Established at the Department of Commerce (Department) in 1987 and funded beginning in 1989, the Washington State Housing Trust Fund helps communities meet the housing needs of low-income and special needs populations. Ninety-three percent of households served are below 50 percent of area median income, with 72 percent below 30 percent of area median income.

The Housing Trust Fund portfolio is currently \$806 million. Trust funds appropriations from the capital budget have supported the development of 1,200 projects and 36,000 single and multifamily units statewide. Administrative funding is limited to 5 percent of appropriations, and come from the loan repayment account within the trust fund.

- shelters and related services for the homeless, including emergency shelters and overnight youth shelters;
- mortgage subsidies, including temporary rental and mortgage payment subsidies to prevent homelessness;
- mortgage insurance guarantee or payments for eligible projects;
- down payment or closing cost assistance for eligible first-time home buyers;
- acquisition of housing units for the purpose of preservation as low-income or very low-income housing; and
- projects making housing more accessible to families with members who have disabilities.

Affordable Housing Program.

The Affordable Housing Program, administered by the Department, uses Housing Trust Fund and other appropriations for the purpose of developing and coordinating public and private resources targeted to meet the affordable housing needs of households below 80 percent of the project area's median family income.
