

SSB 5230 - S AMD 3

By Senators Ranker, Morton

ADOPTED 02/23/2011

1 Strike everything after the enacting clause and insert the
2 following:

3 "NEW SECTION. **Sec. 1.** (1) The legislature finds that the
4 Washington conservation corps, the veterans conservation corps, and
5 other state and nonprofit service corps contribute significantly to the
6 priorities of state government to protect natural resources, including
7 Puget Sound, while providing meaningful work experience for the state's
8 youth, veterans, unemployed, and under-employed workforces.

9 (2) The legislature further finds that the long-term health of the
10 economy of Washington depends on the sustainable management of its
11 natural resources and that the livelihoods and revenues produced by
12 Washington's forests, agricultural lands, estuaries, waterways, and
13 watersheds would be enhanced by targeted, streamlined, and prioritized
14 investments in clean water and habitat restoration.

15 (3) The legislature further finds that it is important to stretch
16 limited public resources to advance the state's natural resource
17 management priorities. Transformation of natural resource management
18 and service delivery, including the creation of strategic partnerships
19 among agencies and nongovernmental partners, will increase the
20 efficiency and effectiveness of the expenditure of federal, state, and
21 local funds for clean water and habitat rehabilitation projects.

22 (4) The legislature further finds that there are efficiencies to be
23 gained by streamlining how the various conservation corps are
24 administered, managed, funded, and deployed by the natural resources
25 agencies. There are further efficiencies to be gained through
26 coordinating the conservation corps with other state service corps
27 programs, recruitment activities, and through public-private
28 partnerships.

29 (5) The legislature further finds that the state should seek to
30 expand the conservation corps in all areas of the state, deploying the

1 corps to work on projects that advance established priorities
2 including, but not limited to, the cleanup and rehabilitation of the
3 Puget Sound ecosystem, oil spill response and cleanup, salmon recovery,
4 and the reduction of wildfire and forest health hazards statewide.

5 (6) The legislature further finds that individuals with
6 developmental disabilities would benefit from experiencing a meaningful
7 work experience, and learning the value of labor and of membership in
8 a productive society. As such, the legislature urges state agencies
9 that are participating in the Washington conservation corps program to
10 consider for enrollment in the program individuals with developmental
11 disabilities, as defined in RCW 71A.10.020.

12 (7)(a) Therefore, it is the intent of the legislature to maintain
13 the conservation corps statewide, to collaborate with the veterans
14 conservation corps, to establish the Puget Sound corps, to streamline
15 how government administers and manages the state's conservation corps
16 to more efficiently expend the state's resources toward priority
17 outcomes, including the recovery of the Puget Sound ecosystem to health
18 by 2020, to increase opportunities for meaningful work experience, and
19 to authorize public-private partnerships as a key element of corps
20 activities.

21 (b) It is also the intent of the legislature to integrate into the
22 Puget Sound corps the therapeutic and reintegration intent of the
23 veterans conservation corps for veterans involved in the Puget Sound
24 corps.

25 **Sec. 2.** RCW 43.220.020 and 1999 c 280 s 1 are each amended to read
26 as follows:

27 (1) The Washington conservation corps is ((hereby)) created((, to
28 be implemented by)). The ((following state departments: The employment
29 security department, the)) department of ecology((, the department of
30 fish and wildlife, the department of natural resources, and the state
31 parks and recreation commission)) must administer the corps as a

32 partnership with the departments of natural resources and fish and
33 wildlife, the state parks and recreation commission, and when
34 appropriate, other agencies and nonprofit organizations to advance the
35 program goals outlined in section 5 of this act.

36 (2) The Puget Sound corps is created as a distinct program within

1 the Washington conservation corps focused on the implementation of the
2 specific program goals outlined in section 5 of this act.

3 NEW SECTION. **Sec. 3.** It is the intent of this act to centralize
4 the administration of the Washington conservation corps, which was
5 previously administered by the departments of ecology, natural
6 resources, and fish and wildlife and the state parks and recreation
7 commission, into the department of ecology. This act is prospective
8 only, and any grant awards or conservation corps crew or individual
9 placements finalized by other agencies or partners prior to the
10 effective date of this section remain unaffected by this act.

11 **Sec. 4.** RCW 43.220.040 and 1999 c 280 s 3 and 1999 c 151 s 1301

23 prioritized, when practicable, to focus on the following when located
24 within the Puget Sound basin:

21 recovery that can be accomplished with fee-for-service labor from the
22 Puget Sound corps. Application priority must be given to funding
23 sources only available to state agencies;

24 (~~d~~) ~~Determining a preference for those projects which will~~
25 ~~provide long term benefits to the public, will provide productive~~
26 ~~training and work experiences to the members involved, will be labor-~~
27 ~~intensive, may result in payments to the state for services performed,~~
28 ~~and can be promptly completed; and~~

29 (~~e~~) ~~Entering into agreements with community colleges within the~~

36 ~~encouraged. The participation shall be a primary factor in determining~~
37 ~~whether the opportunity for corps membership beyond one year shall be~~

1 offered. ~~Instruction related to the specific role of the department in~~
2 ~~resource conservation shall also be offered, either in a classroom~~
3 ~~setting or as is otherwise appropriate))~~ (e) Establishing consistent

9 institutions, nonprofit organizations, or nonprofit service corps
10 organizations in the administration of the corps. However, when
11 partnering with the Washington department of veterans affairs,
12 participation criteria and other administrative decisions affecting
13 participants in the veterans conservation corps created under chapter
14 43.60A RCW are to be determined by the Washington department of
15 veterans affairs. Other state agencies may maintain a coordinator for
16 the purposes of partnering with the department and the corps.

17 (3) If deemed practicable, the department shall work with the state
18 board for community and technical colleges created in RCW 28B.50.050 to
19 align the conservation corps program with optional career pathways for
20 participants that may provide instruction in basic skills in addition
21 to the appropriate technical training.

22 (4) The assignment of corps members shall not result in the
23 displacement of currently employed workers, including partial
24 displacement such as reduction in hours of nonovertime work, wages, or
25 other employment benefits. ((Supervising)) Agencies that participate
26 in the program may not terminate, lay-off, or reduce the working hours
27 of any employee for the purpose of using a corps member with available
28 funds. In circumstances where substantial efficiencies or a public

30 corps members to carry out essential agency work or contractual
31 functions without displacing current employees.

32 ~~((+3))~~ (5) Facilities, supplies, motor vehicles, instruments, and
33 tools of ((the supervising agency)) participating agencies shall be

18 ~~urban and rural, in which there exists substantial unemployment~~
19 ~~exceeding the state average unemployment rate.~~

20 ~~(2) The legislature finds that people with developmental~~
21 ~~disabilities would benefit from experiencing a meaningful work~~
22 ~~experience, and learning the value of labor and of membership in a~~
23 ~~productive society.~~

24 ~~The legislature urges state agencies that are participating in the~~
25 ~~Washington conservation corps program to consider for enrollment in the~~
26 ~~program people who have developmental disabilities, as defined in RCW~~
27 ~~71A.10.020.~~

28 ~~If an agency chooses to enroll people with developmental~~
29 ~~disabilities in its Washington conservation corps program, the agency~~
30 ~~may apply to the United States department of labor, employment~~
31 ~~standards administration for a special subminimum wage certificate in~~
32 ~~order to be allowed to pay enrollees with developmental disabilities~~
33 ~~according to their individual levels of productivity))~~

34 (2) The recruitment of conservation corps members is the primary

14 as follows:

15 (1) An amount not to exceed five percent of the funds available for

3 corps (~~(as required by)~~) established in chapter 43.220 RCW.

4 NEW SECTION. **Sec. 15.** A new section is added to chapter 77.12 RCW
5 to read as follows:

6 The department shall cooperate, when appropriate, as a partner in
7 the Washington conservation corps established in chapter 43.220 RCW.

8 **Sec. 16.** RCW 77.85.130 and 2007 c 341 s 36 and 2007 c 257 s 1 are
9 each reenacted and amended to read as follows:

10 (1) The salmon recovery funding board shall develop procedures and
11 criteria for allocation of funds for salmon habitat projects and salmon
12 recovery activities on a statewide basis to address the highest
13 priorities for salmon habitat protection and restoration. To the
14 extent practicable the board shall adopt an annual allocation of
15 funding. The allocation should address both protection and restoration
16 of habitat, and should recognize the varying needs in each area of the
17 state on an equitable basis. The board has the discretion to partially
18 fund, or to fund in phases, salmon habitat projects. The board may
19 annually establish a maximum amount of funding available for any
20 individual project, subject to available funding. No projects required
21 solely as a mitigation or a condition of permitting are eligible for
22 funding.

23 (2)(a) In evaluating, ranking, and awarding funds for projects and
24 activities the board shall give preference to projects that:

25 (i) Are based upon the limiting factors analysis identified under
26 RCW 77.85.060;

27 (ii) Provide a greater benefit to salmon recovery based upon the
28 stock status information contained in the department of fish and
29 wildlife salmonid stock inventory (SASSI), the salmon and steelhead
30 habitat inventory and assessment project (SSHIAP), and any comparable
31 science-based assessment when available;

32 (iii) Will benefit listed species and other fish species;

33 (iv) Will preserve high quality salmonid habitat;

34 (v) Are included in a regional or watershed-based salmon recovery
35 plan that accords the project, action, or area a high priority for
36 funding;

1 (vi) Are, except as provided in RCW 77.85.240, sponsored by an
2 entity that is a Puget Sound partner, as defined in RCW 90.71.010; and

3 (vii) Are projects referenced in the action agenda developed by the
4 Puget Sound partnership under RCW 90.71.310.

5 (b) In evaluating, ranking, and awarding funds for projects and
6 activities the board shall also give consideration to projects that:

7 (i) Are the most cost-effective;

8 (ii) Have the greatest matched or in-kind funding;

9 (iii) Will be implemented by a sponsor with a successful record of
10 project implementation;

11 (iv) Involve members of the Washington conservation corps
12 established in chapter 43.220 RCW or the veterans conservation corps
13 established in RCW 43.60A.150; and

14 (v) Are part of a regionwide list developed by lead entities.

15 (3) The board may reject, but not add, projects from a habitat
16 project list submitted by a lead entity for funding.

17 (4) The board shall establish criteria for determining when block
18 grants may be made to a lead entity. The board may provide block
19 grants to the lead entity to implement habitat project lists developed
20 under RCW 77.85.050, subject to available funding. The board shall
21 determine an equitable minimum amount of project funds for each
22 recovery region, and shall distribute the remainder of funds on a
23 competitive basis. The board may also provide block grants to the lead
24 entity or regional recovery organization to assist in carrying out
25 functions described under this chapter. Block grants must be expended
26 consistent with the priorities established for the board in subsection
27 (2) of this section. Lead entities or regional recovery organizations
28 receiving block grants under this subsection shall provide an annual
29 report to the board summarizing how funds were expended for activities
30 consistent with this chapter, including the types of projects funded,
31 project outcomes, monitoring results, and administrative costs.

32 (5) The board may waive or modify portions of the allocation
33 procedures and standards adopted under this section in the award of
34 grants or loans to conform to legislative appropriations directing an
35 alternative award procedure or when the funds to be awarded are from
36 federal or other sources requiring other allocation procedures or
37 standards as a condition of the board's receipt of the funds. The
38 board shall develop an integrated process to manage the allocation of

1 funding from federal and state sources to minimize delays in the award
2 of funding while recognizing the differences in state and legislative
3 appropriation timing.

4 (6) The board may award a grant or loan for a salmon recovery
5 project on private or public land when the landowner has a legal
6 obligation under local, state, or federal law to perform the project,
7 when expedited action provides a clear benefit to salmon recovery, and
8 there will be harm to salmon recovery if the project is delayed. For
9 purposes of this subsection, a legal obligation does not include a
10 project required solely as a mitigation or a condition of permitting.

11 (7) Property acquired or improved by a project sponsor may be
12 conveyed to a federal agency if: (a) The agency agrees to comply with
13 all terms of the grant or loan to which the project sponsor was
14 obligated; or (b) the board approves: (i) Changes in the terms of the
15 grant or loan, and the revision or removal of binding deed of right
16 instruments; and (ii) a memorandum of understanding or similar document
17 ensuring that the facility or property will retain, to the extent
18 feasible, adequate habitat protections; and (c) the appropriate
19 legislative authority of the county or city with jurisdiction over the
20 project area approves the transfer and provides notification to the
21 board.

22 (8) Any project sponsor receiving funding from the salmon recovery
23 funding board that is not subject to disclosure under chapter 42.56 RCW
24 must, as a mandatory contractual prerequisite to receiving the funding,
25 agree to disclose any information in regards to the expenditure of that
26 funding as if the project sponsor was subject to the requirements of
27 chapter 42.56 RCW.

28 (9) After January 1, 2010, any project designed to address the
29 restoration of Puget Sound may be funded under this chapter only if the
30 project is not in conflict with the action agenda developed by the
31 Puget Sound partnership under RCW 90.71.310.

32 NEW SECTION. **Sec. 17.** The following acts or parts of acts are
33 each repealed:

34 (1) RCW 43.220.010 (Legislative declaration) and 1983 1st ex.s. c
35 40 s 2;
