Brief Description: Modifying liquor permit and licensing provisions.

Sponsors: Representatives Condotta, Hunt, Taylor and Miloscia.

Brief History: Passed House: 2/26/11, 97-0.

Committee Activity: Labor, Commerce & Consumer Protection: 3/08/11.

SENATE COMMITTEE ON LABOR, COMMERCE & CONSUMER PROTECTION

Staff: Edith Rice (786-7444)

Background: The Liquor Control Board (Board) issues a variety of liquor licenses, including microbrewery and restaurant licenses. Spirits, beer, and wine restaurants may obtain an endorsement to sell malt liquor in kegs or other containers that are capable of holding four gallons or more. Some licensees may sell beer in a sanitary container brought to the premises by the purchaser and filled at the tap at the time of sale (e.g., growlers). Licensees with this privilege are (1) breweries and microbreweries (those that also hold a spirits, beer, and wine restaurant license); and (2) beer and wine restaurants, and taverns (those that also hold a combined license). Breweries and microbreweries may also furnish the container.

A special liquor permit allows a manufacturer, importer, or distributor to serve liquor without charge to delegates and guests at a convention of a trade association of liquor licensees. The liquor must be served in a hospitality room or from a booth in a Board-approved suppliers' display room.

Summary of Bill: The endorsement permitting a spirits, beer, and wine restaurant to sell kegs also allows the sale of beer in a sanitary container brought to the premises by the purchaser or furnished by the licensee and filled at the tap by the restaurant at the time of sale (e.g., growlers).

A vendor that manufactures liquor mixers, in addition to a manufacturer, importer, or distributor, may obtain a special permit to serve liquor at a liquor licensee trade association convention.
