 (1) The appropriation in this section is provided solely for grants
31 to local agencies for operational cost savings improvements to local
32 agency facilities and related projects that result in energy and
33 operational cost savings. Related projects are those projects that

1 must be completed in order for the energy efficiency improvements to be
2 effective. Grants may also be used for loan interest payments over the
3 term of a loan.

4 (2) The community services and housing division within the
5 department of commerce, in consultation with the department of
6 enterprise services, and the Washington State University energy program
7 shall establish a competitive process to solicit and evaluate
8 applications from local agencies. Final grant awards shall be
9 determined by the department of commerce.

10 (3) For the purposes of this section:

11 (a) "Cost-effectiveness" means that the present value to the local
12 agency of the energy reasonably expected to be saved or produced by a
13 facility, activity, measure, or piece of equipment over its useful
14 life, including any compensation received from a utility or the
15 Bonneville power administration, is greater than the net present value
16 of the costs of implementing, maintaining, and operating such facility,
17 activity, measure, or piece of equipment over its useful life, when
18 discounted at the cost of public borrowing.

19 (b) "Energy equipment" means energy management systems and any
20 equipment, materials, or supplies that are expected, upon installation,
21 to reduce the energy use or energy cost of an existing building or
22 facility, and the services associated with the equipment, materials, or
23 supplies, including, but not limited to, design, engineering,
24 financing, installation, project management, guarantees, operations,
25 and maintenance. Reduction in energy use or energy cost may also
26 include reductions in the use or cost of water, wastewater, or solid
27 waste.

28 (c) "Energy cost savings" means savings realized in expenses for
29 energy use and expenses associated with water, wastewater, or solid
30 waste systems.

31 (d) "Energy savings performance contracting" means the process
32 authorized by chapter 39.35C RCW by which a company contracts with a
33 local agency to conduct energy audits and guarantee energy savings from
34 energy efficiency.

35 (e) "Operational cost savings" means savings realized from parts,
36 service fees, capital renewal costs, and other measurable annual
37 expenses to maintain and repair systems. This definition does not mean
38 labor savings related to existing facility staff.

1 (f) "Public facilities" means buildings, building components, and
2 major equipment or systems owned by local agencies.

3 (g) "Local agency" means any city and any town, county, special
4 district, municipal corporation, agency, port district or authority, or
5 political subdivision of any type, or any other entity or authority of
6 local government in corporate form or otherwise.

7 (4) Grants must be awarded in competitive rounds, based on demand
8 and capacity, with at least ten percent of each competitive grant round
9 awarded to small cities or towns with a population of fewer than five
10 thousand residents.

11 (5) In order to be eligible for energy efficiency grants under this
12 section, applicants must complete an investment grade audit, or an
13 equivalent, prior to submitting an application for funding.

14 (6) Within each competitive round, projects must be weighted and
15 prioritized based on the following criteria and in the following order:

16 (a) Leverage ratio: In each round, the higher the leverage ratio
17 of nonstate funding sources to state grant, the higher the project
18 ranking.

19 (b) Energy savings: In each round, the higher the energy savings,
20 the higher the project ranking. Applicants must submit documentation
21 that demonstrates energy and operational cost savings resulting from
22 the installation of the energy equipment and improvements. The energy
23 savings analysis shall be performed by a licensed engineer, and the
24 documentation must include but is not limited to the following:

25 (i) A description of the energy equipment and improvements; and

26 (ii) A description of the energy and operational cost savings.

27 (c) Expediency of expenditure: Project readiness to spend funds
28 must be prioritized so that the legislative intent to expend funds
29 quickly is met.

30 (7) Projects that do not use energy savings performance contracting
31 must: (a) Verify energy and operational cost savings for ten years or
32 until the energy and operational costs savings pay for the project,
33 whichever is shorter; (b) follow the department of enterprise services
34 energy savings performance contracting project guidelines; and (c)
35 employ a licensed engineer for the energy audit and construction. The
36 department of commerce may require third-party verification of savings
37 if a project is not implemented by an energy savings performance
38 contractor selected by the department of enterprise services through

1 the request of qualifications process. Third-party verification must
2 be conducted either by an energy savings performance contractor
3 selected by the department of enterprise services through a request for
4 qualifications, a licensed engineer that is a certified energy manager,
5 or a project resource conservation manager.

6 (8) To intensify competition, the department of commerce may only
7 award funds to the top eighty-five percent of projects applying in a
8 round until the department of commerce determines a final round is
9 appropriate. Projects that do not receive a grant award in one round
10 may reapply in subsequent rounds.

11 (9) Grant amounts awarded to each project must allow for the
12 maximum number of projects funded with the greatest energy and cost
13 benefit.

14 (10) The department of commerce may charge projects administrative
15 fees and may pay the department of enterprise services, and the
16 Washington State University energy program administration fees in an
17 amount determined through a memorandum of understanding.

18 (11) The department of commerce and the department of enterprise
19 services must submit a joint report to the appropriate committees of
20 the legislature and the office of financial management on the timing
21 and use of the grant funds, program administrative function, compliance
22 with apprenticeship utilization requirements in RCW 39.04.320,
23 compliance with prevailing wage requirements, and administration fees
24 by the end of each fiscal year, until the funds are fully expended and
25 all savings verification requirements are fulfilled.

26 Appropriation:

27	State Building Construction Account--State	\$18,000,000
28	Prior Biennia (Expenditures)	\$0
29	Future Biennia (Projected Costs)	\$0
30	TOTAL	\$18,000,000

31 **NEW SECTION. Sec. 302. FOR THE DEPARTMENT OF COMMERCE**

32 2012 Local and Community Projects (91000417)

33 The appropriations in this section are subject to the following
34 conditions and limitations:

35 (1) Except as directed otherwise prior to the effective date of
36 this section, the department shall not expend the appropriations in

1 this section unless and until the nonstate share of project costs have
2 been either expended, or firmly committed, or both, in an amount
3 sufficient to complete the project or a distinct phase of the project
4 that is useable to the public for the purpose intended by the
5 legislature.

6 (2) Prior to receiving funds, project recipients must demonstrate
7 that the project site is under control for a minimum of ten years,
8 either through ownership or a long-term lease. This requirement does
9 not apply to appropriations for preconstruction activities or
10 appropriations whose sole purpose is to purchase real property that
11 does not include a construction or renovation component.

12 (3) Projects funded in this section may be required to comply with
13 Washington's high performance building standards as required by chapter
14 39.35D RCW.

15 (4) Project funds are available on a reimbursement basis only, and
16 shall not be advanced under any circumstances.

17 (5) Projects funded in this section must be held by the recipient
18 for a minimum of ten years and used for the same purpose or purposes
19 intended by the legislature as required in RCW 43.63A.125(6).

20 (6) Projects funded in this section, including those that are owned
21 and operated by nonprofit organizations, are generally required to pay
22 state prevailing wages.

23 (7) The appropriation is provided solely for the following list of
24 projects:

25	Project	Authorized Amount
26	Clark County Family YMCA Building Remodel	\$1,500,000
27	Columbia Valley Community Health Center Chelan Clinic Expansion	\$500,000
28	Community Space for Completion of Capitol Hill Housing	\$1,500,000
29	Covington Aquatics Center Roof Replacement and Related Construction	\$400,000
30	Drug Abuse Prevention Center	\$61,000
31	El Centro de la Raza Life Safety Seismic Retrofit	\$408,000
32	Everett Medical Clinic	\$250,000
33	Five Mile Lake Park Improvements	\$500,000
34	Life Support	\$2,000,000
35	Santos Place	\$525,000
36	Sprague Emergency Response Center	\$339,000

1 Star Center - SERA Campus \$2,640,000
2 **Total** **\$10,623,000**

3 Appropriation:

4 State Building Construction Account--State \$10,623,000
5 Prior Biennia (Expenditures) \$0
6 Future Biennia (Projected Costs) \$0
7 TOTAL \$10,623,000

8 NEW SECTION. **Sec. 303. FOR THE DEPARTMENT OF COMMERCE**

9 Connell Klindworth Water Line Distribution (91000318)

10 Appropriation:

11 State Building Construction Account--State \$540,000
12 Prior Biennia (Expenditures) \$0
13 Future Biennia (Projected Costs) \$0
14 TOTAL \$540,000

15 NEW SECTION. **Sec. 304. FOR THE DEPARTMENT OF COMMERCE**

16 CERB Administered Economic Development, Innovation & Export Grants
17 (92000096)

18 The appropriation in this section is subject to the following
19 conditions and limitations: The appropriation is provided solely for
20 the specified economic development projects itemized in subsection (2)
21 of this section and a competitive economic development grant program
22 described in subsection (1) of this section.

23 (1) \$3,500,000 is provided solely for a competitive economic
24 development grant program administered by the community economic
25 revitalization board (board). The intent of the program is to provide
26 grants to local governments and innovation partnership zones for public
27 infrastructure, facilities, and related improvements that enable and
28 encourage private sector business creation or expansion, including the
29 redevelopment of brownfields. The board shall establish all grant
30 application requirements and shall prioritize grants by considering at
31 a minimum the following criteria:

32 (a) The number of jobs created by the expected business creation or
33 expansion and the average wage of those expected job. In evaluating

1 proposals for their job creation potential, the board may adjust the
2 job estimates in applications based on the board's judgment of the
3 credibility of the job estimates;

4 (b) The board shall also consider the need for job creation based
5 on the unemployment rate of the county or counties in which the project
6 is located. In evaluating the average wages of the jobs created, the
7 board shall compare those wages to median wages of private sector jobs
8 in the county or counties surrounding the project location;

9 (c) When evaluating the jobs created by the project, the board may
10 consider the area labor supply and readily available skill sets of the
11 labor pool in the county or counties surrounding the project location;

12 (d) How the expected business creation or expansion fits within the
13 region's preferred economic growth strategy as indicated by the efforts
14 of nearby innovation partnership zones, industry clusters as defined by
15 the Washington Economic Development Commission, future export
16 prospects, or local government equivalent if available;

17 (e) The speed with which the project can begin construction;

18 (f) The extent that the final list of grant awards provides broad
19 geographic distribution, leverages nonstate funds, and achieves overall
20 the greatest benefit in job creation at good wages for the amount of
21 money provided;

22 (g) In no event shall the board award a grant that supplants
23 previously committed project resources.

24 (2) \$20,598,000 of the appropriation is provided solely for the
25 following list of projects. The board may allocate up to twenty-five
26 percent of the amounts for specified projects to other specified
27 project or to additional grants awarded on a competitive basis if, upon
28 further review of the specified projects, the cost of the projects is
29 less than originally assumed or other nonstate funds become available.
30 If specified projects have not met the requirements for executing a
31 contract with the department by April 30, 2013, the board may allocate
32 the amount specified to additional grants awarded on a competitive
33 basis provided that the grant awardee is ready to proceed with the
34 project.

Project	Authorized Amount
Chelatchee Prairie RR Project	\$500,000

1	Trans Alta Industrial Park Infrastructure	\$998,000
2	Lakehaven Utility Dist/Federal Way Sewer Project	\$1,000,000
3	Renton Aerospace Center	\$2,500,000
4	NE Redevelopment Area - Storm Water Facilities	\$3,500,000
5	Satsop Wastewater Improvements	\$4,000,000
6	WA Aerospace Training & Research Center Expansion	\$1,500,000
7	Infrastructure for NW Friberg Development in Camas	\$3,000,000
8	Port of Quincy Industrial Park No. 6 Infrastructure	\$1,100,000
9	Federal Way Sewer Line	\$1,500,000
10	Vancouver Waterfront Park Development	\$1,000,000
11	Total	\$20,598,000

12 Appropriation:

13	State Building Construction Account--State	\$24,098,000
14	Prior Biennia (Expenditures)	\$0
15	Future Biennia (Projected Costs)	\$0
16	TOTAL	\$24,098,000

17 NEW SECTION. **Sec. 305. FOR THE DEPARTMENT OF COMMERCE**

18 Main Street Improvement Grants (92000098)

19 The appropriation in this section is subject to the following
20 conditions and limitations: The appropriation in this section is
21 provided solely for main street improvement projects administered by
22 the public works board (board).

23 (1) The board may allocate up to twenty-five percent of the amounts
24 for specified projects in subsection (3) of this section to other
25 specified projects or to grants awarded on a competitive basis if, upon
26 further review of the specified projects, the cost of the projects is
27 less than originally assumed or other nonstate funds become available.
28 If specified projects have not met the requirements for executing a
29 contract with the department by April 30, 2013, the board may allocate
30 the amount specified to additional grants awarded on a competitive
31 basis provided that the grant awardee is ready to proceed with the
32 project. Any competitive grants shall be awarded based on the
33 priorities specified in subsection (2) of this section.

34 (2) Any amounts that become available for a competitive main street
35 improvement grant program shall be administered by the board with

1 consultation with the department of archaeology and historic
2 preservation. The intent of the program is to provide grants to local
3 governments for public infrastructure, facilities, and related
4 improvements that enhance the vitality and livability of the community.
5 The board shall establish all grant application requirements and shall
6 prioritize grants by considering at a minimum the following criteria:

7 (a) The value of the project to the community. In evaluating the
8 value of the project, the board shall, at a minimum, consider the
9 difficulty the applicant has in financing main street improvement
10 projects with their own local resources and the extent the project will
11 increase economic activity for existing businesses, improve safety and
12 enjoyment of pedestrians and bicyclists, enhance in-city recreational
13 opportunities, and revitalize downtown business districts.

14 (b) The extent to which businesses and local governments in the
15 affected area support the project;

16 (c) Whether or not the project is in the local government's adopted
17 capital facility plan, comprehensive plan, or equivalent. Additional
18 consideration is given to projects located within one of the
19 aforementioned plans;

20 (d) The extent to which the project promotes infill and
21 redevelopment of the downtown area;

22 (e) The speed with which the project can begin construction;

23 (f) The extent that the final list of grant awards provides broad
24 geographic distribution, leverages nonstate funds, and achieves overall
25 the greatest benefit for the amount of money provided;

26 (g) The extent to which the applicant demonstrates the ability to
27 maintain the project funded through the grant program;

28 (h) In no event shall the board award a grant that supplants
29 previously committed project resources.

30 (3) \$17,350,000 is provided solely for the following list of
31 projects:

32 Project	Authorized Amount
33 Bay Street Pedestrian Path	\$500,000
34 Downtown Longview Corridor Project	\$500,000
35 Edmonds Main Street Project	\$500,000
36 La Conner Boardwalk	\$750,000

1	Cushman Phase 4	\$1,200,000
2	Kendall Yards Public Infrastructure	\$2,000,000
3	Pacific Ave Streetscape Improvements	\$3,000,000
4	University District Pedestrian/Bike	\$3,200,000
5	Bridge Design & Acquisition Cross Kirkland Corridor	\$2,000,000
6	Meydenbauer Development	\$2,000,000
7	Main Street Edmonds	\$500,000
8	Everett Parks Roofs	\$400,000
9	Scriber Creek Pedestrian Bridge	\$800,000
10	Total	\$17,350,000

11 Appropriation:

12	State Building Construction Account--State	\$17,350,000
13	Prior Biennia (Expenditures)	\$0
14	Future Biennia (Projected Costs)	\$0
15	TOTAL	\$17,350,000

16 NEW SECTION. **Sec. 306. FOR THE DEPARTMENT OF COMMERCE**

17 Port and Export Related Infrastructure (92000102)

18 The appropriation in this section is subject to the following
19 conditions and limitations: The appropriation in this section is
20 provided solely for the following list of projects. The department may
21 allocate up to twenty-five percent of the amounts for specified
22 projects to other specified projects or to additional grants awarded on
23 a competitive basis if, upon further review of the specified projects,
24 the cost of the projects is less than originally assumed or other
25 nonstate funds become available. If specified projects have not met
26 the requirements for executing a contract with the department by April
27 30, 2013, the department may allocate the amount specified to
28 additional grants awarded on a competitive basis provided that the
29 grant awardee is ready to proceed with the project.

30	Project	Authorized Amount
31	Benton - Railroad Bridge Replacement	\$2,200,000
32	Camas Washougal - Steigerwald Commerce Center Development	\$1,500,000

1	Columbia - Blue Mountain Station Site	\$750,000
2	Pasco - Heritage Industrial Rail Extension	\$1,800,000
3	Pasco - Rail Hub Development - Phase 5	\$1,400,000
4	Skamania - Access Road	\$650,000
5	Skamania - Water and Wastewater System	\$350,000

17 NEW SECTION. **Sec. 307. FOR THE DEPARTMENT OF COMMERCE**

18 Energy Efficiency Grants For Higher Education (91000242)

19 The appropriation in this section is subject to the following
20 conditions and limitations:

21 (1) The appropriation in this section is provided solely for grants
22 to public higher education institutions for operational cost savings
23 improvements to higher education facilities and related projects that
24 result in energy and operational cost savings. Related projects are
25 those projects that must be completed in order for the energy
26 efficiency improvements to be effective. Grants may also be used for
27 loan interest payments over the term of a loan.

28 (2) The community services and housing division within the
29 department of commerce, in consultation with the department of
30 enterprise services, and the Washington State University energy program
31 shall establish a competitive process to solicit and evaluate
32 applications from public higher education institutions. Final grant
33 awards shall be determined by the department of commerce.

34 (3) For the purposes of this section:

1 (a) "Cost-effectiveness" means that the present value to the higher
2 education institution of the energy reasonably expected to be saved or
3 produced by a facility, activity, measure, or piece of equipment over
4 its useful life, including any compensation received from a utility or
5 the Bonneville power administration, is greater than the net present
6 value of the costs of implementing, maintaining, and operating such
7 facility, activity, measure, or piece of equipment over its useful
8 life, when discounted at the cost of public borrowing.

9 (b) "Energy equipment" means energy management systems and any
10 equipment, materials, or supplies that are expected, upon installation,
11 to reduce the energy use or energy cost of an existing building or
12 facility, and the services associated with the equipment, materials, or
13 supplies, including, but not limited to, design, engineering,
14 financing, installation, project management, guarantees, operations,
15 and maintenance. Reduction in energy use or energy cost may also
16 include reductions in the use or cost of water, wastewater, or solid
17 waste.

18 (c) "Energy cost savings" means savings realized in expenses for
19 energy use and expenses associated with water, wastewater, or solid
20 waste systems.

21 (d) "Energy savings performance contracting" means the process
22 authorized by chapter 39.35C RCW by which a company contracts with a
23 public agency to conduct energy audits and guarantee energy savings
24 from energy efficiency.

25 (e) "Operational cost savings" means savings realized from parts,
26 service fees, capital renewal costs, and other measurable annual
27 expenses to maintain and repair systems. This definition does not mean
28 labor savings related to existing facility staff.

29 (f) "Public facilities" means buildings, building components, and
30 major equipment or systems owned by public higher education
31 institutions.

32 (4) Grants must be awarded in competitive rounds, based on demand
33 and capacity.

34 (5) In order to be eligible for energy efficiency grants under this
35 section, applicants must complete an investment grade audit, or an
36 equivalent, prior to submitting an application for funding.

37 (6) Within each competitive round, projects must be weighted and
38 prioritized based on the following criteria and in the following order:

1 (a) Leverage ratio: In each round, the higher the leverage ratio
2 of nonstate funding sources to state grant, the higher the project
3 ranking.

4 (b) Energy savings: In each round, the higher the energy savings,
5 the higher the project ranking. Applicants must submit documentation
6 that demonstrates energy and operational cost savings resulting from
7 the installation of the energy equipment and improvements. The energy
8 savings analysis shall be performed by a licensed engineer, and the
9 documentation must include, but is not limited to, the following:

10 (i) A description of the energy equipment and improvements; and

11 (ii) A description of the energy and operational cost savings.

12 (c) Expediency of expenditure: Project readiness to spend funds
13 must be prioritized so that the legislative intent to expend funds
14 quickly is met.

15 (7) Projects that do not use energy savings performance contracting
16 must: (a) Verify energy and operational cost savings for ten years or
17 until the energy and operational costs savings pay for the project,
18 whichever is shorter; (b) follow the department of enterprise services
19 energy savings performance contracting project guidelines; and (c)
20 employ a licensed engineer for the energy audit and construction. The
21 department of commerce may require third-party verification of savings
22 if a project is not implemented by an energy savings performance
23 contractor selected by the department of enterprise services through
24 the request of qualifications process. Third-party verification must
25 be conducted either by an energy savings performance contractor
26 selected by the department of enterprise services through a request for
27 qualifications, a licensed engineer that is a certified energy manager,
28 or a project resource conservation manager.

29 (8) To intensify competition, the department of commerce may only
30 award funds to the top eighty-five percent of projects applying in a
31 round until the department of commerce determines a final round is
32 appropriate. Projects that do not receive a grant award in one round
33 may reapply in subsequent rounds.

34 (9) Grant amounts awarded to each project must allow for the
35 maximum number of projects funded with the greatest energy and cost
36 benefit.

37 (10) The department of commerce may charge projects administrative

1 fees and may pay the department of enterprise services, and the
2 Washington State University energy program administration fees in an
3 amount determined through a memorandum of understanding.

4 (11) The department of commerce and the department of enterprise
5 services must submit a joint report to the appropriate committees of
6 the legislature and the office of financial management on the timing
7 and use of the grant funds, program administrative function, compliance
8 with apprenticeship utilization requirements in RCW 39.04.320,
9 compliance with prevailing wage requirements, and administration fees
10 by the end of each fiscal year, until the funds are fully expended and
11 all savings verification requirements are fulfilled.

18 read as follows:

19 **FOR THE DEPARTMENT OF COMMERCE**

20 Building Communities Fund Grants (30000102)

21 The appropriation in this section is subject to the following
22 conditions and limitations:

23 (1) Except as directed otherwise prior to the effective date of
24 this section, the department shall not expend the appropriation in this
25 section unless and until the nonstate share of project costs have been
26 either expended, or firmly committed, or both, in an amount sufficient
27 to complete the projects or a distinct phase of the project that is
28 useable to the public for this purpose intended by the legislature.

29 (2) Prior to receiving funds, project recipients must demonstrate
30 that the project site is under control for a minimum of ten years,
31 either through ownership or a long-term lease. This requirement does
32 not apply to appropriations for preconstruction activities or
33 appropriations whose sole purpose is to purchase real property that
34 does not include a construction or renovation component.

35 (3) Projects funded in this section may be required to comply with

1 Washington's high performance building standards as required by chapter
2 39.35D RCW.

3 (4) Project funds are available on a reimbursement basis only, and
4 shall not be advanced under any circumstances.

5 (5) Projects funded in this section must be held by the recipient
6 for a minimum of ten years and used for the same purpose or purposes
7 intended by the legislature as required in RCW 43.63A.125(6).

8 (6) Projects funded in this section, including those that are owned
9 and operated by nonprofit organizations, are generally required to pay
10 state prevailing wages.

12 (92000089)

13 The appropriation in this section is subject to the following
14 conditions and limitations: The appropriation in this section is
15 provided solely for the following list of projects. The department may
16 allocate up to twenty-five percent of the amounts for specified
17 projects to other specified projects or to additional grants awarded on
18 a competitive basis if, upon further review of the specified projects,
19 the cost of the projects is less than originally assumed or other
20 nonstate funds become available. If specified projects have not met
21 the requirements for executing a contract with the department by April
22 30, 2013, the department may allocate the amount specified to
23 additional grants awarded on a competitive basis provided that the
24 grant awardee is ready to proceed with the project.

7 Housing for Families with Children (91000409)

8 The appropriation in this section is subject to the following
9 conditions and limitations: The appropriation in this section is
10 provided for the ranked list of projects in the category "Housing for
11 Families with Children" in LEAP capital document No. 2012-7A, developed
12 April 3, 2012. The department shall evaluate projects on the LEAP list
13 and allocate the funding based on the requirements of RCW 43.185.050
14 and 43.185.070. Upon review of a completed application, if the
15 department determines that a project is not eligible or is not ready to
16 proceed, the department may allocate funding to a project in another
17 category on the LEAP list, or to any type of alternate project. The
18 department shall, at its discretion, determine the actual amount of
19 funding to be allocated to each project, provided that the total
20 allocation does not exceed the appropriation provided in this section.

10 NEW SECTION. **Sec. 701.** (1) Allotments for appropriations in this
11 act shall be provided in accordance with expedited capital project
12 review requirements adopted by the office of financial management.

13 (2) Each project is defined as proposed in the legislative budget
14 notes or in the governor's budget document.

15 NEW SECTION. **Sec. 702.** (1) To ensure minor works appropriations
16 are carried out in accordance with legislative intent, funds
17 appropriated in this act shall not be allotted until project lists are
18 on file at the office of financial management, the house of
19 representatives capital budget committee, and the senate ways and means
20 committee. All projects must meet the criteria included in subsection
21 (2)(a) of this section. Revisions to the lists must be filed with the
22 office of financial management, the house of representatives capital
23 budget committee, and the senate ways and means committee and include
24 an explanation of variances from the prior lists before funds may be
25 expended on the revisions.

26 (2)(a) Minor works projects are single line appropriations that
27 include multiple projects of a similar nature and that are valued
28 between \$25,000 and \$1,000,000 each, with the exceptions of: (i)
29 Higher education minor works projects that may be valued up to
30 \$2,000,000; and (ii) department of fish and wildlife minor works
31 projects funded in this act that may be valued up to \$3,200,000. These
32 projects can generally be completed within two years of the
33 appropriation with the funding provided. Except for department of fish
34 and wildlife minor works projects funded in this act, agencies are

1 prohibited from including projects on their minor works lists that are
2 a phase of a larger project, and that if combined over a continuous
3 period of time, would exceed \$1,000,000, or \$2,000,000 for higher
4 education minor works projects. Improvements for accessibility in
5 compliance with the Americans with disabilities act may be included in
6 any of the above minor works categories.

7 (b) Minor works appropriations shall not be used for, among other
8 things: Studies, except for technical or engineering reviews or
9 designs that lead directly to and support a project on the same minor
10 works list; planning; design outside the scope of work on a minor works
11 list; moveable, temporary, and traditionally funded operating equipment
12 not in compliance with the equipment criteria established by the office
13 of financial management; software not dedicated to control of a
14 specialized system; moving expenses; land or facility acquisition; or
15 to supplement funding for projects with funding shortfalls unless
16 expressly authorized elsewhere in this act. The office of financial
17 management may make an exception to the limitations described in this
18 subsection (2)(b) for exigent circumstances after notifying the
19 legislative fiscal committees and waiting ten days for comments by the
20 legislature regarding the proposed exception.

21 (c) Minor works preservation projects may include program
22 improvements of no more than twenty-five percent of the individual
23 minor works preservation project cost.

24 (3) It is generally not the intent of the legislature to make
25 future appropriations for capital expenditures or for maintenance and
26 operating expenses for an acquisition project or a significant
27 expansion project that is initiated through the minor works process and
28 therefore does not receive a policy and fiscal analysis by the
29 legislature. Minor works projects are intended to be one-time
30 expenditures that do not require future state resources to complete.

31 NEW SECTION. **Sec. 703.** (1) The office of financial management may
32 authorize a transfer of appropriation authority provided for a capital
33 project that is in excess of the amount required for the completion of
34 such project to another capital project for which the appropriation is
35 insufficient. No such transfer may be used to expand the capacity of
36 any facility beyond that intended in making the appropriation. Such
37 transfers may be effected only between capital appropriations to a

1 specific department, commission, agency, or institution of higher
2 education and only between capital projects that are funded from the
3 same fund or account. No transfers may occur between projects to local
4 government agencies except where the grants are provided within a
5 single omnibus appropriation and where such transfers are specifically
6 authorized by the implementing statutes that govern the grants.

7 (2) The office of financial management may find that an amount is
8 in excess of the amount required for the completion of a project only
9 if: (a) The project as defined in the notes to the budget document is
10 substantially complete and there are funds remaining; or (b) bids have
11 been let on a project and it appears to a substantial certainty that
12 the project as defined in the notes to the budget document can be
13 completed within the biennium for less than the amount appropriated in
14 this act.

15 (3) For the purposes of this section, the intent is that each
16 project be defined as proposed to the legislature in the governor's
17 budget document, unless it clearly appears from the legislative history
18 that the legislature intended to define the scope of a project in a
19 different way.

20 (4) The office of financial management shall report any transfer
21 effected under this section to the house of representatives capital
22 budget committee, the senate ways and means committee, and the
23 legislative evaluation and accountability program committee, at least
24 thirty days before the date the transfer is effected. The office of
25 financial management shall report all emergency or smaller transfers
26 within thirty days from the date of transfer. The governor's capital
27 budget request following any transfer shall reflect that transfer in
28 the affected agency.

29 NEW SECTION. **Sec. 704.** (1) It is expected that projects be ready
30 to proceed in a timely manner depending on the type or phase of the
31 project or program that is the subject of the appropriation in this
32 act. Except for major projects that customarily may take more than two
33 biennia to complete from predesign to the end of construction, or large
34 infrastructure grant or loan programs supporting projects that often
35 take more than two biennia to complete, the legislature generally does
36 not intend to reappropriate funds more than once, particularly for
37 smaller grant programs, local/community projects, and minor works.

1 (2) Agencies shall expedite the expenditure of reappropriations and
2 appropriations in this act in order to: (a) Rehabilitate
3 infrastructure resources; (b) accelerate environmental rehabilitation
4 and restoration projects for the improvement of the state's natural
5 environment; (c) reduce additional costs associated with acquisition
6 and construction inflationary pressures; and (d) provide additional
7 employment opportunities associated with capital expenditures.

8 (3) To the extent feasible, agencies are directed to accelerate
9 expenditure rates at their current level of permanent employees and
10 shall use contracted design and construction services wherever
11 necessary to meet the goals of this section.

12 NEW SECTION. **Sec. 705. FOR THE ARTS COMMISSION--ART WORK**
13 **ALLOWANCE POOLING**

14 (1) One-half of one percent of moneys appropriated in this act for
15 original construction of school plant facilities may be expended for
16 the purposes of RCW 28A.335.210. The Washington state arts commission
17 may combine the proceeds from individual projects in order to fund
18 larger works of art or mobile art displays in consultation with the
19 superintendent of public instruction and representatives of school
20 district boards.

21 (2) One-half of one percent of moneys appropriated in this act for
22 original construction or any major renovation or remodel work exceeding
23 two hundred thousand dollars by colleges or universities may be
24 expended for the purposes of RCW 28B.10.027. The Washington state arts
25 commission may combine the proceeds from individual projects in order
26 to fund larger works of art or mobile art displays in consultation with
27 the board of regents or trustees.

28 (3) At least eighty-five percent of the moneys spent by the
29 Washington state arts commission during the 2011-2013 biennium for the
30 purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended
31 solely for direct acquisition of works of art. The commission may use
32 up to \$100,000 of this amount to conserve or maintain existing pieces
33 in the state art collection pursuant to chapter 36, Laws of 2005.

34 NEW SECTION. **Sec. 706. CODIFICATION.** (1) Sections 201 through
35 205 of this act constitute a new chapter in Title 43 RCW.

1 (2) Sections 301 through 307 of this act constitute a new chapter
2 in Title 43 RCW.

3 NEW SECTION. **Sec. 707.** SEVERABILITY. If any provision of this
4 act or its application to any person or circumstance is held invalid,
5 the remainder of the act or the application of the provision to other
6 persons or circumstances is not affected.

7 NEW SECTION. **Sec. 708.** EFFECTIVE DATE. This act is necessary for
8 the immediate preservation of the public peace, health, or safety, or
9 support of the state government and its existing public institutions,
10 and takes effect immediately."

11 Correct the title.

EFFECT: Appropriates \$526 million in new state general obligation bonds, \$10 million in Chehalis River basin bonds, and \$16 million in Columbia River bonds. Authorizes the state finance committee to issue \$531 million in general obligation bonds to support the new bond appropriations. Removes all bond authorizations and appropriations related to the solid waste tax, public utility tax, hazardous substance tax, and aquatic lands enhancement account.
