### SENATE COMMITTEE ON HIGHER EDUCATION & WORKFORCE DEVELOPMENT

**Staff:** Katherine Taylor (786-7434)

**Background:** Generally, institutions of higher education in Washington determine student registration order by class standing, which in turn is determined by the number of credits a student has been awarded by the attending institution. However, the Evergreen State College does not offer priority registration to any group of students. The University of Washington offers priority registration to veteran students returning from active duty.

**Summary of Bill:** Beginning in the academic year 2012-13, institutions of higher education that offer an early course registration period for any segment of the student population are required to have a process in place to offer students who are eligible veterans or National Guard members early registration as follows:

- New students who are eligible veterans or National Guard members and who have completed all of their admission processes must be offered an early course registration period.
- Continuing students who are eligible veterans or National Guard members who have met current enrollment requirements must be offered early course registration among students with the same level of class standing or credit as determined by the attending institution and according to institutional policies.
