Background: The Department of Licensing (DOL) regulates cosmetology, barbering, manicuring, and esthetics. A person must be licensed to practice these professions. A barber license allows the cutting, trimming, arranging, dressing, curling, shampooing, shaving, and mustache and beard design of the face, neck, and scalp. A cosmetology license allows all these practices and, in addition, allows the following practices involving chemicals: permanent waving, chemical relaxing, straightening, bleaching, lightening, and coloring. The license also allows waxing and tweezing. Finally, the cosmetologist license also allows some of the practices permitted for manicurists and estheticians. To receive a license, a person must meet training requirements and pass an exam.

Minimum training hours at a school consist of:

- cosmetologist – 1600 hours;
- barber – 1000 hours;
- manicurist – 600 hours; and
- esthetician – 600 hours.

Minimum training hours in an apprenticeship program consist of:

- cosmetologist – 2000 hours;
- barber – 1200 hours;
- manicurist – 800 hours; and

- esthetician – 800 hours.

A reciprocity provision allows a person with the equivalent license in another state to take the examination.

DOL:

- establishes curricula for the training of students and apprentices;
- prepares and administers the exams;
- establishes minimum safety and sanitation standards; and
- adopts rules and otherwise administers the provisions.

Summary of Bill: A number of findings are made regarding the value of distance or online learning.

Distance or online learning is defined as theory training provided online by a licensed school in the areas of cosmetology, manicuring, barbering, esthetics, and instructor-training.

DOL must adopt rules regarding distance or online learning.

Appropriation: None.

Fiscal Note: Available.

Committee/Commission/Task Force Created: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony: PRO: There are many benefits associated with online learning. Theory training does not require any hands-on experience, and can be learned online. Online learning is an efficient way for students to complete the theory portion of their training.

OTHER: Schools can choose how to do their theory training. A limit on the number of hours of online learning allowed will likely be created in the rules adopted by DOL.

Persons Testifying: PRO: Representative Ryu, prime sponsor; Steve Lindstrom, N.W. Career Colleges Federation; Jerry Ahern, Gene Juarez Salons & Spas.

OTHER: Susan Colard, DOL.
