When a sentence is imposed under the Sentencing Reform Act for a felony offense, the court must levy a \$100 fee for any crime that requires collection of a DNA sample. The fee constitutes a legal financial obligation payable after all other legal financial obligations included in the sentence have been satisfied. A legal financial obligation is money ordered by the superior court for obligations including: victim restitution, crime victims' compensation, court costs, costs of defense, fines, and any other financial obligation assessed as a result of a felony conviction.

Eighty percent of the fee is deposited in the state DNA Database Account, and 20 percent is transmitted to the agency responsible for collection of the biological sample. Jails, the Department of Corrections, and the Department of Social and Health Services collect samples from offenders incarcerated in their respective facilities. Police and sheriff's departments collect samples from offenders who do not serve a term of incarceration.

#### **Summary of Substitute Bill:**

Sentences imposed for crimes that by law require collection of a DNA sample must include a \$100 fee. Thus the fee must be included in sentences not only for felonies committed by adults, but also for the specified gross misdemeanors and misdemeanors and for offenses committed by juveniles. The fee must be imposed regardless of whether a biological sample was collected.

When the DNA sample collection fee is imposed as a consequence of a felony conviction, it is payable after all other legal financial obligations have been paid. When the fee is imposed as a consequence of a misdemeanor or gross misdemeanor conviction, it is payable in the same manner as other assessments.

#### **Substitute Bill Compared to Original Bill:**

The substitute bill requires that the fee be imposed regardless of whether a biological sample was collected.

**Effective Date of Substitute Bill:** The bill takes effect 90 days after adjournment of the session in which the bill is passed.

**Staff Summary of Public Testimony:**

(In support) This bill gives district and municipal courts the same authority that superior courts have to impose a fee.

(Opposed) This bill contributes to the expansion of legal financial obligations, which accrue interest at a rate of 12 percent. This creates a large debt burden for offenders, which is a barrier to successful re-entry that can lead to recidivism.

**Persons Testifying:** (In support) Representative Ladenburg, prime sponsor; and Melanie Stewart and Sam Meyer, District and Municipal Court Judges Association.

(Opposed) Shankar Narayan, American Civil Liberties Union of Washington.

**Persons Signed In To Testify But Not Testifying:** None.
