By Senator Honeyford

ADOPTED 02/08/2012

1           On page 2, at the beginning of line 11, strike all material through  
2 "or" and insert "such artificial features or constructs as irrigation  
3 delivery systems, irrigation infrastructure, irrigation canals, or"

EFFECT: Clarifies that, within the definition of "critical areas," "fish and wildlife habitat conservation areas" does not include artificial features or constructs, including irrigation delivery systems, irrigation infrastructure, or irrigation canals.
