Background: The Director of the Department of Licensing (DOL) maintains a case record on every person licensed to operate a motor vehicle in Washington. These case records, or abstracts, contain information relating to a person's driving record. The fee to obtain an abstract is \$10 and the distribution of abstracts is restricted to certain persons and uses. The DOL may enter into a contractual agreement with an insurance company or its agent for the limited purpose of reviewing the driving records of existing policyholders for changes to the record and must establish a fee for this service which may not result in a net revenue loss to the state.

Summary of Substitute Bill: DOL may provide an employer or its agent with a review of the driving records of existing employees documenting changes to the record. DOL must establish the fee such that, at a minimum, it covers the cost of providing the service in addition to any revenues that would have otherwise been received from fees for abstracts from that employer.
